As further set forth in the Storm Water Drainage Easement Agreement, the Pond Sites, which shall be dedicated to and owned by the City, shall be used and operated by the City in connection with the Storm Water Detention System. Furthermore, the Pond Sites shall be used as an amenity to the Project, to service and benefit the needs of the Project and other property within the City. To this end, a perpetual, non-exclusive easement is hereby established and granted to all Owners, Sub-Owners, and their respective Guests (a) for access over and upon any and all landscaped areas, trails and pathways located on the Pond Sites, provided that the City shall have the right to impose reasonable restrictions (subject to the approval of the Manager, which approval shall not be unreasonably withheld) regarding access restrictions to such Owners, Sub-Owners, and their Guests, and (b) over, underneath, in and upon all portions of the Storm Water Detention System, including but not limited to the Pond Sites, as necessary to service all of the storm water drainage and detention needs for the Project. As set forth in the Storm Water Drainage Easement, the City shall maintain the Pond Sites at its expense, in a first-class manner, and in this regard, such Pond Sites shall be neat and attractive, and shall otherwise be regularly maintained and manicured as a public amenity for the use and enjoyment of the Owners, Sub-Owners and their Guests within the Project.

3.07 Zoning.

This Declaration shall be subject to applicable zoning laws.

3.08 Master Declaration.

Except as otherwise provided herein, each Owner (including without limitation the Homeowners Associations) for all projects within the Project shall require that its Sub-Owners and Guests comply with all provisions of this Declaration. Without limiting the generality of the foregoing, any Sub-Declaration recorded with respect to a Subdivided Site shall expressly state that the Sub-Owners and such Sub-Owners' Guests shall be bound by and subject to the terms and conditions of this Declaration.

3.09 Signs.

(a) No signs whatsoever shall be erected or maintained in the Project, except:

(i) signs advertising the Project, and signs required by legal proceedings;

and

(ii) such other signs that comply with the Signage Code attached hereto and incorporated herein as Exhibit C.

(b) The foregoing shall not prevent the use of event banners and other temporary signage erected in connection with promotional activities approved in advance by the Manager.

3.10 Compliance With Laws.

Nothing shall be done or kept within the Project in violation of any law, ordinance, rule or regulation of any governmental or quasi-governmental authority.

3.11 Restriction on Subdivision and Rezoning.

(a) Except for conveyances, subdivisions, projects and other developments by Declarant that Declarant records in the Davis County Records, no portion of the Property shall be subdivided without the prior written consent of the Declarant (not to be unreasonably withheld, conditioned or delayed), which consent must be evidenced on the applicable Plat or other instrument creating the subdivision.

(b) No further covenants, conditions or restrictions shall be recorded by any Owner or other Person against any portion of the Property without the Declarant's prior written consent and consistent with Section 3.08, and any covenants, conditions or restrictions recorded without such consent evidenced thereon shall be null and void.

(c) Except as may be permitted under a declaration for a project or other development within the Project that Declarant records in the Davis County Records, no application for rezoning of any portion of the Property, and no applications for variances or use permits, shall be filed with any governmental authority, unless the proposed use of that portion of the Property has been approved by the Declarant and the proposed use otherwise complies with this Declaration.

(d) The covenants, conditions and restrictions set forth in Section 3.11(a) through (c) above shall not apply to Declarant's development of the Property.

3.12 Common Interest Ownership.

(a) Prior to the recording in the Davis County Records of an instrument submitting any portion of the Property to the Act, or otherwise subdividing a Site into a Subdivided Site, the Owner of such property shall submit to the Declarant for its review and approval, copies of any proposed declaration of covenants, conditions and restrictions to regulate the affairs of such Subdivided Site. Within thirty (30) days after the submittal of such documents to the Declarant, the Declarant shall approve, approve with conditions, or disapprove such declaration by written notice to such Owner. If such declaration is disapproved by the Declarant, the Declarant shall set forth the reasons for such disapproval. If notice of approval or disapproval is not given by the Declarant on or before such thirty-day period, such declaration shall be deemed to be approved.

(b) The covenants, conditions and restrictions set forth in Section 3.12(a) above shall not apply to Declarant's development of the Property.

3.13 Vehicles and Equipment.

No automobile, truck, pickup, camper, motorbike, motorcycle, trailbike, trailer, mobile home, tractor, golf cart, snowmobile, boat or any other vehicle of any type shall be parked or operated within the Project, except in accordance with uniform, commercially reasonable rules and regulations, if any, which the Declarant and/or Manager may implement with respect thereto from time to time.

3.14 Trash, Garbage and Other Waste Materials.

All trash, garbage and other waste materials shall be kept in sanitary containers enclosed and screened from public view and protected from disturbance in such places and manners as may be approved by the Manager. Owners shall not, and shall ensure that Sub-Owners and their Guests do not, litter in the Project. No burning of trash, garbage or waste materials shall be permitted within the Project.

3.15 Deliveries.

All deliveries made within the Project shall be made in accordance with uniform, commercially reasonable rules and regulations, if any, which the Declarant and/or Manager may implement with respect thereto from time to time.

3.16 Exemption.

Nothing contained in this Declaration shall be construed to prevent or limit:

- (a) Declarant's exercise or enjoyment of any Special Declarant Right; or
- (b) the conduct by Declarant, or Declarant's respective employees or agents, of any activity, including, without limitation, the erection or maintenance of temporary structures, trailers, fences, improvements or signs, necessary or convenient to the development, construction, or marketing of the Project.

3.17 Construction and Alterations.

(a) No Person shall perform any construction, alterations, installations or other work within the Project, except in accordance with this Declaration.

(b) Without limiting the generality of Section 3.17(a), all construction activities within the Project shall be performed in a good and workmanlike manner, using first class materials, and in compliance with all laws, rules, regulations, orders, and ordinances of the City, county, state, and federal governments, or any department or agency thereof, having jurisdiction over the Project.

(c) All construction activities within the Sites shall be performed in accordance with the following provisions:

- (i) so as not to unreasonably interfere with any construction work being performed on the remainder of the Sites, or parts thereof; and
 - (ii) so as not to unreasonably interfere with the use, occupancy or enjoyment of the remainder of the Project or part thereof of the business conducted by any other Owner or Guests.
- (d) Each Owner shall diligently complete all construction activities within its Site as soon as is commercially reasonable.

(e) Each Owner shall regularly clean the roadways and driveways used by its construction vehicles of mud, dirt and construction debris, and upon completion of all construction activities shall promptly restore such affected roadways and driveways to a condition which is equal to or better than the condition which existed prior to the commencement of such work.

(f) Each Owner shall indemnify, defend and hold harmless the Declarant, Manager, and each other Owner from and against any and all claims, losses, damages, liabilities, injuries, costs and expenses, including without limitation, reasonable attorneys' fees, because of personal injury or death of persons or destruction of property arising from or as a result of construction by such Owner on its Site, except for claims caused by the negligence or willful act or omission of the indemnified Declarant, Manager, or Owner.

(g) Except as previously approved by the Manager, no Person shall construct or allow the existence of any temporary structures of any sort, including, without limitation, sheds, shacks, tents or trailers, except in connection with normal construction activities, and then only in accordance with this Declaration. The Manager shall not unreasonably withhold its approval of kiosks, banners and structures for temporary events and promotions, and food vending trailers or carts which are compatible with the Project.

3.18 Use of Sites as Sales or Leasing Offices.

Notwithstanding anything to the contrary herein, each of the Owners of the Sites (exclusive of the Owner(s) of the Pond Sites) shall have the right to maintain a standard sales and leasing office within any Site owned by such Owner, in connection with the sale and/or leasing of portions of such Owner's Site.

ARTICLE IV DESIGN REVIEW

4.01 Buildings and Improvements Only in Designated Areas. No Building or other structure of any kind (including parking facilities) shall be erected, placed or maintained on any portion of a Site except upon those portions approved by Declarant (with respect to initial construction and buildout by an Owner of a Site) or Manager (with respect to alterations, modifications, and renovations by an Owner of a Site following initial construction and buildout of such Site) (as applicable, the "Approving Party"). Notwithstanding anything to the contrary contained in this Declaration, following Declarant's and/or Manager's prior approval, as applicable, any areas used for surface parking may, pursuant to plans and specifications approved by Declarant and/or Manager, be demolished and replaced with a Building or other improvements in furtherance of the further development of the Project and the property adjacent thereto. In such event, any and all easements and other rights granted to Owners pursuant to this Declaration to use such area shall be deemed to be withdrawn, except to the extent of Common Elements remaining on such Site following completion of construction thereon.

4.02 Design Review Approval and Control.

- (a) No Person may:
- (i) perform any earth movement, vegetation removal, paving or drainage modification;
 - (ii) construct any Building, structure or other improvement;

(iii) subject to Section 4.02(c) below, make any physical or cosmetic alteration or modification to existing Buildings, structures or improvements;

(iv) install or alter on any Building, structure or other improvement any exterior signage or any interior signage that is visible from outside the Building, structure or improvement;

(v) install or alter any landscaping or exterior furniture, fixtures, equipment or art;

(vi) change the exterior appearance of any land or any Building, structure or improvement located thereon;

(vii) take any action which changes or affects the Common Elements, the access easements, the flow of vehicular and pedestrian traffic, or the overall design concept for the Project,

without the prior written consent of the Manager, which consent shall not be arbitrarily or capriciously withheld or delayed. Notwithstanding anything in this Declaration to the contrary, and without limitation, it shall be reasonable for Manager to withhold such approval if such improvements are not architecturally, functionally and/or aesthetically harmonious with the other Buildings and improvements then located or approved for construction within the Project.

The foregoing shall not affect the rights of Declarant and/or Manager to perform any of the foregoing with respect to the Property.

(b) If the Approving Party fails to respond to a request for its consent within thirty (30) days after its receipt of such request, the Approving Party shall be deemed to have granted its consent to the actions described in such request. The decisions of the Approving Party shall be conclusive and binding on all interested parties.

(c) Notwithstanding anything to the contrary contained herein, improvements, alterations, modifications, installations, furniture and fixtures that:

(i) are completely within a Building, structure or improvement;

(ii) do not change the exterior appearance of a Building, structure or improvement and are not visible from the outside of a Building, structure or improvement; and

(iii) do not change the number of Sites, may be undertaken without Approving Party consent, but are subject to all other covenants, conditions and restrictions contained in this Declaration.

(d) The Approving Party or its designated representative may monitor any approved project to the extent required to ensure that the construction or work on such project complies with any and all approved plans and construction procedures. The Approving Party or its designated representatives may enter upon any Site at any reasonable time or times to inspect the progress, work status or completion of any project. In addition to the remedies described in Section 4.03 below, the Approving Party may withdraw approval of any project and require all activity at such project to be stopped, if deviations from the approved plan or approved construction practices are not corrected or

reconciled within twenty-four (24) hours after written notification to the Owner specifying such deviations.

(e) The Approving Party may, as a condition to any consent or approval, require an Owner to enter into a written agreement with the Approving Party containing such covenants, conditions and restrictions as the Approving Party deems necessary or appropriate, including penalties for failures to comply.

(f) Nothing in this Section 4.02 shall restrict or otherwise limit the Declarant from adopting standardized construction guidelines for the Project ("Construction Guidelines"), which such Construction Guidelines may include detailed design, engineering and specification requirements, construction rules and designated staging areas. The Declarant and/or Manager shall have the right to change the Construction Guidelines from time to time, in Declarant and/or Manager's sole and absolute but good faith discretion.

4.03 Enforcement of Restrictions.

(a) If an Owner violates any term or condition set forth in this Article IV, the Approving Party shall have the following rights and remedies:

(i) The Approving Party may, by written notice to the Owner, revoke any approval previously granted to the Owner by the Approving Party, in which event the Owner shall, upon receipt of such notice, immediately cease any construction, alteration or landscaping covered by the approval so revoked.

(ii) The Approving Party may, but is not obligated to, enter upon the Owner's Site and cure such violation at the Owner's sole cost and expense. If the Approving Party cures any such violation, the Owner shall pay to the Approving Party the amount of all costs and expenses incurred by the Approving Party in connection therewith within thirty (30) days after the Owner receives written notice from the Approving Party documenting such costs and expenses.

(iii) The Declarant, Manager, or any other Owner may sue the Owner to enjoin such violation.

(iv) The Declarant, Manager, or any other Owner shall have all other rights and remedies available to it under this Declaration, at law or in equity. All rights and remedies of the such Persons shall be cumulative and the exercise of one right or remedy shall not preclude the exercise of any other right or remedy.

4.04 Lapse of Approval.

Any approval issued by the Approving Party shall lapse and become void in accordance with the terms and conditions of any consents, approvals or permits issued by the Approving Party. In addition, an approval issued by the Approving Party for a project will lapse and become void if any building permit or approval issued by a governmental or quasi-governmental entity for the same project lapses or is revoked or suspended, provided, however, that any such revocation or suspension shall be disregarded for purposes of this Section in the event that such building permit or approval issued by a governmental or quasi-governmental entity is reinstated.

4.05 Liability.

Neither Manager, Declarant, nor any of its respective members, officers, directors, employees or agents shall be responsible or liable for any defects, errors or omissions in any plans or specifications submitted, revised or approved under this Article IV, nor for any defects, errors or omissions in construction pursuant to such plans and specifications. A consent or approval issued by the Approving Party means only that the Approving Party believes that the construction, alteration, installation or other work for which the consent or approval was requested complies with this Declaration. No such consent or approval shall be interpreted to mean that the construction, alteration, installation or other work covered thereby (a) complies with laws, rules, regulations, ordinances or other requirements of any governmental or quasi-governmental authority, (b) is free from defects, errors or omissions or (c) lies within the boundaries of the Site. No consent, approval or permit issued by the Approving Party shall relieve Owners or other Persons of their obligations to comply with laws, rules, regulations, ordinances and other requirements of governmental or quasi-governmental authorities.

ARTICLE V
COMMON EXPENSES, ASSESSMENTS AND LIENS

5.01 Obligations for Assessments and Other Charges.

(a) Each Owner, by accepting a deed to a Site (whether or not it shall be expressly stated in such deed), shall be deemed to have covenanted and agreed, to pay to the Manager, in trust for the benefit of the Project, as set forth herein, all Assessments and other charges required or permitted to be levied or imposed on such Owner or such Owner's Site pursuant to this Declaration. Notwithstanding the foregoing or anything herein to the contrary, in no event shall any Assessments or other charges be levied or imposed upon the City, as Owner of the Pond Sites, unless the City fails to maintain the Pond Sites in accordance with Section 6.02 below, in which case the City shall be subject to those Default Assessments which may be assessed by the Manager in accordance with Section 6.02 below. The obligation of the Owners to pay Assessments shall commence upon the recording of this Declaration.

(b) Notwithstanding the definition of the term "Owner":

(i) a Person who acquires a Site in a foreclosure sale shall be personally liable for all Assessments and other charges levied or imposed on that Site or on the Owner of that Site commencing on the date of the foreclosure sale; and

(ii) a Person who acquires a Site by deed-in-lieu of foreclosure shall be personally liable for all Assessments and other charges levied or imposed on that Site or on the Owner of that Site commencing on the date on which the Owner of the Site executes and delivers the deed-in-lieu of foreclosure.

(c) No Owner shall be exempt from liability for any Assessment or other charges by waiving the use or enjoyment of any Common Element or by abandoning a Site against which such Assessments or other charges are made.

(d) Each Owner shall be personally liable for all Assessments and other charges levied on such Owner or such Owner's Site during the period of such Owner's ownership of the Site. If there is more than one Owner of a Site, each Owner shall be jointly and severally liable with the other Owners of the Site or for all Assessments and other charges levied on the Site or any Owner of the Site. Notwithstanding the foregoing, in the event that a Site is subdivided into two (2) or more Subdivided

Sites, then the Sub-Owners of the Sub-Units located within a Subdivided Site to which Assessments have been directly levied shall only be liable for the Assessments and other charges levied upon such Sub-Owner or such Sub-Owner's Sub-Unit.

(e) Each Assessment or other charge, together with interest thereon and all costs and expenses incurred by the Manager in its reasonable business judgment to collect such Assessment or other charge for the benefit of the Project, including all fees and disbursements of attorneys, accountants, appraisers, receivers and other professionals engaged by the Manager in connection therewith, may be recovered by a suit for a money judgment by the Manager without foreclosing or waiving any Assessment Lien securing the same.

5.02 Annual Real Estate Assessments. Annual Real Estate Assessments shall be computed and assessed by Manager against all Sites, in proportion to the total amount of Buildable Acreage located within such Site.

(a) Annual assessments shall be based upon advance estimates of the Common Expenses, as estimated by the Manager in its commercially reasonable business judgment. Common Expenses shall be apportioned among and assessed against all Sites in accordance with the manner set forth above.

(b) Annual assessments shall be determined on the basis of a fiscal year beginning January 1 and ending December 31 next following, provided the first fiscal year shall begin on the date of the conveyance of the first Site by Declarant. On or before December 1 of each year thereafter, the Manager shall prepare and furnish to each Owner, or cause to be prepared and furnished to each Owner, an operating budget for the upcoming fiscal year. The budget shall itemize the estimated Common Expenses for such fiscal year, anticipated receipts (if any) and any deficit or surplus from the prior operating period. The budget shall serve as the supporting document for the annual assessment for the upcoming fiscal year and as the major guideline under which the Project shall be operated during such annual period. Notwithstanding the foregoing, the Manager shall not be liable in the event that the operating budget in any given year is insufficient to meet the needs of the Project.

(c) Except with respect to the first fiscal year, the Manager shall notify each Owner in writing as to the amount of the Annual Real Estate Assessment against such Owner's Site on or before December 1 each year for the fiscal year beginning on January 1 next following. Except as otherwise provided by the Manager in its reasonable business judgment, each Annual Real Estate Assessment shall be payable in twelve (12) equal monthly installments, one such installment due on the first day of each calendar month during the fiscal year to which the assessment relates; provided, however, the Annual Real Estate Assessment for the first fiscal year shall be based upon such portion of the first fiscal year. In the event that any installment of the Annual Real Estate Assessment is not paid within fifteen (15) days of the date such installment becomes due, the Manager may, at its option, and upon fifteen (15) days' prior written notice to the Owner, accelerate the due date for all remaining unpaid installments of the Annual Real Estate Assessment for the remainder of the fiscal year and all accrued but unpaid interest thereon. Payment of the Annual Real Estate Assessment installments so accelerated shall be due at the expiration of said fifteen (15) day notice period and interest shall accrue on the entire sum at the rate established by the Manager not to exceed twelve percent (12%) per annum from such date until paid in full. The failure of the Manager to give timely notice of any Annual Real Estate Assessment as provided herein shall not be deemed a waiver or modification in any respect of the provisions of this Declaration, or a release of any Owner from the obligation to pay such assessment or any other assessment.

5.03 Special Assessments.

(a) The Assessments that the Manager may levy and collect pursuant to this Section 5.03 are referred to in this Declaration as "Special Assessments."

(b) If, at any time, the Manager believes in its reasonable business judgment that Common Expenses for a calendar year will exceed the amounts to be collected by the Manager pursuant to the Annual Real Estate Assessments, then the Manager may levy and collect a Special Assessment in an amount equal to the amount of such excess.

(c) If the Manager levies a Special Assessment, the Owners of each Site shall pay to the Manager, when and in such installments as the Manager deems necessary or appropriate, an amount equal to the product obtained by multiplying:

(i) the amount of the Special Assessment, by

(ii) a fraction, the numerator of which shall be the amount of the Annual Real Estate Assessment levied against such Owners' Site during that calendar year, and the denominator of which shall be the amount of all Annual Real Estate Assessments levied against all Sites during that calendar year.

5.04 Default Assessments.

(a) Notwithstanding anything to the contrary contained herein, if any Common Expense, not otherwise covered by insurance, is caused by:

(i) the negligence or misconduct of an Owner or such Owner's Guest; or

(ii) a violation of any covenant or condition of this Declaration by an Owner or such Owner's Guest, the Manager shall levy an Assessment against such Owner's Site, equal to the amount of the Common Expense incurred.

Any such Assessment levied are referred to herein as a "Default Assessment."

(b) With respect to any Default Assessment, or portion thereof, levied other than as a late charge, the Owner of the Site against which the Manager seeks to levy the Default Assessment shall be provided notice and an opportunity to be heard by the Manager. Owners of Sites against which Default Assessments have been levied shall pay such Default Assessments within ten (10) days following receipt of notice that such Default Assessment has been levied.

5.05 Assessment Liens.

(a) The Manager, on behalf of all other Owners, shall have a lien on each Site for any Assessment levied against that Site and any late charges, penalties, interest, attorneys' fees, disbursements and costs of collection imposed against its Owner(s) under this Declaration. The Assessment Lien shall secure all of the foregoing obligations of an Owner from the time such obligations become due. If an Assessment is payable in installments, the Assessment Lien secures each installment from the time it becomes due, including the due date set by any valid acceleration of installment obligations.

(b) An Assessment Lien is prior to all other liens and encumbrances on a Site except:

(i) liens and encumbrances recorded prior to the recordation of this Declaration;

(ii) a First Mortgage which was recorded before the date on which a written notice of lien is recorded in the Davis County Records pursuant to subsection 5.05(c) below; and

(iii) liens for real estate taxes and other governmental assessments or charges against the Site.

(c) To evidence the Assessment Lien for sums assessed pursuant to this Article V, the Manager may prepare a written notice of lien setting forth the amount of the assessment, the date due, the amount remaining unpaid, the name of the Owner of the applicable Site and a description of the applicable Site. Such a notice shall be recorded in the Davis County Records. No notice of lien shall be recorded until there is a delinquency in payment of any assessment made pursuant to this Declaration.

(d) An Assessment Lien is extinguished unless proceedings to enforce the Assessment Lien are instituted within six years after the full amount of the Assessment secured thereby becomes due.

(e) In any action by the Manager (on behalf of all other Owners) to collect Assessments or to foreclose an Assessment Lien for unpaid Assessments, the court may appoint a receiver of the Owner to collect all sums alleged to be due from the Owner prior to or during the pendency of the action. A court may order the receiver to pay any sums held by the receiver to the Manager during the pendency of the action to the extent of the Assessments.

(f) To the extent permitted by law, an Assessment Lien may be foreclosed in like manner as a mortgage on real estate, or by power of sale in the same manner as deeds of trust in the State of Utah, or may be foreclosed in any other manner permitted by law. By taking title to property within the Project each Owner shall be deemed to have appointed First American Title Insurance Agency as trustee for the purposes of exercising the power of sale in connection with the non-judicial foreclosure pursuant to this subsection.

5.06 Waiver of Homestead Exemption.

By acceptance of the deed or other instrument of transfer of a Site, an Owner irrevocably waives the homestead exemption provided by Utah Code Sections 78-23-1 through 78-23-15.

5.07 Estoppel Certificates; Notices to Mortgagees.

(a) The Manager shall furnish to an Owner or its designee or to a Mortgagee or its designee, upon written request, delivered personally or by certified mail, first-class postage prepaid, return receipt requested, to the Manager's Recorded Address, a statement setting forth the amount of unpaid Assessments currently levied against such Owner's Site. The statement shall be furnished within fifteen (15) calendar days after the Manager's receipt of the request.

(b) The Manager shall report to any First Mortgagee any unpaid Assessments remaining unpaid for more than ninety (90) days after the same shall have become due, if such First Mortgagee first shall have delivered to the Manager a written request for notice of unpaid Assessments. Any First Mortgagee holding a lien on a Site may pay any unpaid Assessment with respect to such Site, together with any and all costs and expenses incurred with respect to the Assessment Lien securing such

unpaid Assessment, and upon such payment, such First Mortgagee shall have a lien on the Site for the amounts paid with the same priority as a lien of the First Mortgage held by such First Mortgagee.

5.08 Collection of Assessments; Audit.

(a) All amounts collected by the Manager from any Owner in Assessments or other charges pursuant to this Article V or any other provision of this Declaration, and any other amounts received by Manager pursuant to the terms of this Declaration (including but not limited to insurance proceeds received by Manager under Article IX, or condemnation proceeds under Article X) shall be held by the Manager in trust, for use strictly and exclusively as authorized pursuant to this Declaration. Manager shall maintain a separate bank account with a federally insured financial institution with offices in Davis County, Utah, for the purpose of depositing all Assessments and other charges collected by Manager pursuant hereto, and any Common Expenses paid by Manager shall be paid from such account. Manager shall not, without the consent of the Owner(s) owning a majority of the Buildable Acreage of all of the Sites, pledge, encumber, hypothecate, or otherwise assign for collateral purposes any collected Assessments (or any rights to collect such Assessments).

(b) Each Owner, or its designated employees or agents, shall have the right, upon ten (10) days prior written notice to Manager, to call for an inspection and audit of the books and records of the Manager concerning collected Assessments, Common Expenses, and related items pertaining to the Manager's performance of its duties hereunder. Manager shall cooperate with any such audit and shall maintain complete books and records in accordance with generally accepted accounting principles, consistently applied, for the same period as required for federal income tax reporting purposes. Such audit(s) shall take place within thirty (30) days of such Owner's request. If it shall be determined as a result of such audit(s) that an Owner has overpaid any of such charges, Manager shall promptly refund to Owner the amount of such overpayment, and shall thereafter make a Special Assessment, if necessary and appropriate, regarding such overpaid amount against the underpaying Owner(s), if any.

ARTICLE VI
MAINTENANCE OF COMMON ELEMENTS AND SITES

6.01 Maintenance of Common Elements.

Except as otherwise provided in this Declaration, the Manager, or its duly designated agent, shall maintain, through the use of collected Assessments, all Common Elements and the improvements and landscaping located thereon, in good order and repair and shall otherwise manage and operate all Common Elements as it deems necessary or appropriate. In this regard the Manager may in its sole but reasonable discretion:

- (a) construct, modify, add to, remove, replace, repair or renovate any improvements that are located on, or constitute a part of, any Common Element;
- (b) plant and replace trees, shrubs and other vegetation on any Common Elements;
- (c) place, maintain and replace signs upon any Common Elements;
- (d) impose and collect fees for the use of any Common Elements; and

(e) take any other actions that the Manager deems necessary or appropriate in its reasonable business judgment to protect, maintain, operate, manage or regulate the use of Common Elements, including without limitation, snow removal and garbage and waste removal.

6.02 Maintenance of Sites.

(a) Each Owner shall, at such Owner's sole cost and expense, maintain such Owner's Site (other than the Common Elements located on such Site, which shall be maintained by Manager pursuant to Section 6.01 above) and the improvements and landscaping located thereon, or constituting a part thereof, in good order and repair and consistent with a first class mixed use development project.

(b) Any Homeowners Association within the Project shall, at such Homeowners Association's sole cost and expense, (i) maintain in good order and repair and consistent with a first class mixed use development project any real estate within the exterior boundaries of the Homeowners Association's applicable Subdivided Site, together with any improvements or fixtures located on such real estate, whether owned, leased, or otherwise used under legal authority by the Homeowners Association or any Sub-Owner of a Sub-Unit within such Subdivided Site, that are made available for the general use, convenience and benefit of all Sub-Owners and Guests of the Homeowners Association and/or any Sub-Owner, excluding the Common Elements located within such Subdivided Site, and (ii) cause any Sub-Owner to maintain such Sub-Owner's Sub-Unit in good order and repair and consistent with a first class mixed use development project. The Homeowners Association(s) shall cooperate with the Manager in good faith to arrange for routine maintenance services (i.e. landscaping, snow removal, plumbing and electrical maintenance, etc.) to be provided in a manner which will promote the efficient, economic, and uniform maintenance of the Project. To this end, the Homeowners Association(s) shall, as reasonably requested by the Manager, use maintenance companies utilized by the Manager for applicable maintenances services, and shall further arrange maintenance schedules for such companies (or other maintenance providers) that will minimize, to the greatest extent possible, the inconvenience and disruption caused by the performance of maintenance activities on the Project.

(c) If, in the reasonable judgment of the Manager, an Owner fails to maintain its Site or the improvements or landscaping located thereon (including without limitation a Homeowners Association), and such failure remains uncured for more than thirty (30) days after the Manager's delivery of written notice thereof to such Owner or Homeowners Association, the Manager may enter upon such Site and perform such maintenance or repair as the Manager deems necessary or appropriate and charge all costs and expenses incurred by the Manager in connection therewith to such Owner or such Homeowners Association as a Default Assessment.

(d) If, in the reasonable judgment of the Manager, a Homeowners Association fails to enforce any of the provisions within the applicable Sub-Declaration, and which failure (i) materially affects the ambiance, appearance, quality or safety of the Project, and (ii) remains uncured for more than ten (10) days following the Homeowners Association's receipt of written notice from the Manager regarding such matter, the Manager shall be entitled (but not obligated) to remedy such failure, in a manner consistent with Article XIII below and/or as set forth in the Sub-Declaration for the enforcement of the Sub-Declaration by the Homeowners Association, and to charge all costs and expenses incurred by the Manager in connection therewith to the Homeowners Association as a Default Assessment.

(e) The Manager may, without notice, make emergency repairs to and maintain any Site or improvement located thereon, as may, in its judgment, be necessary for the safety of any Person or to prevent damage to any other property. The cost of such maintenance and repair shall be charged to the Owner of the Site (including a Homeowners Association) as a Default Assessment.

ARTICLE VII
MANAGER

7.01 Manager's Purposes and Powers.

The Manager shall perform all of its duties and responsibilities set forth in this Declaration relating to the Common Elements, including but not limited to the management and maintenance of the Common Elements, in good faith and in a commercially reasonable manner. In the performance of its duties and responsibilities, the Manager may provide services itself, or it may contract with private, governmental and quasi-governmental Persons to provide facilities or services. Without limiting the generality of the foregoing, the Manager may carry out through a property management contract those of its functions which are properly the subject of delegation. Any property manager so engaged by the Manager shall be an independent contractor and not an agent or employee of the Manager, shall be responsible for managing the Project for the benefit of the Manager and the Owners, and shall, to the extent permitted by law and by the terms of the agreement with the Manager, be authorized to perform any of the functions or acts required or permitted to be performed by the Manager itself. By acceptance of the deed or other instrument of transfer of a Site, an Owner shall be deemed to authorize and appoint the Manager to perform the duties and responsibilities set forth herein.

7.02 Appointment of Manager.

So long as Declarant or a Declarant Affiliated Entity owns any Site within the Project, Declarant shall have the sole and exclusive right to appoint the Manager for the Project. At any such time that Declarant (or a Declarant Affiliated Entity) no longer owns a Site within the Project, or otherwise waives or releases its right to appoint the Manager (as evidenced by a written instrument recorded in the Davis County Records), the Owner(s) of the Sites shall then elect another Owner by majority vote (based on Buildable Acreage), or an affiliated entity of such Owner, to act as the Manager hereunder by written ballot, which replacement Manager shall act as Manager until its earlier resignation or removal. All votes cast pursuant to this Section 7.02 shall be cast pursuant to written consents obtained from the Owners within a period of sixty (60) consecutive days from the date the first written consent is obtained.

7.03 Resignation.

A Manager may resign at any time by giving written notice to all of the Owners of the Sites within the Project. The resignation of a Manager shall take effect upon receipt of notice thereof or at such later time as shall be specified in such notice and, unless otherwise specified therein, the acceptance by the Owners of such resignation shall not be necessary to make it effective. In the event of the resignation of a Manager, a replacement Manager shall be appointed pursuant to the procedure set forth in Section 7.02 above.

7.04 Removal.

Except for a Manager appointed by the Declarant, a Manager may be removed at any time for any reason, with or without cause, by vote of the Owner(s) owning a majority of the Buildable Acreage of all of the Sites. A Manager appointed by the Declarant may be removed by vote of the Owner(s) owning a majority of the Buildable Acreage of the Sites only for "Cause." For purposes of the preceding sentence, removal of the Manager for "Cause" means (i) a default by the Manager of any of its obligations hereunder, which default materially and adversely affects the operation of the Project as a first class mixed use development project, which default remains uncured for sixty (60) days after written notice

thereof executed by Owner(s) owning a majority of the Buildable Acreage of the Sites, (ii) the gross negligence, willful misconduct or fraud in performance by the Manager of its obligations hereunder, or (iii) the commission of a felony or misdemeanor involving embezzlement, theft or other act of moral turpitude by Manager and/or its principal(s).

7.05 Dealings with Affiliates:

In performance of its responsibilities hereunder, a Manager may enter into business and contractual relationships of any kind with affiliated entities, provided that the terms of such relationships are commercially reasonable and satisfy arm's length standards.

7.06 Limitation of Liability of Manager.

The Manager shall exercise reasonable business judgment in performing all of its duties and responsibilities set forth in this Declaration relating to the Common Elements. Unless fraud, gross negligence or willful misconduct shall be proven by a court order, judgment, decree or decision which has become final, the Manager shall not be liable or obligated to the Owners or other Person for any mistake of fact or judgment or for the doing or failure to do of any act in conducting and performing its obligations herein, which causes or results in any loss or damage to any Owner or any other such Person.

ARTICLE VIII
EASEMENTS AND RESERVATIONS

8.01 Easements Over Common Elements.

The Declarant hereby establishes and grants to, and each other Person who becomes an Owner shall, immediately upon becoming such an Owner and without further act, be deemed to have established and granted to all other Owners, Sub-Owners, the Manager, Declarant, and all of their respective Guests, irrevocable, non-exclusive easements over, across, upon and beneath the Common Elements located on such Owner's Site. In addition, in Manager's sole but reasonable discretion, Manager shall have the right to designate in its commercially reasonable judgment certain limited portions of the parking facilities on the main roadways within the Common Elements as "reserved" parking spaces for use by certain tenants or occupants of the Retail, Commercial and/or Office Buildings; provided, however, in no event shall Declarant or Manager be responsible or in any way liable for the unauthorized use of such parking spaces. Nothing in this Section or elsewhere in this Declaration shall be deemed to be or constitute a gift or dedication of any portion of the Project to the general public or for any public use or purpose whatsoever. All users of roadways within the Project shall use such roadways at their own risk and peril, and shall obey all applicable traffic laws and regulations.

8.02 Permitted Common Element Uses. The Common Elements shall be used for the purposes set forth in this Section:

(a) The parking of passenger vehicles and the pedestrian and vehicular traffic of any Guests.

(b) The ingress and egress of any Owner, Sub-Owner and/or Guests and the vehicles thereof to and from any portion of the Common Elements and the public streets adjacent to the Common Elements.

(c) Pedestrian and vehicular movement by Guests to and from adjacent streets and between businesses and occupants located or to be located within the Project.

(d) Temporary use in connection with the construction, replacement and reconstruction of parking sites or stalls, flag poles, sidewalks, ramps (excluding loading ramps), driveways, lanes, curbs, directional and other signs, gutters, traffic control areas, traffic islands, traffic and parking lighting facilities, perimeter walls, pedestrian walkway or landscaped areas, including planters, planting boxes, edgers, fountains, valves and customer conveniences, such as mail boxes, public telephones and benches for the comfort and convenience of Guests; provided, however, that the Approving Party shall first approve of all such facilities and that such facilities do not materially affect the access, visibility or parking of the property or Building of any Owner.

(e) The maintenance and repair of any of the items referred to in Section 8.02(d) above.

(f) Recycling centers for cans, bottles or other materials.

(g) The ingress and egress of delivery and service trucks and vehicles to and from any Building or any portion thereof and the public streets adjacent to the Project, for the delivery of goods, wares, merchandise and the rendering of services to all Persons or other entities who may lease portions of any Building. Each tenant or other occupant of the Project shall use commercially reasonable efforts to have deliveries made within the areas designated pursuant to uniform, commercially reasonable rules and regulations which the Declarant and/or Manager may implement with respect thereto from time to time. In the event it is necessary that deliveries be made other than in the designated areas by Manager, such deliveries shall be made so as to cause the least amount of interference with the use of adjacent portions of the Common Elements.

(h) Trash, refuse and garbage container storage areas if indicated as Common Element and areas for the parking of the automobiles of employees of an Owner or occupant of any Building and other incidental and related facilities.

(i) Subject to the prior written approval of the Approving Party, which will not be unreasonably withheld, the temporary use (including erection of ladders, scaffolding and store front barricades) during periods of construction, remodeling or repair, and ingress and egress for vehicles transporting construction materials and equipment and use thereof by construction equipment, upon the condition, however, that all construction, remodeling or repair of Buildings, other improvements and appurtenances is diligently performed and such ladders, scaffolding and barricades are promptly removed upon completion of such work.

(j) The construction, maintenance, repair, replacement and reconstruction of sign pylons and/or monument signs (with appropriate underground electrical connections in locations reasonably designated by the Approving Party); provided, however, the location, construction, design and replacement of any such signage shall be subject to the prior written approval of the Approving Party (which approval may be given in such Approving Party's sole but reasonable discretion).

8.03 Common Element Alteration.

No Owner or other Person shall alter any improvements located upon the Common Elements without the prior written consent of the Manager. Notwithstanding the foregoing: (i) an Owner (or the Manager or Declarant) shall have the right to excavate or conduct construction activities upon the Common Elements, if necessary, in connection with the installation, operation, maintenance, repair, replacement, relocation and removal of any utility or service facilities, so long as such excavation or construction activities shall be prosecuted diligently to completion; and further provided that the consent of the Owner on whose Site such activity is to take place shall also be obtained, which consent shall not be unreasonably withheld. The Person causing such excavation or construction activities to be made shall forthwith, upon completion thereof, restore any portion of the Common Elements affected thereby to the same condition as existed prior to the commencement of such installation or construction activities using the same type and quality of materials as previously used; and (ii) Declarant and/or Manager may make or authorize alterations to the Common Elements as it shall deem appropriate or necessary. Any work performed in the Project pursuant to this subparagraph shall be performed so as to minimize the disruption of business operations conducted anywhere within the Project.

8.04 Parking.

The Common Parking Areas and all other parking facilities shall be operated in a first class manner, in accordance with the customary standards for parking facilities in mixed use projects similar to the Project located within the vicinity of the Project. No Guest shall use or permit the use of the parking area portions of the Common Elements for any purpose other than parking, loading/unloading (in the areas designated for same by Declarant or Manager) and passage of pedestrians and motor vehicles unless specifically provided otherwise in this Declaration. Each Owner agrees to use reasonable efforts to enforce the provisions hereof.

8.05 Utility Easement.

(a) Subject to the terms and conditions of this Declaration, Declarant hereby creates an easement for ingress to, egress from, and installation, replacement, repair and maintenance of, all utility and service lines and systems, including, without limitation, water, sewer, gas, telephone, electricity and cable communication that service the Project or any portion thereof, over, across, through and under (i) the Common Elements, and (ii) such other portions of the Property as Declarant may determine in its reasonable business judgment during the planning and development of the Project are reasonably necessary to facilitate the efficient planning, development and construction of the Project, provided however, that any easement relating to such other portions of the Property shall not result in the impairment of Owner's use of (including the business operations contemplated by the Owner upon) such Property. The Declarant may, but is not obligated to, authorize the release of portions of the general easement created by this Section 8.05 upon the request of any Owner showing good cause therefor.

(b) Pursuant to this easement, the City, and/or a utility or service district or company may install and maintain facilities and equipment on the Property to provide service to any portion of the Property. Notwithstanding anything to the contrary contained in this Section 8.05, no sewers, electrical lines, water lines, telephone lines or other utility or service lines may be installed or relocated on any

portion of the Property, except as approved by the Approving Party. Any utility or service company using this general easement shall use its best efforts to install, repair, replace and maintain its lines and systems without unreasonably disturbing the uses of Owners, Declarant, the City, and/or other utility or service districts or companies.

(c) If any utility or service company furnishing utilities or services to the Project or any portion thereof requests a specific easement by a separate recordable document, the Owners shall cooperate in the granting of such easements.

8.06 Emergency Access Easement.

Declarant hereby grants a general easement to all police, sheriff, fire protection, ambulance and all other similar emergency agencies or Persons operated by the City, service districts, or other Persons to enter upon the Property in the proper and lawful performance of their duties.

8.07 Easement for Encroachments.

Should any Building or improvement constructed within a Site inadvertently encroach on any adjacent Site and said encroachment does not materially, adversely affect the use of the Site being encroached upon, the Owner of the adjacent Site shall be deemed to have granted an easement effective as of the recording date hereof for such encroachment for so long as such encroachment shall exist, and shall execute such instruments as may reasonably be required by the encroaching party, or its assignees, title insurer or Mortgagees confirming such easement.

ARTICLE IX
INSURANCE

9.01 Insurance for Sites.

(a) Each Owner shall, except as otherwise expressly set forth herein, maintain, or cause to be maintained, at its sole expense, in full force and effect, with good and solvent insurance companies authorized to do business in the State of Utah and having a rating by Best's Insurance Reports of not less than A-/X, on all Site(s) within the Project owned or leased by such Owner and all Buildings and other improvements owned or leased by such Owner, a policy or policies of commercial general liability, bodily injury, personal injury and property damage liability insurance with limits of at least One Million Dollars (\$1,000,000) per occurrence, Two Million Dollars (\$2,000,000) aggregate, which limits Manager may allow to be adjusted from time to time in its reasonable business judgment, based on the limits of insurance policies generally carried by owners of other similarly situated improved real estate in the Davis County, Utah area. Such policies shall name all other Owners, the Manager, Declarant, and any property manager contracted by Manager as additional insureds, insuring against any and all liability arising out of the maintenance, use and occupancy of the Building(s) and other improvements located on the property within the Project owned or leased by such Owner.

(b) Each Owner shall also maintain all-risk / property policy with special form insurance coverage on all Buildings and improvements (excluding Common Element improvements) located upon all Site(s) leased or owned by such Owner including loss or damage by fire and such other risks as are from time to time included in the all-risk / property policy with special form coverage insurance policies customarily issued in Utah in an amount not less than one hundred percent (100%) of the full replacement cost of such Buildings and improvements. Such insurance policies shall be maintained with good and solvent insurance companies authorized to do business in the State of Utah and

having a rating by Best's Insurance Reports of not less than A-/X. Manager, for the benefit of all other Owners of the Project, shall be named as loss payee on all such insurance policies.

9.02 Insurance for Common Elements.

(a) The Manager shall maintain, or cause to be maintained, as a Common Expense, in full force and effect, with good and solvent insurance companies authorized to do business in the State of Utah and having a rating by Best's Insurance Reports of not less than A-/X, on all Common Elements within the Project, a policy or policies of commercial general liability, bodily injury, personal injury and property damage liability insurance with limits of at least One Million Dollars (\$1,000,000) per occurrence, Two Million Dollars (\$2,000,000) aggregate, which limits Manager may require to be adjusted from time to time in its reasonable business judgment, based on the limits of insurance policies generally carried by owners and/or managers of other similarly situated improved real estate in the Davis County, Utah area. Such policies shall name all other Owners, the Manager, Declarant, and any property manager contracted by Manager as insureds and/or additional insureds, insuring against any and all liability arising out of the maintenance, use and occupancy of the Common Elements within the Project.

(b) The Manager shall also maintain all-risk / property policy with special form insurance coverage on all Common Elements located upon that portion of the Project, including loss or damage by fire and such other risks as are from time to time included in the all-risk / property policy with special form coverage insurance policies customarily issued in Utah in an amount not less than one hundred percent (100%) of the full replacement cost of such Common Elements. Such insurance policies shall be maintained with good and solvent insurance companies authorized to do business in the State of Utah and having a rating by Best's Insurance Reports of not less than A-/X. Such policies shall name all other Owners, the Manager, for the benefit of all other Owners of the Project as loss payees on all such all-risk insurance policies.

9.03 Certificates.

The Manager and each Owner shall, upon request thereof from any of the Owners or Manager, furnish to the party making such request certificates of insurance evidencing the existence of the insurance required to be carried pursuant to Section 9.01 and 9.02 above. To the extent that the same shall not invalidate any insurance coverage obtained by an Owner or Manager, each Owner hereby waives any claim that it might have against any other Owners for damages which would be covered by any of the insurance required to be carried under this Article. Said mutual waivers shall be in addition to, and not in limitation or derogation of, any other waiver or release regarding any loss of, or any damage to the said property of any Owner. Inasmuch as the said mutual waivers will preclude the assignment of any such claim by way of subrogation (or otherwise) to an insurance company (or any other person, firm or corporation) each Owner and the Manager shall give to each insurance company which has issued to it policies of all-risk insurance, written notice of the terms of said mutual waivers, and shall have said insurance policies properly endorsed, if necessary, to prevent invalidation of said insurance coverages by reason of said waiver. All such insurance maintained pursuant to this Article shall provide that such insurance shall not be canceled or amended without ten (10) days prior written notice to Manager.

If any Owner shall fail to maintain any of the insurance required to be maintained by such Persons pursuant to this Declaration, then the Manager shall have the right to give the defaulting Owner written notice of such default specifying the particulars thereof. The Owner receiving such a notice shall have a period of ten (10) days in which to cure such default. If the defaulting Owner does not cure such default within said ten (10) day period, then the Manager may do so and then assess the defaulting Owner for the expense incurred as a Default Assessment.

ARTICLE X
CASUALTY

10.01 Damage to Buildings and Other Improvements.

In the event any Building or other improvement (excluding Common Elements) on a Site is damaged or destroyed by any casualty, the Owner upon whose Site such Building and/or improvement is/was located shall promptly (i) repair and/or reconstruct such Building or improvement in accordance with the applicable provisions of this Declaration, or (ii) remove the debris from the Site and keep the affected portions of the Site neat, orderly, and well maintained and covered with material reasonably required by Declarant, until subsequently improved or constructed upon.

10.02 Damage to Common Elements.

In the event any of the Common Elements are damaged or destroyed by any casualty, the Manager shall promptly restore, repair or rebuild such damaged or destroyed Common Elements (or any portion thereof), provided that, if such damage or destruction results from any cause not insured under an all-risk / property policy with special form insurance policy maintained by Manager (or the Owner of the Site on which the applicable Common Elements are located), or if so insured, the cost of repair exceeds the amount of insurance proceeds available, then the Manager shall repair the Common Elements if the Owners of the Sites owning a majority of the Buildable Acreage of all of the Sites approve such repairs. In such event, the costs of repairs shall be treated as a Common Expense. In the event that the Owners do not approve such repairs, then any of the Owner(s) shall nevertheless have the right to repair or rebuild such Common Elements in accordance with the applicable provisions of this Declaration, provided that any such Owner(s) shall bear the expense of providing such repair. In such event, the Manager shall make any insurance proceeds available to such Owner or Owners.

ARTICLE XI
CONDEMNATION

11.01 Condemnation of Sites.

If all Sites within the Project are taken by condemnation or similar proceeding, the Project and this Declaration shall terminate as of the date of the taking and any condemnation award payable in connection therewith shall be paid to the Owners of such Sites.

~~11.02 Condemnation of Fewer Than All Sites.~~

If all or a portion of one or more Sites, but fewer than all Sites, are taken by condemnation or similar proceeding, any condemnation award payable in connection therewith shall be paid to the Owner(s) of such Sites.

11.03 Condemnation of Common Elements.

If any Common Elements are taken by condemnation or similar proceeding, any condemnation award payable in connection therewith shall be paid to the Manager and used by the Manager:

- (a) first, to repair any damage to Common Elements resulting from the condemnation or similar taking; and
- (b) second, for any other Common Expenses, including reserves.

12.04 Merger.

Declarant reserves the right to merge or consolidate the Project with any other planned community.

12.05 Exercising Special Declarant Rights.

Declarant may exercise its Special Declarant Rights at any time. Declarant may exercise its Special Declarant Rights in any order and no assurance is given as to the order in which Declarant will exercise its Special Declarant Rights. If Declarant exercises any Special Declarant Right with respect to any portion of the Property, Declarant may, but is not obligated to, exercise that Special Declarant Right with respect to any other portion of the Property. Notwithstanding anything to the contrary contained in this Declaration, Declarant may exercise any Special Declarant Right described in this Article and any other right reserved to Declarant in this Declaration, without the consent of any of the Owners.

12.06 Interference with Special Declarant Rights.

Niether the Manager nor any Owner may take any action or adopt any Rule or Regulation that interferes with or diminishes any Special Declarant Right, without Declarant's prior written consent.

12.07 Rights Transferable.

Declarant may transfer, in whole or in part, any Special Declarant Right reserved to it under this Article or under any other provision of this Declaration.

ARTICLE XIII
ENFORCEMENT AND REMEDIES

13.01 Enforcement.

(a) Except as set forth in Section 15.02(b), each provision of this Declaration shall be enforceable by Declarant, the Manager, or any Owner by

- (i) a proceeding for injunctive relief; and/or
- (ii) a suit or action to recover damages.

(b) In addition to the rights and remedies described in Section 13.01(a) above, if an Owner fails to perform or observe any covenant or condition on such Owner's part to be performed or observed under this Declaration, the Manager shall have the following rights and remedies:

If the Manager cures any such failure to comply, the Owner shall pay to the Manager the amount of all costs incurred by the Manager in connection therewith within thirty (30) days after the Owner receives written notice of a Default Assessment therefor from the Manager.

(ii) The Manager may fine the Owner, as a Default Assessment, a uniform, commercially-reasonable amount, which may be established by Manager in its reasonable business judgment from time to time. The Owner shall pay any such fine to the Manager within thirty days after the Owner receives written notice of a Default Assessment therefor from the Manager.

(iii) The Manager, acting for and on behalf of Declarant and/or all other Owners, shall have all other rights and remedies available to it under this Declaration, at law or in equity.

(c) All rights and remedies of the Declarant, any Owner or Manager shall be cumulative and the exercise of one right or remedy shall not preclude the exercise of any other right or remedy.

13.02 Attorneys' Fees.

In the event of any dispute under or with respect to this Declaration, the prevailing party shall be entitled to recover from the nonprevailing party all of its costs and expenses in connection therewith, including, without limitation, the fees and disbursements of any attorneys, accountants, engineers, appraisers or other professionals engaged by the prevailing party.

13.03 Interest.

If an Owner fails to pay to the Manager any Assessment or other amount due as and when the same becomes due, the Owner shall pay to the Manager interest on such unpaid amount at the rate of 12 percent per annum from the due date of such unpaid amount until the date paid. The Owner shall also pay to the Manager a late fee of five percent (5%) of any assessment installment not paid within fifteen (15) days following the due date thereof.

ARTICLE XIV
TERM AND AMENDMENTS

14.01 Term.

The covenants, conditions, restrictions, reservations, easements, assessments, charges and liens set forth in this Declaration shall run with and bind the Property until the Declaration is terminated pursuant to Section 14.02 below.

14.02 Termination.

The Owners may terminate the Project and this Declaration by unanimous written consent of the Owners and a majority of First Mortgagees. If the necessary votes are obtained, the agreement of the Owners to terminate the Project and this Declaration shall be evidenced by a termination agreement or ratification thereof, executed by all of the Owners in accordance with the terms and conditions of this Declaration. Upon recordation of the termination agreement in the Davis County Records, the Project shall be terminated and this Declaration shall have no further force or effect. Furthermore, in the event that the Declaration is terminated pursuant to this Section, such termination shall not serve to terminate any of the easements described in Article VI, unless such termination is also approved in writing by the City, and/or a utility or service district or company benefiting from such easements.

14.03 Amendments.

(a) Except for provisions of this Declaration regarding the rights and obligations of Declarant, which may not be amended without Declarant's prior written consent, and except as otherwise set forth herein, Owners of the Sites owning 67 percent or greater of the Buildable Acreage of all of the Sites may amend any provision of this Declaration at any time. If the necessary votes are obtained, the Manager shall be and hereby is authorized to cause to be recorded in the Davis County Records an amendment to the Declaration. Notwithstanding the foregoing, the unanimous written consent of all of the Owners and a majority of First Mortgagees shall be required to amend any provisions in this Declaration in a manner which would negatively impact access and/or utilities to or from one or more Sites.

(b) Notwithstanding the terms and conditions of Section 14.03(a) above, the Declarant may amend this Declaration without the approval of the Owners, provided however, that if such amendment (1) directly and materially affects the access to, visibility of or parking on a Site; or (2) would result in a material increase in financial obligations for an Owner, then the Owner of any such affected Site must also consent to such modification.

ARTICLE XV
MISCELLANEOUS

15.01 Severability.

Any determination by any court of competent jurisdiction that any provision of this Declaration is invalid or unenforceable shall not affect the validity and enforceability of any other provisions hereof.

15.02 Disclaimer of Representations and Warranties. Notwithstanding anything to the contrary contained in this Declaration, Declarant makes no warranties or representations whatsoever that the plan presently envisioned for the complete development of the Project can or will be carried out or that any land now owned or hereafter acquired by Declarant is or will be subjected to this Declaration, or that any such land, whether or not it has been subjected to this Declaration, is or will be committed to or developed for a particular use, or that, if such land is once used for a particular use, such use will continue in effect. Furthermore, Declarant makes no warranties or representations regarding the soil and/or subsurface condition of the Property, nor warranties or representations involving latent defects, settling, cracking, sliding, heaving, flooding, mold, other fungal, biological, or environmental contaminant or potential contaminant, and disclaims all warranties of merchantability or fitness for a particular purpose relating to the Sites. The Declarant's liability, whether in contract, statute, tort or otherwise is limited to the remedy of repair or replacement, and under no circumstances shall the Declarant or any Declarant Affiliate Entity, or any officers, directors, manager or owner of Declarant or any Declarant Affiliate Entity be liable for (i) any special, indirect, exemplary or consequential damages, or (ii) any damages resulting from or related to work performed by Declarant which, as of the date of such work, met applicable industry standards for Projects of like size and location. Owner acknowledges, that by accepting a deed with respect to an individual Site, Owner has caused such independent studies (including without limitation engineering studies), as such Owner deems necessary to be rendered by qualified engineering and other consultants and third parties.

15.03 Reference to Declaration and Deeds.

Deeds to and instruments affecting any Site or any other part of the Project may contain the provisions set forth herein by reference to this Declaration, but regardless of whether any such reference is made in any deed or instrument, each and all of the covenants, conditions, restrictions, reservations, easements, assessments, charges and liens set forth herein shall be binding upon the grantee-Owner or

other Person claiming through any deed or other instrument and his or her heirs, executors, administrators, successors and assigns.

15.04 Successors and Assigns of Declarant.

Any reference in this Declaration to Declarant shall include any successors or assignees of Declarant's rights and powers hereunder, on the condition that Declarant's rights and powers may only be assigned by a written recorded instrument expressly assigning such rights and powers.

15.05 Captions and Titles.

All captions and titles of headings of Articles and Sections in this Declaration are for the purpose of reference and convenience and are not to be deemed to limit, modify or otherwise affect any of the provisions hereof or to be used in determining the intent or context thereof.

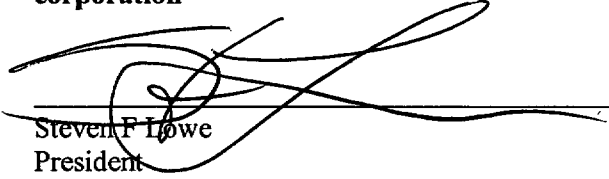

15.06 Notices.

All Owners of each Site shall have one and the same registered mailing address to be used by the Manager or other Owners for notices, demands, and all other communications regarding the Project matters. The Owner or the representative of the Owners of a Site shall furnish such registered address to the Manager within ten days after (a) transfer of title to the Site to such Owner or Owners, or in the case of a Homeowners Association, the formation of the Homeowners Association, and (b) a change in such registered address. Such registration shall be in written form and signed by all of the Owners of the Site or by such Persons as are authorized to represent the interests of all Owners of the Site. If no address is registered or if all of the Owners cannot agree, then the address of the Site shall be deemed their registered address of the Owner(s), and any notice shall be deemed duly given if delivered to the Site. All notices and demands intended to be served upon the Manager shall be sent to the Manager's Recorded Address, and if to Declarant, to the address that Declarant may designate from time to time by written notice to all of the Owner(s).
