

NOTICE

This is to notify all persons that Micron Technology, Inc. ("MTI") is implementing the following land management strategy to comply with the Drinking Water Source Protection Regulations (the "DWSP regulations"), as amended, adopted by the Division of Drinking Water, Department of Environmental Quality, State of Utah. See Utah Admin. Code ("UAC") R309-113-1 to -14 (1998).

MTI owns certain real property in Utah County, Utah and is in the process of constructing a manufacturing facility on its property. As part of its operation, MTI has developed a water well on its property to supply drinking water to its employees and occasional visitors. MTI's drinking water well is designated as "Well #3" and its location is North 2622.97 feet and East 875.88 feet from the Southwest Corner of Section 27, Township 4 South, Range 1 East, Salt Lake Base & Meridian.

Under its land management strategy, MTI will not locate or allow the location of any potential contamination sources, as defined in UAC R309-113-6(1)(u), within the area surrounding Well #3 that MTI has designated as Zone One pursuant to the DWSP regulations. Further, MTI will not locate or allow the location of any pollution sources, as defined in UAC R309-113-6(1)(t), within the area surrounding Well #3 that MTI has designated as Zone Two, pursuant to the DWSP regulations, unless design standards are implemented to prevent discharges to groundwater as specified in UAC R309-113-13(4)(b)(ii). Zones One and Two are located solely on MTI's property and are more particularly described on Exhibit A attached hereto. The prohibitions and restrictions of this land management strategy shall be imposed on and be binding on all heirs, successors, and assigns.
