Does hereby place the herein-after designated restrictive covenants upon all of said land:

(a) All lots in the tract shall be known and described as residential lots. No structures shall be erected, altered, placed, or permitted to remain on any residential building plot other than one detached single-family dwelling not to exceed two stories in height and a private garage.

(b) No building shall be erected, placed, or altered on any building plot in this subdivision until the building plans, specifications, and plot plan showing the location of such building have been approved in writing as to conformity and harmony of external design with existing structures in the subdivision, and as to location of the building with respect to topography and finished ground elevation, by a committee composed of E. In the event said committee or its designated representative fails to approve or disapprove such design and location within 30 days after said plans and specifications have been submitted to it or, in any event, if no suit to enjoin the erection of such building or the placing of such alterations has been commenced prior to the completion thereof, such approval will not be required and this Covenant will be deemed to have been fully complied with. Neither the members of such committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. The powers and duties of such committee, and of its designated representative, shall cease and after January 3, 1930. Thereafter the approval specified in this covenant shall not be required unless, prior to said date and effective theron, a written instrument shall be executed by the then record owners of a majority of the lots in this subdivision and duly recorded appointing a representative, or representatives, who shall thereafter exercise the same powers previously exercised by said committee.

(c) No building shall be located on any residential building plot nearer than 40 feet to the front lot line, nor nearer than 25 feet to any side street line. No building, except a detached garage or other outbuilding located 60 feet or more from the front lot line, shall be located nearer than 25 feet to any side lot line.

(d) No residential structure shall be erected or placed on any building plot, which plot has an area of less than 20,000 square feet or a width of less than 100 feet at the front building setback line.

(e) No noxious or offensive trade or activity shall be carried on upon any lot nor shall anything be done thereon which may become an annoyance or nuisance to the neighborhood.

(f) No trailer, basement, tent, shack, garage, barn, or other outbuilding erected in the tract shall at any time be used as a residence temporarily or permanently, nor shall any structure of a temporary character be used as a residence.
