CROSS EASEMENT AGREEMENT

THIS CROSS EASEMENT AGREEMENT ("**Agreement**") is entered into as of the 23rd day of April, 2012, by PORTER'S POINT, LLC, a Utah limited liability company, ARTEMIS INVESTMENTS, LLC, a Utah limited liability company, ATHENAIS INVESTMENTS, LLC, a Utah limited liability company, ASPASIA INVESTMENTS, LLC, a Utah limited liability company, BYRON INVESTMENTS, LLC, a Utah limited liability company, and GEORGIOS INVESTMENTS, LLC, a Utah limited liability company, for themselves and on behalf of their successors and assigns as future owners of the "PP Property" (as defined below) (collectively, ("**Porter's Point**"), MT. JORDAN LIMITED PARTNERSHIP, a Utah limited partnership, for itself and on behalf of its successors and assigns as future owners of the "MJ Property" (as defined below) ("**Mt. Jordan**"), and 4 INDEPENDENCE, LLC, a Utah limited liability company, for itself and on behalf of its successors and assigns as future owners of the "Independence Property" (as defined below) ("**Independence**"). Porter's Point, Mt. Jordan and Independence are sometimes referred to herein individually as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, Mt. Jordan is the owner of certain real property in Bluffdale, Utah, more particularly described on Exhibit A attached hereto (the "**MJ Property**"); and

WHEREAS, Porter's Point is the owner of certain real property in Bluffdale, Utah, located adjacent to the MJ Property and/or the Independence Property, more particularly described on Exhibit B attached hereto (the "**PP Property**"); and

WHEREAS, Independence is the owner of certain real property in Bluffdale, Utah, located adjacent to the MJ Property, more particularly described on Exhibit C attached hereto (the "**Independence Property**"); and

WHEREAS, Porter's Point has an interest in a portion of the MJ Property under that certain Deed of Trust dated of even date herewith, and recorded in the official records of the Salt Lake County Recorder (the "**Trust Deed**"), which portion of the MJ Property is more particularly described in Exhibit D attached hereto (the "**PP Collateral Property**", and collectively with the remainder of the MJ Property, the Independence Property and the PP Property, the "**Property**"); and

WHEREAS, the Property is subject to that certain Development Agreement dated December 11, 2007, recorded on July 2, 2008, in the official records of Salt Lake County as Entry No. 10470370 (the "*Development Agreement*"); and

WHEREAS, the Parties have agreed to enter into this Agreement pursuant to which the Parties will grant "cross" access and utilities easements as may be reasonably necessary to ensure access rights and utilities easements for the MJ Property, the Independence Property and the PP Property.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and undertakings herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, the Parties hereto intending to be legally bound hereby agree and covenant as follows:

1. Easements Concerning PP Property.

A. Easements Generally. Porter's Point hereby grants and conveys to Mt. Jordan, Independence and their successors and assigns as property owners of the MJ Property and the Independence Property, non-exclusive and perpetual easements to access and utilize (1) all roadways constructed by Porter's Point from time to time upon the PP Property, which roadways may serve (in Mt. Jordan's and/or Independence's discretion) as primary and/or secondary access, ingress and egress to the MJ Property and/or the Independence Property, as well as temporary and/or emergency access, ingress and egress to or from the MJ Property and/or the Independence Property for construction and/or other related purposes, and (2) all major utility lines (including, without limitation, culinary water, sewer, storm drain, power, gas, telephone, and cable lines) constructed by Porter's Point upon the PP Property, which utilities may service (either temporarily or permanently in Mt. Jordan's and/or Independence's discretion) all or portions of the MJ Property and/or the Independence Property, as contemplated pursuant to development plans approved by Bluffdale City and/or other applicable public service providers from time to time. In all events, (i) the easement for access, ingress and egress described in this Section 1 shall include access at the fixed points of ingress and egress depicted on the Conceptual Plans attached hereto as Exhibit E (the "*PP Conceptual Plans*", which PP Conceptual Plans may be amended from time to time in Porter's Point sole but commercially reasonable discretion, as further set forth in Section 1(D) below), which fixed points shall not be subject to change, and (ii) the easement for use of the utility lines described in this Section 1 shall include customary utility lines running beneath the roadways identified on the PP Conceptual Plans, subject to and in accordance with this Section 1(A).

B. Construction by Mt. Jordan or Independence upon PP Property. In the event that Mt. Jordan or Independence desires to use the roadways and utility lines generally described and/or shown on the PP Conceptual Plans (as the same may have been amended) in accordance with the rights granted herein prior to construction of same by Porter's Point, Mt. Jordan and/or Independence shall have the right to construct and install such roadways and utility lines on the PP Property, provided (a) the roadways include two lanes and shall be constructed in the locations shown on the PP Conceptual Plans, as the same may have been amended, (b) the roadways and utility lines shall be improved in accordance with plans and specifications approved by Bluffdale City, or the applicable governing body, and which plans and cost estimates shall also be approved by Porter's Point in writing (which approval shall not be unreasonably withheld, conditioned or delayed), and (c) all costs of construction and installation of such roadways and utility lines through the PP Property constructed pursuant to the terms of subsection 1(B)(b) above shall be reimbursed to Mt. Jordan or Independence, as applicable, by Porter's Point (or the then current owner of the PP Property) on a phase-by-phase basis at the time Porter's Point (or the then current owner of the PP Property) connects each such phase into such roadways and/or utility lines, provided that

no reimbursement shall be made for connecting currently constructed improvements or phases or for the upsizing costs associated with such utility lines, if any upsizing is required for such lines to service the MJ Property and/or the Independence Property. In all events, any reimbursement received for the construction of Porter Rockwell Road shall only be received through impact fees. If Mt. Jordan or Independence constructs the improvements described above on the PP Property, then Mt. Jordan or Independence, as applicable, shall use commercially reasonable efforts to minimize the costs of the same which are to be reimbursed by Porter's Point as set forth in subsection (c) above. Such efforts shall include, without limitation, an obligation by Mt. Jordan or Independence, as applicable, to obtain at least three (3) all inclusive or lump sum bids from independent third party contractors, and to use commercially reasonable business judgment in the selection of such contractor based upon such contractor's bid, business reputation, availability, and other relevant factors. In all events, Porter's Point shall reasonably cooperate with Mt. Jordan or Independence, as applicable, in connection with the public dedication of any of the roadways and/or utilities constructed by Mt. Jordan or Independence, as applicable, on the PP Property as described above. Notwithstanding the foregoing, to the extent other access is available, no construction or mining (including, without limitation, mining of sand and gravel) equipment or trucks, or other heavy machinery, shall be used on the roadways described herein.

C. Construction by Porter's Point upon PP Property. Porter's Point shall use reasonable efforts to cause the roadways and major utility lines constructed upon the PP Property by Porter's Point to be dedicated as public roadways or utilities (subject to the consent of Bluffdale City or other governing body). Without limiting the foregoing, but subject to the terms of subsection 1(A) above, when Porter's Point develops the PP Property, Porter's Point will allow Mt. Jordan, Independence, and their successors and/or assigns, to connect to the roadways and major utilities constructed upon the PP Property free of any charge imposed by Porter's Point directly upon Mt. Jordan or Independence, provided that Mt. Jordan and Independence (each in connection with their respective properties) shall be solely obligated to pay connection, impact, tap-in, or other similar fees assessed by Bluffdale City or other public service provider, if any, relative to such roadways and/or utilities (which fees may be available for reimbursement to Porter's Point pursuant to one or more customary reimbursement agreements). In all events, Mt. Jordan and Independence shall reasonably cooperate with Porter's Point in connection with the public dedication of the roadways and/or utilities as described above. With respect to any major utility lines to be constructed by Porter's Point upon the PP Property which, if such lines were to service portions of the MJ Property and/or the Independence Property, would require the upsizing of such lines, Porter's Point shall provide written notice to Mt. Jordan and Independence of Porter's Point's intent to commence construction of such lines (the "*Notice of Intent*"). Mt. Jordan and Independence shall each then have thirty (30) days following receipt of such Notice of Intent to respond to Porter's Point in writing, to request that the lines be upsized to facilitate a connection by Mt. Jordan and/or Independence to such lines and facilities as may be reasonably necessary to meet the development requirements of the MJ Property or the Independence Property, as applicable (the "*Request to Upsize*"). If either Mt. Jordan or Independence fails to provide a Request to Upsize in accordance with the previous sentence, then Porter's Point shall have no obligation, under this Agreement, to upsize such major utility lines for the Party failing to timely provide such Request to Upsize. If either Mt. Jordan or Independence timely provides such Request to Upsize to Porter's Point, then the Porter's Point and the Party that provided the Request to Upsize shall cooperate in good faith to determine the reasonable upsizing needs for the utility lines and facilities which will service the applicable portions of the property owned by the Party that provided the Request to Upsize, and shall work with Bluffdale City or other governing body with respect to the same. In the event that Bluffdale City and/or the applicable governing body approves the upsizing of the applicable utility lines, then Porter's Point shall install such lines in accordance with plans acceptable to Porter's Point and the Party that provided the Request to Upsize in their reasonable business judgment. In the event that Porter's Point installs major utility lines to meet Mt. Jordan's and/or Independence's upsizing requirements, Mt. Jordan or Independence, as applicable, shall be required to reimburse Porter's Point for the additional costs incurred by Porter's Point in upsizing the major utility

lines, with such reimbursement to occur on a phase-by-phase basis at the time Mt. Jordan or Independence, as applicable (or the then current owner of the MJ Property or the Independence Property, as applicable), connects each such phase into such utility lines.

D. PP Conceptual Plans. In all events, all access and utility lines described in this Section 1 relating to the PP Property shall be designed and/or constructed in accordance with the PP Conceptual Plans attached hereto; provided, however, that Porter's Point, and/or its successors and assigns, shall have the right from time to time to unilaterally amend (subject to approval by Bluffdale City) such PP Conceptual Plans (excluding the fixed points of ingress and egress, as identified on Exhibit E), to the extent that such amendment relates to the PP Property itself and not to the MJ Property or to the Independence Property, in their reasonable business judgment, provided that any such change shall not have a materially adverse affect on the access rights and/or utility easements granted to Mt. Jordan and/or Independence herein. Subject to the condition that any such amendment or modification shall not materially adversely affect the access rights and/or utility easements granted to Mt. Jordan and Independence herein, Mt. Jordan and Independence shall reasonably cooperate with Porter's Point in connection with any such amendment or modification to the PP Conceptual Plans.

E. Temporary Access and Utilities. The temporary access and utility easement rights granted to Mt. Jordan and Independence herein shall include the right to install or construct temporary roads and/or utility lines in any location on the PP Property, provided (i) such roads and/or utility lines are constructed in compliance with all standards and/or requirements of Bluffdale City or any other municipality with jurisdiction (the constructing Party is hereby granted the right to make all applicable submittals to Bluffdale City and/or all other applicable third parties as may be required or necessary to construct such roads and/or utility lines, and Porter's Point shall reasonably cooperate in connection therewith at no cost to Porter's Point, but subject to any reimbursement obligations as may otherwise be set forth herein), and (ii) to the extent such temporary roads and/or utility lines are not constructed within the location of the roadways and/or utility lines as shown on the PP Conceptual Plans, or to the extent such roads and/or utility lines are not of sufficient size or quality to meet the requirements or needs of Porter's Point, then the Party that installed such temporary roads and/or utility lines shall promptly remove such roads and/or utility lines upon delivery to such installing or constructing Party by Porter's Point of a written request for removal thereof together with reasonable written evidence that development of the property upon which such roads and/or utility lines have been installed or constructed is imminent. In all events, to the extent requested by Mt. Jordan or Independence, Porter's Point shall reasonably cooperate with Mt. Jordan and/or Independence to provide written evidence of the temporary rights granted hereunder for the benefit of any and all applicable utility service providers.

F. No Liens. In all events, neither Mt. Jordan nor Independence shall allow or permit any liens or encumbrances to be placed upon the PP Property as a result of, or in connection with, any act or omission by such Party.

G. Rights in Property Located North of the PP Property. The Parties hereby acknowledge that Porter's Point is in negotiations with the current owners of tax parcel numbers 33-11-300-019 and 33-11-300-021 (the "**North Property**"), which property is located north of one or more portions of the PP Property, to obtain certain access rights through the North Property to provide ingress and egress from the PP Property to the public roadway known as 14600 South (the "**North Property Access Rights**"). Such North Property Access Rights are generally described and shown on the PP Conceptual Plans as the "North Property Roadway". Porter's Point hereby agrees that, to the extent Porter's Point is able to obtain the North Property Access Rights, Porter's Point shall cause such North Property Access Right to benefit the MJ Property and the Independence Property to allow access through the North Property and the PP Property to the MJ Property and the Independence Property. Furthermore, Porter's Point shall cause that any rights granted by the owner of the North Property to Porter's Point to

construct the North Property Roadway (and/or related utility lines) upon the North Property shall also be granted to Mt. Jordan, Independence, and their successors and assigns as owners of the MJ Property and the Independence Property, respectively. In all events, the obligations of Porter's Point to cause any North Property Access Rights and any construction rights to be granted to Mt. Jordan and/or Independence as set forth above shall be conditioned and subject to the Parties' ability to obtain the RMP Property Access Rights (defined below). With respect to any utility lines, if any, constructed by Porter's Point within the roadway providing the North Property Access Rights (to the extent same is constructed by Porter's Point), Porter's Point shall provide a Notice of Intent in connection with such utility lines in the same manner described in Section 1(C) above, and thereafter all Parties shall have the same rights relating to construction and reimbursement as set forth in such Section 1(C).

2. Easements Concerning MJ Property.

A. Easements Generally. Mt. Jordan hereby grants and conveys to Porter's Point, Independence and their successors and assigns as property owners of the PP Property and the Independence Property, non-exclusive and perpetual easements to access and utilize (1) all roadways constructed by Mt. Jordan from time to time upon the MJ Property, which roadways may serve (in Porter's Point's and/or Independence's discretion) as primary and/or secondary access, ingress and egress to the PP Property and/or the Independence Property, as well as temporary and/or emergency access, ingress and egress to or from the PP Property and/or the Independence Property for construction and/or other related purposes, and (2) all major utility lines (including, without limitation, culinary water, sewer, storm drain, power, gas, telephone, and cable lines) constructed by Mt. Jordan upon the MJ Property, which utilities may service (either temporarily or permanently in Porter's Point's and/or Independence's discretion) all or portions of the PP Property and/or the Independence Property, as contemplated pursuant to development plans approved by Bluffdale City and/or other applicable public service providers from time to time. In all events, (i) the easement for access, ingress and egress described in this Section 2 shall include access at the fixed points of ingress and egress depicted on the Conceptual Plans attached hereto as Exhibit F (the "*MJ Conceptual Plans*", which MJ Conceptual Plans may be amended from time to time in Mt. Jordan's sole but commercially reasonable discretion, as further set forth in Section 2(D) below), which fixed points shall not be subject to change, and (ii) the easement for use of the utility lines described in this Section 2 shall include customary utility lines running beneath the roadways identified on the MJ Conceptual Plans, subject to and in accordance with this Section 2(A).

B. Construction by Porter's Point or Independence upon MJ Property. In the event that Porter's Point or Independence desires to use the roadways and utility lines generally described and/or shown on the MJ Conceptual Plans (as the same may have been amended) in accordance with the rights granted herein prior to construction of same by Mt. Jordan, Porter's Point and/or Independence shall have the right to construct and install such roadways and utility lines on the MJ Property, provided (a) the roadways include two lanes and shall be constructed in the locations shown on the MJ Conceptual Plans, as the same may have been amended, (b) the roadways and utility lines shall be improved in accordance with plans and specifications approved by Bluffdale City, or the applicable governing body, and which plans and cost estimates shall also be approved by Mt. Jordan in writing (which approval shall not be unreasonably withheld, conditioned or delayed), and (c) all costs of construction and installation of such roadways and utility lines through the MJ Property constructed pursuant to the terms of subsection 2(B)(b) above shall be reimbursed to Porter's Point or Independence, as applicable, by Mt. Jordan (or the then current owner of the MJ Property) on a phase-by-phase basis at the time Mt. Jordan (or the then current owner of the MJ Property) connects each such phase into such roadways and/or utility lines, provided that no reimbursement shall be made for connecting currently constructed improvements or phases or for the upsizing costs associated with such utility lines, if any upsizing is required for such lines to service the PP Property and/or the Independence Property. In all events, any reimbursement received for the construction of Porter Rockwell Road shall only be received through impact fees. Further, to the

extent Mt. Jordan is granted any right to construct all or any portion of Porter Rockwell Road on any property owned by any third party, Mt. Jordan shall cause such rights to also be granted to Porter's Point and to Independence. If Porter's Point or Independence constructs the improvements described above on the MJ Property, then Porter's Point or Independence, as applicable, shall use commercially reasonable efforts to minimize the costs of the same which are to be reimbursed by Mt. Jordan as set forth in subsection (c) above. Such efforts shall include, without limitation, an obligation by Porter's Point or Independence, as applicable, to obtain at least three (3) all inclusive or lump sum bids from independent third party contractors, and to use commercially reasonable business judgment in the selection of such contractor based upon such contractor's bid, business reputation, availability, and other relevant factors. In all events, Mt. Jordan shall reasonably cooperate with Porter's Point or Independence, as applicable, in connection with the public dedication of any of the roadways and/or utilities constructed by Porter's Point or Independence, as applicable, on the MJ Property as described above. Notwithstanding the foregoing, to the extent other access is available, no construction or mining (including, without limitation, mining of sand and gravel) equipment or trucks, or other heavy machinery, shall be used on the roadways described herein.

C. Construction by Mt. Jordan upon MJ Property. Mt. Jordan shall use reasonable efforts to cause the roadways and major utility lines constructed upon the MJ Property by Mt. Jordan to be dedicated as public roadways or utilities (subject to the consent of Bluffdale City or other governing body). Without limiting the foregoing, but subject to the terms of subsection 2(A) above, when Mt. Jordan develops the MJ Property, Mt. Jordan will allow Porter's Point, Independence, and their successors and/or assigns, to connect to the roadways and major utilities constructed upon the MJ Property free of any charge imposed by Mt. Jordan directly upon Porter's Point or Independence, provided that Porter's Point and Independence (each in connection with their respective properties) shall be solely obligated to pay connection, impact, tap-in, or other similar fees assessed by Bluffdale City or other public service provider, if any, relative to such roadways and/or utilities (which fees may be available for reimbursement to Mt. Jordan pursuant to one or more customary reimbursement agreements). In all events, Porter's Point and Independence shall reasonably cooperate with Mt. Jordan in connection with the public dedication of the roadways and/or utilities as described above. With respect to any major utility lines to be constructed by Mt. Jordan upon the MJ Property which, if such lines were to service portions of the PP Property and/or the Independence Property, would require the upsizing of such lines, Mt. Jordan shall provide a written Notice of Intent to Porter's Point and Independence of Mt. Jordan's intent to commence construction of such lines. Porter's Point and Independence shall each then have thirty (30) days following receipt of such Notice of Intent to respond to Mt. Jordan in writing with a Request to Upsize, to request that the lines be upsized to facilitate a connection by Porter's Point and/or Independence to such lines and facilities as may be reasonably necessary to meet the development requirements of the PP Property or the Independence Property, as applicable. If either Porter's Point or Independence fails to provide a Request to Upsize in accordance with the previous sentence, then Mt. Jordan shall have no obligation, under this Agreement, to upsize such major utility lines for the Party failing to timely provide such Request to Upsize. If either Porter's Point or Independence timely provides such Request to Upsize to Mt. Jordan, then Mt. Jordan and the Party that provided the Request to Upsize shall cooperate in good faith to determine the reasonable upsizing needs for the utility lines and facilities which will service the applicable portions of the property owned by the Party that provided the Request to Upsize, and shall work with Bluffdale City or other governing body with respect to the same. In the event that Bluffdale City and/or the applicable governing body approves the upsizing of the applicable utility lines, then Mt. Jordan shall install such lines in accordance with plans acceptable to Mt. Jordan and the Party that provided the Request to Upsize in their reasonable business judgment. In the event that Mt. Jordan installs major utility lines to meet Porter's Point's and/or Independence's upsizing requirements, Porter's Point or Independence, as applicable, shall be required to reimburse Mt. Jordan for the additional costs incurred by Mt. Jordan in upsizing the major utility lines, with such reimbursement to occur on a phase-by-phase basis at the time Porter's Point or Independence, as applicable (or the then current owner

of the PP Property or the Independence Property, as applicable), connects each such phase into such utility lines.

D. MJ Conceptual Plans. In all events, all access and utility lines described in this Section 2 relating to the MJ Property shall be designed and/or constructed in accordance with the MJ Conceptual Plans attached hereto; provided, however, that Mt. Jordan, and/or its successors and assigns, shall have the right from time to time to unilaterally amend (subject to approval by Bluffdale City) such MJ Conceptual Plans (excluding the fixed points of ingress and egress, as identified on Exhibit F), to the extent that such amendment relates to the MJ Property itself and not to the PP Property or to the Independence Property, in their reasonable business judgment, provided that any such change shall not have a materially adverse affect on the access rights and/or utility easements granted to Porter's Point and/or Independence herein. Subject to the condition that any such amendment or modification shall not materially adversely affect the access rights and/or utility easements granted to Porter's Point and Independence herein, Porter's Point and Independence shall reasonably cooperate with Mt. Jordan in connection with any such amendment or modification to the MJ Conceptual Plans.

E. Temporary Access and Utilities. The temporary access and utility easement rights granted to Porter's Point and Independence herein shall include the right to install or construct temporary roads and/or utility lines in any location on the MJ Property, provided (i) such roads and/or utility lines are constructed in compliance with all standards and/or requirements of Bluffdale City or any other municipality with jurisdiction (the constructing Party is hereby granted the right to make all applicable submittals to Bluffdale City and/or all other applicable third parties as may be required or necessary to construct such roads and/or utility lines, and Mt. Jordan shall reasonably cooperate in connection therewith at no cost to Mt. Jordan, but subject to any reimbursement obligations as may otherwise be set forth herein), and (ii) to the extent such temporary roads and/or utility lines are not constructed within the location of the roadways and/or utility lines as shown on the MJ Conceptual Plans, or to the extent such roads and/or utility lines are not of sufficient size or quality to meet the requirements or needs of Mt. Jordan, then the Party that installed such temporary roads and/or utility lines shall promptly remove such roads and/or utility lines upon delivery to such installing or constructing Party by Mt. Jordan of a written request for removal thereof together with reasonable written evidence that development of the property upon which such roads and/or utility lines have been installed or constructed is imminent. In all events, to the extent requested by Porter's Point or Independence, Mt. Jordan shall reasonably cooperate with Porter's Point and/or Independence to provide written evidence of the temporary rights granted hereunder for the benefit of any and all applicable utility service providers.

F. No Liens. In all events, neither Porter's Point nor Independence shall allow or permit any liens or encumbrances to be placed upon the MJ Property as a result of, or in connection with, any act or omission by such Party.

3. Easements Concerning Independence Property.

A. Easements Generally. Independence hereby grants and conveys to Mt. Jordan, Porter's Point and their successors and assigns as property owners of the MJ Property and the PP Property, non-exclusive and perpetual easements to access and utilize (1) all roadways constructed by Independence from time to time upon the Independence Property, which roadways may serve (in Mt. Jordan's and/or Porter's Point's discretion) as primary and/or secondary access, ingress and egress to the MJ Property and/or the PP Property, as well as temporary and/or emergency access, ingress and egress to or from the MJ Property and/or the PP Property for construction and/or other related purposes, and (2) all major utility lines (including, without limitation, culinary water, sewer, storm drain, power, gas, telephone, and cable lines) constructed by Independence upon the Independence Property, which utilities may service (either temporarily or permanently in Mt. Jordan's and/or Porter's Point's discretion) all or

portions of the MJ Property and/or the PP Property, as contemplated pursuant to development plans approved by Bluffdale City and/or other applicable public service providers from time to time. In all events, (i) the easement for access, ingress and egress described in this Section 3 shall include access at the fixed points of ingress and egress depicted on the Conceptual Plans attached hereto as Exhibit G (the "*Independence Conceptual Plans*", which Independence Conceptual Plans may be amended from time to time in Independence's sole but commercially reasonable discretion, as further set forth in Section 3(D) below), which fixed points shall not be subject to change, and (ii) the easement for use of the utility lines described in this Section 3 shall include customary utility lines running beneath the roadways identified on the Independence Conceptual Plans, subject to and in accordance with this Section 3(A).

B. Construction by Mt. Jordan or Porter's Point upon Independence Property. In the event that Mt. Jordan or Porter's Point desires to use the roadways and utility lines generally described and/or shown on the Independence Conceptual Plans (as the same may have been amended) in accordance with the rights granted herein prior to construction of same by Independence, Mt. Jordan and/or Porter's Point shall have the right to construct and install such roadways and utility lines on the Independence Property, provided (a) the roadways include two lanes and shall be constructed in the locations shown on the Independence Conceptual Plans, as the same may have been amended, (b) the roadways and utility lines shall be improved in accordance with plans and specifications approved by Bluffdale City, or the applicable governing body, and which plans and cost estimates shall also be approved by Independence in writing (which approval shall not be unreasonably withheld, conditioned or delayed), and (c) all costs of construction and installation of such roadways and utility lines through the Independence Property constructed pursuant to the terms of subsection 3(B)(b) above shall be reimbursed to Mt. Jordan or Porter's Point, as applicable, by Independence (or the then current owner of the Independence Property) on a phase-by-phase basis at the time Independence (or the then current owner of the Independence Property) connects each such phase into such roadways and/or utility lines, provided that no reimbursement shall be made for connecting currently constructed improvements or phases or for the upsizing costs associated with such utility lines, if any upsizing is required for such lines to service the MJ Property and/or the PP Property. In all events, any reimbursement received for the construction of Porter Rockwell Road shall only be received through impact fees. If Mt. Jordan or Porter's Point constructs the improvements described above on the Independence Property, then Mt. Jordan or Porter's Point, as applicable, shall use commercially reasonable efforts to minimize the costs of the same which are to be reimbursed by Independence as set forth in subsection (c) above. Such efforts shall include, without limitation, an obligation by Mt. Jordan or Porter's Point, as applicable, to obtain at least three (3) all inclusive or lump sum bids from independent third party contractors, and to use commercially reasonable business judgment in the selection of such contractor based upon such contractor's bid, business reputation, availability, and other relevant factors. In all events, Independence shall reasonably cooperate with Mt. Jordan or Porter's Point, as applicable, in connection with the public dedication of any of the roadways and/or utilities constructed by Mt. Jordan or Porter's Point, as applicable, on the Independence Property as described above. Notwithstanding the foregoing, to the extent other access is available, no construction or mining (including, without limitation, mining of sand and gravel) equipment or trucks, or other heavy machinery, shall be used on the roadways described herein.

C. Construction by Independence upon Independence Property. Independence shall use reasonable efforts to cause the roadways and major utility lines constructed upon the Independence Property by Independence to be dedicated as public roadways or utilities (subject to the consent of Bluffdale City or other governing body). Without limiting the foregoing, but subject to the terms of subsection 3(A) above, when Independence develops the Independence Property, Independence will allow Mt. Jordan, Porter's Point and their successors and/or assigns to connect to the roadways and major utilities constructed upon the Independence Property free of any charge imposed by Independence directly upon Mt. Jordan or Porter's Point, provided that Mt. Jordan and Porter's Point (each in connection with their respective properties) shall be solely obligated to pay connection, impact, tap-in, or

other similar fees assessed by Bluffdale City or other public service provider, if any, relative to such roadways and/or utilities (which fees may be available for reimbursement to Independence pursuant to one or more customary reimbursement agreements). In all events, Mt. Jordan and Porter's Point shall reasonably cooperate with Independence in connection with the public dedication of the roadways and/or utilities as described above. With respect to any major utility lines to be constructed by Independence upon the Independence Property which, if such lines were to service portions of the MJ Property and/or the PP Property, would require the upsizing of such lines, Independence shall provide a written Notice of Intent to Mt. Jordan and Porter's Point of Independence's intent to commence construction of such lines. Mt. Jordan and Porter's Point shall each then have thirty (30) days following receipt of such Notice of Intent to respond to Independence in writing with a Request to Upsize, to request that the lines be upsized to facilitate a connection by Mt. Jordan and/or Porter's Point to such lines and facilities as may be reasonably necessary to meet the development requirements of the MJ Property or the PP Property, as applicable. If either Mt. Jordan or Porter's Point fails to provide a Request to Upsize in accordance with the previous sentence, then Independence shall have no obligation, under this Agreement, to upsize such major utility lines for the Party failing to timely provide such Request to Upsize. If either Mt. Jordan or Porter's Point timely provides such Request to Upsize to Independence, then Independence and the Party that provided the Request to Upsize shall cooperate in good faith to determine the reasonable upsizing needs for the utility lines and facilities which will service the applicable portions of the property owned by the Party that provided the Request to Upsize, and shall work with Bluffdale City or other governing body with respect to the same. In the event that Bluffdale City and/or the applicable governing body approves the upsizing of the applicable utility lines, then Independence shall install such lines in accordance with plans acceptable to Independence and the Party that provided the Request to Upsize in their reasonable business judgment. In the event that Independence installs major utility lines to meet Mt. Jordan's and/or Porter's Point's upsizing requirements, Mt. Jordan or Porter's Point, as applicable, shall be required to reimburse Independence for the additional costs incurred by Independence in upsizing the major utility lines, with such reimbursement to occur on a phase-by-phase basis at the time Mt. Jordan or Porter's Point, as applicable (or the then current owner of the MJ Property or the PP Property, as applicable), connects each such phase into such utility lines.

D. Independence Conceptual Plans. In all events, all access and utility lines described in this Section 3 relating to the Independence Property shall be designed and/or constructed in accordance with the Independence Conceptual Plans attached hereto; provided, however, that Independence, and/or its successors and assigns, shall have the right from time to time to unilaterally amend (subject to approval by Bluffdale City) such Independence Conceptual Plans (excluding the fixed points of ingress and egress, as identified on Exhibit G), to the extent that such amendment relates to the Independence Property itself and not to the MJ Property or to the PP Property, in their reasonable business judgment, provided that any such change shall not have a materially adverse affect on the access rights and/or utility easements granted to Mt. Jordan and/or Porter's Point herein. Subject to the condition that any such amendment or modification shall not materially adversely affect the access rights and/or utility easements granted to Mt. Jordan and Porter's Point herein, Mt. Jordan and Porter's Point shall reasonably cooperate with Independence in connection with any such amendment or modification to the Independence Conceptual Plans.

E. Temporary Access and Utilities. The temporary access and utility easement rights granted to Mt. Jordan and Porter's Point herein shall include the right to install or construct temporary roads and/or utility lines in any location on the Independence Property, provided (i) such roads and/or utility lines are constructed in compliance with all standards and/or requirements of Bluffdale City or any other municipality with jurisdiction (the constructing Party is hereby granted the right to make all applicable submittals to Bluffdale City and/or all other applicable third parties as may be required or necessary to construct such roads and/or utility lines, and Independence shall reasonably cooperate in

connection therewith at no cost to Independence, but subject to any reimbursement obligations as may otherwise be set forth herein), and (ii) to the extent such temporary roads and/or utility lines are not constructed within the location of the roadways and/or utility lines as shown on the Independence Conceptual Plans, or to the extent such roads and/or utility lines are not of sufficient size or quality to meet the requirements or needs of Independence, then the Party that installed such temporary roads and/or utility lines shall promptly remove such roads and/or utility lines upon delivery to such installing or constructing Party by Independence of a written request for removal thereof together with reasonable written evidence that development of the property upon which such roads and/or utility lines have been installed or constructed is imminent. In all events, to the extent requested by Mt. Jordan or Porter's Point, Independence shall reasonably cooperate with Mt. Jordan and/or Porter's Point to provide written evidence of the temporary rights granted hereunder for the benefit of any and all applicable utility service providers.

F. No Liens. In all events, neither Mt. Jordan nor Porter's shall allow or permit any liens or encumbrances to be placed upon the Independence Property as a result of, or in connection with, any act or omission by such Party.

4. Rights in Property Owned and/or Controlled by Rocky Mountain Power Located Between the MJ Property and the PP Property. The Parties hereby acknowledge that Rocky Mountain Power, and/or its affiliates, successors or assigns (collectively, "**RMP**"), own certain land between the MJ Property and the PP Property (the "**RMP Property**"), which RMP Property is shown on the MJ Conceptual Plans. The Parties hereby agree to work together in good faith to obtain access rights across the RMP Property to connect the North Property Roadway to the PP Property in the general area shown on the MJ Conceptual Plans (the "**RMP Property Access Rights**"). The Parties hereby agree that, to the extent any Party is able to obtain the RMP Property Access Rights, the Party obtaining such RMP Property Access Rights shall cause such RMP Property Access Rights to benefit the PP Property, the MJ Property and the Independence Property to allow access from 14600 South Street through the RMP Property and the North Property to the PP Property, the MJ Property and the Independence Property. Furthermore, the Party obtaining such RMP Property Access Rights shall cause that any rights granted by RMP to construct any roadways across the RMP Property (and/or related utility lines) related to the RMP Property Access Rights shall also be granted to all other Parties hereto, and their successors and assigns as owners of the MJ Property, the PP Property and the Independence Property, respectively. With respect to any utility lines, if any, constructed by a Party within the roadway providing the RMP Property Access Rights (to the extent same is constructed by such Party), such Party shall provide a Notice of Intent in connection with such utility lines in the same manner described in Section 1(C), Section 2(C) and/or Section 3(C) above, as applicable, and thereafter all Parties shall have the same rights relating to construction and reimbursement as set forth in such Section 1(C), Section 2(C) and/or Section 3(C), as applicable.

5. Option Right-of-Way.

A. Grant of Option. Mt. Jordan hereby grants to Porter's Point, as optionee, an option ("**Option**") to purchase in fee the land necessary to construct roads and/or install utilities in the area depicted on MJ Conceptual Plans (collectively, the "**Option Right-of-Way**"). As more particularly described in Section (2)(D), above, the exact locations of the Option Right-of-Way as depicted on the MJ Conceptual Plans may be amended from time to time in Mt. Jordan's sole, but commercially reasonable, discretion, provided, however, that no portion of the Option Right-of-Way shall be contained or placed on any portion of the MJ Property encumbered by any lien or encumbrance in favor of Zions First National Bank, until such time as such lien or encumbrance in favor of Zions First National Bank has been released by Zions First National Bank.

B. Term of Option. The term of the Option shall commence on mutual execution of this Agreement, and shall continue until 5:30 p.m. on the earliest of (the "*Option Deadline*"): (i) the ten year anniversary of the date of this Agreement; (ii) the date on which Porter's Point loses, by foreclosure or other forced sale, title of the portion of the PP Property to which the Option Right-of-Way connects; or (iii) ninety (90) days after notice from Mt. Jordan that it intends to develop and/or to seek preliminary and/or final plat approval of any portion of the MJ Property that is or might be affected by the Option Right-of-Way. Porter's Point may at any time, in its sole and absolute discretion, terminate the Option prior to the Option Deadline by giving written notice to Mt. Jordan of its election to terminate the Option. If Porter's Point has not exercised the Option or provided a notice of termination to Mt. Jordan prior to the Option Deadline, the Option automatically shall terminate as of such date, and shall be of no further force or effect.

C. Purchase Price. If Porter's Point exercises the option, as more particularly described below, then Porter's Point shall purchase (a) all land on which the Option Right-of-Way will be constructed together with (b) all surrounding property which is or will be rendered undevelopable by construction of the Option Right-of-Way (the "*Right-of-Way Property*"). The purchase price shall be: (collectively, the "*Right-of-Way Purchase Price*") (i) the fair market value of the Right-of-Way Property as of the date of exercise of the Option, plus (ii) the decreased or diminished value of any adjacent or proximate MJ Property which remains developable but which is adversely affected by construction of the Option Right-of-Way, plus (iii) the increased cost to develop adjacent or proximate MJ Property which is rendered more expensive to develop by construction of the Option Right-of-Way. The Right-of-Way Purchase Price shall be determined by agreement of Porter's Point and Mt. Jordan (or, if applicable, their successors-in-interest). If the Parties are unable to agree on or before twenty-one days after the Notice Date (as defined below), then the Right-of-Way Purchase Price shall be determined by J. Philip Cook, Paul Thronsen or another appraiser upon which the Mt. Jordan and Porter's Point mutually agree. Such appraiser shall be mutually retained by both Mt. Jordan and Porter's Point; provided, however, that Porter's Point shall be solely obligated to pay for the cost of such appraiser's determination of the Right-of-Way Purchase Price. Mt. Jordan and Porters Point mutually shall direct the appraiser to complete his determination of the Right-of-Way Purchase Price no later than sixty calendar days after the Notice Date.

D. Exercising the Option; Closing. The Option may be exercised by Porter's Point, as optionee, at any time prior to the Option Deadline. Porter's Point shall exercise the Option: (i) by providing Mt. Jordan written notice, signed by Porter's Point or its authorized agent, that it is exercising the Option; and (ii) simultaneously depositing into escrow, at a title company or escrow agent selected by Mt. Jordan, a non-refundable deposit in the amount of \$250,000 (the "*Deposit*"). To the extent Porter's Point exercises the Option, the date on which it provides notice to Mt. Jordan shall be the "*Notice Date*". Porter's Point additionally shall deposit into escrow the balance of the Right-of-Way Purchase Price on or before the earlier of (1) ninety calendar days after the Notice Date, or (2) thirty calendar days after determination of the Right-of-Way Purchase Price (as more particularly described in the following paragraph). At its sole expense, Porter's Point further shall prepare (or cause to be prepared) all closing documents and perform (or cause to be performed) all surveys and other actions necessary to close the sale of the Right-of-Way Property. The closing of the sale of the Right-of-Way Property shall occur, and the Right-of-Way Purchase Price shall be delivered to Mt. Jordan, no later than one hundred twenty days after the Notice Date. If Porter's Point fails to perform all necessary acts to complete the transaction and to deliver the Right-of-Way Purchase Price by the applicable deadlines, the Option automatically shall be terminated and the Deposit shall be forfeited and released to Mt. Jordan as liquidated damages.

E. No Cost Sharing. Excepting only the terms of this Agreement relating to upsizing, under no circumstance shall Mt. Jordan be responsible for or bear any portion of the cost to construct the Option Right-of-Way.

6. Intentionally Deleted.

7. Easements Concerning PP Collateral Property.

A. Condition Precedent. The parties hereby agree that the easement rights established pursuant to subsection 7(B) below shall become operative and effective only if and in the event that Porter's Point, or its successor(s) in interest, acquires fee simple title to the PP Collateral Property through a foreclosure sale, deed-in-lieu of foreclosure, or other similar legal process pursuant to rights exercised by Porter's Point under the Trust Deed (collectively, a "**Foreclosure**"). Upon full and final release and reconveyance of the Trust Deed following satisfaction of the obligations secured thereby, this Section 7 shall be deemed to be automatically deleted from this Agreement. Upon Foreclosure, the rights shall continue in full force and effect.

B. Easements.

1. Easements Benefitting Porter's Point. Mt. Jordan hereby grants and conveys to Porter's Point, and those successors and assigns of Porter's Point (as property owners of the PP Collateral Property), non-exclusive and perpetual easements to access and utilize (1) all roadways constructed by Mt. Jordan from time to time upon the MJ Property (excluding the portion of the MJ Property comprising the PP Collateral Property), which roadways may serve as primary and/or secondary access, ingress and egress to the PP Collateral Property (in Porter's Point's discretion), as well as temporary and/or emergency access, ingress and egress to or from the PP Collateral Property for construction and/or other related purposes, and (2) all major utility lines (including, without limitation, culinary water, sewer, storm drain, power, gas, telephone, and cable lines) constructed by Mt. Jordan upon the MJ Property, which utilities may service (either temporarily or permanently in Porter's Point's discretion) all or portions of the PP Collateral Property, as contemplated pursuant to development plans approved by Bluffdale City and/or other applicable public service providers from time to time. In all events, the easement for use of the utility lines described in this Section 7(B)(1) shall include customary utility lines running beneath the roadways identified on the MJ Conceptual Plans, subject to and in accordance with this Section 7(B)(1). Without limiting the generality of the foregoing, the access easements provided in this Section 7(B)(1) shall include, without limitation, the right of Porter's Point to connect the roadways constructed by Porter's Point upon the PP Collateral Property to those roadways located on the MJ Property in a manner which is consistent with the MJ Conceptual Plans (as the same may be amended from time to time), provided that in all events the MJ Conceptual Plans shall include plans to construct the roadways in a manner necessary for the PP Collateral Property to enjoy primary and secondary access.

2. Easements Benefitting Mt. Jordan. In the event of a Foreclosure, Mt. Jordan and Porter's Point hereby agree that Mt. Jordan and those successors and assigns of Mt. Jordan as owners of the other portions of the MJ Property excluding the PP Collateral Property (the "**MJ Remaining Property**") shall have non-exclusive and perpetual easements to access and utilize (1) all roadways constructed by Porter's Point from time to time upon the PP Collateral Property, which roadways may serve as primary and/or secondary access, ingress and egress to the MJ Remaining Property (in Mt. Jordan's discretion), as well as temporary and/or emergency access, ingress and egress to or from the MJ Remaining Property for construction and/or other related purposes, and (2) all major utility lines (including, without limitation, culinary water, sewer, storm drain, power, gas, telephone, and cable lines) constructed by Porter's Point upon the PP Collateral Property, which utilities may service (either temporarily or permanently in Mt. Jordan's discretion) all or portions of the MJ Remaining Property, as contemplated pursuant to development plans approved by Bluffdale City and/or other applicable public service providers from time to time. In all events, the easement for use of the utility lines described in this Section 7(B)(2) shall include customary utility lines running beneath the roadways

identified on the MJ Conceptual Plans, subject to and in accordance with this Section 7(B)(2). Without limiting the generality of the foregoing, the access easements provided in this Section 7(B)(2) shall include, without limitation, the right of Mt. Jordan to connect the roadways constructed by Mt. Jordan upon the MJ Remaining Property to those roadways located on the PP Collateral Property in a manner which is consistent with the MJ Conceptual Plans (as the same may be amended from time to time), provided that in all events the MJ Conceptual Plans shall include plans to construct the roadways in a manner necessary for the MJ Remaining Property to enjoy primary and secondary access.

C. Certain Protections for PP Collateral Property. Mt. Jordan hereby agrees that, prior to the full and final release and reconveyance of the Trust Deed following satisfaction of the obligations secured thereby, it shall not alter the vested density approved for the MJ Property by Bluffdale City in any manner which will result in a decrease in the density of the PP Collateral Property below a level of 7.22 units per acre approvable and buildable (defined as 361 dwelling units), subject to an allocation of a proportionate share of the active (parks) open space which may be required by Bluffdale City with respect to the MJ Property as a whole; provided, however, that with respect to such active (parks) open space allocation, Mt. Jordan shall not unreasonably assign and/or allow a disproportionate share of such active (parks) open space to be allocated upon, the PP Collateral Property, as compared to the remaining portions of the MJ Property. Mt. Jordan, and any successors or assigns, agrees to provide notice to Porter's Point in the event that Mt. Jordan submits any land use application to Bluffdale City that, if approved, would result in a decrease in the density or its utility of the PP Collateral Property, an increase in the active (parks) open space allocated to the PP Collateral Property, or other change in the zoning or other similar land use of the PP Collateral Property.

D. Limited Power of Attorney. All parties agree that, (i) for so long as the Trust Deed is in effect, and (ii) continuing thereafter in the event of a Foreclosure, Porter's Point is hereby granted by Mt. Jordan (and by its successors and assigns in all or any of the MJ Property) a limited power of attorney, as if Porter's Point were the owner of the MJ Property (or any portions thereof), to seek, enforce, and exercise all rights and remedies to the limited extent necessary or desirable to protect and preserve the rights granted in Section 7(B) and 7(C) above. Without limiting the generality of the foregoing, the rights granted to Porter's Point in this Section 7(D) include (without limitation) the right to seek, enforce, and exercise all rights and remedies described above prior to any Foreclosure and to protect and preserve the possibility of obtaining the easements described in Section 7(B) above regardless of when such easements become effective.

8. Remedies and Enforcement. In the event of a default or threatened default by Mt. Jordan, Porter's Point, any of the individual entities related to Porter's Point hereunder, and/or any such Party's respective successors and/or assigns, of any of the terms, easements, covenants, conditions or restrictions hereof, the non-defaulting parties shall be entitled forthwith to pursue all available legal and equitable remedies from the consequences of such breach, including but not limited to specific performance. The remedies specified herein shall be cumulative and in addition to all other remedies permitted at law or in equity. Notwithstanding the foregoing to the contrary, no default hereunder shall entitle either party to cancel, rescind, or otherwise terminate this Agreement.

9. Miscellaneous.

A. Attorneys' Fees. In the event a Party institutes any legal action or proceeding for the enforcement of any right or obligation herein contained, the prevailing Party after a final adjudication shall be entitled to recover its costs and reasonable attorneys fees incurred in the preparation and prosecution of such action or proceeding.

B. Amendment. The Parties agree that the provisions of this Agreement may be modified or amended, in whole or in part, or terminated, only by the written consent of Mt. Jordan and Porter's Point, and/or their respective successors and assigns, evidenced by a document that has been fully executed and acknowledged by all such record owners and recorded in the official records of the Salt Lake County Recorder in the State of Utah.

C. Further Assurances. The Parties agree to execute and deliver such instruments of further assurances or confirmation, in recordable form, as may reasonably be necessary to perfect, complete and confirm the easements, conditions, obligations and covenants created or contained in this Agreement.

D. No Agency, Partnership or Joint Venture. Nothing in this Agreement shall be deemed or construed by any person to create the relationship of principal and agent, or of limited or general partners, or of joint venturers, or of any other association between any of the Parties.

E. No Waiver. No waiver of any default of any obligation by any party shall be implied from any omission by the other Party to take any action with respect to such default.

F. Covenants to Run with Land. It is intended that each of the easements, covenants, conditions, restrictions, rights and obligations set forth herein shall run with the land and create equitable servitudes in favor of all properties benefitted thereby, and shall bind every person having any fee, leasehold or other interest therein, and shall inure to the benefit of the parties and their respective successors, assigns, lenders, heirs, and personal representatives. Without limiting the generality of the foregoing, the Parties hereby expressly acknowledge and agree that each of the lenders that have signed "Consents" attached hereto (each a "*Lender*") are the current beneficiaries under the respective deeds of trust and/or trust deeds more fully described in such Consents (the "*Trust Deeds*"), which Trust Deeds encumber portions of the properties described herein. As such, said Trust Deeds shall be deemed to encumber all easement rights and rights granted to the different Parties hereunder to the extent that such rights benefit any of such encumbered property with respect to the applicable Lender, and that in the event of a foreclosure (or deed in lieu of foreclosure) by any of the Lenders (or any successor in interest as beneficiary under any of the applicable Trust Deeds) of all or any portion of the encumbered Property, such Lender (or any successor or assign) shall automatically succeed to the easement rights and interests granted hereunder, to the extent that such rights and interests benefit any of such foreclosed property.

G. Grantee's Acceptance. The grantee of any portion of the Property, or any portion thereof, by acceptance of a deed conveying title thereto or the execution of a contract for the purchase thereof, from an owner of such portion of the Property, shall accept such deed or contract upon and subject to each and all of the easements, covenants, conditions, restrictions, duties and obligations contained herein. By such acceptance, any such grantee shall for itself and its successors, assigns, heirs, and personal representatives, covenant, consent, and agree to and with the other affected persons, to keep, observe, comply with, and perform the obligations and agreements set forth herein with respect to the portion of the Property so acquired by such grantee. To the extent a grantee succeeds to any portion of the PP Property or the MJ Property, as the case may be, all references in this Agreement to Porter's Point or Mt. Jordan, as applicable, shall mean and refer to such grantee in its capacity as success-in-interest as to those portions of the PP Property or MJ Property owned by the grantee.

H. Severability. Each provision of this Agreement and the application thereof to the Property are hereby declared to be independent of and severable from the remainder of this Agreement. If any provision contained herein shall be held to be invalid or to be unenforceable or not to run with the land, such holding shall not affect the validity or enforceability of the remainder of this Agreement. In

the event the validity or enforceability of any provision of this Agreement is held to be dependent upon the existence of a specific legal description, the parties agree to promptly cause such legal description to be prepared. Ownership of all of the Property by the same person or entity shall not terminate this Agreement nor in any manner affect or impair the validity or enforceability of this Agreement.

I. Entire Agreement. Except for the agreements being entered into between or involving the parties referred to in this Agreement, this Agreement contains the complete understanding and agreement of the parties with respect to all matters referred to herein, and all prior representations, negotiations, and understandings are superseded hereby.

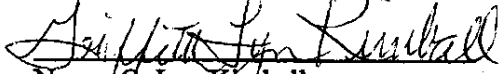

J. Governing Law. The laws of the State of Utah shall govern the interpretation, validity, performance, and enforcement of this Agreement.

K. Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one and the same agreement.
