**RE: Sunset Ridge Middle School Voluntary Cleanup Site (VCP # C051)  
6881 West 8200 South, West Jordan, Utah**

## CERTIFICATE OF COMPLETION

### 1. Compliance with Terms of Voluntary Cleanup Program

The Executive Director of the Utah Department of Environmental Quality, through his undersigned designee below, has determined that the Board of Education of Jordan School District hereinafter referred to as "Applicant," has completed a Utah Department of Environmental Quality ("UDEQ") supervised voluntary cleanup of the real property described in Attachment A (the "Property"), in accordance with sections 19-8-108 and 19-8-110 of the Utah Code Annotated and the Voluntary Cleanup Agreement entered into on September 18, 2006. The Applicant is granted this Certificate of Completion ("COC") pursuant to section 19-8-111 and subject to the conditions set forth in section three below. Figures depicting the Property are located in Attachment B.

### 2. Acknowledgment of Protection From Liability

This COC acknowledges protection from liability provided by section 19-8-113 of the Utah Code Annotated to an applicant who is not responsible for the contamination under the provisions listed in subsection 19-8-113(1)(b) at the time the applicant applies to enter into a Voluntary Cleanup Agreement, and to future owners who acquire the Property covered by this COC, and to lenders who make loans secured by the Property covered by the COC.

As set forth in section 19-8-113, this release of liability is not available to an owner or lender who was originally responsible for a release or contamination, or to an owner or lender who changes the land use from the use specified in the COC if the changed use or uses may reasonably be expected to result in increased risks to human health or the environment, or to an owner or lender who causes further releases on the Property. Also, there is no release from liability if the COC is obtained by fraud, misrepresentation, or the knowing failure to disclose material information. Finally, protection from liability is limited to contamination identified in the documents related to the investigation and cleanup of the Property.

### **3. Specified Land Use for Certificate of Completion**

This COC is issued based on the Applicant's representation that the Property will be used for public schools and that groundwater will not be accessed via wells, pits or sumps or used for drinking water, bathing and/or irrigation purposes.

In addition, this COC is issued based upon compliance with the Site Management Plan (SMP), dated July 16, 2008. Among other things, the COC and SMP, require:

- a. The Property shall be used in a manner that is consistent with the land use described in section three above;
- b. Groundwater located beneath the Property will not be accessed or used as described in section three above;
- c. Segments of the Bingham Magna Ditch (BMD) remaining under the Sunset Ridge Middle School parking lot and the sidewalks/utility corridors on the north and south ends of the BMD on the future high school property shall be managed in accordance with the SMP;
- d. Maintain in good condition the parking lot at the Sunset Ridge Middle School and sidewalks at the future high school property which overlay BMD soils as outlined in the SMP;
- e. Compliance with contingency procedures in the SMP if the segments of the BMD remaining under the parking lot or sidewalks are accessed or removed;
- f. Submittal of inspection reports to UDEQ as described in the SMP;
- g. Continued reimbursement to UDEQ for its oversight of activities under the SMP; and
- h. Continued consent to access by UDEQ to monitor compliance with the SMP.

### **4. Unavailability of Release of Liability**

Use of the Property that is not consistent with section three, including failure to comply with the SMP described in section three, shall constitute a change in land use expected to result in increased risks to human health/the environment making the release of liability in section two unavailable.

### **5. Amended Certificate of Completion**

Upon completion of the SMP, the Applicant, current or future owners or lenders may request the Utah Department of Environmental Quality to record an amended COC to delete compliance with the SMP as a condition of land use.

### **6. Availability of Records**

All documents discussed in this COC are on file and may be reviewed at the UDEQ/ Division of Environmental Response and Remediation office located at 168 North 1950 West, Salt Lake City, Utah.

7. Final Signature for Sunset Ridge Middle School Certificate of Completion

Dated this 15<sup>th</sup> day of OCTOBER 2008.

Brad T Johnson
