**ELSINORE COMMUNICATIONS, LLC**  
**Internet Service Agreement**  
**and Acceptable Use Policy**

**ACKNOWLEDGEMENT BY CUSTOMER/BUYER:**

1. This Internet Service Agreement and Acceptable Use Policy (AUP) provides terms specifically related to Customer's Internet Service. By signing up for Internet Service, Customer agrees to be bound by the terms of this Internet Service Agreement and Acceptable Use Policy, as evidenced by Customer's signature below. All obligations in this Internet Service Agreement that refer to "Customer" also jointly and severally apply to Users. Customer shall make all Users at each Service Location reasonably aware of the restrictions and limitations associated with the Internet Services, and Customer shall be responsible for any breach of any portion of this Internet Service Agreement and Acceptable Use Policy by any User.
2. **Description of Service.** Customer will be provided with access to the Internet via fiber optic cable under that separate contract by and between your Homeowners Association ("Association") and Elsinore Communications, LLC ("Elsinore"). The Internet Service is provided by XMission ("Service Provider") who will make every effort to ensure consistently high upload and download speeds, but makes no warranty regarding the Internet Service.

Each Unit will be provided with:

An Internet connection speed of up to 10 megabits/sec

Each Unit is given 100 gigabytes of total bandwidth (cumulative data transfer, upload and download) usage per month. The monthly bandwidth transfer is monitored and calculated by both UTOPIA and Service Provider. If a Unit uses bandwidth in excess of this amount, then Elsinore may invoice Customer at the then-current per gigabyte overage charges for all usage over 100 gigabytes, and Customer shall promptly pay such charges. Overage charges are \$1.00 per gigabyte. All additional bandwidth shall be sold in units of 1 gigabyte each. Any unused bandwidth shall be automatically forfeited at the end of each month, and no unused bandwidth amounts will roll-over into any subsequent month. No credits will be given for unused bandwidth. Units that consistently exceed the maximum bandwidth transfer rate will be encouraged to upgrade their service to and appropriate level with the Service Provider.

**3. Acceptable Use Policies**

a. **CUSTOMER AGREES TO USE THE SERVICE ONLY FOR LAWFUL PURPOSES.**

b. Unacceptable uses include, but are not limited to:

i. **Spam.** Customer may not utilize the Internet Service for the purpose of sending direct mailings, solicitations, bulk mail, spam, or any other high volume e-mailing function. Customer will not send e-mail to persons who are not personally known to Customer, or who did not personally request e-mail from Customer. Customers whose activities result in the Service Provider domain name being banned from an e-mail server due to spamming may be assessed fees associated with the cost of lifting the ban. Any violation of this policy may result in the immediate termination of Customer's account, at the sole discretion of Service Provider. If Customer violates this spamming policy, it will be assessed the following fines and fees, which Customer hereby agree to pay:

- (1) First offense: \$100
- (2) Second offense: \$500
- (3) Third offense: \$500 and automatic termination of Customer's account.

ii. **Newsgroup posting.** The posting of any advertisement or other commercial solicitation to any newsgroup is prohibited. Service Provider reserves the right to determine whether a post constitutes an advertisement or commercial solicitation. The posting of a single article or substantially similar articles to an excessive number of newsgroups or mailing lists, or continued posting of articles that are off-topic is strictly prohibited. A posting will be considered off-topic when it provokes complaints from the regular readers of the newsgroup or is deemed so by Service Provider. A violation of this policy will result in the immediate termination of Customer's account.

ix. **Unauthorized access to computers.** Customers may not utilize the Internet Service for the purpose of hacking or other conduct related to unauthorized access of computers, servers or systems.

c. **Bandwidth limits and fluctuations.** The Service Provider may, when necessary to control network congestion, impose reasonable bandwidth limits on Customer's use of the Service in order to ensure equitable access for other Customers. The Service Provider will use commercially reasonable efforts to provide the bandwidth speed described in this Attachment, but Customer acknowledges that bandwidth speeds may fluctuate from time to time throughout the day and that Customer may not receive the designated speeds at all times during the day. At the Service Provider's discretion, the Service Provider may restrict or limit upload speeds.

d. **Minors.** Customer will be fully responsible for monitoring minors' access to the Service, and will take appropriate steps to ensure that minors do not have access to harmful content. Elsinore does not issue any credits for accounts cancelled due to policy violations. Any Internet activity, which references back to Elsinore or the Service Provider or its services in a damaging manner, will result in suspension or termination of account(s). Illegal Internet activity using or referencing to Elsinore or the Service Provider or an account or services provided by Service Provider will result in immediate termination, possible prosecution, and assessment of legal fees accrued. In addition to any other fees and penalties that may be assessed by the Elsinore, as provided herein, Customer shall be held liable for any and all costs incurred by the Elsinore as a result of Customer's violation of any terms and conditions of this Agreement. This includes, but is not limited to, attorneys' fees and costs resulting from Elsinore or Service Provider responses to complaints from and the cleanup of unsolicited commercial mailings and/or unauthorized bulk mailings and/or news server violations. Further, Customer shall indemnify Elsinore for any and all claims, losses, damages, legal fees and any other type of costs or expenses due to any act or omission by the Customer hereunder.

**4. Responsibility for Security and Filtering**

- a. **Security and viruses.** Customer acknowledges that by connecting to the Internet, Customer's and its User's computer system and/or other devices (routers, firewalls or similar Internet ready devices) and files are vulnerable to access by unauthorized third parties (including hackers). Customer is solely responsible for installing, implementing and using computer security precautions such as closing unnecessary ports and using firewall technology. **CUSTOMER AND ITS USERS ARE STRONGLY ENCOURAGED TO INSTALL AND ROUTINELY UPDATE FIREWALL AND ANTIVIRUS SOFTWARE.** In the event that the Customer is found to be spreading a virus, whether intentionally or unintentionally, Elsinore may suspend the Customer's account until such time as Elsinore believes that Customer has effectively remedied the situation.
- b. **Wireless connections.** Customer acknowledges that using wireless networking connectivity may present certain security risks. Customer is solely responsible for implementing and using wireless security measures, including but not limited to enabling encryption technology (e.g., Wired Equivalent Privacy (WEP) or Wi-Fi Protected Access (WPA)) on the relevant equipment, including the access point.
- c. **Disclaimer of liability.** Customer acknowledges and agrees that Service Provider has no liability for any unauthorized access of any Customer computer or system by any third party, and that Customer is solely liable for any damages arising from such unauthorized access. Service Provider is not providing any security advice or consulting services to Customer and is not responsible for installing or maintaining any security systems on behalf of Customer.

- 5. **IP Addressing.** The Service Provider uses static and dynamic IP Addresses for Customers. Assignment of an IP address to Customer creates no ownership rights in Customer of the IP address. The Service Provider retains all rights to any IP addresses it assigns to Customer. If the Customer

requires a static IP address, they are advised to contact the Service Provider and upgrade their account to an appropriate service plan.

6. **Ownership of Content.** Except for content on the Service Provider website, Service Provider does not own, license, or have any rights in content that Customer may upload or download, nor in e-mails that Customer may send or receive, nor in any content that Customer may upload to the server space provided by Service Provider under this Agreement. The content of all uploads, downloads, and e-mails associated with Customer's use of the Internet Service is solely the property and responsibility of Customer.
