IRRIGATION ACCESS EASEMENT AGREEMENT (Saratoga Spring, Utah)

IHC HEALTH SERVICES, INC., a Utah nonprofit corporation (“Grantor”), and the CITY OF SARATOGA SPRINGS, a body politic of the State of Utah (“Grantee”), enter into this IRRIGATION ACCESS EASEMENT AGREEMENT (this “Agreement”) on February 1, 2018.

Background

- A. Grantor owns the real property in Saratoga Springs, Utah County, Utah, described in Exhibit A (the “Property”).
- B. In connection with a roadway construction project along with the west border of the Intermountain Property, Grantee requires a nonexclusive, perpetual right-of-way and access easement over and across a portion of the Property described and depicted in Exhibit B (the “Easement Area”) for open and closed channel irrigation canal facilities. Grantor is willing to grant the easement, subject to the following terms.

Terms

- 1. Grant of Easement. Grantor hereby grants to Grantee a nonexclusive, perpetual right-of-way and easement (the “Easement”) under and across the Easement Area for the sole purpose of maintaining, operating, repairing, inspecting, removing and replacing open and closed channel irrigation canal facilities together with all related improvements and facilities (the “Improvements”). The Easement includes the right to access the Easement Area to accomplish the purposes described above, but Grantee will only enter the Easement Area at commercially reasonable times, using existing roads and access ways, and using good faith, commercially reasonable efforts to minimize interference with Grantor’s use of the Property. Grantee will notify Grantor in writing at least five days before undertaking any construction, maintenance, or repair work within the Easement Area (except in the case of an emergency, for which no advance notice is required). The Easement and this Agreement will automatically terminate at such time as the Improvements are no longer needed or the associated canal is no longer in operation, as confirmed by the mutual agreement of Grantor and Grantee.
- 2. Reservation. Grantor reserves the right to use the Easement Area in common with Grantee so long as Grantor does not unreasonably interfere with the Improvements or the Grantee’s use of the Easement. Grantor may install and maintain landscaping (excluding trees), hardscaping, sidewalks, driveways, drainage and other improvements on the Easement Area (collectively, the “Permitted Improvements”). Except for the Permitted Improvements, Grantor will not construct or erect any other improvements, buildings or structures on the Easement Area or change the contour of the Easement Area without obtaining Grantee’s written consent, which Grantee will not unreasonably withhold, condition or delay. Grantor also reserves the right to grant permits, licenses and

easements over, across, through and under the Easement Area for any other lawful purpose, subject to this Agreement.

3. Location of Improvements; Right to Relocate. The Improvements will be located at depths consistent with applicable laws, ordinances, codes, and regulations. Grantor may, at Grantor's sole cost and expense, relocate the Improvements and the Easement to any other location on the Property after providing Grantee with at least 60 days' advance written notice describing the proposed location. Grantor will comply with Grantee's ordinances, rules and regulations and all applicable state laws and regulations when performing the relocation. Following the relocation, the parties agree to execute and record an amendment to this Agreement identifying the new Easement Area and releasing those portions of the Property no longer required for the Easement.
4. Repairs. If Grantee damages or destroys any Permitted Improvements or Grantor's other improvements or property in connection with Grantee's exercise of its rights under this Agreement, Grantee will repair or replace the damaged improvements and restore the damaged property as near to the original condition as is reasonably possible. Grantee will complete all repair work within 30 days of receiving written notice from Grantor describing the damage. If Grantee cannot complete the repair work within 30 days due to circumstances outside of Grantee's control, Grantee may take additional time as may be necessary under the circumstances to complete the work so long as Grantee begins the work within the 30-day period (or, in the case of a weather-related force majeure event, within 30 days of the date when Grantee can begin such work under such circumstances) and diligently pursues it to completion.
5. Compliance with Laws. Grantee will comply with all applicable federal, state and local laws, rules and regulations when entering upon the Easement Area and exercising its rights under this Agreement. Grantee will diligently complete all construction, maintenance and repair activities permitted under this Agreement within a commercially reasonable time frame under the circumstances.
6. No Liens. Grantee will not permit any lien or claim of mechanics, laborers or materialmen to be filed against the Easement Area or the Property for any work, labor or materials furnished, alleged to have been furnished or to be furnished pursuant to any agreement by Grantee. In the event that a lien or claim is filed, Grantee will cause the lien or claim to be paid and discharged within 30 days after the date of the filing or recording of the lien or claim. If Grantee contests the lien claim, Grantee will cause a bond for at least 150% of the amount of the disputed lien claim to be issued in favor of Grantor (the "Bond") within 30 days after the date of the filing or recording of the lien. The Bond will be maintained during the entire time of any proceeding in which Grantee contests the lien.
7. Indemnification. Grantee will indemnify Grantor from and against all damages, claims, losses, costs, expenses, or other liabilities that arise by reason of the use of the Easement, the Easement Area, or any other portion of the Property by Grantee or its contractors, employees, or invitees, including claims for death or injury to person or damage to property, attorneys' fees and court costs. The indemnities set forth in this paragraph are in addition to, and not in limitation of, any indemnification or other rights or remedies available to Grantor at law or in equity. The provisions of this paragraph will survive any termination of the Easement or this Agreement.
8. Environmental Matters. Grantee will not permit any contamination, dumping or other environmental waste to be left, stored, disposed, or released in or on the Easement Area or the Property. Additionally, Grantee will not create, exacerbate or cause any "Environmental Condition" (as defined below) on or about the Property or the Easement Area. Nothing in the foregoing will be

construed to impose liability on Grantee for any latent Environmental Condition existing at the Property and unknown to Grantee as of the date of this Agreement. For purposes of this Agreement, "Environmental Condition" means (a) contamination or pollution of soil, air, surface or groundwater, (b) the disposal, placement, existence, presence or release or threat of release of a "Hazardous Material" (as defined below) and the affects thereof, or (c) noncompliance with or violation of "Applicable Law" (as defined below) including, without limitation, any lack of required governmental permits or approvals. "Hazardous Material" means (x) any substance, the presence of which requires investigation, remediation, or other response or corrective action under Applicable Law, or (y) any substance which is defined as a hazardous waste, hazardous substance, extremely hazardous substance, hazardous material, hazardous matter, hazardous chemical, toxic substance, toxic chemical, pollutant or contaminant, or other similar term, in or pursuant to Applicable Law, or (z) any asbestos or asbestos-containing material, PCBs or equipment or articles containing PCBs, petroleum, diesel fuel, gasoline or other petroleum hydrocarbons. "Applicable Law" means all existing federal, state or local laws, common law, statutes or regulations, including, without limitation, those relating to the protection of human health and safety, protection of the environment, or prevention of pollution.

9. Notice. All communications, consents, and other notices provided for in this Agreement will be in writing and will be effective on the date sent by receipted hand delivery, e-mail, nationally-recognized, overnight courier, or registered or certified mail, return receipt requested, postage prepaid, and addressed as follows:
