The Architectural Review Committee shall have no responsibility or authority to enforce the terms of this Article II except as they specifically apply to construction, improvements and approval requirements for the Lots.

2.1.1 Single Family Residence. Each Lot shall be used as a residence for a single Family and for no other purpose. An Owner may rent his or her Lot to a

single Family provided that the Lot is rented pursuant to a lease or rental agreement which is (a) in writing and (b) subject to all of the provisions of this Declaration.

2.1.2 Business or Commercial Activity. No part of the Property may ever be used for any business, commercial (including auctions or similar events), manufacturing, mercantile, storage, vending or other nonresidential purposes, including without limitation any activity for which the provider is compensated or receives any consideration, regardless of whether the activity is engaged in full or part-time, generates or does not generate a profit, or requires or does not require a license. This paragraph does not preclude any of the above-described activities without external evidence thereof, provided that: (a) such activities are conducted in conformance with all applicable governmental ordinances; (b) the patrons or clientele of such activities do not visit the Lot or park automobiles or other vehicles within the Property; (c) the existence or operation of such activities is not apparent or detectable by sight, sound or smell from outside the boundaries of the Lot; and (d) such activities are consistent with the residential character of the Property and conform with the applicable provisions of this Declaration. Nothing in this section shall preclude Declarant or others specifically authorized in writing by Declarant from maintaining one or more model homes and sales offices in such homes, conducting sales/marketing activities and providing signage on the Property. Any other Person or entity (other than the Declarant) in the business of building and/or selling homes may only conduct sales activities in the Property related to specific homes and lots in the Property that the Person currently owns.

2.1.3 Landscaping. All front yard landscaping for each Lot shall be installed by the Owner of the home no later than forty-five (45) days after the initial close of escrow or occupancy (whichever is earlier) of the Residence on the Lot. However, if seasonal temperatures do not permit installation of the landscaping at that time, the landscaping shall be installed by the Owner or at the Owner's direction within eight (8) months thereafter. "Front yard landscaping" for purposes of this section is defined as landscaping in the front yards between the front of the house and the sidewalk on the entire width of the lot excluding the driveway. Front yard landscaping shall include at least two (2) trees and six (6) shrubs plus a combination of lawn, shrubs and/or ground cover. Ground cover may include vegetative vines, low-spreading shrubs, or annual or perennial flowering or foliage plants.

Front yard shall be defined as any lot area in front of the house structure facing the street. Any front yard fencing shall be limited to white vinyl fencing material and shall conform to city ordinance height restrictions. Any "return" fencing used in a sideyard from the side of a Residence to the Lot boundary shall be limited to six (6) foot tall white vinyl full-privacy fencing. No building material of any kind or character shall be placed or stored upon any Lot until the owner thereof is ready to commence improvements and then the material shall be placed within the property boundaries of the Lot upon which the improvements are to be erected, and shall not be placed in the streets or between the curb and the property line.

2.1.7 Animal Restrictions. No animals, reptiles, poultry, fish, fowl or insects of any kind (“animals”) may be raised, bred or kept on any Lot, except that a reasonable number of dogs, cats, birds, rabbits, or fish may be kept, provided that they are not kept, bred or maintained for any commercial purpose, nor in unreasonable quantities nor in violation of any applicable City or County ordinance or any other provision of the Declaration. As used in this Declaration, “unreasonable quantities” shall ordinarily mean more than three (3) pets per household.

Subject to this restriction, a single sign, not more than 3 feet by 3 feet in size, advertising a specific unit for sale, house for rent or construction sign, may be displayed on the premises affected. Furthermore, Declarant is expressly exempted from this restriction and may erect such signs as are deemed necessary by Declarant for their construction and marketing activities so long as it owns any lots in the subdivision that may be subject to such activities.

2.1.10 Antennae. Owners are prohibited from installing any antennae or “dish” on a Lot or on the exterior of a home for any purpose, except: (i) an antenna that is designed to receive direct broadcast satellite service, including direct-to-home satellite service, that is one meter or less in diameter, or (ii) an antenna that is designed to receive video programming service or wireless internet service, including multichannel multipoint distribution service, instructional television fixed service, and local multipoint distribution service, that is one meter or less in diameter or diagonal measurement. Any antenna that is designed to receive television broadcast signals shall be installed in the attic of the Residence.

No vehicles of any kind shall be parked or stored on the front yard setback of any Lot, or within the side yard on the street side of a corner Lot. Semi-trucks and trailers may not be parked on the street except while loading or unloading. Trailers, mobile homes, trucks over one-ton capacity, boats, campers not on a truck bed, motor homes, buses, tractors and maintenance or commercial equipment of any kind shall be parked or stored behind the front yard setback in an enclosed area screened from street view. Sufficient side yard gate access should be planned and provided for in the design of the Residence to permit ingress, egress and storage of trailers and recreational vehicles on the side and rear yards. The storage or accumulation of junk, trash, manure or other offensive or commercial materials is prohibited. Facilities for hanging, drying or airing clothing or household fabrics shall be appropriately screened from view. No pads used for the storage of vehicles or other material either temporarily or permanently shall be constructed in the front yard of a given lot. The front yard shall remain unoccupied and unobstructed by buildings, vehicles and/or hard surfaces such as asphalt, cement and packed surface. In the event of any conflict between the provisions of this section and any city or county requirements, the more restrictive provision shall control.

2.1.15 Maintenance. Every Lot, including the improvements thereon, shall be kept in good repair and maintained by the Owner thereof in a clean, safe and attractive condition.

2.1.16 Fuel Storage Tanks. No tank for storage of fuel may be installed or maintained in or on any lot.

2.1.17 Basements. All finished floor elevations shall be one foot above the top of the curb.

2.1.18 Prohibited Direct Access. Notwithstanding any other provision herein, there shall be no direct vehicular access to any streets from the backyards or

sideyards of any Lot or through a common area tract or City-maintained area, and any such direct vehicular access is hereby prohibited.

**2.2 Declarant's Exemption.** Lots owned by Declarant (and by merchant-builders granted exemptions in writing by Declarant, (each being an "Exempt Builder")) are exempt from the provisions of this Article II, until such time as Declarant or Exempt Builder conveys title to the Lot to a third-party. All activities of Declarant or such Exempt Builder reasonably related to their respective development, construction, sales, and marketing efforts, shall be exempt from the provisions of this Article II. This Section 2.2 may not be amended without Declarant's prior written consent.

**2.3 Variance.** Any exceptions to the provisions of Section 2.1 must be obtained by the written permission of the Owners of at least two-thirds (2/3) of the Lots within the Property. Any variance must also be in accordance with city and other governmental requirements.

### ARTICLE III

#### 3. ARCHITECTURAL CONTROL

**3.1 Architectural Control.** Except as to construction by Declarant and its affiliates and agents, no development, erection, construction, alteration, grading, addition, excavation, modification, decoration, redecoration or reconstruction of the visible exterior of any improvement, including without limitation any Residence, garage or outbuilding, or any other activity within the jurisdiction of the Architectural Review Committee pursuant to this Declaration ("Construction Activity") shall take place on any Lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the ARC as to quality of workmanship, materials, harmony of external design with existing structures, and location with respect to topography and finish grade elevations. No building, including, without limitation, garages and other out-buildings, shall be painted or repainted in other than its original colors until the color has been approved by the ARC.

**3.2 Basic Architectural Requirements.** No building shall be erected, altered, placed or permitted to remain on any Lot other than a Single Family Residence, and is not to exceed two (2) stories in height (multi-level or split-level homes not included) and a private garage for not less than one vehicle. One-story Residences shall have a minimum square footage of 1,200 finished square feet. Two-story Residences shall have a minimum of 1,500 square feet finished and multi-levels shall have a minimum of 1,200 finished square feet. Square footage of any style shall be measured excluding garages, porches, verandas, carports, patios, porches and steps. Power and telephone lines must be run underground. Any variances from these requirements must be approved in writing by the ARC, which approval may be withheld in the ARC's sole discretion. Housing construction costs must be a minimum of \$80,000.00 excluding the costs of the lot, loan costs, and closing. Exterior material may be brick, rock, vinyl siding, masonry siding, or stucco, or any combination thereof. The height of all Residences must be consistent with all applicable zoning and building codes. All Residences must comply with Declarant's specific architectural guidelines in effect at the time, which may be amended from time to time.

**3.3 Submittals to ARC.** Submittals to the ARC must comply with the provisions herein. Persons submitting proposals or plans and specifications to the ARC (any such Person is referred to in this Article III as the "Applicant") must obtain a dated, written receipt for such plans and specifications and furnish the ARC with the address to which further communications from the ARC to the Applicant are to be directed. The address of the ARC for submission of plans and specifications shall be Declarant's business address, c/o the Architectural Review Committee unless or until changed by the ARC or until the automatic resignation of Declarant's representatives pursuant to Article III, whichever occurs first. With each submission, the ARC may require a one-time review fee of up to \$250 for the costs of consultants or other professionals to assist the ARC in its duties hereunder.

**3.3.1 Preliminary Drawings.** The following information shall be the minimum to be initially submitted to the ARC for approval:

- (a) A plot plan to scale of the entire proposed site with buildings located and elevation of floors shown above or below a designated point on the street.
- (b) Floor plans of each floor level to scale.

**3.3.2 Working Drawings.** "Working drawings" shall be submitted to the ARC for approval. ARC acceptance is required before construction is commenced. The Working Drawings shall include the following as a minimum:

- (a) Plot plans to scale showing the entire site, building, garages, walks, drives, fences, carriage lights, retaining walls, with elevations of the existing and finished grades and contours including those at the outside corners of the buildings and at adjacent property lines and street fronts, and elevations of floors from a designated point on the street.

- (c) One-eighth scale detailed elevations, indicating all materials and showing existing and finished grades on 11"x17" paper.

- (e) Details of cornices, porches, windows, doors, garages, garden walls, steps, patios, fences, carriage lights, etc.

(f) Specifications shall give complete descriptions of materials to be used, and shall be supplemented with a notation of the colors of all materials to be used on the exterior of the Residence.

3.4 Approval and Disapproval. The ARC shall review and approve or disapprove all plans submitted to it for any proposed improvement, alteration, addition or other Construction Activity on the basis of satisfaction of the ARC with the grading plan; the location of the improvements on the Lot; the finished ground elevation; the color scheme, finish, design, proportions, architecture, shape, height, style, and appropriateness of proposed improvements; the effect on adjoining Lots; the materials to be used; the kinds, pitch or type of roof proposed; the planting, landscaping, size, height, or location of vegetation on the front yard of the Lot; and on the basis of aesthetic considerations and the overall benefit or detriment to the Property generally which would result from such improvement, alteration, addition or other Construction Activity. The ARC shall not be responsible for reviewing, nor shall its approval of any plan or design be deemed approval of, any proposal, plan or design from the standpoint of structural safety or conformance with building or other codes. **Each Owner shall be responsible for obtaining all necessary permits and for complying with all governmental requirements.**

3.5 No Waiver of Future Approvals. ARC approval of any proposals, plans and specifications or drawings ("Plans") requiring its approval or consent does not constitute a waiver of the right to withhold approval or consent for any subsequently submitted similar or additional plans.

3.6 Time Requirements. Until the ARC receives Plans or other materials deemed necessary by the ARC and the review fee (if any), the ARC may postpone review of any plans submitted for approval. Any application submitted pursuant to this Article III shall be deemed approved, unless the ARC's written disapproval or a request for additional information or materials is transmitted to the Applicant within forty-five (45) days after the date of receipt by the ARC of all required materials. ARC approval for any particular Construction Activity shall expire in six (6) months from the date of ARC approval. If substantial work pursuant to the approved Plans is not commenced within six (6) months of ARC approval, the Applicant will be required to resubmit its Plans to the ARC for approval pursuant to this Article III. All Construction Activities shall be performed as promptly and as diligently as possible and shall be completed within such reasonable time period as is specified by the ARC.

3.7 Pre-Approvals. The ARC may provide pre-approval of certain specified types or categories of Construction Activities. Provided that the affected Owner implements his or her Construction Activities in compliance with the standards for design, materials and other criteria established for such pre-approved Construction Activities no additional review by the ARC will be required. The ARC may from time to time adopt, supplement or amend the Architectural Rules to establish, expand, limit or otherwise modify the categories and criteria for any pre-approved Construction Activities. Therefore, it is the duty of the Owner to review the specifications for pre-approved Construction Activity before beginning any construction project.

3.8 Variance. The ARC may grant variances from the architectural provisions of this Declaration or the architectural rules it has adopted when circumstances such as topography, natural obstructions, hardship or aesthetic or environmental considerations may require. Such

variances may include, without limitation, restrictions on height, size, floor area, placement of structures or similar restrictions. Such variances must be in writing and must be signed and acknowledged by a majority of the members of the ARC. If such variances are granted, no violation of this Declaration shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of this Declaration for any purpose, nor shall it affect in any way the Owner's obligation to comply with all laws and regulations of any governmental authority affecting the use of his Lot, including, but not limited to, zoning and building requirements of any governmental agency or entity having jurisdiction over the Property, except as to the particular property and particular provision hereof covered by the variance,.

**3.9 Compensation of Members.** The individual members of the ARC shall receive no compensation for services rendered. The ARC may require a review fee not to exceed \$250 to be paid with each submittal in order to cover the reasonable costs of review by consultants or other professionals to assisting the ARC in its duties hereunder.

**3.10 Non-liability of ARC Members.** Neither Declarant, the ARC, nor any members thereof, nor their duly authorized representatives shall be liable to any Owner for any loss, damage, or injury arising out of or in any way connected with the performance of the ARC's duties hereunder, unless due to willful misconduct. Plans and specifications approved by the ARC are not approved for: (a) engineering design; (b) compliance with zoning, building and safety ordinances, codes and other applicable statutes, ordinances or governmental rules and regulations; (c) compliance with the requirements or any public utility or compliance with any easements or other agreements. By approving any such plans and specifications, neither the ARC nor the members thereof, nor Declarant, their agents, employee, attorneys or consultants assume any liability or responsibility for any improvement constructed or any defect therein as a result of such plans and specifications.

**3.11 Members of ARC.** The ARC shall consist of three (3) members. The initial members shall be representatives of Declarant. Declarant reserve the right to appoint and remove any or all the members the ARC and to fill any vacancies on the ARC until the "Turnover Date." The Turnover Date shall be the first of either (a) the date on which a certificate of occupancy has been issued by the relevant governmental authority for all the Lots in the Property, or (b) the date on which Declarant deliver written notice of withdrawal from the ARC to a majority of the Owners. Declarant may at any time assign in writing the powers of removal and appointment of the members of the ARC to the other Owners, in whole or in part, subject to such terms and conditions as Declarant may impose. After the Turnover Date, the other Owners shall have the power to appoint and remove all of the members of the ARC pursuant to Section 3.12 below. With the exception of ARC members appointed by Declarant, ARC members must be Owners. As of the Turnover Date, any representatives of Declarant remaining on the ARC shall be deemed to have automatically resigned and Declarant shall have no further right or obligation to participate on the ARC or enforce any of the covenants, conditions or restrictions of this Declaration.

**3.12 Election of ARC Members.** After the Turnover Date, appointment of any member of the ARC by the Owners shall be by election conducted as follows:

**3.12.1 Voting Rights.** Each Owner of a Lot shall be entitled to cast one (1) vote for every Lot owned. Votes may be cast in person or by written proxy. Proxies shall be revocable and shall automatically terminate after completion of the meeting for which the proxy was filed. In the event that more than one Person holds fee title to a Lot ("co-owners"), only one such co-owner shall be entitled to exercise the vote to which the Lot is entitled. Such co-owners may from time to time all designate in writing one of their number to vote. Fractional votes are prohibited. Where no voting co-owner is designated, or if such designation has been revoked, the vote for such Lot shall be exercised as the majority of the co-owners of the Lot mutually agree. No vote shall be cast for any Lot where the co-owners present in person or by proxy owning the majority interests in such Lot cannot agree to said vote or other action. The nonvoting co-owners shall be jointly and severally responsible for all of the obligations imposed upon the jointly owned Lot and shall be entitled to all other benefits of ownership.

**3.12.2 Notice of Election.** After the Turnover Date, any Owner (or the Declarant merely as a courtesy to the Owners), may call for an election meeting by (i) mailing to all Owners or (ii) posting in at least four (4) locations within the Property which are conspicuous and readily accessible to all Owners, a written notice specifying the date, time, location and purpose of the meeting. Such notice shall be mailed or posted not less than (10) and not more than thirty (30) days before the meeting is to be held.

**3.12.3 Quorum.** A quorum for any such meeting shall be the presence in person or by proxy of no fewer than twenty-five percent (25%) of all Owners entitled to cast a vote ("Qualified Owners"). Absent a quorum, the Qualified Owners who are present at the noticed meeting may adjourn the meeting to a date, time and place specified prior to adjournment which is no less than five (5) and no more than thirty (30) days after the time of the noticed meeting. A quorum at such later "adjourned meeting" shall be the presence in person or by proxy of no fewer than ten percent (10%) of all Qualified Owners.

**3.12.4 Conduct of Meeting.** If a quorum is present at any meeting or adjourned meeting, the first item of business shall be the selection of a Director of Election who shall preside over the conduct of the meeting. The Qualified Owners shall act by majority vote of a quorum, except that members of the ARC shall be elected by plurality such that the individual receiving the highest number of votes shall be elected to fill first vacancy, the individual receiving the next highest number of votes shall be elected to fill a second vacancy (if any), and so on.

**3.12.5 Term of Office.** The term of office of each ARC member elected pursuant to this Section 3.12 shall be two (2) years, commencing on the date of election and extending until a successor is elected as provided above. Any such ARC member may succeed himself/herself, and there shall be no limit to the number of terms of any such member.

**3.12.6 Removal.** An ARC member may be removed from office at any time and for any reason by an election conducted and noticed pursuant to this Section 3.12. However, the ARC member to be removed must be given personal notice by mail

or personal services within the time period provided for notice under Section 3.12.2, and have an opportunity to be heard at the election. Said member may only be removed by a majority of a quorum of Qualified Owners.

##### 4. ENFORCEMENT.

4.1 Enforcement. In the event of any claim, dispute or other matter arising under or relating to this Declaration, the Declarant or any aggrieved Owner may initiate any appropriate legal or equitable proceeding to enjoin, abate, restrain or otherwise remedy any violation of the Restrictions. Prior to any aggrieved Owner initiating any such proceedings, the aggrieved Owner shall provide written notice of the grievance to the party allegedly responsible for the grievance, and if Declarant owns any Lot in the Property, the aggrieved Owner shall provide a copy of the written notice to Declarant. The covenants, conditions, and restrictions contained in this Declaration shall bind and inure to the benefit of and shall be enforceable by each Owner; said enforcement rights shall also be held by the Declarant until the date of close of escrow for the sale of all the Lots owned by Declarant in the Property. Once close of escrow has occurred as to each of the Lots owned by Declarant in the Property, Declarant shall have neither right nor obligation to enforce any of the terms of the Declaration. Notwithstanding any provision of this Declaration, Declarant shall have no obligation to enforce the provisions of Article II or to initiate litigation to enforce any of the terms of this Declaration.

5.2 Reservation of Easements. Declarant hereby reserve for the benefit of each Owner and such Owner's Lot reciprocal nonexclusive easements over the adjoining Lot or Lots for the control, maintenance and repair of the utilities serving such Owner's Lot. Declarant expressly reserve for the benefit of all the real property in the Property, and for the benefit of all the Lots and of the Owners, reciprocal nonexclusive easements over all Lots, for maintenance and repair of utility services, drainage and flow of water from the Lots resulting from the normal use of adjoining Lots, and maintenance and repair of any Residence. Declarant and the Owners of Lots on which there is constructed a Residence along or adjacent to a Lot line shall have an easement appurtenant to such Owner's Lot over the Lot line of the adjacent Lot for the purposes of accommodating any natural movement or settling of such Residence, any encroachment of such Residence due to minor engineering or construction variances, and any encroachment of eaves, roof overhangs and architectural features comprising parts of the original construction of such Residence located on such Lot.

5.3 No Limitation. This Declaration shall in no way limit the right of Declarant to grant additional licenses, easements, reservations and rights-of-way to itself, governmental or public authorities (including without limitation public utility companies), or to others, as from

time to time may be reasonably necessary to the proper development and disposition of each lot within the Property.

**ARTICLE VI**

6. ANNEXATION. Annexation of additional property is not allowed.

**ARTICLE VII**

7. Miscellaneous

7.1 Severability. The provisions hereof are independent and severable, and a determination of invalidity or partial invalidity or unenforceability of any one provision or portion hereof by a court of competent jurisdiction does not affect the validity or enforceability of any other provision hereof.

7.2 Interpretation. This Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the development of a residential community, and any violation of this Declaration is a nuisance. The Article and Section headings have been inserted for convenience only, and may not be considered or referred to in resolving questions of interpretation or construction. As used herein, the singular includes the plural and the plural the singular; and the masculine, feminine and neuter each include the other, unless the context dictates otherwise.

7.5 Amendment or Termination by Owners. This Declaration may be terminated or any term herein may be amended by Recording a written instrument which effects the amendment or termination, and which has been executed by the then-Owners of at least three-fourths (3/4) of all of the Lots in the Property. However, as long as Declarant owns a Lot, the Declaration may not be amended or terminated without the written consent of Declarant.

7.6 No Public Right or Dedication. Nothing contained in this Declaration constitutes a gift or dedication of all or any part of the Property to the public, or for any public use.
