THE UNITED STATES OF AMERICA,

To all to whom these Presents shall come, Greeting:

WHEREAS, In pursuance of the provisions of the Revised Statutes of the United States, Chapter Six, Title Thirty-two, and legislation supplemental thereto, there have been deposited in the GENERAL LAND OFFICE of the United States the Plat and Field Notes of survey and the Certificate, No. 3370, of the Register of the Land Office at Salt Lake City in the State of Utah accompanied by other evidence, whereupon it appears that the Giles Mining & Milling Company,

did, on the twenty-fourth day of August, A. D. 1903, duly enter and pay for that certain mining claim or premises, known as the Little Dollie Claim, Little Dollie No. 2, Little Dollie No. 3, Little Dollie No. 4, Little Dollie No. 5, Little Dollie No. 6, Little Dollie No. 7, Little Dollie No. 8, Minnie No. 3, Minnie No. 4, Minnie No. 5, Lorenzo No. 7, and Giles Flat lode mining claims,

designated by the Surveyor-General as Lot No. 4960, embracing a portion of sections twenty-two, twenty-three, twenty-five, twenty-six and twenty-seven in township two south, of range three east, Salt Lake meridian,

in the Big Cottonwood Mining District, in the County of Salt Lake and State of Utah, in the District of Lands subject to sale at Salt Lake City and bounded, described, and platted as follows, with magnetic variation as hereinafter stated.

BEGINNING for the description of the Little Dollie Claim lode claim at corner No. 1, from which the corner common to sections twenty-two, twenty-three, twenty-six and twenty-seven, in township two south of range three east, Salt Lake meridian, bears north three

degree and twenty-three minutes west six hundred and twenty-eight and five-tenths feet distant.

Thence, first course, magnetic variation seventeen degrees and thirty-eight minutes east south twenty-nine degrees and eight minutes west three hundred and seven and thirty-five hundredths feet to discovery, six hundred and fourteen and seven-tenths feet to corner No. 2.

Thence, second course, magnetic variation sixteen degrees and thirty minutes east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 3.

Thence, third course, magnetic variation seventeen degrees and thirteen minutes east, north twenty-nine degrees and eight minutes east one hundred and ninety and two-tenths feet intersect section line between said sections twenty-two and twenty-seven, six hundred and fourteen and seven-tenths feet to corner No. 4.

Thence, fourth course, magnetic variation seventeen degrees and thirty-eight minutes east south forty-eight degrees and seventeen minutes east five hundred and fifty-seven and two-tenths feet intersect the section line between said sections twenty-two and twenty-seven, one thousand five hundred feet to corner No. 1, the place of beginning. The survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Dollic claim vein or lode.

Beginning for the description of the

Little Dollic No. 2 lode claim at corner No. 1, identical with corner No. 1 of said Little Dollic Claim lode claim, from which discovery bears south twenty-seven degrees and nine minutes west three hundred and nine and nine-tenths feet distant.

Thence, first course magnetic variation seventeen degrees and thirty-eight minutes east, south twenty-nine degrees and eight minutes west six hundred and fourteen and seven-tenths feet to corner No. 2.

Thence, second course magnetic variation sixteen degrees and thirty minutes east, south forty-eight degrees and seventeen minutes east one thousand five hundred feet to corner No. 3.

Thence, third course magnetic variation sixteen degrees and thirty-eight minutes east, north twenty-nine degrees and eight minutes east six hundred and fourteen and seven-tenths feet to corner No. 4.

Thence, fourth course magnetic variation eighteen degrees east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 1, the place of beginning. The survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Dollic No. 2 vein or lode.

Beginning for the description of the Little Dollic No. 3 lode claim at corner No. 1, identical with corner No. 4 of said Little Dollic No. 2 lode claim, from which said section-corner bears north thirty-five degrees and twenty-six minutes west one

thousand nine hundred and ninety-five and two-tenths feet distant.

Thence, first course, magnetic variation eighteen degrees east, south twenty-nine degrees and eight minutes west six hundred and fourteen and seven-tenths feet to corner No. 2.

Thence, second course, magnetic variation sixteen degrees and thirty-eight minutes east, south forty-eight degrees and seventeen minutes east one thousand five hundred feet to corner No. 3.

Thence, third course, magnetic variation eighteen degrees and thirteen minutes east, south twenty-nine degrees and eight minutes east three hundred and seven and thirty-five hundredths feet to discovery, six hundred and fourteen and seven-tenths feet to corner No. 4.

Thence, fourth course, magnetic variation eighteen degrees and eight minutes east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 1, the place of beginning; the survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Lodie No. 3 vein or lode.

Beginning for the description of the Little Lodie No. 4 lode claim at corner No. 1, from which the quarter-corner Johnson said section twenty-five and twenty-six bears north sixty-two degrees and thirty-two minutes east two thousand and forty-six and two-tenths feet distant.

Thence, first course, magnetic variation sixteen degrees and fifty-eight minutes east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 2 identical with corner No. 4 of said Little Dollic No. 3 lode claim, from which discovery bears south twenty-seven degrees and twenty minutes west three hundred and nine and seven-tenths feet distant.

Thence, second course, magnetic variation eighteen degrees and eight minutes east, south twenty-nine degrees and eight minutes west six hundred and fourteen and seven-tenths feet to corner No. 3.

Thence, third course, magnetic variation eighteen degrees and thirteen minutes east, south forty-eight degrees and seventeen minutes east one thousand five hundred feet to corner No. 4.

Thence, fourth course, magnetic variation eighteen degrees east, north twenty-nine degrees and eight minutes east six hundred and fourteen and seven-tenths feet to corner No. 1 the place of beginning, the survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Dollic No. 4 vein or lode.

Beginning for the description of the Little Dollic No. 5 lode claim at corner No. 1, from which said section corner bears north fifty-three degrees and thirteen minutes west one thousand eight hundred and eighteen feet distant.

Thence, first course, magnetic variation seventeen degrees and twenty-three minutes

east, south twenty-nine degrees and eight minutes west five hundred and fourteen and seven-tenths feet to corner No. 2.

Thence, second course, magnetic variation eighteen degrees and eight minutes east, north forty-eight degrees and seven minutes least one thousand five hundred feet to corner No. 3, identical with corner No. 4 of said Little Dollic No. 3 lode claim.

Thence, third course, magnetic variation eighteen degrees and eight minutes east, north twenty-nine degrees and eight minutes east three hundred and seven and twenty-five hundredths feet to discovery; six hundred and fourteen and seven-tenths feet to corner No. 4.

Thence, fourth course, magnetic variation seventeen degrees and eighteen minutes east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 1, the place of beginning. The survey of the lode claim as above recorded extends for one thousand five hundred feet in length along said Little Dollic No. 3 vein or lode.

Beginning for the description of the Little Dollic No. 6 lode claim at corner No. 1, from which said quarter section corner bears north eighty-seven degrees and forty-nine minutes east five hundred and ninety-two and nine-tenths feet distant.

Thence, first course, magnetic variation eighteen degrees and forty-three minutes east, north forty-eight degrees and seventeen minutes west five hundred and eighty-six

and seven-tenths feet intersect line 2-3 of lot No. 143, the Silver Star lode claim, at north ten degrees east, five hundred and twenty-six and nine-tenths feet from corner No. 3, six hundred feet to corner No. 2.

Thence, second course, magnetic variation seventeen degrees and forty-eight minutes east south forty-one degrees and forty-three minutes west one thousand five hundred feet to corner No. 3, situate on line 1-2 of said Little Dollic No. 4 lode claim.

Thence, third course, magnetic variation seventeen degrees and twenty-eight minutes east, south forty-eight degrees and seventeen minutes east three hundred feet to discovery, six hundred feet to corner No. 4.

Thence, fourth course, magnetic variation fifteen degrees and forty-three minutes east, north forty-one degrees and forty-three minutes east one thousand three hundred and sixty-three and one-tenth feet intersect line 3-4 of said lot No. 143, at north eighty-six degrees and thirty-four minutes east four hundred and thirty-nine feet from corner No. 3, one thousand five hundred feet to corner No. 1, the place of beginning. The survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Dollic No. 6 vein or lode.

Beginning for the description of the Little Dollic No. 7 lode claim at corner No. 1 from which said quarter-section corner bears north sixty-six degrees and forty-seven minutes west one hundred and eighty

two and four-tenths feet distant.

Thence, first course, magnetic variation nineteen degrees east north forty-six degrees and seventeen minutes west six hundred and three-tenths feet to corner No. 2.

Thence, second course, magnetic variation nineteen degrees and twenty-eight minutes east south forty-one degrees and forty-three minutes west four hundred and ninety-one and six-tenths feet to corner No. 1 of said Little Dolbe No. 6 lode claim, six hundred and twenty-eight and five-tenths feet intersect line 3-4 the south side-line of said lot No. 143, one thousand five hundred feet to corner No. 3.

Thence, third course, magnetic variation nineteen degrees east, south forty-six degrees and seventeen minutes east three hundred and fifteen hundredths feet to discovery, six hundred and three-tenths feet to corner No. 4.

Thence, fourth course, magnetic variation eighteen degrees and ten minutes east, north forty-one degrees and forty-three minutes west one thousand four hundred and ninety-five and five-tenths feet intersect said line 3-4 of lot No. 143, one thousand five hundred feet to corner No. 1, the place of beginning. The survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Dolbe No. 7 vein or lode.

Beginning for the description of the Little Dolbe No. 8 lode claim at corner No. 1 identical with corner No. 1 of said Little

Dollic No. 7 lode claim

Thence, first course, magnetic variation
 nineteen degrees east, south forty-six degrees
 and seventeen minutes east four and four
 tenths feet intersect line 3-4, the south side
 line of lot No. 143. one hundred and seventy
 nine and nine tenths feet intersect line 4-1
 of lot No. 125, the Sunny Side lode claim
 at north ten degrees east four hundred and
 sixty seven and seven tenths feet from
 corner No. 4; six hundred and three tenths
 feet to corner No. 2.

Thence, second course, magnetic variation
 eighteen degrees and forty-three minutes east,
 south forty-one degree and forty-three minutes
 west two hundred and seventy-five and five
 tenths feet intersect line 3-4 of said lot No.
 125 at south eighty degree east two hundred
 and four and nine tenths feet from
 corner No. 4; one thousand and five hundred
 feet to corner No. 3.

Thence, third course, magnetic variation
 seventeen degrees east, north forty-six degrees
 and seventeen minutes west three hundred
 and fifteen hundredths feet to discovery;
 six hundred and three tenths feet to corner
 No. 4.

Thence, fourth course, magnetic variation
 eighteen degrees and ten minutes east, north
 forty-one degrees and forty-three minutes
 east one thousand and four hundred and
 ninety-five and five tenths feet intersect
 said line 3-4 of lot No. 143, one thousand
 five hundred feet to corner No. 1. The place

36473-10

of beginning, the survey of the lode claim as above described extending one thousand five hundred feet in length along said Little Dollie No. 8 vein or lode.

Beginning for the description of the Minnie No. 3 lode claim at corner No. 1, from which said section-corner bears north seventy-four degrees and fifty-seven minutes west three hundred and forty-eight and three-tenths feet distant.

Thence, first course, magnetic variation seventeen degrees and fifty-three minutes east south twenty-nine degrees and eight minutes west three hundred and seven and thirty-five hundredths feet to discovery, six hundred and fourteen and seven-tenths feet to corner No. 2, identical with corner No. 1 of said Little Dollie Claim lode claim.

Thence, second course, magnetic variation seventeen degrees and thirty-eight minutes east south forty-eight degrees and seventeen minutes east one thousand five hundred feet to corner No. 3.

Thence, third course, magnetic variation eighteen degrees east north twenty-nine degrees and eight minutes east six hundred and fourteen and seven-tenths feet to corner No. 4.

Thence, fourth course, magnetic variation seventeen degrees and twenty-three minutes east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 1, the place of beginning; the survey of the lode claim as above described extending one thousand five hundred

feet in length along said Minnie No. 3 vein or lode.

Beginning for the description of the Minnie No. 4 lode claim at corner No. 1, identical with corner No. 1 of said Little Dolie No. 5 lode claim.

Thence, first course, magnetic variation seventeen degrees and twenty-three minutes east, south forty-eight degrees and seventeen minutes east one thousand five hundred feet to corner No. 2.

Thence, second course, magnetic variation seventeen degrees and eighteen minutes east north twenty-nine degrees and eight minutes east three hundred and seven and thirty-five hundredths feet to discovery, six hundred and fourteen and seven-tenths feet to corner No. 3.

Thence, third course, magnetic variation seventeen degrees and thirty-eight minutes east, north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 4.

Thence, fourth course, magnetic variation seventeen degrees and eight minutes east, south twenty-nine degrees and eight minutes west six hundred and fourteen and seven-tenths feet to corner No. 1, the place of beginning. The survey of the lode claim as above described extending one thousand five hundred feet in length along said Minnie No. 4 vein or lode.

Beginning for the description of the Minnie No. 5 lode claim at corner No. 1

identical with corner No. 1 of said Minnie
No. 3 lode claim.

Thence, first course, magnetic variation
seventeen degrees and fifty-three minutes
east, south forty-eight degrees and seventeen
minutes east one thousand five hundred
feet to corner No. 2.

Thence, second course magnetic variation
seventeen degrees and twenty-three minutes
east, north twenty-nine degrees and eight
minutes east, three hundred and seven and
thirty-five hundredths feet to discovery,
six hundred and fourteen and seven-tenths
feet to corner No. 3.

Thence, third course magnetic variation
seventeen degrees and eight minutes east,
north forty-eight degrees and seventeen
minutes west one thousand five hundred
feet to corner No. 4.

Thence, fourth course, magnetic vari-
ation seventeen degrees and thirty-eight
minutes east, south twenty-nine degrees
and eight minutes west six hundred and
fourteen and seven-tenths feet to corner No. 1
the place of beginning, the survey of the
lode claim as above described extending
one thousand five hundred feet in length
along said Minnie No. 5 vein or lode.

Beginning for the description of the
Lorenzo No. 7 lode claim at corner No. 1,
identical with corner No. 1 of said Minnie
No. 5 lode claim.

Thence, first course, magnetic variation
seventeen degrees and fifty-three minutes

east, south twenty-nine degrees and eight minutes west six hundred and four teen and seven-tenths feet to corner No. 2 from which discovery bears north twenty-eight degrees and fourteen minutes east three hundred and eight and five-tenths feet distant.

Thence, second course, magnetic variation seventeen degrees and thirty-eight minutes east, north forty-eight degrees and seventeen minutes west nine hundred and forty-two and eight-tenths feet intersect the section line between said sections twenty-two and twenty-seven at east one thousand nine hundred and seventy-three and four-tenths feet from the quarter-corner between said sections twenty-two and twenty-seven, and at west six hundred and sixty-six and six-tenths feet from said section-corner one thousand five hundred feet to corner No. 3.

Thence, third course, magnetic variation seventeen degrees and thirty-eight minutes east, north twenty-nine degrees and eight minutes east six hundred and fourteen and seven-tenths feet to corner No. 4.

Thence, fourth course, magnetic variation seventeen degrees and thirty-eight minutes east, south forty-eight degrees and seventeen minutes east one thousand and forty-nine and four-tenths feet intersect the section-line between said sections twenty-two and twenty-three at north two hundred and nine and four-tenths feet from

said section corner, one thousand five hundred feet to corner No. 1, the place of beginning; the survey of the lode claim as above described extending one thousand five hundred feet in length along said Lorenzo No. 7 vein or lode.

Beginning for the description of the Giles Flat lode claim at corner No. 1, identical with corner No. 2 of said Little Dollie No. 2 lode claim, from which said section-corner bears north twelve degrees and forty-one minutes east one thousand one hundred and ninety-three and five-tenths feet distant.

Thence, first course, magnetic variation sixteen degrees and thirty minutes east north forty-eight degrees and seventeen minutes west one thousand five hundred feet to corner No. 2.

Thence, second course, magnetic variation seventeen degrees and thirteen minutes east south twenty-nine degrees and eight minutes west six hundred and fourteen and seven-tenths feet to corner No. 3.

Thence, third course, magnetic variation seventeen degrees and forty-three minutes east south forty-eight degrees and seventeen minutes east one thousand five hundred feet to corner No. 4.

Thence, fourth course magnetic variation seventeen degrees and twenty minutes east, north twenty-nine degrees and eight minutes east three hundred and seven and thirty-five hundredths feet to discovery.
