Dated: October 25, 2006

**FIRST AMENDMENT TO
ANNEXATION AND DEVELOPMENT AGREEMENT
FOR SUMMIT RIDGE**

(Affects only KBS Farm Holdings, LLC and Summit Ridge Communities, LLC Land)

THIS FIRST AMENDMENT TO ANNEXATION AND DEVELOPMENT AGREEMENT for Summit Ridge (the "Amendment") is entered into as of the ~~September~~ ^{October} 25 day of ~~September~~, 2006 by and among KBS FARM HOLDINGS, LLC, a Nevada limited liability company ("KBS"), SUMMIT RIGDE COMMUNITIES, LLC, a Utah limited liability company ("SRC") and SANTAQUIN CITY, a fifth class city of the State of Utah ("City" or "Santaquin") (together, the "Parties").

RECITALS

A. WHEREAS, the Annexation and Development Agreement for the Summit Ridge Project Area was entered into December 6, 2000 and was recorded in the official records of the Utah County Recorder December 28, 2000 as Entry No. 102458:2000 and the official records of the Juab County Recorder December 28, 2000 as Entry No. 00222421 (the "Development Agreement"); and

B. WHEREAS, KBS and SRC have each acquired title to a portion of the Summit Ridge Project described on Exhibit A attached hereto ("the Land") and whereas SRC will be the developer of all the Land ("Developer"); and

C. WHEREAS, the Parties desire to enter into this Amendment to clarify and modify certain development parameters for the Land as more particularly set forth herein; and

D. WHEREAS, the Parties acknowledge that this Amendment does not modify any provisions of the Development Agreement affecting any part of the Summit Ridge Project Area other than the Land; and

E. WHEREAS, KBS and SRC have agreed to cooperate with the City as reasonably necessary to comply with the terms of the Development Agreement and this Amendment, and each agrees to be bound by the terms of this Amendment, as evidenced by its signature below; and

F. WHEREAS, SRC intends to take all steps necessary to develop the Land according to the Development Agreement; and

G. WHEREAS, this Amendment shall modify the Development Agreement with respect to the Land only as specifically set forth herein, and all provisions of the Development Agreement which are not specifically amended herein shall continue in full force and effect.

H. WHEREAS, the modifications set forth in this Amendment are consistent with the planning objectives and goals of the approved Planned Community Program for the Summit Ridge Project Area approved pursuant to Ordinance No. 5-2-2000.

NOW, THEREFORE, in consideration of the foregoing recitals and the covenants hereafter set forth, the sufficiency of which the Parties hereby acknowledge, the Parties agree as follows:

SECTION I. DEFINITIONS

Unless the context requires a different meaning, any term or phrase used in this Amendment that is not otherwise defined herein shall have the meaning given in the Development Agreement. Terms defined herein are as follows:

1.1 **“Developer”** means Summit Ridge Communities, LLC, its assigns and successors in interest, whether in whole or in part. Developer shall cause its employees and agents to act in accordance with the terms of the Development Agreement. Unlike the use of the term “Developer” in the Development Agreement, references to Developer herein shall not include Continuing Owners as set forth in the Development Agreement.

1.2 **“Design Guidelines”** means the Design Guidelines presently in place which shall remain in full force and effect except as amended hereunder and until further amended as set forth in Section 3.A.1 below

1.3 **“Owner”** for purposes of this Amendment means KBS FARM HOLDINGS, LLC and SUMMIT RIDGE COMMUNITIES, LLC who together own all of the Land.

1.4 **“Project”** means the improvement and development of the Land pursuant to the Planned Community Program and the Development Agreement, as amended hereby.

SECTION II. SPECIFIC AMENDMENTS

The Development Agreement shall be specifically amended as follows:

2.1 Exhibit B (Summit Ridge Development Plan) shall be deleted in its entirety and replaced with the attached Exhibit B.

2.2 Exhibit D (Master Declaration) shall be deleted in its entirety and replaced with the Master Declaration of Covenants, Conditions and Restrictions and Reservation of Easements recorded on (i) December 9, 2005 as Entry No. 142793:2005 in the official records of the Utah County Recorder for subdivisions known as The Vistas plat “A” and Cedar Point plat “A”, and on (ii) September 1, 2006 as Entry No. 115136:2006 in the official records of the Utah County Recorder affecting the remainder of the Land in Utah County and on (iii) September 1, 2006 as Entry No. 00244755 in the official records of the Juab County Recorder affecting the remainder of the Land in Juab County, as such Master Declaration may hereafter be amended.

2.3 The portion of Exhibit E (Design Guidelines) and any and all requirements and obligations of Developer set forth in the Development Agreement with respect to the residential guidelines set forth in Exhibit E are hereby deleted in their entirety and replaced with the a new Section IIIA which shall be added to the Development Agreement as follows:

IIIA. DESIGN GUIDELINES

3A.1 The design guidelines and construction standards applicable to the Project are set forth in the Design Guidelines attached to and recorded with the Master Declarations referenced in Section 2.2 above, as such guidelines may hereafter be amended. Notwithstanding the foregoing, the Design Guidelines approved December 6, 2000 by Santaquin

City and later recorded shall remain in effect with respect to the commercial development upon the Land until further amended. A copy of any proposed amendment shall be delivered to the City at least ten (10) days prior to amendment. If Summit Ridge Communities, LLC desires to amend the Design Guidelines to relax the standards set forth therein, it shall submit the proposed changes to the City for acceptance. If the City does not respond within fifteen (15) days of submission to the City, acceptance shall be deemed to have been given. The Design Guidelines presently in place shall provide the baseline minimum standard for development within the Project Area.

The following four design elements shall be incorporated into all future Design Guidelines, and shall be applicable in addition to the previously recorded design guidelines. These elements are general in nature and may be interpreted with some flexibility in their application to specific planning areas:

(a) Storm Drainage Criteria

1. Minimum of 10 year storm may be handled through sumps and underground infiltration galleries when feasible.
2. Above-ground basin designed for 25 year storm events and to incorporate natural contours as much as possible.
3. Above-ground storm retention/detention basins above ground to account for a maximum of 40% of an individual park area.
4. Storm retention/detention basins to be improved with sod if park is being developed; if park is to be completed in the future, the pond area is to be hydroseeded with native seed.
5. If piped or open channel gravity flow drainage systems are not possible, then alternatives may be considered by the City Development Review Committee.

(b) Coving Standards

1. Home site emphasized over traditional frontage and lot size requirements.
2. Minimum 30' roadway frontage required.
3. Minimum lot frontages within each designated residential zone shall be required but will allow frontages to be measured at variable front setback depths.
4. Maximum width of hard surface area within the front setback shall not exceed 50% of the lot frontage.
5. Curvilinear roads encouraged to enhance terrain and provide traffic calming especially within residential neighborhoods.
6. Flag lots and shared driveways are permitted.

(c) Cul De Sac

1. Maximum cul de sac lengths to be 1000' as measured from adjacent road to beginning of bulb.
2. An intermediate turn-around will be installed mid-length if the cul-de-sac exceeds 750 feet.
3. Openings may be provided at the end of cul-de-sacs to provide a pedestrian connection to open space and paths/walkways.

(d) Slope Areas with Greater than 30% Slope Areas

1. Significant areas containing slopes greater than 30% may be platted in individual building lots but will be excluded from the buildable lot areas.
2. Isolated 30% slope areas may be regraded within the buildable lot areas subject to City review when building permit applications are submitted.
3. Areas deemed unbuildable due to excessive slopes greater than 30% will only allow revegetation and planting of trees with a drip irrigation system. Sod will not be permitted in these areas.
4. Slopes greater than 30% are to remain undisturbed throughout construction. The only exception to this is for City approved trails, roads and site specific grading.
5. Fencing, if allowed on 30% or greater slopes, shall consist of open style, post construction and must blend into the natural vegetation and hillside areas.

3A.2 City Improvements. The City acknowledges that it will be subject to the Design Guidelines as set forth in Section 3.A.1 with respect to any improvements constructed by the City. All improvements constructed on the Land by the City shall comply with all applicable City and State regulations.

3A.3 Enforcement by City. The City may require that the Developer enforce the Design Guidelines and may nothing herein shall prevent the City from enforcing all City standards and regulations within the Summit Ridge Project Area which are applicable within the City generally.

2.4 Exhibit F shall be deleted in its entirety and replaced with the Connector's Agreement attached hereto as Exhibit C and addressed in more detail in Section 2.9 below.

2.5 Section 2.2.2 shall be amended by adding the following new provisions at the end of that Section 2.2.2:

"The permitted residential density for the Land is 2600 residential units. For each lot platted after the first 400 lots and up to the 2000th lot, Developer will pay to the City \$850 at the time the plat for such lot is recorded."

2.6 Section 3.1.5.1 of the Development Agreement shall be amended to correct the reference therein to refer to a Utah Pollutant Discharge Elimination System (**UPDES**) permit, and the reference to MPDES shall be deleted.

2.7 Section 3.2.4 shall be amended by deleting such provision in its entirety and replacing it with the following:

3.2.4 Impact Fee Reimbursements. Developer shall be reimbursed by the City in connection with its collection of impact fees as set forth in this Section 3.2.4.; provided that reimbursements under this Section 3.2.4 together with reimbursements under Section 3.2.2 shall not together exceed the reasonable cost of such improvements. Developer shall provide the City with a request for such impact fee reimbursement, together with itemization of expenditures and supporting paid invoices for the City's review and approval. The City shall pay Developer, or its successor, impact fee reimbursements on a quarterly basis within thirty (30) days of the end

of each quarter. Such payments shall be based on the number of building permits completed in the Land during the preceding quarter.

(a) The City shall pay culinary impact fee reimbursements to Developer, or its successors, at a rate of 100% of the culinary water portion of impact fees collected from the Land during the applicable quarter. Such reimbursements shall continue until the Developer has been completely reimbursed for the reasonable applicable culinary water infrastructure costs expended by Developer.

(b) The City shall pay sewer impact fee reimbursements to Developer, or its successors, at a rate of 30% of the sewer portion of impact fees collected from the Land during the applicable quarter. Such reimbursements shall continue until the Developer has been completely reimbursed for the reasonable applicable sewer infrastructure costs expended by Developer.

(c) In the event the City institutes a pressurized irrigation impact fee, the City shall pay an appropriate pressurized irrigation system impact fee reimbursement to Developer, or its successors, at a rate to be mutually determined by the Developer and the City for the applicable pressurized irrigation system portion of impact fees collected from the Land.

2.8 Section 3.2.5 shall be amended by deleting such provision (including the Exhibit F referenced therein) in its entirety and replacing it with the following:

3.2.5 Connector's Agreement. The City agrees to enter into a Connector's Agreement in the form attached hereto as Exhibit C with the owners of all property within the Project Area other than the Land, and with any adjoining property owner prior to issuance of any permit for improvements in any such area. Such agreements shall require the applicant to reimburse Developer for certain expenditures as more fully set forth therein. Any other references to "Reimbursement Agreement" in the Development Agreement shall hereafter refer to the Connector's Agreement.

2.9 Section 4.1.1.4 of the Development Agreement shall be amended by deleting the first sentence thereof in its entirety and adding instead the following sentence:

"Pursuant to the present ordinance, Developer shall obtain and dedicate to the City three acre feet of water for each acre platted by the Developer in the Summit Ridge Project Area. Developer shall receive credit for each acre foot of water previously dedicated, as well as for all funds previously paid to the City for water acquisition, and any credit arising therefrom shall be set off against Developer's future water requirements at the rate of three acre feet of water for each platted acre." Owner or Developer shall obtain water credits, when additional water rights or monies in lieu of water are dedicated to the City, as provided in the Agreement between Summit Ridge Communities, LLC and the City dated March 15, 2006 and which was passed by Resolution 03-02-2006.

2.10 Section 4.3.2.2 shall be deleted in its entirety and replaced with the following:

4.3.2.2 Street Design. The City accepts the street design set forth on Exhibit D attached hereto and as set forth below as the specifications and standards for street design for all arterial and collector streets for the Project (see detailed cross sections and associated average daily trips (ADTs)).

2.11 Section 4.4 of the Development Agreement shall be deleted in its entirety.

2.12 Section 4.5.1.1 of the Development Agreement shall be amended by deleting such provision in its entirety and replacing it with the following:

4.5.1.1 Park Sites and Open Area. Owner shall, at a no cost to the City, quit claim fee title to land areas designated as municipal parks at a rate of 5 acres per thousand residents based on an average density of 3.7 residents per household. (example: assuming 2,600 lots at full build-out – Developer would deed 48.1 acres of park to the City calculated as follows: $2,600 \text{ lots} \times 3.7 \text{ residents / household} = 9,620 \text{ total residents} / 1,000 = 9.62 \times 5 = 48.1 \text{ Acres}$). The donation of park areas based on the above calculation fulfills all park requirements on behalf of the developer. The land to be set aside for park areas shall be dedicated to the City in connection with the recording of the subdivision plat. Developer (or any Owner directly deeding such land to the City) shall be entitled to reimbursement or shall receive impact fee credit pursuant to Sections 3.2.2, 3.2.3 and 3.2.4 of the Development Agreement for any park improvements made thereto excluding land donations. The City acknowledges that under the terms of the Development Agreement, the land being dedicated to the City in the Summit Ridge Project Area by Developer for parks and open spaces satisfies the requirements of the City for open area and green space for the development of the Land.

2.13 Section 4.5.1.2 of the Development Agreement shall be amended by deleting such section in its entirety and replacing it with the following:

4.5.1.2 Payment in Lieu of Golf Course. In lieu of construction of any golf course as part of the Project, Developer hereby agrees to make certain payments to the City and undertake certain obligations as more particularly set forth herein. In addition to such payments and obligations, Developer agrees to pay \$350,000 to the City within thirty (30) days of the finalization of this amendment, and to make a second \$350,000 payment to the City on the date six months following the first payment.

2.14 Section 4.6.1.4 shall be deleted in its entirety and replaced with the following:

4.6.1.4 Public Facility Site. Also in lieu of the construction of any golf course as provided in section 4.5.1.2, Developer shall provide and dedicate to the City, free and clear of liens and encumbrances, by special warranty deed, 35 contiguous acres near the northwest corner of the commercial area to the City for municipal and related commercial and mixed use development subject to the Master Plan and the Design Guidelines, at the City's sole cost and expense. Developer shall, in its sole discretion, identify the acreage to be so dedicated, and shall provide a title policy in the amount of \$35,000 to the City in connection with such dedication, which title policy must be one that is acceptable to the City. Such policy will be acceptable if it does not include any monetary liens or encumbrances (other than real property taxes not yet due and owing) or easements negatively affecting such land. Notwithstanding anything in this Amendment to the contrary, all title exceptions appearing in the Title Commitment dated effective October 5, 2006, Order # 22820-T from Pro Title, other than Schedule B-2 Exceptions 8, 9 and 10, are acceptable and shall not provide any basis for the City's objection to such title policy. Within thirty (30) days of such dedication, Developer and City shall negotiate in good faith a master plan for such acreage ("Master Plan"). In the event that, at the end of the later of (i) ten (10) years from the date that the aforementioned 35 acres of property is dedicated to the City and (ii) eight (8) years from the date the Developer ceases gravel crushing operations on the land, the City has not completed the improvements on approximately 9 acres of said property and commenced development of the balance of such property, City agrees to sell and hereby grants to

Owner an option to purchase said property for the sum of one thousand dollars (\$1,000) per acre, if Owner tenders said amount to the City within ninety (90) days thereof. For purposes of this Amendment, commencement shall be defined as the City having completed 25% of the construction of the municipal building to be constructed on the public facility site and obtained all permits and funds necessary for completion of that improvement. The City hereby authorizes owner to record a Notice of Option in connection with the transfer to the City. The City hereby further agrees that the Developer or any successor with the same manager as SRC, shall be given the right of first offer to work with the City as a joint venture partner in developing such land. If Developer elects not exercise the right of first offer to participate with the City as a joint venture partner, the City may sell a portion of the acreage up to 10 acres within 1 year of beginning the development provided that (1) the transferee's use of the property does not compete with the business and development of the Developer and is a complimentary part of the municipality's master plan for the site and (2) the development of the entire 35 acres including the construction of the municipal facilities occur concurrently unless a phasing plan is reasonably agreed on by City and Developer, and (3) the proceeds of any sale must be used solely for costs to develop the City's public/municipal property and buildings within the 35 acres; provided that following completion of the City's public/municipal property and buildings, the City may use such funds for other City purposes. Developer agrees to release the Notice of Option on the 10 acre parcel at such time as (i) Developer does not exercise the right of first offer, and (ii) the third party purchaser of such land closes on purchase of the land, in which case the Notice of Option shall be released contemporaneously with such closing.

2.15 Section 4.7.1.4 of the Development Agreement shall be deleted in its entirety.

2.16 Section 4.8 shall be deleted in its entirety, and a new Section 4.8. shall be added as follows:

4.8 **Public Trails**

4.8.1 **Developer's Obligations**

4.8.1.1 **Public Trails to be Constructed by Developer.** Also in lieu of the construction of any golf course as provided in section 4.5.1.2, Developer will construct a trail system throughout the Summit Ridge Project Area as the project is developed, not to exceed 7.0 miles in length. The Trails Map attached hereto as Exhibit E sets forth the conceptual plan for the trails to be constructed, but does not establish the precise location of such trails. Those precise locations shall be specified on the subdivision plats approved in connection with the development of subdivisions within the Project. The City acknowledges that Developer shall not be required to construct any such trail in those areas indicated as "Red" on Exhibit E where the cost to construct exceeds the average cost of all such trails in areas shown on the Trails Map and not identified as "Red" (the "Average Cost") by more than 110% unless the City pays the difference between the actual cost of such portion and the Average Cost of such trail in those other areas. The trail system will be constructed with crushed stone or road base, and will be maintained by the City upon completion. The City and the Developer acknowledge that such trail will add up to 6 or 7 acres of land which shall be in addition to the land dedicated pursuant to Section 4.5.1.1. All such trails shall be constructed to the standards reasonably set forth in the City's ordinances and regulations.

4.8.2 City's Obligations

4.8.2.1 **Dedication.** The City shall accept the dedication of all trails constructed by Developer, as long as such trails are constructed to City specifications and standards and are free and clear of liens and encumbrances.

4.8.2.2 **City Services.** Following dedication, the City shall provide repair and maintenance of the trails at a level necessary to maintain them in good condition. The City shall also accept all liability associated with such trails. The Developer acknowledges that the construction and dedication of such trails does not affect any obligation to pay park impact fees.

SECTION III. MISCELLANEOUS

3.1 **Incorporation of Recitals, Introductory Paragraphs, and Exhibits.** The Recitals contained in this Amendment, the introductory paragraph preceding the Recitals, and all Exhibits referred to or attached hereto are hereby incorporated into this Amendment as if fully set forth herein.

3.2 **Other Miscellaneous Terms.** The singular shall include the plural; the masculine gender shall include the feminine; "shall" is mandatory; "may" is permissive.

3.3 **Severability.** If any provision of this Amendment or the application of any provision of this Amendment to a particular situation is held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of this Amendment shall continue in full force and effect.

3.4 **Construction.** This Amendment has been reviewed and revised by legal counsel for Developer, Owner and the City, and no presumption or rule that ambiguities shall be construed against the drafting Party shall apply to the interpretation or enforcement of this Amendment.

3.5 **Further Assurances, Documents and Acts.** Each Party hereto agrees to cooperate in good faith with the others, and to execute and deliver such further documents and to take all further acts reasonably necessary in order to carry out the intent and purposes of this Amendment and the actions contemplated hereby. All provisions and requirements of this Amendment shall be carried out by each Party as allowed by law.

3.6 **Assignment.** Neither this Amendment nor any of the provisions, terms or conditions hereof can be assigned by the Developer or the Owner to any other party, individual or entity without assigning the rights as well as the obligations under this Amendment and complying with the other provisions herein concerning assignments. The rights of the City under this Amendment shall not be assigned, but the City is authorized to enter into a contract with a third party to perform obligations of the City to operate and maintain any infrastructure improvement so long as such party adequately and reasonably maintains and operates such facility or improvement.

3.7 **Amendment to Run with the Land.** A Memorandum of this Amendment shall be recorded against the Land and shall be deemed to run with the land.

3.8 Governing Law and Dispute Resolution. This Amendment shall be governed by and construed in accordance with the laws of the State of Utah. Any and all disputes arising out of or related to this Amendment or the Parties' performance hereunder shall be submitted to mediation before a mutually-acceptable mediator prior to initiation of litigation or any other binding or adjudicative dispute resolution process. The Parties shall: (i) mediate in good faith; (ii) exchange all documents which each believes to be relevant and material to the issue(s) in dispute; (iii) exchange written position papers stating their position on the dispute(s) and outlining the subject matter and substance of the anticipated testimony of persons having personal knowledge of the facts underlying the dispute(s), and; (iv) engage and cooperate in such further discovery as the Parties agree or mediator suggests may be necessary to facilitate effective mediation. Mediator, venue, and related costs shall be shared equally by the Parties to the dispute. Venue of the mediation shall be the State of Utah. In the event the Parties are unable to agree upon a mediator, the mediator shall be appointed as set forth in Section 5.5.4.1 above. This provision shall be specifically enforceable according to its terms, including but not limited to an action to compel mediation. The prevailing party in any action to enforce in whole or in part this mediation clause or in any subsequent arbitration or mediation shall be entitled to reimbursement of attorneys fees and costs incurred in said action. In the event any dispute arising hereunder is not resolved through mediation, the parties to that dispute may pursue any other remedy allowed by law. Any agreement by the Parties to arbitrate shall be governed by Section 5.5.4.2 of the Development Agreement.

3.9 Notices. Any notice or communication required hereunder between the Parties must be in writing, and may be given either personally or by registered or certified mail, return receipt requested or by facsimile. If given by registered or certified mail, the same shall be deemed to have been given and received on the first to occur of (i) actual receipt by any of the addressees designated below as the Party to whom notices are to be sent, or (ii) five (5) days after a registered or certified letter containing such notice, properly addressed, with postage prepaid, is deposited in the United States mail. If personally delivered, a notice is given when delivered to the Party to whom it is addressed. If given by facsimile to the address and number for such Party set forth below (provided, however, that the notice is not effective unless a duplicate copy of the facsimile notice is promptly given by one of the other methods permitted under this paragraph), the notice is deemed to have been given upon receipt by the other Party. Any Party hereto may at any time, by giving ten (10) days written notice to other Parties hereto, designate any other address in substitution of the address to which such notice or communication shall be given. Such notices or communications shall be given to the Parties at the address set forth below:

CONNECTION AGREEMENT

This CONNECTION AGREEMENT (“Agreement”) is made and entered into by and between Santaquin City, a fifth class city of the State of Utah (“City”) and SRC Development, LLC, a Utah limited liability company, (“SRC”), effective as of the date set forth below.

RECITALS:

WHEREAS, SRC is developing the Summit Ridge Project Area in the City (“Project”) pursuant to a certain Annexation and Development Agreement dated December 6, 2000, as it may hereafter be amended; and

WHEREAS, SRC has or is in the process of constructing bridges and arterial roadways and collector roads within the Project (“Reimbursable Improvements”), and has or shall dedicate these to the City upon completion by SRC and acceptance by the City; and

WHEREAS, the property adjoining and/or in reasonable proximity to the Project may benefit from the installation of the Reimbursable Improvements; and

WHEREAS, property owners not participating in the Project may directly benefit from SRC’s installation of the Reimbursable Improvements; and

WHEREAS, the City has determined that it is just and proper that if any landowner connects to any of the said improvements constructed and installed by SRC Development within twenty years from the effective date of this Agreement, that the connecting party should pay for their proportionate share of the said improvements; and

WHEREAS, the City is willing to cooperate with SRC’s recouping of a portion of the costs of the Reimbursable Improvements, but does not wish to assume any liability with respect to such cooperative efforts,

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants, promises, and conditions contained herein, and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

1. Any future development that connects to or utilizes any of the Reimbursable Improvements or relies on the railroad bridge for primary or secondary access will reimburse SRC a proportionate dollar amount per acre per Exhibit A prior to (i) recording a final plat, or (ii) issuance of a building permit.
2. The City shall not record any final plat or approve building permit for projects which connect or use any Reimbursable Improvements until the applicant for such approval (an “Owner”) has demonstrated that it has either paid SRC the appropriate reimbursement fees or has obtained written waiver of said fees from SRC.
3. This Agreement shall apply to applications filed for final plat or building permit approvals for projects which connect or use any Reimbursable Improvements within the twenty year period immediately after the effective date of this Agreement or from the date of acceptance of the applicable improvements whichever is later.

4. This Agreement does not alter SRC's obligations concerning payment of the City's standard connection and other fees in any way.

5. SRC agrees to comply with all City ordinances, policies, and rules, and with the terms of each line extension agreement it executes with the City, regardless of the status of this Agreement.

6. If any part of this Agreement is found, deemed, or rendered invalid or unenforceable by a court of competent jurisdiction or by the Legislature of the State of Utah, the parties shall be relieved of any and all obligations under such invalid or unenforceable provisions of this Agreement.

7. a. SRC shall indemnify and hold harmless the City, and all of its officers, agents, employees, and representatives, from any and all claims, damages, or liabilities of any nature related to this Agreement including, but not limited to, damages arising from claims that the requirement of payment of reimbursement fees to SRC is illegal, unconstitutional, or excessive.

b. SRC shall reimburse the City for administrative time, expenses, reasonable attorneys' fees and costs associated with, or arising out of, this Agreement or the City's efforts to implement its terms, so long as SRC is given prior written notice and an opportunity to defend such action.

c. Should the City be prohibited from enforcing this Agreement on SRC's behalf, by state statute or regulation, court order, or executive decree, the City shall have no further obligations to SRC under this Agreement.

8. This Agreement shall be governed by the laws of the State of Utah and shall inure to the benefit of, and bind the successors and assigns of the respective parties.

9. Waiver of any particular duty or condition under this Agreement shall not constitute a waiver for any other duty or condition, regardless of whether it is a like, related, or subsequent duty or condition.

10. This Agreement is the entire agreement between the parties and it may only be changed, modified, or amended by written agreement of each of the parties and does not create a joint venture or agency relationship between the parties.

11. In the event that this Agreement must be enforced by legal action or the meaning of this Agreement becomes subject to a declaratory judgment, the prevailing party shall be entitled to all costs and expenses of such legal action including but not limited to attorneys' fees.

12. This Agreement shall become effective as of the date upon which all parties have duly executed this Agreement, and shall expire, becoming null and void, twenty years after the effective date.

Re: Gravel Removal

To Whom It May Concern:

This letter agreement supplements the First Amendment to Annexation and Development Agreement for Summit Ridge dated October 22, 2006 (the "Amendment") by and among KBS Farm Holdings, LLC, Summit Ridge Communities, LLC and Santaquin City. Pursuant to the Amendment, the Developer has agreed to dedicate a public facility site to the City pursuant to the amended Section 4.6.1.4 (the "Public Facility Site").

The City acknowledges that the Developer presently crushes and removes gravel on the land which may be included in the Public Facility Site (the "Crushing Operation") and that Developer will continue the Crushing Operation on that property both prior to the dedication and following dedication until the later of (i) the initiation of construction of the public facility by the City and (ii) December 31, 2009. Developer acknowledges and represents that the conduct of the Crushing Operation on the Public Facility Site will conform to the grading plan approved by the City.

In connection with the Crushing Operation, the City acknowledges (i) that it is not and will not be entitled to any proceeds from such activities other than sales tax from the gravel operation, which taxes shall continue after dedication of the Public Facility Site to the extent of continuing Crushing Operations, and (ii) that the deed conveying the site to the City may contain a reservation of the Developer's right to continue with the Crushing Operation until December 31, 2009. The City also agrees that Developer will be permitted to stockpile gravel on the site until such time as the City gives ninety (90) days written notice to Developer that the stockpile will interfere with construction, at which time such stockpile shall be removed from the Public Facility Site.

By its signature below, the City acknowledges its agreement with the foregoing.
