ARTICLE III

ARCHITECTURAL COMMITTEE

It is the intention and purpose of these covenants,

BK7157PG2265

conditions and restrictions to impose architectural standards on the Improvements to any lot of a type and nature that result in buildings which are architecturally compatible in terms of lot coverage, proportion, materials, colors and general appearance, while at the same time allowing for appropriate diversity in style and design. To accomplish this goal, the Declarant hereby establishes the Architectural Committee, which is empowered to oversee and enforce the Architectural Design Standards set forth in this Declaration.

Architectural Committee Created. The Architectural committee will consist of three members. The initial committee will consist of three people appointed by the Declarant, who do not need to be Owners. The Committee shall act by a majority vote of those present in any meeting duly called for conducting the official business of the Committee members. Notwithstanding anything to the contrary which may appear elsewhere herein, the Committee members shall be appointed only by the Declarant or its successor, which, at its option, may temporarily delegate or forever assign such powers and responsibilities, or other powers and responsibilities given to it by this Declaration, to the assignee. Such assignment shall be express and in writing and until such assignment, the assignee shall not possess any powers or responsibilities with respect to such Committee.

Approval by Committee Required. No building, residence, Dwelling, garage, carport, outbuilding, fence, wall may be constructed, erected, or installed in the Subdivision without the prior consent of the Architectural Committee, which may consider such factors as (but not limited to) the quality of workmanship and materials, design, harmony of external design with existing project structures, location with respect to topography and finish grade elevation, preservation and enhancement of the natural beauty of the area and safety. Approval of the Committee will be sought in the following manner:

(a) Plans Submitted. Plans for the construction of any Dwelling must be submitted to the Committee for review. The plan must be in sufficient detail to show the location on the lot of the exterior walls of the Dwelling and all buildings showing locations of windows, doors, roof pitches, decks and other exterior elements; a list of exterior materials and roofing materials and a plan drawing showing the location of fences (including fence design), driveways, walkways, patios, decks and other hard surfaced or irrigated areas.

(b) Review Fee. The applicant will pay a review fee to the Committee in an amount necessary to cover the costs of review and the administration of the program in an amount to be established from time to time by the Architectural Committee. The review fee shall be \$100, payable in cash at the time the plans are submitted for review.

(c) Review. Within 45 days from receipt of a complete

BK7157PG2266

submission, the committee will review plans and make an initial determination whether or not the plans comply with the conditions imposed by the Declaration. If they do not, the plans will be rejected. If they are in compliance, the committee will approve the plans. The Committee may also approve the plans subject to specific modifications or conditions. No final approval will be granted on less than a complete submission. Upon approval, the Committee and the Owner will each sign a copy of the plans, which shall be left with the Committee. No construction that is not in strict compliance with the approved plans will be permitted.

(d) Written Record. The Committee will maintain a written record of its actions, and maintain in its files a copy of all plans approved or rejected for a period of five years. The Committee will also provide evidence of this approval for the City, if requested by the Owner.

(e) Failure to Act. If the committee has not approved or rejected any submission within 45 days after payment of the review fee and submission of complete plans, the submission is deemed to have been approved.

Variances. Variances to the design standards contained in this Declaration may be granted when strict application would create an unforeseen or unreasonable hardship to the Owner of any Lot. The Architectural Committee cannot grant a variance that has the effect of modifying applicable zoning or building code regulations. The burden of obtaining a variance is entirely on the applicant.

General Design Review. The Committee will use its best efforts to provide a consistent pattern of development, and consistent application of standards of this Declaration. These standards are, of necessity, general in nature, and it is the Committee's responsibility to apply them in a manner that results in a high quality, attractive, and well designed community.

Declarant and Committee not Liable. The Declarant and the Committee and its members shall not be liable to the applicant for any damages, or to the Owners of an Lots within the Subdivision for their actions, inactions, or approval or disapproval of any set of plans submitted to the Committee for review. In the absence of bad faith or malicious actions, the Owners shall have no claim against the Declarant or Committee as a result of the performance or failure to perform the duties created by this Declaration. Each Owner has the right to enforce these covenants against every other owner, and may seek independent redress if it believes the Committee has acted improperly.

Limitations on Review. The Committee's review is limited to those matters expressly granted in this Declaration. The Committee shall have no authority over the enforcement of building codes, zoning ordinances, or other statutes, laws, or

BK7157PG2267

ordinances affecting the development or improvement of real property and shall have no liability to any Owner whose plans were approved in a manner that included any such violation. Corrections or changes in plans to bring them into conformity with applicable codes must be approved by the Committee prior to construction.

BK7157PG2268

Masonry Requirement. No structure shall be built with less than 25% brick or stone, and no structure shall be built with less 100% of all the faces of the structure of either brick, stone or stucco (with at least 50% of the front being either brick or stone) unless otherwise approved by the Architectural Committee. The underside of any deck more than 3 feet above grade must either be completely screened with vertical lattice or siding, or, if exposed (as in the case of a second story deck or balcony), finished and painted or stained to match the trim of the house.

Yard Lamp Posts. Each Dwelling shall have at least one exterior front yard lamp post, installed and in operation at the time of occupancy. The location of the lamp post shall be three (3) feet away from both the sidewalk and the driveway. The front yard lamp post shall be wired with a photo electric cell so that it will be on during all night hours and must be maintained in good operating order. The lot owner shall Contact the Architectural Committee when he or she is ready for the yard lamp post. The cost of the yard lamp, to the lot owner, will be \$246.05, payable at the time the lot is closed.

Mailbox Stand. Each Dwelling shall have a brick mailbox or a cast aluminum mailbox, model #5523A. Lot Owner may choose from one or the other. If the cast aluminum mailbox is chosen, the lot owner may save \$36.95 by pre-ordering the mailbox at closing. The cost of the mailbox, to the owner, is \$227.05, payable at the time the lot is closed. If the lot owner decides not to pre-order the mailbox, he or she may call Lee at Mel Northey co. at 1-800-828-0302. When ordering specify Wildrose Subdivision. Duty to Maintain. It is the obligation of the owner of each Lot to maintain his lot and improvements to the lot in a good state of repair and attractive, safe, and healthy condition.

Repair by Committee or others. In the event that an owner permits his Lot or Improvements to fall into a state of disrepair that is dangerous, unsafe, unsanitary, or unsightly condition or fail to comply with any other covenant or restriction in violation of this Declaration, the Architectural Committee may give written notice to the Owner describing the condition complained of and demanding that the Owner correct the condition within 30 days. If the Owner fails to take corrective action, the Architectural Committee shall have the right, but not the obligation, to enter upon the offending Owner's Lot and take corrective action to abate the condition. All costs of abatement shall be charged to the Owner, who agrees to promptly pay the reasonable costs of any work performed under this provision. In addition, each Owner hereby grants to the Architectural Committee a lien on the Lot and any Improvements to secure repayment of any sums advanced pursuant to this section, which lien may be foreclosed at any time by the Architectural Committee in the manner prescribed in

BK7157PG2273

Utah for the foreclosure of mortgages. Alternatively, without requiring foreclosure, the Architectural Committee may seek collection of sums advanced directly from the Owner of the Lot in question. Unpaid amounts will bear interest from the date advanced at the lawful judgement rate under applicable state law.

Alterations of Exterior Appearance. The Owners will maintain their Lots and Improvements in substantially the same condition and appearance as that approved by the Architectural Committee.

Repair Following Damage. In the event of casualty loss or damage to the Improvements, the Owner will be entitled to reconstruct the Improvements as they existed prior to the damage or loss without review by the Committee, provided however that alterations or deviations from the original approved plans will require review. Nothing in this Declaration is intended to prevent an Owner who has suffered property damage or loss from taking temporary measures to secure the property and prevent further damage, or to prevent injury or dangerous conditions following loss or damage, before re-construction begins. Such temporary measures may be taken without the consent or approval of the Architectural Committee, provided that any such measures must be of a temporary nature, and repair or reconstruction must begin as soon as circumstances will permit. No damage structure will be permitted to remain on any Lot for more than 90 days following the occurrence of damage is deemed a nuisance which may be abated by the Architectural Committee.

Remedies.

(a) Any single or continuing violation of the Covenants contained in this Declaration may be enjoined in an action brought by the Declarant (for so long as the Declarant is the Owner of any Lot), by any other Owner, or by the Architectural Committee in its own name. In any action brought to enforce these Covenants, the prevailing party shall be entitled to recover as part of its judgment the reasonable costs of enforcement, including attorneys fees and costs of court.

BK 7157 PG 2274

(b) Nothing in this Declaration shall be constructed as limiting the rights and remedies that may exist at common law or under applicable federal, state or local laws and ordinances for the abatement of nuisances, health and safety, or other matters. These Covenants are to be constructed as being in addition to those remedies available at law.

(c) The remedies available under this Declaration and at law or equity generally are not to be considered as exclusive, but rather as cumulative.

(d) The failure to take enforcement action shall not be construed as a waiver of the Covenants contained in this Declaration in the future or against other similar violations.

Severability. Each of the Covenants contained in this Declaration shall be independent of the others, and in the event that any one is found to be invalid, unenforceable, or illegal by a court of competent jurisdiction, the remaining Covenants shall remain in full force and effect.

Limited Liability. Neither the Declarant, or the Architectural Committee or its individual members, nor any other Owner shall have personal liability to any other Owner for actions or inactions taken under these Covenants, provided that any such actions or inactions are the result of the good faith exercise of their judgement or authority, under these Covenants, and without malice.

Amendment. At any time while this Declaration is in effect, the Owners of 75% of the Lots may amend the provisions of this Declaration. Any amendment must be in writing and be approved by 75% of the Owners at the time of the amendment and the consent of the Owner of the Additional Land, if any portion of the Additional Land has not been subdivided at the time. No such amendment will be binding upon the holder of any mortgage or trust deed unless the holder joins in the amendment. No amendment which limits the rights of the declarant or its successors in interest to expand the subdivision or otherwise affects the additional Land shall be effective without the written consent of the Declarant or other Owner of the Additional Land.

Construction Notice. Every person who owns, occupies, or acquires any right, title or interest in any Lot Subdivision is conclusively deemed to have notice of this Declaration and its contents, and to have consented to the application and enforcement of each of the Covenants, Conditions, and Restrictions against his Lot, whether or not there is any reference to this declaration in the instrument by which he requires his interest in any Lot.

BK7157PG2275

and be sent to the last known address of the party to receive notice. Notices delivered by hand are effective upon delivery.

Liberal Interpretation. The provisions of this Declaration shall be interpreted liberally to further the goal of creating a uniform plan for the development of the Subdivision. Paragraph headings are inserted for convenience only and shall not be considered in interpretation of the provisions.
