2. PURPOSE OF DECLARATION.

2.1 Purpose. Owner intended by this Agreement to create a common plan ownership and use of the Pumping Station to facilitate the distribution and use of the Water Right for the benefit of Grantee, those Persons with whom Grantee enters into agreements relating to the Water Right and/or the Pumping Station, and Grantee’s successor and assigns, and Owner desires to create the Easements on the terms and conditions set forth in this Agreement.

2.2 No Merger. It is the intention of Owner and Grantee that the Easements, equitable servitudes, covenants, conditions and restrictions set forth in this Agreement shall continue to burden or benefit, as applicable, the Easement Area, notwithstanding the fact that, at any time, the same Person may own any or all of the Easement Area. Any such multiple ownership shall not result in the merger of the respective interests, rights and obligations of Owner.

3. COVENANT AND GRANT OF EASEMENTS.

3.1 Covenant of Owner. Owner, for itself, and its successors and assigns, hereby declares that the Easement Area shall, from and after the date hereof, be owned, held, transferred, conveyed, sold, leased, rented, hypothecated, encumbered, used, occupied, maintained, altered and improved subject to the Easements, equitable servitudes, covenants, conditions and restrictions set forth in this Agreement.

3.2 Grants of Easements. Subject to the terms, covenants, agreements and conditions of this Agreement, Owner hereby grants to the Grantee the following exclusive, perpetual, commercial Easements:

on, over, across, under and through the Easement Area for the purposes set forth in Section 4.1 hereof, together with the right of access over and across all roads, driveways and other land as may reasonably be necessary to use the Easements, as provided herein. The Easements: (a) shall be for the benefit of Grantee, Owner, and any Person entering onto the Easement Area or using the Grantee Improvements with the express or implied permission of Grantee, for the purposes set forth in Section 4.1, below provided that any use of the Easement Area by a Person who is a third party to this Agreement requires prior written approval of Owner. The easements granted hereunder are for the benefit not only of those Persons listed in this Section 3.2, but also for the Benefited Real Property.

3.3 Termination of Easement/Amendment. The Easements may be terminated by a written instrument executed by Owner and Grantee; provided, however, that the Easements may be

terminated without the consent of Owner. This Agreement may be amended only by a written instrument executed by the Owner and Grantee.

4. USE OF EASEMENTS.

4.1 Use of Easements; Access. The Easements shall be used only for the purposes of constructing, operating, maintaining, repairing, altering, improving, upgrading and replacing the Grantee Improvements, as set forth in this Agreement, and shall include the right of access over and across the Access Easement Area, but only as may reasonably be necessary in order to construct, operate, maintain, repair, alter, improve, upgrade and replace the Grantee Improvements. Any Person using such right of access shall use the Easement Area in such a manner as will not unreasonably interfere with the rights of other Persons with a legal right to occupy and use such Access Easement Area, if any. The use of the Easements shall comply with Laws.

4.2 Repair and Restoration of Grantee Improvements. The Grantee Improvements already exist on the Easement Area. Should it become necessary for Grantee to replace, alter, upgrade, or reconstruct all or any portion of the Grantee Improvements, Grantee shall do so, at its sole cost and expense. In that event, Grantee shall replace, alter, upgrade, or reconstruct the Grantee Improvements within the Easement Area as set forth in this Agreement and after first receiving Owner's approval of Grantee's drawings, plans, studies, and specifications relating to such replacement, alteration, upgrade, or reconstruction of the Grantee Improvements, the names of all contractors and subcontractors expected to perform the work and the timetable for performance of the work (the "*Grantee Improvements Plans*"). Owner shall not unreasonably withhold, delay, or condition such approval, and Owner's approval is limited to the Grantee Improvements Plans and does not affect Grantee's right to decide, in its sole discretion whether and/or when to make any such replacement, alteration, upgrade, or reconstruction of the Grantee Improvements. However, Grantee shall cooperate with Owner in determining the timing of any such replacement, upgrade, or reconstruction of the Grantee Improvements. Further, Grantee is not obligated to seek or obtain Owner's approval or consent for any repair of or maintenance to any or all of the Grantee Improvements. The Grantee Improvements shall be replaced, altered, upgraded, or reconstructed in a good and workmanlike manner and in compliance with Laws (including, without limitation, all applicable wetland Laws) and free and clear of liens and claims therefor. In connection with the replacement, alteration, upgrade, or reconstruction or with any maintenance, repair, improvement of the Grantee Improvements, Grantee shall use reasonable efforts not to adversely affect the aesthetics of the property on which the Easement Area is located. Within thirty (30) days after any such replacement, upgrade, alteration, or reconstruction, and after any maintenance, repair, improvement, upgrade, or replacement of the Grantee Improvements, Grantee shall commence to Restore, at its sole cost and expense, such of the Easement Area as is affected thereby. All such work shall be completed as expeditiously as reasonably possible after commencement and within the timetable set forth in the Grantee Improvement Plans, subject to extension as the result of Force Majeure Delays and, with respect to the installation of native grasses and landscaping, if reasonably necessary in Grantee's opinion, extension to the next growing season. If the Grantee Improvements are replaced, upgraded, altered, or reconstructed, operated, maintained, repaired, improved, in a manner that destroys, damages, or necessitates a relocation of any existing overpasses, culverts, lines, conduits or

other improvements that relate to utilities, water flow lines, trails, driveways or roads within the Easement Area, such improvements shall be repaired, replaced or relocated, in a good and workmanlike manner and in compliance with Laws and free and clear of all liens and claims therefor, so the resulting improvements are of a quality as good (or better) as those existing prior to the construction, operation, maintenance, repair, improvement, upgrade or replacement, by and at the sole cost and expense of Grantee.

4.3 Non-Liability/Indemnification by Grantee. Owner does not hereby assume, nor shall have, any liability or responsibility with respect to the use of the Grantee Improvements or the Easement Area by Grantee or any Person entering onto the Easement Area or using the Grantee Improvements with the express or implied permission of Owner or Grantee. To the extent permitted by Law, Grantee shall indemnify, defend and hold Owner harmless from and against all liability, damage, costs, expenses, losses, claims, demands, judgments, actions and causes of action (including, without limitation, attorneys' fees and court costs) suffered from or caused by: (a) the use of the Grantee Improvements or the Easement Area by Grantee or any Person entering onto the Easement Areas or using the Grantee Improvements with the express permission of Grantee, or the exercise of Grantee's rights hereunder, including without limitation, any violation of Laws (including without limitation, wetlands Laws) by Grantee; (b) the replacement, upgrade, or reconstruction, operation, maintenance, repair, alteration, or improvement of the Grantee Improvements by Grantee or any Person performing such replacement, upgrade, or reconstruction, operation, maintenance, repair, alteration, or improvement with the express permission of the Grantee, including, without limitation, any mechanic's liens which may be asserted or Recorded against all or any portion of the Easement Area for services performed or materials supplied in connection with any work performed on the Grantee Improvements by Grantee or by any Person performing such work with the express permission of Grantee; or (c) any breach of this Agreement by Grantee.

4.4 Insurance. Without limiting Grantee's obligations or liabilities hereunder, Grantee, at its sole cost and expense, shall purchase and obtain the following commercial general liability insurance covering public liability with respect to the use of the Grantee Improvements and the Easement Area, which shall be underwritten by insurers having A.M. Best Company rating of at least A-/VII, with limits in an amount and coverage of the types a prudent landowner would maintain taking into account the use of the Easement Areas, but in any event not less than \$1,000,000 for each occurrence and \$2,000,000 in the aggregate. In the alternative, Grantee may carry excess liability insurance and/or umbrella insurance that, when combined with its primary coverage in a given category of insurance, brings the total coverage in such category to be no less than the required amount for that category of insurance. Grantee shall have the right to self insure for such insurance obligations. Grantee shall provide the following coverage endorsements: (a) an endorsement including the Owner as additional insured, (b) an endorsement noting that each of the parties comprising the insureds shall be considered as a separate entity, the insurance applies as if a separate policy has been issued to each party, and no "insured-versus-insured" exclusion exists in the policy, and (c) an endorsement waiving all express or implied rights of subrogation against the Owner. The Grantee shall be solely responsible for payment of the applicable insurance policy deductible amount and shall not be entitled to recover such amount from Owner.

4.5 Retained Rights/Designated Easements. Except as otherwise provided in this Agreement, Owner retains the right to the undisturbed use and occupancy of the portion of the Easement Area, insofar as such use and occupancy is consistent with and does not interfere with or impair the rights granted to Grantee under this Agreement.

4.6 Default/Remedies. In the event of any default under this Agreement, any non-defaulting party may give notice to the defaulting party of such default. The defaulting party shall have ten (10) days within which to cure such default, or, with respect to a nonmonetary default, if such default cannot be cured within ten (10) days, such longer time as may reasonably be necessary to cure such default, provided that the defaulting party commences to cure such default within said ten (10) days and diligently prosecutes the same to completion. In the event of a default that is not timely cured, the non-defaulting parties shall be entitled to: (a) cure such default at the expense of the defaulting party (and the defaulting party shall pay the expense thereof upon demand); and (b) any other remedies which may be available at law or in equity. The parties acknowledge that damages may be an inadequate remedy for a default hereunder and agree that the parties shall be entitled to injunction, specific performance and other equitable remedies to enforce the terms of this Agreement. The prevailing party in any action to enforce this Agreement shall be entitled to its attorneys' fees and court costs.

5. MISCELLANEOUS PROVISIONS.

5.1 No Representation. Owner makes no representation or warranty of any kind to Grantee including, without limitation, any representation or warranty with respect to title to any of the Easement Area or the suitability of the Easement Area, the Easements or the Grantee Improvements for Grantee's intended use.

5.2 Successors and Assigns/Assignment. Each and every one of the benefits, burdens, terms, covenants, agreements and conditions of this Agreement shall: (a) inure to the benefit of and be binding upon Owner and Grantee; and (b) upon the successors and assigns of Owner and Grantee, and all rights granted herein may be assigned by Grantee. It is the intention of the parties that this Agreement and the Easements granted herein be assignable by Grantee without terminating the Easements and that the Easement be construed as covenants running with the land and the Water Right.

5.3 Notices. Any notice, consent or other communication under this Agreement must be in writing, marked to the attention of the company representative (as applicable), sent to the relevant address specified below, and hand delivered or sent by nationally recognized courier or by mail, fax or email.

Unless the notice specifies a later time, and subject to applicable laws, a notice will be effective as follows: for a hand delivery or delivery by courier, upon receipt; for a letter sent by registered/certified mail, 5 days after postmark (7 days if postmarked from a foreign country), (iii) for a fax upon confirmation from the dispatching machine that indicates that the fax was sent in its entirety to the fax number of the recipient, and for an e-mail, the notice must be included as an

attachment to the e-mail (not simply contained in the e-mail text), and will be effective upon receipt of a delivery-receipt or other reliable electronic means to verify receipt; provided that if a notice is received on a day other than a business day, or is received after 5:00 p.m. in the jurisdiction of receipt, the notice will be effective the next day.

A Party may change its address for notices by providing written notice to that effect to the other Party.
