2. Grant of Easements. Subject to the terms and conditions set forth in this Agreement, Grantor hereby grants and conveys against all those claiming by, through or under Grantor to Grantee, the following easements:

(a) The Waterline Easement on, over, under, across and through the Easement Parcel for the sole purposes of installing, operating, maintaining, repairing and replacing the Waterline and the Grantee Facilities related to the Waterline, for the delivery of water to and from the Water Storage Facility to Grantee’s existing culinary water system.

(b) The Access Easement for the purpose of installing, constructing, operating, inspecting, maintaining, repairing and replacing the Water Storage Facilities, Waterline, and Grantee Facilities and equipment, including the right of ingress and egress thereto, limited to access only by the officers, managers, consultants and contractors of the Grantee, said access to be situated on, over, across and through the Easement Parcel.

(c) The Temporary Construction Easement over, across, under and through the Easement Parcel as reasonably necessary to facilitate the construction of the Water Storage Facilities and Waterline. This temporary construction easement will automatically expire upon completion of the construction.

3. Grantee Use. Grantee’s use of the Easements will be undertaken in a manner calculated to cause the least inconvenience to the ownership, use and enjoyment by Grantor of the Easement Parcel and other property of Grantor. In exercising its use of the Easements, Grantee will take all reasonable and necessary measures to avoid injury to persons or damage to property and for the discharge of water from the Water Storage Facility.

4. Condition of Easement Parcel. Grantee accepts the Easement Parcel and all aspects thereof “AS IS”, “WHERE IS”, without representations or warranties, either express or implied, “with all faults”, including but not limited to both latent and patent defects, and the existence of

Hazardous Substances, if any. Grantee hereby waives all warranties, express or implied, regarding the title, condition and use of the Easement Parcel, including, but not limited to any warranty of merchantability or fitness for a particular purpose. Without limiting the generality of the foregoing, the Easements are granted to Grantee subject to: (a) any state of facts which an accurate survey or physical inspection of the Easement Parcel might show; (b) all zoning regulations, restrictions, rules and ordinances, building restrictions and other laws and regulations now in effect or hereafter adopted by any governmental authority having jurisdiction over the Easement Parcel; and (c) all reservations, easements, rights-of-way, covenants, conditions, restrictions, encroachments, liens, and encumbrances and all other matters of record or enforceable at law or in equity.

5. Reservation. Grantor reserves the right to use the Easement Parcel, to place or grant other easements on, along, across, or under the Easement Parcel, and to otherwise make improvements to the Easement Parcel, provided that the Grantor will not unreasonably interfere with Grantee's use of the Easements.

6. Relocation of Easements. Grantor will have the right, from time to time, upon 120 days written notice to Grantee, to relocate the Grantee Facilities in whole or part to other portions of the Grantor Property as may be determined by Grantor in its sole discretion so long as Grantor provides Grantee reasonable alternative easements for the Waterline and access to the Water Storage Facilities, and so long as the relocation does not materially impede, deprive or diminish Grantee's use or enjoyment of the Easements for the purposes granted in this Agreement. Subject to the provisions of this Section 6, Grantee shall have up to 18 months from the time of the written notice to relocate the Grantee Facilities. The Parties will cooperate in the relocation of all or part of the Grantee Facilities to minimize extended or unreasonable interruptions of the connection of the Water Storage Facility to the Grantee's existing culinary system. Grantor and Grantee will execute, acknowledge and record an amendment to this Agreement in order to identify and describe the real property that is subject to each relocated easement and in order to release from the burden of the Easements the portions of the Easement Parcel that are no longer subject to the Easements.

7. Term. This Agreement together with the Easements and rights set forth herein will terminate upon 12 months written notice from Grantor to Grantee, if Grantee abandons or ceases operating the Grantee Facilities for a period of 24 months or more after the Grantee Facilities are fully installed and operated as a part of the Grantee's culinary water system. Upon an event of termination set forth above, Grantor and Grantee will execute and record an instrument terminating this Agreement. Grantee will, at its sole cost and expense, within six months of termination remove the Grantee Facilities and restore the Easement Parcel to substantially the same condition as existed as of the Effective Date.

8. Improvements; Maintenance. Grantee expressly acknowledges and agrees that it will not install the Grantee Facilities or any other improvements within the Easement Parcel without first providing to Grantor for review and approval the plans and specifications for the Grantee Facilities or other improvements, which approval Grantor will not unreasonably withhold, condition or delay. Upon completion of any activities which disturb the surface of the Easement Parcel and/or any authorized portion of the Grantor Property, Grantee will promptly restore such property to its condition immediately prior to such activities. Grantee will give 30 days prior

written notice (except in an emergency, in which case Grantee will give as much notice as is practicable under the circumstances) of its intent to construct, maintain, remove or replace any improvements if such activities would cause any disturbance of the surface of the Grantor Property, and Grantee will perform those activities expeditiously and will take reasonable efforts to minimize any disruption of operations on the Grantor Property caused by the activities. Upon Grantor's request, Grantee will, at its sole cost and expense, deliver to Grantor an accurate ALTA/NSPS survey (with Table A items) of the as-built Grantee Facilities within the Easement Parcel. Grantee, at Grantee's sole cost and expense, will at all times keep and maintain the Grantee Facilities in good condition and repair. Grantee, at Grantee's sole cost and expense, will be solely responsible for the construction, inspection, repair and replacement of the Grantee Facilities and Grantee acknowledges and agrees that Grantor will have no responsibility whatsoever to maintain, repair or replace any portion of the Easement Parcel or the Grantee Facilities.

9. Compliance with Law; Mechanics' Liens. Grantee will comply with all applicable Laws and will be responsible for obtaining all necessary permits or governmental approvals required in connection with the use, maintenance, repair and/or replacement of the Grantee Facilities. Grantee will at all times keep the Easement Parcel and the Grantor Property free from mechanics' liens or similar liens arising on account of or resulting from any act by or on behalf of Grantee. In the event any mechanics' lien or similar lien is recorded against the Easement Parcel or the Grantor Property or any portion thereof on account of any act by or on behalf of Grantee, Grantee will, within 30 days of discovery by Grantee or receipt of notice from Grantor, cause such mechanics' lien to be removed from the Easement Parcel. Grantee will indemnify and hold Grantor harmless from any liability for the payment of such liens.

10. Insurance and Indemnity. At all times while this Agreement is in effect, Grantee will maintain a policy of commercial general liability insurance (in a form reasonably acceptable to Grantor) with respect to the Easement Parcel and Grantee's activities thereon, written on an occurrence basis and including contractual liability coverage to cover Grantee's indemnity obligations hereunder. Such policy will have a limit of liability of at least \$1,000,000.00 combined single limit per occurrence. Grantor may require by written notice a reasonable increase in the insurance limits specified in this Section 10 based on inflation or commercial adequacy. Such policy will name Grantor as an additional insured. Within 10 days after request by Grantor, Grantee will provide to Grantor evidence of insurance meeting the requirements of this Section. In the event Grantee fails to obtain and maintain insurance, or to provide evidence thereof, as required herein, Grantor will have the right, but not the obligation, to purchase such insurance in its own name or in the name of Grantee, and Grantee will reimburse Grantor for the cost of such insurance on demand. Grantee will indemnify, defend, and hold harmless Grantor and the Grantor Parties from and against any and all losses, claims, actions, damages, liabilities, penalties, fines, or expenses of any nature whatsoever, including, without limitation, reasonable attorneys' fees and costs on account of mechanics' lien claims, injury to persons, the death of any person, or damages to property (collectively, "**Claims**") arising from the use by Grantee and/or the Grantee Parties of the Easement Parcel, except to the extent any such Claims are caused by the gross negligence or willful misconduct of Grantor. Grantor, at Grantee's expense, will have the right to participate in the defense of any Claim to the extent of Grantor's interest

11. Environmental.

(a) Except in compliance with all applicable Laws, including all applicable Environmental Laws, Grantee will not create, generate, store, treat, emit, dispose of, discharge, release, threaten to release, or permit to be created, generated, stored, treated, emitted, disposed of, discharged, released, or threatened to be released any Hazardous Substances on, over or under the Easement Parcel, or any property adjacent thereto. If Grantee breaches any of its obligations set forth in this Section, Grantee will, upon Grantor's request and at Grantee's sole cost and expense, promptly and diligently undertake, perform and complete any and all corrective action or response, removal or remedial activities necessary to remove, remediate and eliminate any and all Hazardous Substances and to obtain certification from the appropriate governmental authorities that such corrective action, response, removal, remediation and elimination are complete.

(b) Grantee will indemnify, defend and hold harmless Grantor and the Grantor Parties from and against any and all Claims suffered, incurred by or asserted against the Grantor and the Grantor Parties arising from or relating to access to, use of, or activities on Easement Parcel by Grantee or the Grantee Parties, including but not limited to, the discharge of Hazardous Substances or the violation of, or failure to comply with governmental permits or requirements, excluding only Claims arising from the gross negligence or willful misconduct of Grantor or the Grantor Parties.

12. Default. If Grantee fails to cure a default hereunder within 90 days (or such longer period as may reasonably be required to cure such default, provided that cure has commenced and Grantee is diligently proceeding to complete such cure) after receiving written notice thereof from Grantor, Grantor will be entitled to exercise all remedies provided by law or in equity to the same extent as if fully set forth herein word for word. Notwithstanding the foregoing, Grantor will not exercise the right to terminate the Easement so long as Grantor is fully compensated for any and all damages and Grantee is obligated to perform its obligations and abide by the terms and conditions of this Agreement through specific performance or similar remedy. No remedy herein conferred upon, or reserved to Grantor will exclude any other remedy herein, by law or in equity, but each will be cumulative.

13. Costs and Expenses and Limitation on Damages. In the event of a breach in any of the covenants or agreements contained herein, the breaching Party will pay all costs and expenses, including reasonable attorneys' fees and experts' fees, which may arise or accrue from enforcing this Agreement or in pursuing any remedy provided by the laws of the State of Utah, whether such remedies are pursued by filing suit or otherwise. Notwithstanding any other provisions of this Agreement to the contrary, and to the fullest extent permitted by law, under no circumstances will Grantor be liable for any consequential, exemplary, punitive, special, indirect or incidental damages or economic losses arising out of any claim, demand, or action brought with respect to this Agreement.

14. Mutuality; Runs With the Land.

(a) The Easements, rights and obligations granted or created hereby are appurtenances to the Parcels and none of the easements, rights or obligations may be transferred, assigned or encumbered except as an appurtenance to such Parcels. For the purposes of the Easements and rights set forth herein, the Grantee Property will constitute the dominant estate, and the Easement Parcel will constitute the servient estate.

(b) The Easements and rights contained in this Agreement (whether affirmative or negative in nature) (i) will constitute covenants running with the land; (ii) will bind every person having a fee, leasehold or other interest in any portion of the Parcel at any time or from time to time to the extent such portion is affected or bound by the Easements or right in question, or to the extent that easement or right is to be performed on such portion; and (iii) will inure to the benefit of and be binding upon the Parties and their respective successors and assigns as to their respective Parcels.

15. Notices. All notices required to be given under this Agreement will be in writing and will be transmitted either by personal delivery, a reputable overnight courier which keeps receipts of delivery (such as Federal Express), or through the facilities of the United States Post Office, postage prepaid, certified or registered mail, return receipt requested. Any such notice will be effective upon delivery, if delivered by personal delivery or overnight courier, and seventy-two (72) hours after dispatch, if mailed in accordance with the above.
