

For the consideration aforesaid, Grantor further grants to Grantee the right of ingress to and egress from Grantee's right of way on the said lands of Grantor and on adjoining lands by any practicable route or routes across the said lands of Grantor, provided, that Grantee shall, wherever practicable, use said 16 1/2 foot strip of land or existing roads or lanes.

Said lines may, in so far as the interests of Grantor extend therein, be laid, erected, installed and maintained across roads, streets, alleys, ditches and canals that intersect or are adjacent to the described property or are appurtenant thereto.

Where said land is under cultivation said pipe line or pipe lines or underground wires shall be laid so that the tops thereof are at least eighteen (18) inches beneath the surface of the ground. At all other points said pipe line or pipe lines or underground wires shall be buried, excepting that where they cross water courses or ledges or strata of rock they may be laid above the surface, on such supporting structures as may be desired by Grantee.

Grantee shall have the right to remove or trim trees or portions thereof located on or overhanging said strip of land whenever in the opinion of Grantee the same shall be necessary or proper in the exercise of the pole rights herein granted.

Grantor reserves the right to use and enjoy said premises, provided, however, that Grantor shall not construct or maintain the whole or any part of any structure on said strip of land or in any manner impair or interfere with the present or prospective exercise of any of the rights herein granted.

Grantor may maintain or erect boundary fences, but Grantee may cut said fences and install and maintain good and substantial gates which shall be kept locked with a double locked hasp or chain, the Grantor placing his padlock and the Grantee placing its padlock so that each may unlock said gate without hindrance of the other.

Grantee hereby agrees to pay any damages to Grantor's crops, fences or buildings which may be caused by Grantee hereunder; said damages, if not mutually agreed upon, to be ascertained and determined by three disinterested persons, one thereof to be appointed by Grantor, one by Grantee, and the third by the two so appointed as aforesaid. The award of such three persons, or any two of them, shall be final and conclusive.

The provisions hereof shall inure to the benefit of and be binding upon the parties hereto, their respective heirs, executors, administrators, successors and assigns.
