RE: Property Parcels OT-255-A and OT-3-B

Dear Mr. Hansen,

In the fall of 2018 an inquiry was made by Craig and Miles Hansen, owners of Parcels OT-255-A and OT-3-B, to determine the "Lot of Record" status of said parcels. The Oakley Code book refers to "Lot of Record" in Chapter 2, under definitions. Having lot of record status on a parcel entitles the property to a unit of density and it is eligible to make application for a building permit. Status of some parcels or tax ID's may contain more than one lot of record. The "Lot of Record" status is also referred to as a "Grandfathered Right" or "Grandfathered Parcel" in some jurisdictions. Grandfathered Right is the term currently used by Summit County.

The Oakley City Planning Department determined that Parcel OT-255-A contains (2) lots of record and that Parcel OT-3-B also contains (2) lots of record for a total of (4) lots of record.

At the owner's discretion, they may reconfigure Parcels OT_255-A and OT-3-B to reflect (4) separate parcels, each representing a single lot of record, to be at least (1) acre in size by Parcel Boundary Adjustment in which each parcel will maintain its lot of record status. Any further development or division of said lot of record parcels will need to be administered under the current Oakley City Subdivision Ordinance at the time of application or through an Agricultural Subdivision as defined in the State Code.

If you have any questions, please contact the Oakley City Planning Department.

Thank you,
