AND RESTRICTIONS  
FOR  
ROLLING HILLS PHASE I**

**A Residential Subdivision in Hyrum, Cache Valley, Utah**

THIS DECLARATION OF PROTECTIVE COVENANTS, CONDITIONS AND RESTRICTIONS is made and executed this 30 day of July, 2007, by Ridgeview LLC. (the "Declarant") in its capacity as the owner and developer of Ridgeview (the "Subdivision"), a residential subdivision, in Hyrum, Utah.

**RECITALS**

Declarant is the owner of the Property located Hyrum, Utah. and more particularly described in Exhibit "A" of this Declaration.

The Property has been subdivided into individual Lots to be sold for construction of Single-family Homes.

Declarant will convey the Lots in the Subdivision subject to the protective covenants, conditions and restrictions set forth in this Declaration.

**ARTICLE I – DECLARATION AND PROPERTY DESCRIPTION**

1.01 Declaration. Declarant hereby declares that all Lots in the Subdivision will be conveyed, held, and occupied subject to the protective covenants, conditions and restrictions set forth in this Declaration and to the Plat for the Development filed with the Cache County Recorder's Office. This Declaration and the Plat (i) are covenants of equitable servitude; (ii) run with the land; (iii) are binding on all persons having any right, title or interest in the Lots, their heirs, successors, and assigns; and (iv) will inure to the benefit of each Lot Owner in the Subdivision.

(a) Reservation. Declarant, however, reserves for itself such easements and rights of ingress and egress over, across, through, and under the Property and any improvements thereon as may be reasonably necessary for Declarant (in a manner that is reasonable and consistent with the provisions of this Declaration): (i) to complete development of each of the Lots and all of the other improvements described in this Declaration or in the Plat; (ii) to construct and complete on

any portion of the Additional Land such improvements as Declarant determines to make or construct in its sole discretion (whether or not any portion of the Additional Land will be added to the Development); and (iii) to improve portions of the Property with such other or additional improvements, facilities, or landscaping designed for the use and enjoyment of all the Owners as Declarant may reasonably determine to be appropriate. If, under the foregoing reservations, the Property or any improvement on the Property is traversed or partially occupied by a permanent improvement or utility line, a perpetual easement for such improvement or utility line will exist. With the exception of such perpetual easements, the reservations provided in this Subsection 1.01(a) will, unless sooner terminated, expire 10 years after the date on which this Declaration is recorded in the Public Records.

(b) Construction and Sales Exception. Notwithstanding any provisions to the contrary in this Declaration, it is expressly permissible for Declarant to maintain such facilities (in Declarant's sole opinion) as may reasonably be required, convenient or incidental to the construction of the Subdivision or any Lot or Dwelling within the Subdivision and the sale of any Lot or Dwelling within the Subdivision during the period of construction or sale of Lots and Dwellings in any portion of the Subdivision as Declarant deems necessary, including but not limited to a business office, storage facilities, construction yard, signs, model units and sales offices.

1.02 Property Description. The Property subject to this Declaration (the "Property") is located in Hyrum, Cache county, Utah and is more particularly described in Exhibit "A" attached to this Declaration.

Ent 953182 Blk 1480 Pg 478

1.03 Annexation by Declarant. Declarant may, from time to time, expand the Subdivision subject to this Declaration by the annexation of all or part of the lands constituting the "Additional Land" described in Exhibit "B" attached to this Declaration. The annexation of any Additional Land to the Subdivision will become effective upon the recording in the Cache County Recorders Office of a Plat of such Additional Land signed by the owner of the Additional Land and of a supplemental declaration ("Supplemental Declaration") that: (i) is signed by the then owner(s) of such Additional Land as Declarant; (ii) describes the land to be annexed; and (iii) declares that the annexed land is to be held, transferred, sold, conveyed, and occupied as part of the Property subject to this Declaration. When any such annexation becomes effective, the annexed land will become part of the Property and the Subdivision and subject to the provisions of this Declaration and any amendment or supplement to this Declaration.

1.04 No Obligation to Annex or Develop. Declarant has no obligation to annex any of the Additional Land to the Subdivision or to develop or preserve any portion of the Additional Land in any particular way or according to any particular time schedule.

depreciate the value and use of Lots and the Property.

- B. Ensure adequate and reasonably consistent use and development of the Property.
- C. Encourage and ensure the construction of attractively designed permanent improvements appropriately located within the Subdivision in order to achieve harmonious appearance and function.
- D. Ensure the provision of adequate and suitable landscaping.
- E. Provide for proper use and maintenance of the Subdivision.

#### **ARTICLE IV – USE RESTRICTIONS**

4.01 General Use Restrictions. All of the Lots subject to this Declaration are restricted to Single-family Homes and associated buildings or structures for use in connection with such homes. All buildings or structures erected in the Subdivision must be of new construction. No buildings or structures may be removed from other locations to the Subdivision for permanent placement. All subsequent buildings or structures on a Lot must be reasonably similar to those initially constructed on the Lot. No manufactured, prefabricated, or mobile homes are permitted in the Subdivision. Except as necessary for construction purposes, no buildings or structures of a temporary character, such as a trailer, camper, shack, barn, or other temporary outbuilding may be placed or used on any Lot at any time.

4.02 Legal Compliance. All improvements on a Lot must be made, constructed, and maintained, and all activities on a Lot must be undertaken, in compliance with all applicable laws and ordinances, including but not limited to zoning and land-use ordinances and building codes.

4.03 Architectural Review. No structure will be erected, placed or altered on any Lot until building plans, specifications and a detailed plot plan showing walks, driveway, fences and general landscaping have been approved in writing by the Architectural Review Committee as to conformity and harmony of external design and color combinations with existing structures in the Subdivision and to location regarding topography and finished ground elevation. In deciding whether to approve or disapprove plans and specifications submitted to it, the Committee will use its best judgment to insure that all improvements, construction, landscaping, and alterations on Lots within the Subdivision conform to and harmonize with the design guidelines and with existing surroundings and structures. Any structure constructed on any Lot in replacement of a structure previously located on the Lot must be constructed in substantially the same configuration, location and architectural style and be approximately the same size as the prior structure; and, if the plans and specifications for the new structure meet such criteria, the Committee must give its approval.

(a) Architectural Review Committee. The Architectural Review Committee will be made up of three persons. None of the members must be Lot Owners. For the five (5) years after the recording of this Declaration, Declarant will have sole authority to appoint the members of the Architectural Review Committee. After that five-year period has elapsed, Lot Owners, by a majority vote of Owners participating in the election, must elect the members of the Architectural Review Committee.

4.04 Building Construction Restrictions. All Dwellings and associated structures built in the Subdivision must comply with the following restrictions:

(a) Architectural Review. Each Lot Owner must have plans for the Dwelling and any associated structure(s) on the Lot approved in writing by the Architectural Review Committee as provided in Section 4.03 before construction begins on the Lot.

(b) Height and Square Footage. Single-story Dwellings must have a living space of at least 1,600 square feet, excluding attic, basement, garage, loft, and porch spaces. Two-story houses must have a minimum heated living space of 2,400 square feet above grade, excluding basement, attic space, storage lofts, porches, and garage. Split-level, Tri-level or Multi-level are not allowed.

(c) Construction Materials. All Dwellings and associated structures must be stick framed or of similar construction and must be constructed of new materials, except that appropriate used brick may be used with prior written approval of the Architectural Review Committee. Log homes or outbuildings are not permitted.

(e) Garages. All Dwellings must be constructed with an attached garage and a paved driveway that runs from the garage to the street. Garages must provide space for at least two cars but no more than four cars.

(f) Roof. All Dwellings and associated structures must be constructed with a minimum roof pitch of six (6) feet of rise to twelve (12) feet of vertical distance. Roofs may not be covered with corrugated or unfinished metal; metal roofs are appropriate if they are architectural quality and approved in advance by the Architectural Review Committee.

(g) Facade Décor. The front façade of each dwelling and associated structures must be comprised of a minimum of three varying materials. One of the front façade materials must be rock or brick. Other materials that may be used, but not limited to, are shales, brick, stone, rock, vertical and horizontal siding, and shutters.

(h) Outbuildings. All structures on a Lot that are in view of the road or another Lot in the Subdivision must be of design and construction that are visually compatible and consistent with the house and any other structures on the Lot. Ent 953182 Blk 1480 Pg 481

(i) Construction Deadline. Lot Owners who purchase their Lots from Declarant must begin construction of the Dwelling (on a plan approved by the Architectural Review Committee) within 6 months of the purchase date. For all Lots, construction of the Dwelling must be completed, as evidenced by a certificate of occupancy, within 8 months after construction commenced.

4.05 Landscaping and Drainage. Lot Owners must comply with the following landscaping and drainage requirements.

(a) Architectural Review. Each Lot Owner must have a general landscaping plan

approved in writing by the Architectural Review Committee as provided in Section 4.03 before construction begins on the Lot.

(b) Landscaping Installation and Maintenance. Each Lot Owner is responsible for the following on his or her Lot:

- (i) landscaping the Lot;
- (ii) yard care;
- (iii) watering plants (including paying the cost of watering);
- (iv) general maintenance of lawns, trees, shrubs and other plants;
- (v) maintaining the Lot free from junk vehicles, equipment and debris; and
- (vi) weed control in lawns, flower beds and gardens.

(c) Yard Completion. Landscaping must be completed in the front yard, including the planting strip between the sidewalk and curb, within 8 months of the issuance of a certificate of occupancy for the Dwelling on that Lot. Landscaping for the remainder of the yard must be completed within 12 months of the issuance of a certificate of occupancy for the Dwelling on that Lot.

(d) Drainage. No structure, planting or landscaping that alters established slope ratios, drainage installations, or the flow of water through natural drainage may be installed or constructed on any Lot.

(e) Street Trees. Lot Owners are responsible for maintaining street trees in the planting strip. Declarant will purchase and plant the initial street trees. Declarant will warranty each street tree for one year after it is planted, provided the tree is properly maintained by the Lot Owner. If a tree dies after the first year of planting, it is the responsibility of the Lot Owner to replace the tree within 30 days. Trees in the planting strip must be 1 and 1/2 inches in diameter, by caliper, or larger when planted.

#### 4.06 Other Restrictions.

(a) No Subdivision of Lots. No Owner, by deed, plat or otherwise, may subdivide or in any manner cause the Ownership of Lot to be separated into physical tracts or parcels smaller than the whole Lot as shown on the Plat.

(b) Antennas. Exterior antennas and similar receiving devices, including satellite dishes, must be placed on the back rooftop, in the backyard, or in the side yard so that they are not visible from the street. Ent 953182 Bl 1480 Pg 482

(c) Fences. All fences surrounding any Single-Family Home or on any part of a Lot must comply with local codes and specifications in effect at the time such fences are erected.

(d) Signs. Except for one (1) "For Sale," "For Rent," or similar sign of not more than five (5) square feet in size, no advertising signs or billboards may be erected, placed or permitted to remain on any Lot.

(e) Commercial Activity. No trade or business may be conducted in or from any House in the Subdivision, except that an Owner or occupant residing in a House may conduct business activities within the House so long as: (i) the existence or operation of the business activities within the House is not apparent or detectable by sight, sound, smell, or customer or employee traffic from outside the House; (ii) the business activity conforms to all zoning requirements; (iii) the business activity is a type that is consistent with the residential character of the Subdivision; and (iv) the business activity does not increase traffic, constitute a nuisance, hazardous, or offensive use.

(f) **Animals.** No livestock, poultry, or animals of any kind may be kept, raised or bred on a Lot, except that dogs, cats and other ordinary household pets may be kept, provided they are not kept for any commercial purpose. However, no animals may be kept on a Lot that result in an annoyance or that are obnoxious by noise, smell or otherwise to Lot Owners.

(d) **Garbage Removal.** All rubbish, trash, and garbage must be regularly removed from Lots and may not be allowed to accumulate on Lots. Garbage must be kept in proper containers.

(e) **Leases.** Any lease or rental agreement (collectively, "Lease") must be in writing and must provide that the terms of such Lease are subject in all respects to the provisions of this Declaration, and that any failure by the lessee to comply with the provisions of this Declaration is a default under the Lease.

(f) **No Hazardous Materials.** No Hazardous Substances may be used, stored, generated, or disposed of or on any Lot in violation of Environmental Laws. If any Hazardous Substance is used, stored, generated, or disposed of or on any Lot, or if a Lot becomes contaminated in any manner by an Owner or its lessee, such Owner shall indemnify and hold harmless all other Owners from any and all claims, damages, fines, judgments, penalties, costs, liabilities, or losses, including, without limitation, a decrease in the value of non-contaminated Lots, damages caused by loss or restriction of usable space, or any damages caused by adverse impact on the marketing of the non-contaminated Lots, and any and all sums paid for settlement of claims, attorneys' fees, consultant and expert fees.

## ARTICLE V – GENERAL PROVISIONS

5.01 **Enforcement.** Each Lot Owner, tenant, subtenant or other occupant of a Lot in the Subdivision must comply with the covenants and restrictions set forth in this Declaration. By acquiring an interest in a Lot in this Subdivision, the party acquiring such interest consents to, and agrees to be bound by, each and every one of these covenants and restrictions. Declarant or any Lot Owner in the Subdivision has the right to bring an action in the District Court in Cache County, Utah for damages, injunctive relief, or both against a person who fails to comply with any of these covenants and restrictions. If an action is brought to enforce one or more of these covenants and restrictions, the prevailing party in such action is entitled to an award of the reasonable costs incurred in bringing the action, including attorneys' fees and court costs. Failure of Declarant or any Owner to enforce any covenant or restriction in this Declaration may not be deemed a waiver of Declarant or the Owner to do so later.

Ent 953182 Bk 1480 Pg 483

5.02 **Severability.** The invalidity of any provisions of this Declaration, or any portion thereof, may not be deemed to impair or affect in any manner the validity, enforceability, or effect of the remainder of this Declaration and, in such event, all of the other provisions of this Declaration shall continue in full force and effect as if such invalid provision had never been included in this Declaration.

5.03 **Waiver.** No provision contained in this Declaration may be deemed to have been abrogated or waived by reason of any failure to enforce the same, irrespective of the number

of violations or breaches that may occur.

5.04 **Headings.** The headings appearing at the beginning of the paragraphs of this Declaration are only for convenience of reference and are not intended to describe, interpret, define, limit, extend, or otherwise affect the content, meaning, or intent of this Declaration or any paragraph or provisions hereof.

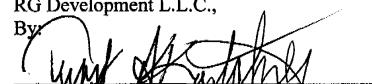

5.05 **Conflicts.** This Declaration is set forth to comply with the requirements of applicable law. In event of any conflict between this Declaration and any provision of federal, state, or local law, the provisions of the latter will control.

5.06 **Duration.** This Declaration will take effect upon recording in the Office of the County Recorder of Cache County, Utah. This Declaration will run with and bind the Property for a term of twenty (20) years from the date this Declaration is recorded, after which time such covenants and restrictions will be automatically extended for successive five (5) year periods.

5.07 **Amendment.** The covenants, conditions, and restrictions of this Declaration may be amended by an instrument signed by not less than 67% of the Lot Owners in the Subdivision. Any amendment must be properly recorded in the Cache County Recorder's Office to become effective.

(a) Notwithstanding Section 5.07, Declarant reserves the right to unilaterally amend the Declaration to comply with federal, state, or local laws or requirements of holders, insurers, or guarantors of first Mortgages, subject to the approval of the Federal Housing Administration or Veterans Administration.
