RECORDED FOR METROPOLITAN WATER DISTRICT

(Quitclaim Deed No. 2 under Contract No. 04-WC-40-8950)

**QUITCLAIM DEED**  
**(Salt Lake Aqueduct, Utah County Lands)**

THE UNITED STATES OF AMERICA (Grantor), acting by and through the Bureau of Reclamation, Department of the Interior, pursuant to the provisions of the Act of June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, particularly the Provo River Project Transfer Act (Public Law 108-382, 118 Stat. 2212), hereby quitclaims and conveys to METROPOLITAN WATER DISTRICT OF SALT LAKE & SANDY (Grantee), a political subdivision of the State of Utah, 3430 East Danish Road, Cottonwood Heights, Utah 84093, for Ten Dollars (\$10.00) and other good and valuable consideration, all of Grantor's right, title and interest in and to lands and interests in lands located in Utah County, Utah, commonly referred to as the Salt Lake Aqueduct, more particularly described in Exhibit A attached and by this reference made a part hereof,

TOGETHER WITH, all facilities, equipment, improvements, fixtures, features and appurtenances located in, under or upon such described lands and interests in lands,

TOGETHER WITH the rights, privileges, duties, obligations and responsibilities of the Grantor which exist, as of the date of this Quitclaim Deed, as a result of any valid right-of-use agreements entered by the Grantor. The Grantee shall honor the terms of each such right-of-use agreement, as described in the Provo River Project Transfer Act and Contract No. 04-WC-40-8950, dated November 23, 2004.

ALL OF THE ABOVE described lands, interests in lands, facilities, equipment, improvements, fixtures, features, and appurtenances are collectively referred to here as the "Real Property". This Quitclaim Deed shall be interpreted as conveying all of Grantor's interests, present and future, in all lands, interests in lands, facilities, equipment, improvements, fixtures, features and appurtenances that in anywise are a part of or essential to the ownership, operation, or maintenance of the Aqueduct Division of the Provo River Project lying or located within Utah County, Utah, whether acquired or constructed by or for Grantor, or acquired or constructed by or for Grantee, or constructed by or for others pursuant to right-of-use agreements, except as expressly excluded or reserved below.

TOGETHER WITH a perpetual, non-exclusive easement and right of reasonable and necessary ingress and egress on, over, under, and across any Central Utah Project (CUP) lands or interests in lands that lie within the area described in Exhibit B, attached and by this reference made a part hereof, for access to and the use, operation, and maintenance of lands, and the continued use,

operation, maintenance, repair, improvement, construction, reconstruction, or replacement of the Salt Lake Aqueduct and related facilities, equipment, improvements, fixtures, features and appurtenances. This described easement and right of ingress and egress does not allow unreasonable interference with the use, operation, maintenance, repair, improvement, replacement or reconstruction of any CUP lands, facilities, equipment, improvements, fixtures, or features. Under no circumstances shall the operation of CUP facilities be interrupted pursuant to the exercise of this easement without the prior consent of the Central Utah Water Conservancy District (CUWCD), which consent shall not be unreasonably withheld or delayed. Any excavation or other work pursuant to this easement shall require notice to CUWCD that is reasonable under the circumstances. Plans and drawings for any new Salt Lake Aqueduct facilities to be constructed pursuant to this easement shall be approved in advance by the Grantor and CUWCD, and such approval shall not be unreasonably withheld or delayed. All new facilities constructed pursuant to this easement shall comply with then current, applicable written Reclamation design and construction standards for encroachments and crossings. All reasonable steps shall be taken to reasonably minimize any permanent use of, or encroachment upon, CUP lands and interests in lands pursuant to this easement.

**THIS CONVEYANCE DOES NOT INCLUDE OR MODIFY:**

1. Any interest in or to any National Forest system lands crossed by the Salt Lake Aqueduct. As to such lands, Grantor shall convey to Grantee by separate instrument an appropriately sized, permanent easement for the use, operation, maintenance, repair, improvement, and replacement of the Salt Lake Aqueduct, as described in the Provo River Project Transfer Act and Contract No. 04-WC-40-8950.
2. Any interests in water rights or rights to use water.
3. Any oil, gas or other mineral rights or interests held in the name of the United States; *provided*, however, that any future exploration for oil, gas or other Federally owned minerals or mineral rights or interests underlying the Real Property shall be conducted in such a manner as will not compromise the structural integrity of, or interfere with the use, operation, maintenance, repair or replacement of, the Salt Lake Aqueduct, or related facilities, equipment, improvements, fixtures, features or appurtenances; *provided further* that no surface occupancy for exploration or exploitation of oil, gas, or other Federally owned minerals rights or interests shall be allowed on the Real Property.

**THIS CONVEYANCE IS SUBJECT TO:**

1. A perpetual, non-exclusive easement and right of reasonable and necessary ingress and egress on, over under, and across any Real Property described above that lies within the area described in Exhibit B, attached and by this reference made a part hereof, reserved to Grantor and Grantor's successors and assigns for access to and the use, operation, and maintenance of lands, and for the continued use, operation, maintenance, repair, improvement, construction, reconstruction, or replacement of Central Utah Project (CUP) facilities, equipment, improvements, fixtures, features and appurtenances. This described easement and right of ingress and egress does not allow unreasonable interference with the use, operation, maintenance, repair, improvement, replacement or reconstruction of the Salt Lake Aqueduct or lands and related facilities, equipment,

improvements, fixtures, or features. Under no circumstances shall the operation of the Salt Lake Aqueduct or related facilities be interrupted pursuant to the exercise of this easement without the prior consent of Grantee, which consent shall not be unreasonably withheld or delayed. Any excavation or other work pursuant to this easement shall require notice to Grantee that is reasonable under the circumstances. Plans and drawings for any new CUP facilities to be constructed pursuant to this easement shall be approved in advance by Grantee, and such approval shall not be unreasonably withheld or delayed. All new facilities constructed pursuant to this easement shall comply with then current, written Reclamation design and construction standards for encroachments and crossings that would be applicable if the Salt Lake Aqueduct had remained a Reclamation facility. All reasonable steps shall be taken to reasonably minimize any permanent use of, or encroachment upon, Real Property pursuant to this easement.

2. Oil, gas, and other mineral rights reserved of record by or in favor of third-parties in existence as of the date of this Quitclaim Deed.

3. Valid permits, licenses, leases, rights-of-use, or rights-of-way of record or outstanding on, over, or across the Real Property in existence on the date of this Quitclaim Deed.

4. A perpetual easement reserved by Grantor on, over, and across the Real Property to provide for lawful continued non-motorized public access to and across the Real Property for recreational purposes; *provided* that such non-motorized public use shall not interfere with the use, operation, maintenance, repair, improvement, replacement or protection of the Salt Lake Aqueduct and related facilities, equipment, improvements, fixtures, features and appurtenances, and such non-motorized public use shall be subject to all existing and future state, federal, local and Grantee statutes, rules, regulations, ordinances, policies and procedures regarding safety and security.

5. Title to any equipment, improvements, fixtures, features and appurtenances which are part of the Provo River Project, Utah, Deer Creek Division, is hereby reserved to the Grantor.

6. Title to any equipment, improvements, fixtures, features and appurtenances which are part of the Central Utah Project is hereby reserved to the Grantor.

**NOTICE IS HEREBY GIVEN that:**

1. Acting pursuant to the requirements of 40 CFR 373, on April 23, May 3, and May 18, 2006, the Grantor performed a hazardous waste survey of the Real Property, and a copy of said survey was delivered to the Grantee in a letter dated September 26, 2006. The Real Property conveyed herein to the Grantee is being conveyed in the same condition as existed on the date of said survey and which is more particularly described in that survey. No remediation by the Grantor on behalf of the Grantee has been or will be made.

2. The Grantee has used, and has had operation and maintenance responsibility for, the Real Property for over 50 years. Grantee and its successors and assigns accept the Real Property "as is" and also accept liability for the Real Property from the date of this Quitclaim Deed forward.

3. The Grantee and its successors and assigns shall be responsible for the protection, identification, and preservation of cultural resources, if any, located on the Real Property as required by the existing and future laws of the State of Utah.

4. Nothing in this Quitclaim Deed shall be construed as including the quitclaim, abandonment, forfeiture, or relinquishment by the Grantor of its basic patent right reserved by the Act of August 30, 1890 (26 Stat. 391) as to the described lands for easements claimed, or to be claimed, for purposes other than the Salt Lake Aqueduct.

5. Nothing in this Quitclaim Deed shall be construed or interpreted as altering or amending the terms or conditions of any United States contract, or supplements or amendments thereto, except as specifically provided in Article 20 of Contract No. 04-WC-40-8950, dated November 23, 2004.

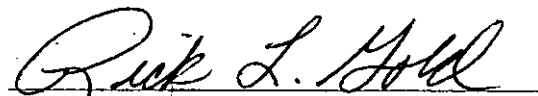

6. If any further specific conveyances should be necessary hereafter, because of the discovery of additional Real Property not listed on the Exhibits, to more specifically and legally describe the Real Property, or because the Grantor acquires any title to or interest in the Salt Lake Aqueduct by reason of an instrument in the Grantor's chain of title, or by operation of law, then Grantor shall make reasonable efforts to provide such conveyances, on the same terms and conditions described above.

7. Nothing in this Quitclaim Deed shall be construed or interpreted as creating any condition subsequent, reverter, or possibility of reverter.

**TO HAVE AND TO HOLD** unto Grantee, and Grantee's successors and assigns, the Real Property, together with all the rights and appurtenances thereto in anywise belonging, forever.

WITNESS the hand of the Grantor this 2<sup>nd</sup> day of October, 2006.

acts amendatory thereof or supplementary thereto, between the United States  
of America, herein styled the United States, represented by the officer  
executing this contract, and the State Road Commission of Utah, constituting  
for the purpose hereof the Highway Department of the State of Utah, herein  
styled the Highway Department.

WITNESSETH:

2. WHEREAS, the United States is constructing, among other things,  
as a part of the Aqueduct Division of the Provo River Project, a certain  
pipeline, commonly known as the Salt Lake Aqueduct, herein called the Aqueduct,  
in Wasatch, Utah, and Salt Lake Counties, Utah, and

3. WHEREAS, said Aqueduct will encroach on the right of way of a certain  
state highway in Section 24, Township 5 South, Range 3 East, in Section 26,  
Township 5 South, Range 3 East, and in Section 27, Township 5 South, Range  
3 East, S. L. E. & M., as shown on Exhibit "A", hereto attached and hereof  
made a part, and

4. WHEREAS, said Aqueduct will cross certain state highways at two  
points in Section 24, Township 5 South, Range 3 East, at a point in Section  
26, Township 2 South, Range 1 East, and at a point in Section 26, Township 1

South, Range 1 East, all of S. L. B. & M., as shown on Exhibit "A", hereto attached and hereof made a part, and

ENT 130076:2006 PG 14 of 183

5. WHEREAS, the Highway Department is willing that said encroachments and said crossings shall be made in accordance with the provisions hereof.

6. NOW, THEREFORE, in consideration of the mutual and dependant stipulations and covenants herein contained, it is agreed between the parties hereto, as follows:

7. The Highway Department hereby grants to the United States the right to encroach on the right of way of the state highway with the Aqueduct at the places shown on the maps attached hereto as Exhibit "B" (Sheet 1 through 5), said encroachments being described as follows:

180

No. 1 - A tract of land in the Southeast Quarter of the Southwest Quarter (SE $\frac{1}{4}$ ) of Section Twenty-four (24), Township Five (5) South, Range Three (3) East, S. L. B. & M., containing 0.52 of an acre, more or less, and being more particularly described as follows:

Beginning at a point on the southerly boundary line of the Salt Lake Aqueduct opposite station 105+16 of said aqueduct center line from which point the Southwest corner of said Section 24 lies South Five Hundred Ninety-five (595.0) feet and West Two Thousand Fifty-eight and Eight-tenths (2058.6) feet, more or less, and running thence South 83°05' West Four Hundred Twenty and Five-tenths (420.5) feet; thence on a regular curve to the left with a radius of Three Hundred (300.0) feet and a distance of Seventy-three and Four-tenths (73.4) feet; thence South 54°05' East One Hundred Thirty-five and Five-tenths (135.5) feet; thence North 55°55' East Thirty (30.0) feet, to a point on a curve of the Highway center line at which the tangent to the curve bears North 41°51' East, and running thence on a regular curve to the right with a radius of Five Hundred Eighty-one (581.0) feet and a distance of Three Hundred Fifty-five and Three-tenths (355.3) feet, thence North 77°03' East Two Hundred Eighty (280.0) feet, more or less, to the point of beginning.

182

No. 2 - A strip of land in the Northeast Quarter (NE $\frac{1}{4}$ ), the South-east Quarter of the Northwest Quarter (SE $\frac{1}{4}$ ), and the North Half of the southwest Quarter (NW $\frac{1}{2}$ ).

of Section Twenty-six (26) and the Southeast Quarter (SE $\frac{1}{4}$ ) of Section Twenty-seven (27), Township Five (5) South, Range Three (3) East, Salt Lake Base and Meridian, Sixty-six (66) feet wide and included between two lines extending to the Salt Lake Aqueduct right of way boundary lines and everywhere distant Thirty-three (33) feet on the left or Southeasterly side and Thirty-three (33) feet on the right or Northwesterly side of that portion of the following described center line of the state highway, measured at right angles and/or radially thereto, between Salt Lake Aqueduct Stations 220+82.1 and 292+09.8; said center line is more particularly described as follows:

Beginning at a point on the Northeasterly boundary of the Salt Lake Aqueduct opposite Station 220+82.1 from which the West Quarter corner of said Section 26, which is also the East Quarter corner of Section 27, lies South Fourteen Hundred Nineteen and Six-tenths (1419.6) feet and West Forty-four Hundred Seventy-three and Five-tenths (4473.5) feet, said point being on a curve at which the tangent to the curve bears South 71°21' West and running thence along the curve to the right with a radius of Ten Hundred Eighteen (1018.0) feet and a distance of Forty-three (43.0) feet measured on the arc of the curve; thence South 74°06' West Three Hundred Seventy-six and Six-tenths (376.6) feet; thence along a regular curve to the left with a radius of Three Hundred Forty-four and Two-tenths (344.2) feet and a distance of Two Hundred Eighty-five and Nine-tenths (285.9) feet measured on the arc of the curve; thence South 26°30' West Two Hundred Three and Two-tenths (203.2) feet; thence along a regular curve to the right with a radius of Four Hundred Forty-three and Four-tenths (443.4) feet and a distance of Two Hundred Eighty and Seven-tenths (280.7) feet measured on the arc of the curve; thence South 62°45' West Seven Hundred Sixty-nine and Eight-tenths (769.8) feet; thence along a regular curve to the right with a radius of Five Hundred Ninety-seven and Two-tenths (597.2) feet and a distance of Three Hundred Twenty-three and Four-tenths (323.4) feet measured on the arc of the curve; thence North 66°12' West Five Hundred Ninety-four and Six-tenths (594.6) feet; thence along a regular curve to the left with a radius of Five Hundred Seventy-seven and Seven-tenths (577.7) feet and a distance of Five Hundred Five and Two-tenths (505.2) feet measured on the arc of the curve; thence South 40°42' West Two Hundred Thirty-nine (239.0) feet; thence along a regular curve to the right with a radius of Seventeen Hundred Sixty-two and Nine-tenths (1762.9) feet and

a distance of Two Hundred Sixty-one and Five-tenths (261.5) feet measured on the arc of the curve; thence South  $62^{\circ}12'$  West Nine Hundred Fifteen and Seven-tenths (915.7) feet; thence along a regular curve to the right with a radius of Twenty-two Hundred Fifty-six and Nine-tenths (2256.9) feet and a distance of Three Hundred Ninety-nine (399.0) feet measured on the arc of the curve; thence South  $62^{\circ}20'$  West Sixty-three and Six-tenths (63.6) feet; thence along a regular curve to the left with a radius of Three Hundred Sixty-five and Eight-tenths (365.8) feet and a distance of One Hundred Sixty-nine and Five-tenths (169.5) feet measured on the arc of the curve; thence South  $35^{\circ}47'$  West One Hundred Twenty-nine and Five-tenths (129.5) feet; thence along a regular curve to the right with a radius of Seven Hundred Forty-three and Six-tenths (743.6) feet and a distance of Four Hundred Thirty-three and Seven-tenths (433.7) feet measured on the arc of the curve; thence South  $69^{\circ}12'$  West Four Hundred Twenty-seven and Eight-tenths (427.8) feet; thence along a regular curve to the left with a radius of Four Hundred Forty-four and Five-tenths (444.5) feet and a distance of Two Hundred Sixty-one (261.0) feet measured on the arc of the curve; thence South  $35^{\circ}33'$  West One Hundred Eighty-eight (188.0) feet to a point on the Southeastern boundary of the Salt Lake Aqueduct right of way opposite Aqueduct center line Station 292+09.6, from which point the East Quarter corner of Section 27 lies North Eighteen Hundred Ninety-six and One-tenth (1896.1) feet and East Twelve Hundred Seventeen and Nine-tenths (1217.9) feet, more or less, containing 10.41 acres, more or less; excepting, however, from the strip of land described above a tract of land in the South Half of the North Half (SW $\frac{1}{4}$ ) of said Section 26, containing 0.41 acres and being more particularly described as follows:

Beginning at a point on the Southeastern boundary line of the aqueduct right of way opposite center line Station 299+73.7 from which the east Quarter corner lies South Three Hundred Ninety-nine and Eight-tenths (399.8) feet and West Twenty-nine Hundred Seventy-two and One-tenth (2972.1) feet and running thence South  $62^{\circ}45'$  West Eighty (80.0) feet; thence along a regular curve to the right with a radius of Six Hundred Thirty and Two-tenths (630.2) feet and a distance of Three Hundred Forty-one and Three-tenths

(341.3) feet measured on the arc of the curve; thence North  $66^{\circ}12'$  West Two Hundred Sixteen and Six-tenths (216.6) feet; thence North  $81^{\circ}47'$  East Six Hundred Twenty-six and Two-tenths (626.2) feet to the point of beginning. The net area being 10.00 acres.

The Highway Department also grants to the United States the right to construct, operate, and maintain a portion of the said aqueduct along, over, and across the above described land, provided that no operation of the United States shall be closer than fifteen (15.0) feet to the center line of the highway, and that there shall be no interference with the present drainage system;

8. Also, the Highway Department hereby grants to the United States the right to cross the state highways with the Aqueduct at places shown on the maps attached hereto and marked Exhibit "C" (Sheet 1 through 4), namely:

No. 1 - State Highway Crossing, Salt Lake Aqueduct, Station 131+99, from which point the NE corner of Section 24, Township 6 South, Range 5 East lies North 4276.0 feet and East 201.0 feet, more or less.

178

No. 2 - State Highway Crossing, Salt Lake Aqueduct, Station 133+75, from which point the NE corner of Section 24, Township 6 South, Range 5 East lies North 4,368.6 feet and East 333.8 feet, more or less.

179

No. 3 - State Highway Crossing, Salt Lake Aqueduct, Station 1359+42, from which point the SE corner of Section 28, Township 2 South, Range 1 East lies South 4647.5 feet and East 839.4 feet, more or less.

436

No. 4 - State Highway Crossing, Salt Lake Aqueduct, Station 2166+30.6, from which point the E $\frac{1}{2}$  corner of Section 26, Township 1 South, Range 1 East lies North 1,530.1 feet and East 454.6 feet, more or less.

483

9. The United States will, without cost or expense to the Highway Department, construct said crossings in accordance with the plans, attached hereto and marked Exhibit "C". Said crossings shall be of reinforced concrete pipe or steel pipe construction and will be constructed in accordance

with the plans shown on Exhibit "C", or as otherwise approved by the Design Engineer of the Highway Department and the Chief Engineer of the United States Bureau of Reclamation.

10. The construction herein provided for shall not be deemed completed until the surface of the highway at the crossings herein described shall have been restored to its original condition, nor until and after any portion of the roadbed of said highway, or other parts thereof, including contiguous slopes, excavated, displaced or damaged by said construction shall have been restored to their original condition, or otherwise as approved by the Highway Department.

11. The said Aqueduct shall, at all times after construction, be maintained, repaired and renewed without expense to the Highway Department, and in such a manner as shall most suitably protect the highway at the encroachments and crossings herein described and the traffic thereon and any maintenance, repair, or renewal of said Aqueduct which shall affect the surface of the highway at the crossings aforesaid or traffic thereon shall be subject to the approval of the Highway Department.

12. Where the operations of this contract extend beyond the current fiscal year, the contract is made contingent upon Congress making the necessary appropriations for expenditures hereunder after such current year shall have expired. In case such appropriation as may be necessary to carry out this contract is not made, the Highway Department hereby releases the United States from all liability due to the failure of Congress to make such appropriation.

13. No Member or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract or to any benefit that may arise herefrom, but this restriction shall not be construed to extend to this contract if made with a corporation or company for its general benefit.

14. The terms of this contract shall inure to the benefit of and be binding upon the successors in interest and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties have hereto caused these presents to be signed by their proper officers thereunto duly authorized, the day and year first above written.

Also, a tract of land in the West Half of the Southeast Quarter (W $\frac{1}{2}$ SE $\frac{1}{4}$ ) of Section Sixteen (16), Township Five (5) South, Range Two (2) East, Salt Lake Base and Meridian, containing 3.11 acres, more or less, (herein for convenience designated as Tract B), and being more particularly described as follows:

Beginning at a point North One Thousand Two Hundred Ninety-three and Seven-tenths (1293.7) Feet and West One Thousand Nine Hundred and Eighty (1980.0) Feet, more or less, from the Southeast corner of said Section 16; thence North 44° 56' 30" West Seven Hundred Thirty-six and Four-tenths (736.4) Feet; thence East One Hundred Forty-one and Three-tenths (141.3) Feet to Station 827+16.2 of the Salt Lake Aqueduct; thence East Three Hundred Seventy-eight and Nine-tenths (378.9) Feet; thence South Three Hundred Fifty-eight and Three-tenths (358.3) Feet to Station 821+95.8 of the Salt Lake Aqueduct; thence South One Hundred Sixty-three (163.0) Feet to the point of beginning;

Also Grantors hereby convey and warrant to the United States a perpetual easement (under which no clay, earth materials, or minerals, or any of them whatsoever, shall be mined or removed from Tracts C and D hereinafter referred to and described) for lateral support of Tract B hereinabove described over the following described two tracts of land:

(1) A tract of land in the West Half of the Southeast Quarter (W $\frac{1}{2}$ SE $\frac{1}{4}$ ) of Section Sixteen (16), Township Five (5) South, Range Two (2) East, Salt Lake Base and Meridian, containing 10.89 acres, more or less (herein for convenience designated as Tract C), and being more particularly described as follows:

Beginning Eight Hundred Ninety-one (891.0) Feet North of the South quarter corner of said Section 16, and running thence North Nine Hundred Twenty-four (924.0) Feet; thence East One Hundred Thirty-nine and Eight-tenths (139.8) Feet; thence South 44° 56' 30" East Seven Hundred Thirty-six and Four-tenths (736.4) Feet; thence South Four Hundred Two and Seven-tenths (402.7) Feet; thence West Six

363 - Hundred Sixty (660.0) Feet to the point of beginning;

(2) A tract of land in the East Half of the Southwest Quarter (E. 1/2) of Section Sixteen (16), Township Five (5) South, Range Two (2) East, Salt Lake Base and Meridian, containing 4.18 acres, more or less, (herein for convenience designated as Tract D), and being more particularly described as follows:

Beginning at a point Eight Hundred Ninety-one (891.0) Feet North of the South Quarter corner of said Section 16, and running thence North  $31^{\circ}11'43''$  West Five Hundred Twenty-one and Seven-tenths (521.7) Feet; thence North Four Hundred Ninety-five (495.0) Feet; thence East Two Hundred Ninety-seven (297.0) Feet; thence South Nine Hundred Twenty-four (924.0) Feet to the point of beginning;

Excepting and reserving unto the Grantors in connection with said tracts A, B, C, and D, and each of them, all waters upon or within the same, whether flowing in definite or indefinite channels or merely percolating there through, together with the right to construct new facilities for the development of said waters upon and within said Tracts C and D and that portion of Tract B particularly described as follows:

Beginning at a point which is North 1293.7 Feet and West 1980 Feet; more or less, from the Southeast corner of Section 16, Township 5 South, Range 2 East, Salt Lake Base and Meridian, and running thence North  $44^{\circ}56'30''$  West 736.4 Feet; thence East 70.65 Feet; thence South  $44^{\circ}56'30''$  East 636.4 Feet; thence South 70.8 Feet to beginning;

provided, that in so doing the Grantors shall not make any new

structures or facilities that will extend below the natural surface of the ground to a depth greater than 10 feet, or that will endanger the lateral support herein granted, without first obtaining the written consent of the United States, made by the officer who executed that certain land purchase contract with the Grantors dated March 25, 1944, on behalf of the United States, or other proper officer thereof; except as to Tracts C and D and that portion of Tract B particularly described above in this paragraph, the Grantors may drive a pipe or pipes not exceeding 6 inches in diameter but exceeding said depth of 10 feet for the purpose of tapping and collecting the waters therefrom on condition the Grantors, or their heirs and assigns, expressly agree that in so doing they will not endanger the lateral support herein granted;

The parties agree that the natural surface of the ground for the purposes of this deed is shown on Contour Map (1922 U. S. G. S. Datum) attached as Exhibit "A" to the land purchase contract between the parties hereto dated March 25, 1944;

Also Grantors hereby convey and warrant to the United States a perpetual easement to construct, reconstruct, operate and maintain an open ditch, wasteway, or conduit (or to use the present existing channel) upon, over and across the following described tract of land (herein for convenience designated as Tract E), to-wit:

A strip of land in the Northwest Quarter of the Southwest Quarter (NW 1/4) of Section Sixteen (16), Township Five (5) South, Range Two (2) East, Salt Lake Base and Meridian, Fifty (50.0) Feet wide and included between two lines extended to the property lines and everywhere distant Twenty-five (25.0) Feet on each side of the following described center line:
