Upon written notice from the Declarant or ARC, an Owner, at his/her/its sole cost and expense, shall remove such non-conforming construction, alteration, landscaping, improvement or other work and shall restore the Unit to substantially the same condition that existed prior to the conforming work. Any such modification and accommodation made under this section shall not act as a waiver of the provisions of the Governing Documents with regard to anyone else.
- 8.5 No Representations and Warranties. EACH OWNER UNDERSTANDS, AGREES, AND ACKNOWLEDGES THROUGH TAKING TITLE TO A UNIT OR RESIDING IN THE PROJECT THAT THE DECLARANT HAS NOT MADE ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND RELATED TO THE PROJECT AND THAT HE/SHE HAS NOT RELIED UPON ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, RELATIVE TO THE PROJECT.

#### **ARTICLE 9 DECLARANT RIGHTS**

- 9.1 Special Declarant Rights. Notwithstanding any herein to the contrary, the Declarant shall have the all rights and powers provided for in this Article 9. If any other article in this Declaration contains the words “notwithstanding anything to the contrary,” or words of similar import, the provisions therein shall all nonetheless be subject to the terms in this Article 9.
- 9.2 Declarant Control Period. For purposes of this Article 9, and as used in this Declaration, the “Declarant Control Period” shall mean and refer to the period of time during which the Declarant owns any Unit or other land within the Project.
- 9.3 Easement Rights. The Declarant shall have and hereby retains an easement for access over, under, across and through the entire Project and may utilize, allow anyone else to utilize, or may grant easements over, under across, and through any easement right reserved to anyone in the Declaration.
- 9.4 Right to Amend Plat. Subject to necessary approvals from any applicable municipality or government agency, during the Declarant Control Period, the Declarant shall have the right to seek amendment, change, or modification of the Plat, subject only to the requirement that the Declarant get approval from any Owner of a Unit that has any boundary modified by the Plat.
- 9.5 Expansion of Project/Additional Land. The Declarant may add land to or withdraw land from the Project and expand or contract the Project, at any time, and for any reason, consistent with City ordinance.

- 9.6 Assignment of Special Declarant Rights. The Declarant, at any time, by recording a written notice, may assign or transfer all or some of its control, power, authority, or decision-making ability to any other Person prior to the end of the Declarant Control Period. In the case of the abandonment of the Project by the Declarant, the cessation of business by the Declarant, or the foreclosure of any undeveloped property that is subject to the provisions of this Declaration, the rights of the Declarant as provided for in this Declaration may be exercised by any owner of the undeveloped land within the project or to be expanded into the Project.
- 9.7 Exceptions from Use Restrictions. The Declarant shall not be bound by any use restriction in the Declaration as it relates to the Units owned by the Declarant.
- 9.8 No Modification of Declarant Rights. Declarant Rights in this Declaration and, specifically, in this Article 9 shall not be substantively or procedurally altered without the written consent of the Declarant during the Declarant Control Period. Any attempt to amend without proper consent shall be void *ab initio* to the extent it attempts to alter the rights of the Declarant or any provision of Article 9 without the consent of the Declarant.
- 9.9 Use of Units for Sales Activities. During the Declarant Control Period, the Declarant shall have the right to use any Unit owned by it in furtherance of any activities designed to accomplish or facilitate construction, improvement and sale of Units owned by the Declarant or to be added to the Project, as the Declarant, from time to time, may desire. The Declarant shall have the right to maintain one or more sales offices. Such offices may be located on any Unit with the permission of the Owner of that Unit (who may be the Declarant) or in one or more separate structures, trailers, or facilities placed in the Project to aid the Declarant's sales efforts, or any combination of the foregoing. The Declarant shall also have the right to maintain any number and size of promotional, advertising, or directional signs, banners, or similar structures or devices at any place or places in the Project. The Declarant shall also have the right to designate by signs or otherwise any street parking as parking for sales only or to otherwise restrict and use any common parking. The Declarant shall have the right from time to time to relocate, move, remove, or add to any of its sales offices, parking restrictions, signs, banners or similar structures or devices.
- 9.10 Declarant Rights Do Not Impose Obligations. The Declarant Rights provided for in this Article 9 shall not be construed to impose any obligation, legal or equitable, related to the issues to which they might apply. Each Owner, by taking title to a Unit, waives and disclaims any such duty and affirmatively acknowledges that no such duty exists or should be imposed as a result of the Special Declarant Rights.

**ARTICLE 10**  
**CONFLICT AND LITIGATION AVOIDANCE**

- 10.1 Statement of Intent. Every Owner is capable of obtaining an inspection and is permitted to perform, or pay someone else to perform, any inspection on any Unit or Lot that Owner is purchasing or any aspect of the Project, all prior to purchasing a Unit. Having had the ability to inspect and having paid market price for a Unit in the condition it and other Units in the Project are in at the time of purchase, it is acknowledged that it is unfair and improper thereafter to seek to have the Declarant and/or the Builder or any subcontractor performing work in the Project change, upgrade, or add additional work to the Project outside of any express warranty obligation. Moreover, the Owners and the Declarant acknowledge and agree that litigation is an undesirable method of resolving certain conflicts in that it is slow, expensive, uncertain, and can often negatively impact the sale value and ability to obtain financing for the purchase of Unit for years, unfairly prejudicing those Owners who must sell or who want to sell their respective Units during any period when litigation is pending. For this reason, the Owners and the Declarant agree and acknowledge that certain disputes simply shall not be pursued, to the extent permitted by law, and that other disputes shall be pursued only through certain specific alternative dispute resolution mechanisms and only after full disclosure, right to cure periods, and knowing approval of the Owners.
- 10.2 Owner Warranties. The Declarant may, but is not obligated to, provide certain warranties to the Owners related to the Units purchased. The first Owner of a Unit to whom any warranty is issued or with whom a legal warranty arises, and only that Owner, shall have the right to directly enforce and seek performance from the Declarant of any terms of the warranty and only consistent with the warranty itself. No Owner shall have the right to assign any rights of any kind to any other Person related to pursuing litigation against the Declarant.
- 10.3 Waiver of Subrogation and Release. Each Owner waives any right to subrogation against the Declarant and the Builder in the Project. This waiver shall be broadly construed and applied to waive, among other things, any attempt by any insurer of any Owner from pursuing or exercising any subrogation rights, whether arising by contract, common law, or otherwise, against the Declarant and Builder (including their respective principles, officers, managers, shareholders, members, employees, agents, and representatives). To the fullest extent permitted by law, each Owner, by taking title to a Unit, releases the Declarant and Builder (including their respective principles, officers, managers, shareholders, members, employees, agents and representatives) from any and all liability to the Owners, and anyone claiming through or under them by way of subrogation or otherwise, for any loss, injury, or damage to property, caused by fire or any other casualty or event, even if such fire or other casualty shall have been caused by the fault or negligence of Declarant or Builder (including their respective principles, officers, managers, shareholders, members, employees, agents and representatives). Each Owner, by taking title to a Unit, agrees to indemnify and defend the Declarant and the Builder, and any of their respective officers, employees, owners, or representatives, from any claims barred or released by this provision, including but not limited to any claim brought under any right of subrogation.

10.4 Declarant Litigation.

- (a) An Owner may only make a claim against the Declarant, to the extent allowed herein or by law after the following efforts at dispute resolution have been completed:
  - (i) Right to Cure: the Owner shall provide to the Declarant a Notice of Claim (defined in Subsection 10.4(d) below) and permit the Declarant one hundred eighty (180) days to cure or resolve the claim or defect or to try to get its contractor or the appropriate subcontractor to cure or resolve the claim or defect, prior to initiating any lawsuit, claim, or dispute resolution process;
  - (ii) Mandatory Mediation: if the dispute is not resolved within the Right to Cure period, the parties shall participate in mediation prior to taking further action.
- (b) For any claim allowed by law or by this Declaration, the parties agree to binding arbitration of all claims asserted against the Declarant, or subcontractor by any Owner, with the initiating party advancing all arbitration costs subject to assignment of those costs by the arbitrator in a final decision on the merits. The parties to any such arbitration shall work, in good faith, to agree upon the arbitrator, arbitration service, and all aspects of the arbitration and mediation proceedings.
- (c) In the event the parties are unable to agree regarding the mediation or arbitration service, the dispute shall be submitted to the American Arbitration Association for mediation and/or arbitration. Arbitration rules applicable to construction disputes shall apply, subject to the requirements of this Declaration and shall be modified accordingly in case of any conflict between the arbitration rules and this Declaration.
- (d) For purposes of this Section 10.4, "Notice of Claim" shall mean and include the following information: (i) The nature of the claim; (ii) a specific breakdown and calculation of any alleged damages; (iii) a specific description of the claim along with any supporting opinions, information, or other factual evidence upon which the claim is based; (iv) photographs of any alleged condition, if applicable; (v) samples of any alleged defective conditions or materials; (vi) all efforts taken to avoid, mitigate, or minimize the claim or any alleged damages arising therefrom; and (vii) the names, phone numbers, and addresses of every Person providing factual information, legal or factual analysis, or legal or factual opinions related to the claim.
- (e) Except as to an Owner Warranty and to the fullest extent permitted by the law, an Owner, by taking title to a Unit, shall not and agrees not to commence or maintain any arbitration, litigation, or other action against the Declarant, or any of its principals, officers, managers, shareholders, members, employees, agents and representatives, for any reason, including, but not limited to, alleged construction defects or any damages arising therefrom.
