1. Lots 1 through 9 shall be known as "residential lots". No structure shall be erected, altered, placed or permitted to remain on any "residential lot" other than one detached single family dwelling, a private garage, and out buildings for pets as hereinafter described.

No residential structure, or any part thereof, shall be erected, altered, placed or permitted to remain on any parcel of land containing less than an entire residential lot.

No building shall be erected, placed, or altered on any premises in said development until the building plans, specifications, and plot plans showing the location of such building have been approved as to conformity and harmony of external design with existing structures in the development as to location of the building with respect to topography and finished ground elevation by an architectural committee composed of H. M. CALVERT, ROBERT R. MURRAY and STEPHEN P. TERRY and other members selected by them or by their representatives designated by the members of said committee. In the event of death or resignation of any member of said committee, the remaining member, or members, shall have full authority to approve or disapprove such design and location, or to designate a representative with like authority. In the event all the members of said committee die, or in the event the committee ceases to function, then 56% of the owners of the lots in said subdivision shall have the right to elect a committee. In the event said committee, or its designated representatives, fails to approve or disapprove such design and location thirty (30) days after said plans and specifications have been submitted to it, or in any event if no suit to enjoin the erection of such building or the making of such alterations have been commenced prior to the completion thereof, such approval will not be required and this covenant will be deemed to have been fully complied with. Neither the members of such committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this Covenant. This committee shall have the right to vary the requirements as set forth in Section 2, but said variance shall not be valid unless obtained in writing.

2. Every detached single family dwelling, exclusive of garages and open porches, erected on any one of the above described residential lots shall have a minimum area above the ground of 1,600 square feet for a single level residence, and 1,000 square feet for each floor for a multi-level residence.

3. The minimum side yard for any dwelling shall be eight (8) feet and the total width of the two required side yards shall not be less than twenty (20) feet.

4. No residential structure shall be erected or placed on any building site which has an area of less than 10,000 feet.

5. No noxious or offensive trade or activity shall be carried on upon any building site, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

6. No trailer, tent, shack, garage, barn or other outbuilding erected on a building site covered by these Covenants shall at any time be used for human habitation temporarily or permanently, nor shall any structure of a temporary character be used for human habitation.

7. Easements are reserved as shown on the recorded plat for utility installation, pipelines, ditches and maintenance. Nothing in this paragraph contained shall be interpreted as prohibiting construction of walks, driveways, porches, etc. over such easement, subject to the rights of those with easements to make necessary repairs and conduct necessary maintenance along such easements.

8. No animals or poultry of any kind, other than house pets, shall be kept or maintained on any part of said property.

13. Every lot owner shall provide a sump on his own lot to adequately handle and dispose of all rain water and snow runoff from the roofs and patios of all buildings constructed on said lot and shall not allow said drain water and runoff to flow into another lot.

14. These Covenants are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 2004, at which time said covenants shall be automatically extended for successive periods of ten (10) years, unless by vote of a majority of the then owners of the building sites covered by these Covenants, it is agreed to change said covenants in whole or in part.

If the parties hereto, any of them or their heirs, or assigns shall violate or attempt to violate any of the Covenants herein, it shall be lawful for any other person or persons owning any real property situated in said tract to prosecute any proceeding at law or in equity against the person or persons violating or attempting to violate such Covenants, and either to prevent him or them from so doing or to recover damages or other dues for such violation.

Invalidation of any one of these Covenants or any part thereof by judgments or court orders shall in no wise affect any of the other provisions which shall remain in full force and effect.
