RE: Silver Creek Village Center Lot 2 Subdivision Address Corrections

With the recording of the Silver Creek Village Center Lot 2 Subdivision plat (Entry #1102101 recorded on 11/26/2018), there was some confusion about which street each lot should use for its situs address. Now that homes are being constructed, the front doors are facing a different street than the street on which they have addresses. This memorandum will correct the addresses of the lots with their front doors facing a different street than the original assigned address.

Please find attached a table of the affected lots with their original addresses and their corrected addresses.

Thanks, if you have any questions, please call me at ext 3145.
