withhold Ten Percent (10%) of each payment to the construction contractor until Fifty Percent (50%) of the work has been completed, at which time the remaining partial payments may be made in full, if the work is progressing satisfactorily. Also, whenever the work is substantially complete, the amount withheld may be further reduced. The amounts withheld as set forth hereinabove shall be deposited by the WATER COMPANY in a separate interest-bearing account, with the interest accruing to the benefit of the contractors and subcontractors on a pro rata basis according to the work performed by each. The withholdings and the interest earned thereon shall become due and payable to the said contractors and subcontractors upon satisfactory completion of the construction work under this agreement, or sub-agreements, and upon final inspection and acceptance of the work by an engineer designated by the STATE.

8. It is further agreed that the WATER COMPANY shall complete the construction of the PROJECT on or before May 1, 1991, and that title to the entire PROJECT, including all appurtenant facilities and water rights, shall immediately vest in the STATE.

9. The STATE agrees to sell, and the WATER COMPANY agrees to purchase, the land, easements, rights-of-way, water rights, the constructed works, and all appurtenant facilities acquired by the STATE in this agreement and Assignments at a total purchase price defined to be the combined total of all funds paid by the STATE to the WATER COMPANY for the construction of the PROJECT, but not to exceed One Hundred Sixty-five Thousand Dollars (\$165,000.00), plus all expense incurred by the STATE for the investigation, development, and administration of the PROJECT. Said expense incurred by the STATE will be determined by the STATE upon completion of the PROJECT.

10. The purchase price shall be payable over a period of approximately Eleven (11) years, in annual installments of Fifteen Thousand Dollars (\$15,000.00) without interest. The first annual installment of Fifteen Thousand Dollars (\$15,000.00) shall become due and payable on the First Day of December, 1991, and a like sum shall be due and payable on the First day of December of each and every year thereafter until the purchase price, as defined above, shall have been paid in full; said sums shall be payable at the office of the DIVISION OF WATER RESOURCES and the first monies received by the STATE under the terms of this contract will be applied against the indebtedness incurred by the STATE for project investigation, development, and administration until fully paid, and any residue will be applied to funds paid by the STATE for the construction of the PROJECT. Delinquent payments shall bear interest at a rate of Eighteen Percent (18%) per annum.

11. During the purchase period, the WATER COMPANY may not change the use of any PROJECT water or facilities from irrigation

to industrial, municipal, or hydroelectric power generation without the written consent of the Board of Water Resources. The WATER COMPANY agrees that such consent may be conditional upon an amendment to this agreement to reflect a higher interest rate and/or a shorter repayment period for the outstanding balance due the STATE under this agreement. The terms of the amendment shall be negotiable between the Parties hereto.

12. During the period of such purchase under this contract, provided the WATER COMPANY is not delinquent in any manner, the WATER COMPANY shall have and is hereby given the right to use the STATE'S water rights, and all facilities constructed thereunder. During the life of this agreement, the WATER COMPANY agrees to assume, at the WATER COMPANY'S expense, the full and complete obligation of maintaining and operating the constructed works, and other facilities, and of protecting all water rights, easements, and rights-of-way from forfeiture, including the payment of any fees or assessments for said water rights, easements or rights-of-way.

13. In order to secure the payment of the aforesaid purchase price, it is hereby expressly agreed that the STATE may require the WATER COMPANY to assess all outstanding shares of its stock for the full amount of any delinquencies in the aforesaid purchase installments. It is further agreed by the WATER COMPANY that it will not incur any mortgages or encumbrances, other than those already acquired by it, on any of its property, real or personal, without first securing the written consent of the STATE.

14. The WATER COMPANY hereby warrants the STATE that the construction of the PROJECT will not interfere with existing water rights. If the PROJECT herein described shall give rise to a claim, or cause of action to any holder of any water rights because of the interference with such rights by the operation of the PROJECT, then the WATER COMPANY hereby agrees to indemnify the STATE to the extent of such claim or cause of action.

15. In constructing or causing the PROJECT to be constructed, the WATER COMPANY shall comply with the provisions of the Utah Anti-Discrimination Act of 1965 and hereby agrees as follows:

(a) The WATER COMPANY will not discriminate against any employee or applicant for employment because of race, color, sex, religion, ancestry, or national origin.

(b) In all solicitations or advertisements for employees, the WATER COMPANY will state that all qualified applicants will receive consideration without regard to race, color, sex, religion, ancestry or national origin.

E# 1406857 BK1806 PG2979

(c) The WATER COMPANY will send to each labor union or workers representative notices to be provided, stating the WATER COMPANY'S responsibilities under the statute.

(d) The WATER COMPANY will furnish such information and reports as requested by the Anti-Discrimination Division for the purpose of determining compliance with the statute.

(e) Failure of the WATER COMPANY to comply with the statute, the rules and regulations promulgated thereunder and this non-discrimination clause shall be deemed a breach of this contract and it shall be canceled, terminated or suspended in whole or in part.

(f) The WATER COMPANY will include the provisions of Items (a) through (e) in every subcontract or purchase order (unless exempted under the statute or rules and regulations) so that such provisions will be binding upon such subcontractor or vendor.

16. If either party to the contract violates any of the conditions or covenants made herein, the other may give written notice of such breach or failure, and if the same shall not be cured within Ninety (90) days after such notice, the other may declare the contract forfeited and may proceed to its remedies at law for such breach.

17. The WATER COMPANY hereby agrees to indemnify and hold harmless the STATE and its officers, agents and employees from any and all liability or claims in connection with this agreement or the development, design, inspection, construction, or operation and maintenance of the Project, including, but not limited to, any and all claims for injury or death of persons or animals, or for any property loss or damage, including damage to the Project facilities; except for any such claims arising from or caused by the sole negligence of the STATE.

18. It is mutually understood that the STATE'S review of the plans and specifications, bidding documents and general conditions is solely for the purpose of assuring that the PROJECT to be constructed by the WATER COMPANY is as represented in its application and that the PROJECT meets the STATE'S lending criteria. Neither the STATE or officers, employees, or agents thereof shall have any duty to note any design or other defect relating to the PROJECT, and none shall be liable for any loss, claim or damages with respect to the design, bidding, construction, maintenance or operation of the PROJECT or any water system of which the PROJECT is a part.

19. After the WATER COMPANY shall have paid in full the purchase price, as defined above, the STATE shall execute such

deeds and bills of sale as will be necessary to re-vest the same title to the aforesaid property and water rights in the WATER COMPANY.

20. This agreement, or any part thereof, or the benefits to be received under this agreement, may not be the subject or any assignment to any person, firm, or corporation, by the said WATER COMPANY, without first having secured the written consent of the STATE to any such proposed assignment or disposition of this agreement.

21. No covenant or condition of this contract can be waived except by the written consent of the STATE. Forbearance or indulgence by the STATE in any regard whatsoever shall not constitute a waiver of the covenant or condition to be performed by the WATER COMPANY, and until complete performance by the WATER COMPANY of said covenant or condition, the STATE shall be entitled to invoke any remedy available to the STATE under this contract or by law or in equity despite said forbearance or indulgence. Receipt by the STATE of a partial payment of any installment due hereunder shall be deemed to be part payment only and notwithstanding any endorsement, the STATE may accept said payment without prejudice to its right to recover the balance.

22. This agreement shall not become binding upon the STATE until it has been signed by all persons and agencies required by law, and the STATE shall not become liable to the WATER COMPANY for any commitments made by the WATER COMPANY until this agreement has been fully executed.
