For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in reliance on the foregoing recitals, City and Developer agree as follows:

1. **Incorporations of Recitals.** The Parties hereby incorporate the foregoing recitals into this Agreement.

2. **Obligations of the Parties.**

a. Developer hereby agrees that the Property shall be bound to provide an environment for light industrial uses that produce no appreciable impact on adjacent properties, that desire a clean attractive industrial setting, and that protects nearby sensitive lands and waterways. To that end, the Property shall not be used for “Package Delivery Facility” as defined in Title 21A of the Salt Lake City Code as a principal use. The Property may seek approval for all other permitted or conditional uses in the underlying zoning district and conduct accessory uses thereto in accordance with such approval(s). If a Package Delivery Facility is an accessory use at the Property, then no more than 25 percent of the gross square footage of any building on the Property shall be used as a Package Delivery Facility. Further, structures on the Westerly Parcels shall be limited to a 33% building coverage ratio and no structure on the Property shall exceed 40 feet in height as measured from finished floor elevation to the top of the building (the height exception of 5' for parapet would apply if needed per 21A.36.020.C).

All lots abutting a residential use shall provide a 15' planted vegetative buffer within the required interior side or rear landscape yard (except for the emergency only access drive as shown on Exhibit B). At a minimum, such vegetative buffer shall include a mix of evergreen and deciduous trees, with at least one tree planted every 30 feet as shown in red on Exhibit B. The property lines directly abutting the residential use, as shown in

green on Exhibit B, shall provide 1 tree for every 15 linear feet and 1 shrub every 3 feet, with a mature height of no less than 4', shall be required along the length of the landscape buffer. All landscaping on the Property shall consist of native and drought-tolerant plants found in the "Salt Lake City Northwest Quadrant Plant List". Grass turf is prohibited.

e. To mitigate the contrast of the built and natural environment, Developer agrees to utilize the following building materials on principal structures on the Property: brick, natural stone, wood, tinted/textured concrete. i. Structures on the Property that face 2200 West Street shall not exceed a maximum continuous building frontage of 250 feet .

j. Developer hereby agrees that decorative fencing features installed on the Property that could be hazardous to wildlife shall be prohibited including: (a) pointed or narrow extensions as the top of fences, (b) wires that may entangle animals , and (c) hollow fence posts that are open at the top when birds or other small animals may become entrapped in open cavity. The fencing material may not be more than 49% opaque.

k. Developer hereby agrees that excavation methods shall be consistent with Salt Lake City requirements.

l. Developer hereby agrees that access to loading docks and truck turnaround areas on the Property shall be provided to the side or rear of buildings and shall not be in any required buffer areas.

m. Developer will work in good faith with future occupants to encourage and support occupants that engage in sustainable processes and produce minimal emissions.

- n. Developer will include a food truck pad in the side or rear yard of the Westerly Parcels.
- o. A condition of any future building permit for the Property shall limit construction activity to between 7:00 AM and 6:00 PM Monday through Friday and 9:00 AM and 5:00 PM on Saturday.
- p. Developer will provide the public a phone number and email address for a contact person for neighbors to reach out to if there are any construction related concerns/comments.
- q. Prior to receiving a certificate of occupancy for any principal building constructed on the Property Developer will provide infrastructure to accommodate a minimum of 5% EV Capable parking. Developer will install the electrical panel capacity with a dedicated circuit and a continuous raceway from the panel to the future EV parking spots (“EV Capable”).
- r. Prior to receiving a certificate of occupancy for any principal building constructed on the Property Developer will design and construct a building that is solar ready. - u. Developer shall record this Agreement against the Property by filing this Agreement with the Salt Lake County Recorder.
- v. City agrees to publish Ordinance 33 of 2024 within 21 days of Developer providing proof that this Agreement has been recorded with the Salt Lake County Recorder.

4. **Other Necessary Acts.** Each Party shall execute and deliver to the other any further instruments and documents as may be reasonably necessary to carry out the objectives and intent of this Agreement.

governmental bodies, accident, labor trouble or the shortage or inability to obtain material, service, personnel, equipment or transportation, failure of performance by a common carrier, failure of performance by a public utility, or vandalism.

14. **Entire Agreement, Counterparts and Exhibit.** Unless otherwise noted herein, this Agreement is the final and exclusive understanding and agreement of the Parties and supersedes all negotiations or previous agreements between the Parties with respect to all or any part of the subject matter hereof.
