### Underground Easement Agreement

ALRT# AP-73:3E  
Project No. ALRT  
Project Name: UTA AIRPORT LIGHT RAIL TRANSIT  
WO#: 5345257.YJ  
RW#: 20100112

The STATE OF UTAH, DEPARTMENT OF ADMINISTRATIVE SERVICES, DIVISION OF FACILITIES CONSTRUCTION AND MANAGEMENT, (the "Grantor"), of Salt Lake City, in the County of Salt Lake, State of Utah, hereby Grants and Conveys to PACIFICORP, an Oregon Corporation, d/b/a Rocky Mountain Power, at 1407 West North Temple, Salt Lake City, Utah 84116, (the "Grantee") its successors and assigns, for and in consideration of the sum of Three Thousand Three Hundred Forty One and 00/100 (\$3,341.00) Dollars and other valuable consideration, hereby acknowledged, a non-exclusive easement and right-of-way ("Easement") upon, under, and across the lands hereinafter described for the construction, reconstruction, operation, maintenance, repair, enlargement, removal and replacement of an underground electric power distribution and transmission and related communication lines and all necessary appurtenances thereto, including: wires, fibers, cables and other conductors and conduits therefore; and pads, transformers, switches, vaults and cabinets ("Facilities"), and for no other purpose, situated in the City of Salt Lake, County of Salt Lake, State of Utah, and more particularly described as shown in the attached Exhibit "A":

This easement is subject to the following conditions:

All of the Facilities upon, under, and across this easement will be as selected, installed, owned, maintained, and operated by the Grantee in accordance with all codes, laws, rules, or regulations applicable at the time of such installation.

All equipment shall be installed within the Easement.

Grantees shall bear all expenses relating to the installation, operation, maintenance, repair, and removal of the Facilities.

Grantee shall defend, indemnify and hold harmless Grantor from and against any and all claims, demands and suits for damages to person or property arising out of or relating to Grantee's installation, operation, maintenance, repair, removal, and replacement of the Facilities.

Grantor, its successors and assigns, shall have the right to use and occupy the surface of said property for any purpose consistent with the rights and privileges herein granted and which will not endanger or interfere with construction, maintenance, and operation or reconstruction of the Facilities.

If construction, maintenance, and operation or reconstruction of the Facilities are required, it shall be the Grantee's responsibility, at Grantee's sole cost and expense, to restore Grantor's property and the easement property to the greater of; i) as near as reasonably possible to the condition prior to the construction, maintenance, and operation or reconstruction of the Facilities, or ii) to the standards set by the Salt Lake City Landscaping Plan.

Grantee shall not use the easement property for any other purpose than the construction, reconstruction, operation, maintenance, repair, removal and replacement of the Facilities.

Together with the right of access to the right of way from adjacent lands of Grantor for all activities in connection with the purposes for which this easement has been granted; and together with the present and (without payment therefore) the future right to keep the right of way and adjacent lands clear of brush, trees, timber, structures, buildings and other hazards which might endanger Grantee's facilities or impede Grantee's activities.

At no time shall Grantor or Grantee light any fires, place or store any flammable or hazardous materials or chemicals on or within the boundaries of the easement. Subject to the foregoing limitations, the surface of the right of way may be used for other purposes not inconsistent, as determined by Grantor with consent of Grantee, with the purposes for which this easement has been granted. Such consent shall not be unreasonably withheld.

These easement rights are available to the Grantee, its heirs, successors, or assigns only until such time as the Facilities upon, under, or across the Easement are permanently abandoned and removed, at which time the title and interest of the Grantee, its heirs, successors or assigns, in the rights of the easement shall terminate and revert back to Grantor and the easement shall expire.

Grantor may request this easement to be released if the use of the Grantor's property changes, or if it is determined that terminating the easement is in the best interest of the State of Utah, provided, however, that Grantor shall provide

Grantee with a replacement location reasonably acceptable to Grantee on Grantor's property. Such consent shall not be unreasonably withheld.

All of the Facilities and equipment shall be installed in such a way so as to not interfere with Grantor's access to, and future development of, the property. Grantor reserves the right to use the Easement property for any purpose not inconsistent with the rights granted to Grantee in this easement agreement.

Other than emergency activities, no construction, maintenance or other activities will occur and all construction and maintenance related equipment will be removed from the property one week prior to the opening of the Utah State Fair and will not commence construction or maintenance activities until four days following the end of the State Fair.

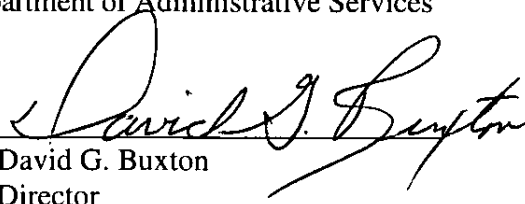

Together with and subject to any and all easements, rights-of-way, and restrictions appearing of record or enforceable in law and equity.

This Easement is appurtenant to the property now owned by Grantor and benefited by the Easement, and the Easement shall run with the land.

The Grantor hereby expressly reserves all gas, oil, coal and other minerals in and under the lands covered by the property herein granted.

IN WITNESS HEREOF, the State of Utah, DIVISION OF FACILITIES CONSTRUCTION AND MANAGEMENT, has caused this instrument to be executed this 9th day of March A.D., 2011.

DIVISION OF FACILITIES CONSTRUCTION AND MANAGEMENT, a Division of the Department of Administrative Services

By:   
David G. Buxton  
Director  
Division of Facilities Construction and Management

STATE OF UTAH                    )  
  )     ss.  
COUNTY OF SALT LAKE        )

On this 9th day of March, 2011, personally appeared before me David G. Buxton, who, being duly sworn, did say that he is the Director of the Division of Facilities Construction and Management, a Division of the Department of Administrative Services, and that the foregoing instrument was signed on behalf of said agency by statutory authority, and that the aforesaid agency executed the same.

  
Notary Public

My Commission Expires: May 20, 2014

**EXHIBIT A**

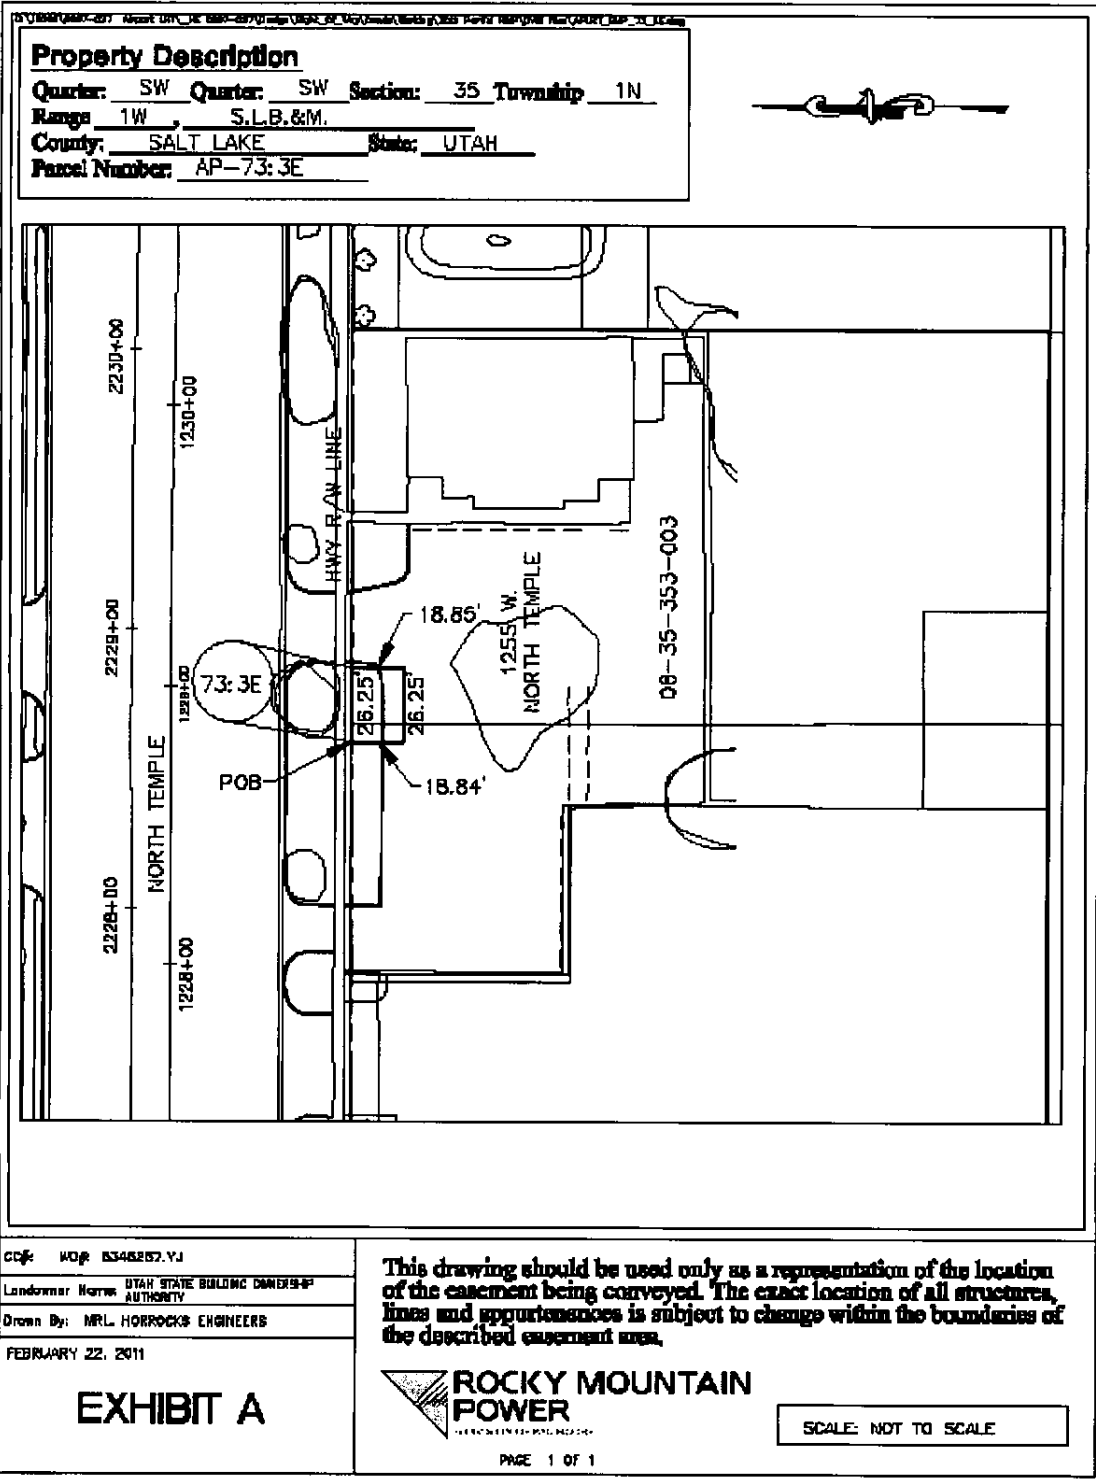

An easement for a right of way for the construction, reconstruction, operation, maintenance, repair, replacement, enlargement and removal of underground electric power transmission, distribution and communication lines and all necessary accessories or appurtenances thereto ("Facilities"), affecting part of Salt Lake County Recorder's Parcel No. 08-35-353-003 further described as follows:

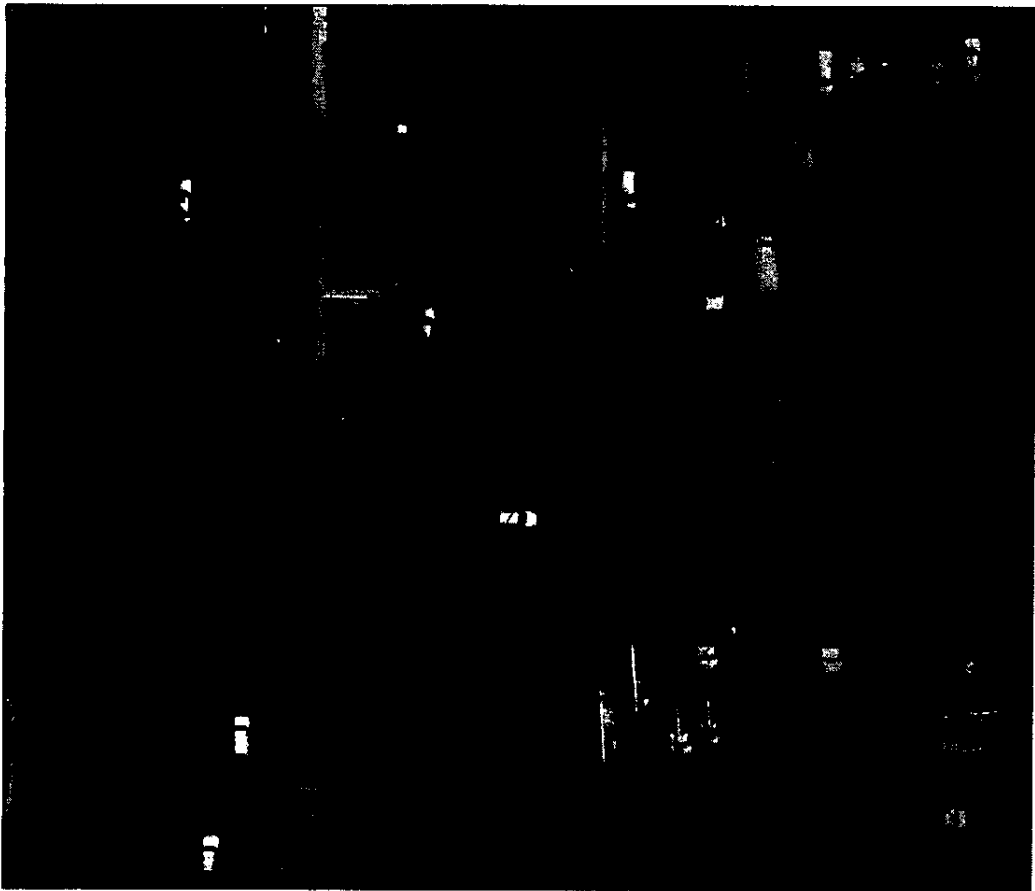

Part of the Grantor's property, being part of an entire tract of property situate in the SW¼SW¼ of Section 35, T.1N., R.1W., SLB&M. The boundaries of said parcel of land are described as follow:

Beginning at a point in the southerly right of way line of North Temple Street which point is 428.00 feet N.89°58'30"E. and 660.00 feet North from the Southwest corner of said Section 35; and running thence N.89°58'30"E. 26.25 feet along said right of way line; thence South 18.85 feet; thence West 26.25 feet; thence North 18.84 feet to the point of beginning. The above described part of an entire tract contains 495 square feet in area or 0.011 acre.

(Rotate bearings counter-clockwise 00°02'04" to match record)
