

ABSTRACT OF DECISION

I Jerelyn Willden, being first duly sworn, depose and say that I am the Coordinator of the Salt Lake County Planning and Development Services, and that on September 14, 2009, Application #24916, submitted by Charles O. Kane was reviewed by the Carol Wong, Planner of Planning and Development Services. Based on the information presented, the Planner approved the request for the noncomplying structure, an existing carport on the south side of the single family dwelling, located at 8131 S Viscounti Drive in an A-1 zone, for continued use. Approval of the nonconforming structure was granted in accordance with Section 19.88.150 of the Salt Lake County Zoning Ordinance.

NOTE: A building permit is not required for the carport. The structure may be maintained if necessary, however, no changes, expansion, modification, or rebuilding of the structure is allowed without approvals from Planning and Development Services and is required to meet current code.
