B. **Apportionment.** Common Expenses and/or any assessments described in this Article 6 shall be apportioned among and assessed to all Units and their Owners based on the Ownership Interest allocated to each Owner's Unit as set forth on Exhibit B; provided, however, to the fullest extent permitted by law, and if deemed equitable by the Management Committee, certain Common Expenses may be apportioned on a different basis (including without limitation, the costs and/or fees associated with the services and/or utilities described in Section 7.5 below in the event and to the extent that such costs and/or fees are fixed by the applicable service provider at the same amount for each Unit regardless of the size, location, or proportional use of such service by the Owner or occupant of any respective Unit), provided that such alternate basis shall be disclosed in writing to each of the Owners prior to implementation and the Owners shall have ten (10) business days following receipt of such disclosure to object to such alternate basis. If Owners holding more than fifty percent (50%) of the aggregate Ownership Interest reasonably object in

writing to such alternate basis within such period, the Management Committee shall determine a different basis for such allocation, such different basis to be subject to the terms of this paragraph. All Owners shall pay their respective portions of the Common Expenses and/or any assessments related thereto regardless of any limited use or non-use by such Owners of (i) the Common Areas, and/or (ii) any other facilities or amenities for which such Common Expenses and/or such assessments are charged.

Except as otherwise provided by the Management Committee, each Regular Assessment shall be payable in twelve (12) equal monthly installments, with one such installment due on the first day of each calendar month during the fiscal year to which the assessment relates; provided, however, the Regular Assessments for the first fiscal year shall be allocated among the months remaining in that year.

E. Inadequate Funds. In the event that the Common Expense fund proves inadequate to cover all Common Expenses in any fiscal year at any time for whatever reason, including nonpayment of any Owner's assessment, the Management Committee may, on behalf of the Association, levy additional assessments in accordance with the procedure set forth in Section 6.3 below, except that the vote therein specified shall be unnecessary.

6.3 Special Assessments. In addition to the Regular Assessments, the Management Committee may, on behalf of the Association, levy, at any time and from time to time, upon the affirmative vote of Owner's holding more than fifty percent (50%) of the Voting Rights within the Association, special assessments ("**Special Assessments**"), payable over such periods as the Management Committee may determine, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of the Project or any part or portion thereof, or for any other expenses incurred or to be incurred as provided in this Declaration (including, without limitation, Common Expenses) Notice in writing of the amount of any such Special Assessments and the time or times for payment thereof shall be given promptly to the Owners and no payment shall be due less than fifteen (15) days after such notice shall have been given.

6.4 Other Assessments. In addition to Regular Assessments and any Special

Assessments, the Association may assess other amounts to the Owners as provided for in the Declaration including but not limited to for fines and for damage to common areas caused by a particular Owner. Such amounts shall be due as provided for in the Rules or as determined by the Management Committee related to the assessment and shall be assessable directly to the Owner without any need for allocation as required for Regular Assessments or Special Assessments.

6.5 **Rate of Assessment.** The amount of any Regular Assessments or Special Assessments against each Unit shall be allocated to the Owner of same based on the Ownership Interest allocated to each Unit.

6.6 **Late Payments.** Unless the Management Committee establishes otherwise in the Rules, all unpaid assessments shall accrue interest at the rate of eighteen percent (18%) per annum, from ten (10) days after the date each such assessment becomes due, until paid. In addition to the interest described above, the Management Committee shall also have the right to assess and establish in the Rules a late fee of a fixed dollar amount or up to five percent (5%) of any assessment payment. Further, in the event that any assessment is not paid within ten (10) days of the date it becomes due, the Association may, at its option, and upon ten (10) days prior written notice to the Owner (allowing the owner a right to cure the default during this time period by paying in full all outstanding assessments), accelerate the due date for all remaining unpaid installments of the Regular Assessments for the remainder of the fiscal year. Payment of the Regular Assessments' installments so accelerated shall be due on the 1<sup>st</sup> day of the month following the ten (10) day notice period and interest shall be assessed on the entire sum at the rate set forth above or as established by the Management Committee, until it is paid in full. The Management Committee may, in the Rules or by resolution, further define procedures related to late payments including but not limited to how payments on delinquent accounts are applied and standard collection procedures related to late payments. The Association shall be entitled to assess to the applicable Owner all reasonable attorney fees and collection costs related to any failure to pay or delinquent payments of assessments.

6.7 **Failure of Notice/Election of Assessment Procedure** The failure of the Management Committee to give timely notice of any assessment as provided herein shall not be deemed a waiver or modification in any respect of the provisions of this Declaration, nor a release of any Owner from the obligation to pay such assessment after receipt of notice. Multiple assessments methods provided for in this Declaration may, in some instances, apply when assessing for the same purpose or amounts. In such instances, the Management Committee may select and use whatever assessment procedure(s) it deems appropriate in its sole discretion

6.8 **Lien for Assessments** All sums assessed to Owners of any Unit within the Project pursuant to the Governing Documents, shall be secured by a lien on such Unit in favor of the Association. To evidence a lien, the Management Committee, Manager, or the Association's attorney may prepare and execute a written notice of lien setting forth the amount of the unpaid assessments the name of the Owner of the Unit, a description of the Unit, and any other information required by law. In all events a resolution signed by at least two (2) members of the Management Committee must authorize any such written notice of lien. A notice of lien may be recorded if there is a delinquency in payment of the assessment. To the fullest extent permitted under applicable law, (i) such lien may be enforced by sale or foreclosure (judicial or non-judicial) conducted in

accordance with the provisions of law applicable to the exercise of powers of sale or judicial foreclosure of deeds of trust or mortgages or in any other manner permitted by law, and (ii) the Association shall have the right to appoint and assign a trustee to the extent necessary or convenient for any foreclosure. In any such foreclosure, the Owner shall be required to pay the costs and expenses of such proceeding (including reasonable attorneys' fees), and such costs and expenses shall be secured by the lien being foreclosed. The Owner shall also be required to pay to the Association any assessment against the Unit that shall become due during the period of foreclosure, and all such assessments shall be secured by the lien being foreclosed. To the fullest extent permitted by applicable law, the Association may, through its duly authorized agents and attorneys, have and exercise the power of the trustee in any such sale or foreclosure and the power to bid at any foreclosure sale and to hold, lease, mortgage or convey the subject Unit in the name of the Association. Notwithstanding any language to the contrary herein, all acts regarding the liens, assessments and foreclosures as described above shall be taken in accordance with the Condominium Act and all other applicable law. Further, notwithstanding the foregoing, any lien on a Unit in favor of the Association shall at all times be subordinate to any Mortgage recorded against such Unit.

6.9 **Personal Obligation of Owner.** The amount of any assessment against any Unit shall be the personal obligation of the Owner of such Unit. A suit or claim to recover a money judgment for such personal obligation shall be maintainable by the Association without foreclosing or waiving the lien securing the same. No Owner may avoid or diminish any such personal obligation by waiver of the use and enjoyment of any of the Common Areas or by abandonment of such Owner's Unit or by waiving any services or amenities provided for in this Declaration

6.10 **Personal Liability of Transferee.** Any lien which is placed upon any Unit as described in Section 6.8 above shall not be affected by the sale or transfer of the Unit, but shall run with the land, and any amount of unpaid assessments outstanding at the time of any transfer shall become the obligation of both the transferee and the transferring Owner (jointly and severally) until paid in full. Provided, however, that such lien shall be subordinate to any prior recorded Mortgage on such Unit

6.11 **Reserve Fund.** The Association may, at its option establish and maintain a reserve fund to save money in an amount determined by the Management Committee in its sole discretion, for the periodic maintenance, repair and replacement of capital improvements to and furnishings in the Common Areas and Building Exteriors, and any and all other areas or improvements to the extent that the Association is obligated to maintain, repair or replace same. Any reserve fund may be funded by Regular Assessments or Special Assessments. The Management Committee may, in its reasonable discretion, determine that capital improvements are more appropriately paid for by Special Assessments or other sources, when such capital improvements are needed, rather than by significant reserves.

6.12 **Evidence of Payment of Assessments.** Upon receipt of a written request by a Member or any other person with the written permission of a Member, the Association within a reasonable period of time thereafter, shall issue to such Member or other person (to the extent such other person has written permission of a Member to request same) a written certificate stating (a) that all assessments have been paid with respect to any specified Unit as of the date of such

certificate, or (b) if all assessments have not been paid, the amount of such assessments due and payable as of such date. The Association may require a reasonable charge for the issuance of such certificates, which charges must be paid at the time the request for any such certificate is made. Any such certificate, when duly issued as herein provided, shall be conclusive and binding with respect to any matter therein stated as against any bona fide purchaser of, or Mortgagee on, the Unit in question.

6.13 **Fees and Assessments Required with a Conveyance.** The Management Committee, at the time of each and every sale, conveyance, or other transfer of any Unit from one Owner to any successor Owner, may require such successor Owner to prepay simultaneously with any such sale, conveyance, or other transfer, certain Regular Assessments for the applicable Unit transferred; provided, however, in no event shall any such successor Owner be required to prepay more than three (3) months worth of such Regular Assessments. In addition to the assessments described in this Article 6, the Management Committee may require, upon each and every sale, conveyance or other transfer of any Unit from one Owner to any successor Owner, a reasonable administrative fee or payment in an amount determined by the Management Committee, to reimburse the Association for any fees charged to the Association related to any transfer or for the reasonable costs and time expended by the Association related to any transfer which may include copying and preparation costs for any information about the Association provided to new Owners or occupants, including copies of the Governing Documents. Notwithstanding the foregoing, in the event that any Unit is transferred in connection with or following the foreclosure of a Mortgage, or is transferred via a deed-in-lieu of foreclosure, the foregoing Section 6.13 shall not apply.

## ARTICLE 7

### OPERATION AND MAINTENANCE

#### 7.1 **Owner Responsibilities Related to Maintenance, Repair, and Remodeling.**

7.1.1 **General Maintenance.** Each Owner shall be responsible for cleaning and maintaining its respective Unit consistent with all requirements of the Governing Documents and so as not to detract from the appearance of the Project or the neighborhood and/or community of which the Project is a part, and so as not to affect adversely the value or use of any Common Areas, any other Unit, or any surrounding property. The Association shall have no obligation regarding maintenance or care of Units except as expressly set forth in this Declaration.

7.1.2 **Routine Maintenance and Inspection of the Units and All Fixtures, Appliances, and Equipment in the Units** By accepting a conveyance or transfer of any Unit, the Owner of such Unit agrees to perform, or cause to be performed, any and all routine, required, or appropriate inspections, service, maintenance, and repair (collectively, the “**Routine Maintenance**”) of all fixtures, equipment, appliances, facilities, and improvements related to such Owner’s Unit, including but not limited to sinks, toilets, washers, dryers, dishwashers, ranges, microwaves, water heaters and all lines, pipes, conduits, and plumbing related thereto (collectively, the “**Unit Improvements**”), as may be reasonably appropriate or as may be set forth in any and all written owner’s or user’s guides and manuals relating to maintenance of same (collectively, the “**Maintenance Manuals**”).

7.1.3 Maintenance Manuals. To the fullest extent enforceable and permitted under applicable law, any and all warranties, guaranties, and representations related to any Unit Improvements from any Developer Parties shall be void and unenforceable, and any claims against, and liabilities of, the Developer Parties shall be waived by such Owners, to the extent such Routine Maintenance is not performed in accordance with the applicable Maintenance Manuals. Developer Parties shall have the right to inspect the Unit Improvements and all documentation and records of all Owners with respect to Owner obligations set forth in Section 7.1.2.

7.1.4 Additional Responsibilities. In addition to all other maintenance responsibilities assigned in the Governing Documents, the Owner shall be responsible for (a) maintaining, and replacing when necessary, the drywall associated with the Owner's Unit, and (b) unless otherwise modified by Rule, cleaning the inside of all windows and glass surfaces located on the exterior of the Building that are associated with the Owner's Unit.

## 7.2 Operation and Maintenance by Association and Unit Owners.

### 7.2.1 General Maintenance

(i) By Association. The Association shall provide for such maintenance and operation of all Common Areas as may be necessary or desirable to make them appropriately usable in conjunction with the Units and to keep them clean, functional, attractive and in good condition and repair, comparable to similar low-income housing tax credit residential developments and parking developments, as applicable.

(ii) By Retail Unit Owners. The Retail Unit Owners shall provide for such maintenance and operation of all Retail Common Areas and Retail Building Exteriors as may be necessary or desirable to make them appropriately usable in conjunction with the Building and to keep them clean, functional, attractive and in good condition and repair, comparable to similar retail/parking developments.

7.2.2 Right of Entry In the event that the Unit Owners fail to adequately maintain the applicable portions of the Building as required by Section 7.2.1 above, in each case subject to applicable law and the rights of any tenant or subtenant of any Unit, the Association shall have the right of entry into any Unit to perform emergency repairs or do other work necessary for maintenance of the Building and then the costs of such repairs or other maintenance shall be added to and become a part of the assessment(s) to each applicable Owner's Unit on a pro rata basis.

7.2.3 Payment of Maintenance Costs in the Event of Willful or Negligent Acts. Notwithstanding any language to the contrary herein, in the event that the need for maintenance, replacement, or repair of any Building Exterior, Common Areas, Retail Common Areas or Residential Common Areas, is caused through the willful or negligent acts of any Owner(s), or

through the willful or negligent acts of the family, guests, occupants, tenants or invitees of such Owner(s), then the costs of such maintenance, replacement, or repair shall be added to and become a part of the assessment(s) to such Owner's Unit and, to the extent such maintenance, replacement, or repair was performed by a particular Owner other than the offending Owner, the Association shall reimburse such Owner upon collection of such assessed amount.

#### 7.2.4 Routine Maintenance on Common Areas.

(i) Association. Association shall perform, or cause to be performed, any and all Routine Maintenance of all fixtures, equipment, facilities, and improvements related to the Common Areas (collectively, the "**Common Area Improvements**") Such Routine Maintenance shall be performed as may be described or set forth in any and all Maintenance Manuals related to same To the fullest extent enforceable and permitted under applicable law, any and all warranties, guaranties, and representations related to such Common Area Improvements from any Developer Parties shall be void and unenforceable, and any claims against, and liabilities of the Developer Parties shall be waived by such Owners, to the extent such Routine Maintenance is not performed in accordance with the applicable Maintenance Manuals. (ii) Retail Unit Owners The Retail Unit Owners shall perform, or cause to be performed, any and all Routine Maintenance of all fixtures, equipment, facilities, and improvements related to the Retail Common Areas (collectively, the "**Retail Common Area Improvements**"), as may be described or set forth in any and all Maintenance Manuals related to same To the fullest extent enforceable and permitted under applicable law, any and all warranties, guaranties, and representations related to such Retail Common Area Improvements from any Developer Parties shall be void and unenforceable, and any claims against, and liabilities of the Developer Parties shall be waived by such Owners, to the extent such Routine Maintenance is not performed in accordance with the applicable Maintenance Manuals The Retail Unit Owners shall also be required to keep and maintain regular and accurate records relating to such Routine Maintenance. Developer Parties shall have the right to inspect the Retail Common Area Improvements and all documentation and records of the Retail Unit Owners with respect to the Retail Unit Owners' obligations set forth in this Section 7.2.4.

(iii) Residential Unit Owners The Residential Unit Owners shall perform, or cause to be performed, any and all Routine Maintenance of all fixtures, equipment, facilities, and improvements related to the Residential Common Areas (collectively, the "**Residential Common Area Improvements**"), as may be described or set forth in any and all Maintenance Manuals related to same To the fullest extent enforceable and permitted under applicable law, any and all warranties, guaranties, and representations related to such Residential Common Area Improvements from any Developer Parties shall be void and unenforceable, and any claims against, and liabilities of the Developer Parties shall be waived by such Owners, to the extent such Routine Maintenance is not performed in accordance with the applicable Maintenance Manuals The Residential Unit Owners shall also be required to keep and maintain regular and

accurate records relating to such Routine Maintenance. Developer Parties shall have the right to inspect the Residential Common Area Improvements and all documentation and records of the Residential Unit Owners with respect to the Residential Unit Owners' obligations set forth in this Section 7.2.4.

7.3 **Utilities.** The Owner shall pay for all Utilities furnished to that Owner's Unit, except such Utilities which are not separately billed or metered to individual Units by the applicable service provider or other party furnishing such service. To the extent such Utilities to individual Units are not separately metered, or service Common Areas within the Project, all costs and expenses associated with such Utilities shall be a Common Expense paid by the Association and shall be included in the assessments to each Owner; provided, however, in the event a certain meter (or meters) services only certain or specific groups of Units, the Management Committee may, at its option, allocate the costs and expenses of such Utilities among the applicable Units connected to such meter and such expenses shall not be Common Expenses. Each Owner will pay (i) a monthly base amount constituting a portion of the entire Utility costs and expenses of the HVAC systems, plus (ii) an amount in proportion to, and based on, the HVAC usage by such Owner calculated by the amount of time the fan, coil, or other applicable mechanisms within each Owner's Unit are running. Meters and/or other measuring devices will be used to measure the amount of time such fans, coils, or other applicable mechanisms are in use within each Unit.

7.4 **Garbage.** Unless otherwise directed by the Association, Owners of all Units and their guests and/or other occupants shall place all trash and other waste from their Units in receptacles which are located in the Project and designated for that purpose, or, as may be directed by the Association, in any receptacles located outside the Project in which the Association has been granted use and access rights. The Association and all Owners hereby acknowledge that any such receptacles may be used in common with other parties. All costs and expenses associated with the maintenance of such garbage service shall be a Common Expense paid by the Association and shall be included in the assessments to each Owner.

7.5 **Television, Data Service, and Telecommunications.** Each Owner shall be responsible for its own (i) cable, satellite or other common television service, (ii) data services, and/or (iii) other telecommunication services provided to the Unit.

7.6 **Insurance.** The Association shall at all times maintain in force insurance meeting the following requirements:

7.6.1 **Hazard Insurance.** A "master" or "blanket" type policy of property insurance shall be maintained covering the entire Project, including: the Common Areas (including, without limitation, the elevators); the Building, Utility Areas, all structural or "shell" components of all of the Units, and all other portions and improvements of the Building and/or the Units to the extent required under Section 57-8-29 of the Condominium Act; all fixtures, equipment, personal property and supplies comprising a part of the Common Areas or owned by the Association; but excluding land, foundations, excavations, and other items normally not covered by such policies. References herein to a "master" or "blanket" type policy of property insurance are intended to denote single entity insurance coverage. As a minimum, such "master" or "blanket" policy shall afford protection against loss or damage by fire, by other perils normally

covered by the standard extended coverage endorsement, and by all other perils which are customarily covered with respect to projects similar to the Project in construction, location, and use, including (without limitation) all perils normally covered by a "special form" endorsement and/or policy. Such "master" or "blanket" policy shall be in an amount not less than one hundred percent (100%) of current replacement cost of all elements of the Project covered by such policy, exclusive of land, foundations, excavation, and other items normally excluded from coverage. The insurance policy shall include either of the following endorsements to assure full insurable value replacement cost coverage: (1) a Guaranteed Replacement Cost Endorsement (under which the insurer agrees to replace the insurable property regardless of the cost); or (2) a Replacement Cost Endorsement (under which the insurer agrees to pay up to one hundred percent (100%) of the property's insurable replacement cost but no more). If the policy includes a co-insurance clause, then the policy should also include an Agreed Amount Endorsement (which waives the requirement for co-insurance). The maximum deductible amount for such policy covering the Common Areas and all other items described above shall be chosen by the Management Committee, but shall, in all events, be commercially reasonable. In addition, in all events, sufficient funds to cover any and all deductible amounts shall be maintained by the Association.

7.6.2 Flood Insurance. If any part of the Project is or comes to be situated in a Special Flood Hazard Area as designated on a Flood Insurance Rate Map, a "master" or "blanket" policy (or, as may be necessary or convenient, multiple policies) of flood insurance shall be maintained covering the Building, any machinery and equipment that are not part of the Building and all Common Areas within the Project in an amount deemed appropriate, but not less than the lesser of: (1) the maximum limit of coverage available under the National Flood Insurance Administration Program for the Building and all other property described above which is located within a designated flood hazard area; or (2) one hundred percent (100%) of the insurable value of all such facilities. The maximum deductible amount for such policy(ies) shall be chosen by the Management Committee, but shall be commercially reasonable. In all events, sufficient funds to cover any and all deductible amounts shall be maintained by the Association.

7.6.3 Insurance or Bonds for Employee Dishonesty. The Association shall at all times maintain in force insurance or "blanket" fidelity bonds for all officers and employees of the Association and for all other persons handling or responsible for funds of or administered by the Association, whether or not that individual receives compensation for services. Furthermore, where the Association has delegated some or all of the responsibility for the handling of funds to a Manager, the Manager shall provide insurance or "blanket" fidelity bonds, with coverage in favor of the Association identical to such bonds required of the Association, for the Manager's officers, employees and agents handling or responsible for funds of, or administered on behalf of, the Association. The total amount of insurance or fidelity bond coverage required shall be based upon the Association's best business judgment and shall not be less than the estimated maximum of funds, including reserve funds, in the custody of the Association, or the Manager, as the case may be, at any given time during the term of each bond. A lesser amount of insurance or bond coverage is acceptable for the Project so long as the Association and the Manager adhere to the following financial controls: (1) the Association or the Manager maintains separate bank accounts for the working account and the reserve account, each with appropriate access controls, and the bank in which funds are deposited sends copies of or makes available to the Association the monthly bank statements directly to the Association; (2) the Manager maintains separate records and bank

accounts for each Association that uses its services and the Manager does not have authority to draw checks on or to transfer funds from the Association's reserve account; and (2) two members of the Management Committee must sign any checks written on any account. Nevertheless, in no event may the amount of such insurance or bonds be less than the sum equal to three (3) months' aggregate assessments on all Units. The insurance or bonds required shall meet the following additional requirements: (a) either shall be in the name of the Association as obligee; (b) the insurance or bonds shall contain waivers by the issuers of the bonds of all defenses based upon the exclusion of persons serving without compensation from the definition of "employees," or similar terms or expressions; (c) the premiums on all insurance or bonds required herein for the Association (except for premiums on fidelity bonds maintained by the Manager for its officers, employees and agents) shall be paid by the Association as part of the Common Expenses; and (4) the insurance or bonds shall provide that they may not be cancelled or substantially modified (including cancellation for nonpayment of premium) without at least thirty (30) days' prior written notice to the Association, to any Insurance Trustee, and to each servicer of loans on behalf of FNMA.

**7.6.4 Liability Insurance.** The Association shall maintain in force, and pay the premium for a policy providing commercial general liability insurance coverage covering all of the Common Areas, the Building and the Building Exteriors and all areas of the Project that are under the Association supervision. Nevertheless, such coverage shall be commercial general liability insurance including ISO Form CG 00 01 (10/93) or equivalent, with at least the following minimum coverages: (i) Two Million Dollars (\$2,000,000.00) general aggregate, (ii) Two Million Dollars (\$2,000,000.00) products-completed operations aggregate, (iii) One Million Dollars (\$1,000,000.00) personal and advertising injury, (iv) One Million Dollars (\$1,000,000.00) each occurrence, (v) One Hundred Thousand Dollars (\$100,000.00) fire damage (any one fire), (vi) Ten Thousand Dollars (\$10,000.00) medical expense (any one person), and (vii) One Million Dollars (\$1,000,000.00) automobile liability insurance combined single limit per occurrence and coverage applying to "any auto" (adjusted by the consumer price index for bodily injury, including deaths of persons, and property damage arising out of a single occurrence. Coverage under such policy shall include, without limitation, legal liability of the insureds for property damage, bodily injuries and deaths of persons in connection with the operation, maintenance, or use of the Common Areas, the Building and/or the Building Exteriors. Additional coverages under such policy shall include protection against such other risks as are customarily covered with respect to projects similar to the Project in construction, location, and use, including but not limited to (where economically feasible and if available) contractual and all-written contract insurance, employers liability insurance, and comprehensive automobile liability insurance (including owned and non-owned automobile coverage); provided, however, that each of these additional coverages may be covered under separate policies (and not under the commercial general liability policy described above) in the discretion of the Management Committee. If such policy does not include "severability of interest" in the terms, the policy shall include a special endorsement to preclude an insurer's denial of any Owner's claim because of negligent acts of the Association or any other Owner. Such policy shall provide that it may not be cancelled or substantially modified, by any party, without at least thirty (30) days' prior written notice to the Association and to each Mortgagee which is listed as a scheduled holder of a Mortgage in such policy.

**7.6.5 Directors' and Officers' Insurance.** A directors' and officers' liability or

errors and omissions policy, if reasonably available, with at least One Million Dollars (\$1,000,000.00) in coverage.

7.6.6 Worker's Compensation Insurance. Worker's compensation insurance in at least the minimum amounts required under applicable law.

7.6.7 Additional Insurance. Any other insurance policies or coverages that the Association, in its sole discretion, may deem necessary, appropriate or advisable (including, without limitation, coverage for earthquakes or other natural disasters).

7 6 8 Insurance Trustees and General Requirements Concerning Insurance.

(i) The Association shall receive, hold, or otherwise properly dispose of any proceeds of the insurance described above in trust for the use and benefit of the Owners and their Mortgagees, as their interests may appear.

(ii) The name of the insured under each policy required to be maintained under this Article 7 shall be the Association for the use and benefit of the individual Owners. Said Owners shall be designated by name, if required, provided, however, to the extent any endorsement or rider will accomplish the same goal of providing the applicable benefit to the Owners without having to list each Owner individually, such endorsement or rider may be obtained and used. Loss payable shall be in favor of the Association, as a trustee for each Owner and each such Owner's Mortgagee. Each Owner and each such Owner's Mortgagee, if any, shall be beneficiaries of such policy. Evidence of insurance shall be issued to each Owner and Mortgagee upon request.

(iii) Each policy required to be maintained under this Article 7 shall (to the extent applicable) contain the standard mortgage clause, or equivalent endorsement (without contribution), commonly accepted by private institutional mortgage investors in the area in which the project is located. If FNMA is a holder of one or more mortgagees on Units within the project, such mortgage clause shall name FNMA or FNMA's servicer of such mortgages as mortgagee. If FNMA's servicer is named as mortgagee in such mortgage clause, such servicer's name shall be followed therein by the phrase "its successors and assigns." In addition, such mortgage clause or another appropriate provision of each such policy shall provide that the policy may not be cancelled or substantially modified without at least ten (10) days' prior written notice to the Association, and to each mortgagee listed as a scheduled holder of a mortgage in the policy.

(iv) Each policy required to be maintained under this Article 7, shall provide, if available, for the following: recognition of any applicable insurance trust agreement; a waiver of the right of subrogation against owners individually; the insurance is not prejudiced by any act or neglect of individual owners which is not in the control of such owners collectively; and the policy is primary in the event any Owner or other Person has other insurance covering the same loss.

(v) Each policy required to be maintained under this Article 7 shall (to the extent applicable) also contain a "Building Ordinance or Law Endorsement," if the enforcement of any building, zoning, or land use law will result in loss or damage, increased cost of repairs or reconstruction, or additional demolition and removal costs. (The endorsement must provide for

contingent liability from the operation of building laws, demolition costs, and increased costs of reconstruction )

(vi) Each insurance policy maintained pursuant to this Article 7 shall be written by an insurance carrier which is licensed to transact business in the State of Utah and which has a "A" general policyholder's rating or a financial performance index of "X" or better in the Best's Key Rating Guide (or such other policyholder's rating or financial performance index score/number as may be commercially reasonable). No such policy shall be maintained where: (1) under the term of the carrier's charter, bylaws, or policy, contributions may be required from, or assessments may be made against, an Owner, a Mortgagee, the Management Committee, the Association, FNMA, or the designee of FNMA, (2) by the terms of the carrier's charter, bylaws, or policy, loss payments are contingent upon action by the carrier's board of directors, policyholders, or Members; or (3) the policy includes any limiting clauses (other than insurance conditions) which could prevent the party entitled (including, without limitation, the Management Committee, the Association, an Owner, or FNMA) from collecting insurance proceeds.

7.6.9 Additional Insured. At all times, and in all events, during the term of this Declaration during the time that Declarant owns any interest in any Unit, Declarant shall be included as an additional insured on all of the insurance policies and coverages described herein. All applicable parties, including the Association, shall promptly provide Declarant with insurance certificates verifying same.

7.6.10 Annual Review of Policies. All insurance policies shall be reviewed at least annually by the Management Committee in order to ascertain whether the coverage contained in the policies is sufficient to make any necessary repairs or replacement of the Project which may be damaged or destroyed. In addition, such policies shall be reviewed to determine their compliance with the provisions of this Declaration.

7.7 Reasonable Accommodations. Unless otherwise required by law, anyone requesting permission for a reasonable accommodation or modification related to Title VIII of the Civil Rights Act of 1968 (the Fair Housing Act) as amended, to accommodate a person with a disability (as defined by Federal law at the time the accommodation is requested) is hereby notified that the Association (i) may not have the authority to and may not be able to grant permission to modify any structures or the Building to the extent not part of the Project, and (ii) may not be able to grant permission to deviate from any covenant, lease, or contract binding on the Association with regard to a third party. Any person seeking a reasonable accommodation or modification that the Association may not be able to make or grant, may have to seek any such accommodation from another party to any such covenant, lease, or contract.

## ARTICLE 8

### DAMAGE OR DESTRUCTION

8.1 Property Insurance Proceeds For purposes of this Declaration, "Property Insurance Proceeds" shall mean any and all proceeds or compensation of any kind in connection with, related to, or provided as a result of, any and all property insurance or similar insurance policies required to be obtained and maintained under this Declaration, whether actually received

or not, and any and all claims for such proceeds or compensation, less all actual and reasonable costs and expenses of obtaining same.

8.2 **Repair and Reconstruction.** For purposes of this Declaration, “**Repair and Reconstruction**” of the applicable improvements shall mean repairing, restoring, and/or reconstructing, as applicable, the applicable improvements to substantially the same condition in which such improvements existed prior to the damage or destruction, with all aspects of the Project and the Common Areas having substantially the same vertical and horizontal boundaries as before (subject to any modifications required by then-applicable law).

8.3 **Scope of Damage or Destruction** The rights of the parties in the event of damage or destruction shall be determined based on the scope of such damage or destruction, which shall be determined as follows:

8.3.1 **Total Damage or Destruction.** Any damage or destruction that causes the Building to be deemed by Declarant, in Declarant’s reasonable judgment, to be so structurally compromised or otherwise damaged that (i) the then-current Building structure should or must be demolished, or (ii) even if the Building could be repaired, the cost of doing so cannot be economically justified, again in Declarant’s reasonable judgment, , shall be deemed a “**Total Destruction**” of the Project and the Building. In the event of a Total Destruction, the Owners shall have the right and option, in their sole and absolute discretion but subject to the terms of any First Mortgage on such Unit, and subject to the receipt of approval from all Mortgagees on such Unit, to either (i) perform, or cause to be performed, the Repair and Reconstruction of the Project, (ii) terminate the entire Project, or (iii) terminate the Project with respect only to the Units damaged thereby (collectively, the “**Damaged Units**”) and any Common Areas or other areas within the Project that are also damaged (collectively, the “**Damaged Common Areas**”), and perform, or cause to be performed, the Repair and Reconstruction of the remaining portions of the Project, which shall include razing, clearing and disposing of the Damaged Units and Damaged Common Areas, all as more fully set forth in Section 8.4 below. Notwithstanding anything to the contrary contained herein, in no event shall options (ii) or (iii) be elected (a) without the written consent required by Section 12.5; (b) prior to the expiration of the Compliance Period applicable to any portion of the Project that has been awarded low income housing tax credits pursuant to Section 42 of the Internal Revenue Code; or (c) to the extent the Residential Unit Owners determine in their sole discretion that (1) any structural elements necessary for the structural integrity of the Building would be materially impaired, (2) any ingress and/or egress to and from the Building would be materially restricted, or (3) any other use, operation and enjoyment of the Building would be adversely affected.

8.3.2 **Partial Damage or Destruction.** Any damage or destruction that does not result in a Total Destruction shall be deemed a “**Partial Destruction**” of the Project and the Building. In the event of a Partial Destruction, then, whether or not Property Insurance Proceeds are sufficient to pay all costs and expenses of the applicable Repair and Restoration, the applicable Owner (or, for Common Areas, the Association) shall perform, or cause to be performed, all Repair and Reconstruction of the applicable portions of the Project.

8.4 **Procedures in the Event of Damage or Destruction.** In the event of any damage

or destruction to the Project, the rights and obligations of the parties with respect to the damaged or destroyed portion of the Project, including, as applicable, any damage to the Building, Damaged Units, or Damaged Common Areas (as applicable, the “**Damaged Property**”) shall be as set forth below:

8.4.1 Repair and Reconstruction. In the event that the applicable Owners elect or are required to perform, or cause to be performed, the Repair and Reconstruction of the Damaged Property, then Owners shall perform, or caused to be performed, all Repair and Reconstruction of the Damaged Property.

8.4.2 Termination of the Project. In the event the Project is terminated pursuant to the provisions of Section 8.3 above: (i) the Property shall no longer be subject to the Project, the Plat or this Declaration, (ii) to the extent required by applicable law, all applicable parties (including, without limitation, all Owners and the Association) shall promptly execute, deliver and record a termination of the Project, the Plat, and/or the Declaration, with respect to the Property, and (iii) the Property and/or improvements related thereto shall immediately revert back, in fee simple, to Declarant.

8.4.3 Reimbursement to Owners. In the event that the Owners elect to terminate the Project with respect to the Damaged Property, the Owners of Damaged Units within the portion of the Property terminated from the Project (the “**Affected Owners**”) shall be entitled to their pro rata share of the Property Insurance Proceeds remaining less an amount sufficient to pay for the total razing, clearing, removing, and disposing of the Project (the “**Razing Costs**”). In no event shall any other Owner or the Association be liable to pay any amount of any difference between the fair market value of the Affected Owners’ interest in the Damaged Property and the amount of any Property Insurance Proceeds remaining following payment of all Razing Costs.

8.5 Damage and Destruction Terms and Provisions of Law. Notwithstanding the foregoing terms and provisions, if any terms and provisions of this Article 8 are contrary to applicable law, the applicable law shall govern and control.

8.6 Distribution of Property Insurance Proceeds Notwithstanding anything to the contrary herein, the distribution of any Property Insurance Proceeds to the Owner of a Unit shall be distributed pursuant to the terms of the Mortgage encumbering the Unit owned by such Owner.

## ARTICLE 9

### CONDEMNATION

9.1 Condemnation. If at any time, or from time to time, all or any part of the Project shall be taken or condemned by any public authority under power of eminent domain, the provisions of this Article 9 shall apply. A voluntary sale or conveyance of all or any part of the Project in lieu of condemnation, but under threat of condemnation, shall be deemed to be a taking by power of eminent domain. If any Unit or portion thereof, or the Common Areas or any portion thereof, are made the subject matter of any condemnation or eminent domain proceeding, or are otherwise sought to be acquired by a condemning authority, the Management Committee shall

give prompt written notice of any such proceeding or proposed acquisition to each Owner in the Project, Declarant, and to any First Mortgagee who has requested in writing notice thereof. The Association shall represent the Owners in any condemnation proceedings or in negotiations, settlements and agreements with the condemning authority for acquisition of the Common Areas, or any part thereof, and each Owner hereby appoints the Association as such Owner's attorney-in-fact for the purposes of such representation. Notwithstanding any language to the contrary herein, (i) the Association and/or any Owner shall only receive that portion of the Condemnation Award (as defined below) that relates directly to the Association's or such Owner's interest

9.2 **Proceeds**. The Association and all Owners hereby agree that any and all compensation, damages and other proceeds from any such taking by power of eminent domain (hereinafter "**Condemnation Award**") shall be made payable to the Association, and shall be distributed by the Association to the Association and/or the Owners, as applicable.

9.3 **Complete Taking**. In the event the entire Project is taken by power of eminent domain, ownership pursuant hereto shall terminate, and the portion of the Condemnation Award distributable to the Owners shall be allocated among and distributed to the Owners, (i) with respect to their individual Units, based upon the relative values of the Units immediately prior to the condemnation, and (ii) with respect to the Common Areas, based on the Owner's Ownership Interest. Such distribution shall be made by check payable jointly to each Owner and his/her respective Mortgagees, as appropriate.

9.4 **Partial Taking**. In the event less than the entire Project is taken by power of eminent domain, the following shall occur:

9.4.1 **Allocation of Award**. As soon as practicable, the Association, reasonably and in good faith, shall apportion the Condemnation Award distributable to the Owners between compensation, severance damages or other proceeds and shall allocate such apportioned amount and pay the same to the Owners as follows:

(i) The total amount apportioned to taking of or injury to the Common Areas shall be allocated among and distributed to all Owners (including Owners whose entire Units have been taken) based on each Owner's Ownership Interest;

(ii) The total amount apportioned to severance damages shall be allocated among and distributed to the Owners of those Units that have not been taken as the Association reasonably determines to be equitable under the circumstances;

(iii) The respective amounts apportioned to the taking of or injury to a particular Unit shall be allocated and distributed to the Owner of such Unit;

(iv) The total amount apportioned to consequential damages and any other taking or injuries shall be allocated and distributed as the Association reasonably determines to be equitable under the circumstances;

(v) If apportionment or allocation is already established by negotiation, judicial decree, statute or otherwise, the Association shall employ such apportionment and

allocation to the extent it is relevant and applicable;

(vi) Distribution of allocated proceeds shall be made by check payable jointly to individual Owners and their respective Mortgagees, as their interests may appear; and

(vii) No provision of this Article 9, or any other provision of this Declaration, the Articles or the Corporate Regulations shall entitle the Owner of a Unit, or other party, to have priority over any First Mortgagee holding such Unit with respect to the distribution to such Unit of the proceeds of any award, settlement or proceeds from any eminent domain or condemnation proceedings.

(viii) Notwithstanding anything to the contrary herein, the distribution of any proceeds of any award, settlement, or proceeds to the Owner of a Unit from any eminent domain or condemnation proceeding shall be distributed pursuant to the terms of the Mortgage encumbering the applicable Unit owned by such Owner.

**9.4.2 Continuation and Reorganization.** If less than the entire Project is taken by power of eminent domain, ownership pursuant hereto shall not terminate but shall continue. In such event the Project shall be reorganized as follows:

(i) If any partial taking results in the taking of an entire Unit, then the Owner thereof shall cease to be a Member of the Association and all voting rights shall terminate;

(ii) If any partial taking results in the taking of a portion of a Unit, the voting rights appertaining to such Unit shall continue; or

(iii) If any partial taking results in the taking of a portion of a Unit and if there is a determination made by the Management Committee, after duly considering any recommendations, proposals, or other input from the Owners, that such taking makes it impractical to use the remaining portion of such Unit, then all voting rights shall terminate and the remaining portion of such Unit shall thenceforth be part of the Common Areas.

The Management Committee, after duly considering any recommendations, proposals or other input from the Owners, shall have the duty and authority to make all determinations and to take all actions necessary or appropriate to effectuate reorganization of the Project under the provisions of this Article 9 (including a possible reallocation of Voting Rights); provided, however, that if any such determination shall have been or such action is taken by judicial decree, the Management Committee shall defer thereto and proceed in accordance therewith.

**9.4.3 Repair and Reconstruction.** Any repair and reconstruction necessitated by condemnation shall be governed by the provisions specified in Article 9 hereof for cases of Damage or Destruction, provided, however, that the provisions of said Article 9 dealing with sufficiency or insufficiency of insurance proceeds shall not be applicable.

**9.5 Condemnation Terms and Provisions of Law.** Notwithstanding the foregoing terms and provisions, if any terms and provisions of this Article 9 are contrary to applicable law, the applicable law shall govern and control.

## ARTICLE 10

### GENERAL USE RESTRICTIONS, DISCLAIMERS, AND INDEMNIFICATION

10.1 **Rules.** The Association shall have authority to promulgate and enforce reasonable rules, regulations, and procedures as may be necessary or desirable to aid the Association in carrying out any of its functions and to insure that the Property is maintained and used in a manner consistent with the Governing Documents (the “**Rules**”). No such Rules shall be inconsistent with, (a) this Declaration, the Articles, the Corporate Regulations, or the Master Easement Declaration, unless otherwise specifically permitted therein; or (b) the Market Center Subdivision Declaration of Covenants, Conditions and Restrictions, the Declaration of Cross Parking and Access Easements, Master Development Agreement, and the Shared Access and Amenities Easement unless agreed to in writing by the beneficiaries of such documents

10.2 **Use of Common Areas.** The Common Areas shall be used only in a manner consistent with their residential and retail community nature and with the rules, regulations and use restrictions applicable thereto. Notwithstanding any language to the contrary herein, the personal use of, and access to, the following Common Areas by the Owners is hereby strictly restricted, limited and prohibited (such use and access rights being specifically kept and retained by the Association): all mechanical/electrical rooms (and all contents, facilities and equipment therein), all janitorial and/or supply rooms or closets; all spaces inside Common Walls; all spaces between the ceiling finish of one Unit (as originally constructed by Declarant and/or Declarant’s contractor/developer) and the floor finish (as originally constructed by Declarant and/or Declarant’s contractor/developer) of the Unit(s) directly above such first Unit; all other cavities, crevices and voids within the Building; and any and all other portions of the Common Areas, the access and use of which are restricted, limited and/or prohibited by the Association in its sole discretion. In addition, no Common Area shall be used, occupied, or altered (i) in violation of law, (ii) in violation of the Master Easement Declaration, (iii) so as to jeopardize the structural support of any Unit, (iv) so as to create a nuisance or unreasonably interfere with the rights of any Owners, or (v) in any way which would result in an increase in the cost of any insurance covering the Common Areas or Units.

10.3 **Use of Units** All Residential Units are to be improved for residential use and are restricted to such use and uses incidental thereto, except only as specifically provided in this Declaration. Each sub-unit with each Residential Unit shall be used only as single-family residences. All Retail Units are to be improved for retail, commercial and vehicular and pedestrian ingress and egress and parking and are restricted to such use and uses incidental thereto, except only as specifically provided in this Declaration. No Unit shall be used, occupied, or altered (i) in violation of law, (ii) in violation of the Master Easement Declaration, (iii) so as to jeopardize the structural support of any other Unit, (iv) so as to create a nuisance or unreasonably interfere with the rights of any Owners, or (v) in any way which would result in an increase in the cost of any insurance covering the Common Areas or Units.

10.4 **Leasing, Renting and/or Granting Easements of Units.** Owners may lease, rent or grant easements (with respect to parking and ingress and egress with respect to parking) with respect to their Units subject to any reasonable restrictions set forth by the Association to the extent

that the Association restrictions do not conflict with the Master Development Agreement, the Cross Access, Parking, and Amenities Easement, or the Declaration of Cross Access and Parking Easement recorded on the Property. Any lease, rental or easement with respect to a Unit shall be in writing and shall include the following provisions: (i) the tenant/grantee shall agree to comply with all the terms and conditions of this Declaration and the Governing Documents; (ii) the tenant/grantee shall agree not to allow or commit any nuisance, waste, unlawful or illegal act upon the premises; and (iii) the Owner and the tenant/grantee shall acknowledge that (a) the Association is an intended third-party beneficiary of the lease/easement agreement, (b) the Association shall have the right to enforce compliance with this Declaration and the Governing Document and to abate any nuisance, waste, unlawful or illegal activity upon the Property; and (c) that the Association shall be entitled to exercise all the Owner's rights and remedies under the lease/easement agreement to do so. Prior to a tenant's/grantee's occupancy/use of a Unit, the applicable Owner must provide to the Association the name, address and telephone number of the tenant and a copy of the written lease/easement agreement. In no event shall the provisions of this Section 10.4 apply to the subleases to low-income residents of portions of the Units identified as Residential on Exhibit B.

**10.5 Certain Remedies.** The Association shall have the right and the obligation to enforce compliance with the Governing Documents against any Owner and shall have all rights and remedies available under state or local law, in addition to any its rights and remedies it may have as a third-party beneficiary under any lease agreement, to enforce such compliance.

**10.6 Easements for Utilities.** Easements for installation, repair, maintenance, and replacement of Utilities are hereby reserved throughout the Project in all locations (i) as may be shown on the Plat, or (ii) as otherwise may be chosen by Declarant. In all events, such easements for Utilities shall be deemed to exist where any such Utilities are actually originally constructed and/or installed. Within these easements, no structure, planting or other material shall be placed or permitted to remain that may damage or interfere with the installation or maintenance of such Utilities. Easements for the installation and maintenance of Utilities are also reserved within each Unit. It is contemplated that telephone, gas, electricity, lines, pipes, conduit, and other Utilities may originate in one Unit and terminate in another Unit. A right of access to all such Utilities is reserved to the Association and to all applicable suppliers or providers of such Utilities (as same may change from time to time).

**10.7 Nuisances.** No rubbish or debris of any kind shall be placed or permitted to accumulate upon the Property or in any Unit, and no odors, including but not limited to cooking odors, tobacco smoke and incense, shall be permitted to arise therefrom (i) that would render any part of the Property or any Unit unsanitary or unsightly, (ii) that would be offensive or detrimental to any other part of the Property or any other Unit or to the Owners, tenants, lessees, or occupants thereof, or (iii) that would give rise to any nuisance claim or cause of action under any applicable law. No unreasonable noise or other nuisance shall be permitted to exist or operate upon any part of the Property, in any of the Common Areas or in any Unit so as to be offensive or detrimental to any other part of the Property, including without limitation, the Common Areas or any Unit, or to the Owners, tenants, lessees, or occupants thereof, including, between the hours of 10:00 PM and 8:00 AM, which shall be quiet courtesy hours. Without limiting the generality of any of the foregoing, no exterior speakers, horns, whistles, megaphones, bells, sirens, speaker systems,

surround sound systems, artificial noise makers or other sound devices (other than (1) security and/or emergency alarms or devices used exclusively for security and/or emergency purposes, or (2) fire, smoke, carbon monoxide or similar alarms or devices used exclusively to safety purposes) shall be located, used or placed on or within the Project or any Unit without the prior written approval of the Management Committee. In all events, the Owners, tenants, lessees and/or occupants of any and all Units shall comply with all terms and provisions of the Governing Documents related to noise, odor, garbage, rubbish, debris, and/or similar nuisances.

**10.8 Indemnification.** To the fullest extent permitted under applicable law, each Owner shall indemnify, defend and hold harmless the Association and all Developer Parties from any loss, claim, liability, fine, penalty, damages, injury, detriment, cost, or expense (including, without limitation, all attorneys' fees and other legal costs, interest and penalties) as a result of, or on account of (i) any use of any Unit or any portion of the Project by such Owner or the family, guests, occupants, tenants or invitees of such Owner, or (ii) any act (whether inside or outside the Project) of such Owner or the family, guests, occupants, tenants or invitees of such Owner.

#### **10.9 Additional Structures or Alterations**

**10.9.1 No Exterior, Encroaching, or Structural Alterations.** No structures, improvements, changes, modifications, extensions, attachments, excavation, construction, additions, expansions, or alterations of any Unit of any kind, whether permanent or temporary, shall be permitted at any time which would (i) extend, expand, or encroach upon, into, or onto any Common Areas, or (ii) without the prior written consent of the Association, otherwise alter the exterior appearance of any improvement within the Property or any portion of the Building whether viewed from any Common Areas or any location outside the Project. In addition, no structural changes, extensions, attachments, additions, expansions, or alterations of any Unit of any kind, whether permanent or temporary, shall be permitted at any time

**10.9.2 Non-Structural Changes** Non-structural changes, extensions, attachments, additions, expansions, or alterations within any Unit shall only be permitted with the prior written consent of the Association. Nevertheless, such non-structural changes, extensions, attachments, additions, expansions, or alterations shall be permitted by the Association to the extent the same do not affect (i) any other Unit, (ii) any Common Areas, (iii) the structural integrity of any portion of either of the Building, or (iv) any Utilities or Utility Areas relating to portions of the Building outside of the applicable Owner's Unit. In addition, provided that subsections (iii) and (iv) above are satisfied, the combining of Units through the removal of demising, non-structural walls (or any portion thereof) within a Unit shall also be permitted by the Association, notwithstanding the fact that such alteration shall affect another Unit. In no event, however, shall any combination of any Units allow the removal of any door to any Common Area.

#### **10.9.3 Additional Terms and Conditions**

(i) In the event of any changes, extensions, attachments, additions, expansions, or alterations allowable under Section 10.9.2 above, Owners may not undertake any such changes extensions, attachments, additions, expansions, or alterations without first obtaining any and all applicable permits, consents, and approvals from any governmental agency or

department with jurisdiction and responsibility over building, development, construction, building permits, and/or the requested changes (including, without limitation, any necessary building permit)

(ii) Any provision of the foregoing to the contrary notwithstanding, to the fullest extent permitted under applicable law, any Owner making any changes extensions, attachments, additions, expansions, or alterations described above shall indemnify, defend, save and hold Developer Parties harmless from and against any and all losses, costs, claims, liabilities, penalties, judgments, damages, and other injury, detriment, or expense (including, without limitation, all attorneys' fees and other legal costs, interest and penalties) that Developer Parties suffer or incur from, as a result of, or on account of any such changes, extensions, attachments, additions, expansions, or alterations.

(iii) In all events, the Owners, tenants, lessees and/or occupants of any and all Units shall comply with all terms and provisions of the Master Easement Declaration, Governing Documents and the law related to changes extensions, attachments, additions, expansions, or alterations.

(iv) To limit noise disturbance, Owners shall not install speaker systems, surround sound systems and/or other sound devices connected to a Common Wall without the prior written approval of the Management Committee, which the Management Committee may approve or deny in its sole and absolute discretion.

(v) All Owners acknowledge that inside one, some or all walls within their Units there may be pipes, plumbing, vents, lines, Utilities, or other systems and/or features that serve or benefit other Units, Common Areas, or other Persons or areas. In order to not disturb, disrupt, damage or harm any such pipes, plumbing, vents, lines, Utilities, or other systems and/or features in such walls written approval of the Association must be received prior to any boring, drilling, or penetrating any walls within any Unit.

(vi) The Association may establish additional Rules related to any work or procedures described in this Section 10 9, which may provide for, among other things, (a) additional Association inspection rights related to such work, (b) the obligation to provide information including but not limited to plans, specifications, drawings, and licensing, insurance, and background information related to anyone conducting any work or expected to enter any Building related to such work, (c) the obligation to compensate the Association for any architectural, legal, and managerial review or oversight expenses and time as the Association deems appropriate or necessary in its discretion, (d) the requirement of deposits related to potential damages or cleaning, (e) requirements for disposing of materials and debris, (f) requirements related to the timing of when work can be performed, (g) bonding requirements for completion of the work, (h) requirements for storage, delivery, staging, and movement of materials and equipment, (i) timelines for completion of the work and fines and other assessments related to any delayed or abandoned remodeling, and (j) and other requirements as deemed appropriate by the Association in its sole discretion

10.10 **Exterior Walls, Doors, Windows, Facades, and Other Features.** No changing or altering of any exterior walls, doors, windows, facades, or other features that are visible from any Common Areas, public streets, or public rights-of-way shall be permitted, including without limitation, (i) the painting or decorating of any such doors or walls, (ii) any penetrations of any exterior doors, or walls, or (iii) any installation of doorbells peep holes, or door knockers.

10.11 **Unsightly Items.** No unsightly articles or items visible from any other Unit, any Common Area, or from any public street or right-of-way shall be permitted to remain on or near a Unit or the Common Areas (including, without limitation, the Building Exteriors). Without limiting the generality of the foregoing, (i) refuse, debris, garbage and trash shall be kept at all times within the interior of the Units in properly maintained trash receptacles or within the designated trash and recycle receptacles in the Project (or, if applicable such designated trash and recycle receptacles located off site), and (ii) no storage piles; barbecues; flags, banners, or signs; bicycles; unsightly furniture; dead plants or weeds; boxes; storage shelves, clothing or fabric hanging, drying or airing; or other unsightly items shall be permitted outside any Unit where it is visible either (a) from any other Unit or the Common Areas, or (b) to any other Person outside of the Project.

10.12 **No Further Subdividing** No Unit or Common Areas may be further subdivided, nor may any easement or other interest therein less than the whole be conveyed by the Owner thereof without the prior written approval of the Association; provided, however, that nothing herein shall be deemed to prevent or require the approval of the Association for the transfer or sale of any Unit to more than one Person to be held by them as tenants in common, joint tenants, or otherwise.

10.13 **No Hazardous Activities.** No activities shall be conducted on or within the Property and no improvements constructed on the Property which are or might be unsafe or hazardous to any Person or property. Without limiting the generality of the foregoing, no firearms shall be discharged upon or within the Property and no open fires or incinerators shall be ignited, lighted or permitted on or within the Property except in a contained barbecue unit (if permitted by the Association) while attended and in use for cooking purposes or within a safe and Association approved interior fireplace

10.14 **Architectural Control.** No building, construction, improvement, wall or other structure shall be commenced, erected or maintained upon the Property, nor shall any exterior addition to or change or alteration therein be made unless and until the plans and specifications showing the color, nature, size, dimensions, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing by Declarant, in its sole discretion.

10.15 **Noise; Dust; Vibrations; Odors.** By acquiring a Unit, each Owner and/or potential Owner hereby acknowledges and understands that the Project is located within a downtown urban setting surrounded by buildings, structures and improvements that are, or may be, used for commercial, residential, office, retail, industrial, manufacturing and other various purposes during all hours of the day and night. These uses located near or around the Project may cause, create or emit dust, dirt, smoke, steam, vibrations, shaking, noises, sounds, odors, smells, lights or other emissions, discharges or conditions at any or all hours of the day and/or night that some Owners

or Persons may find disturbing, disruptive, annoying, or irritating, or which may interrupt, inconvenience, or interfere with the lifestyles, routines, rituals, customs, habits, standards, schedules, or practices of such Owners or Persons. Each Owner understands that such dust, dirt, smoke, steam, vibrations, shaking, noises, sounds, rackets, odors, smells, lights, glows or other emissions, discharges or conditions may directly or indirectly affect such Owner's Unit, and, by the acceptance of instruments of conveyance and the transfer related to such Unit, such Owner shall be deemed to have understood, accepted and agreed to same. Each Owner further agrees and acknowledges that the Developer Parties and the Association shall not have any liability, duty or responsibility of any kind for any such dust, dirt, smoke, steam, vibrations, shaking, noises, sounds, rackets, odors, smells, lights, glows or other emissions, discharges or conditions emanating from outside of the Project, or for any mitigation or remediation thereof, and all such Owners accept the conveyance or transfer of their respective Units subject thereto.

10.16 **General Obligations.** Each Owner shall enjoy and be subject to all rights and duties assigned to Owners pursuant to this Declaration, the Master Easement Declaration. With respect to unsold Units, Declarant shall enjoy the same rights and assumes the same duties with respect to each unsold Unit.

[INTENTIONALLY OMITTED]

## ARTICLE 12

### MORTGAGE PROTECTION

12.1 **Subordination of Lien.** The lien or claim against a Unit for unpaid assessments or charges levied by the Association pursuant to this Declaration shall be subordinate to any Mortgage affecting such Unit if such Mortgage was recorded before the delinquent assessment was due, and the Mortgagee thereunder which comes into possession of or which obtains title to the Unit (whether through foreclosure or by a sale, conveyance, or deed in lieu of foreclosure) shall take the same free of such lien or claim for unpaid assessment or charges, but only to the extent of assessments or charges which accrue prior to foreclosure (or the sale, conveyance, or deed in lieu of foreclosure) of the Mortgage. No assessment, charge, lien, or claim which is described in the preceding sentence as being subordinate to a Mortgage, so as not to burden a Mortgagee that obtains title, shall be collected or enforced by the Association from or against a Mortgagee, or the Unit affected or previously affected by the Mortgage concerned.

12.2 **Payment of Taxes or Insurance.** In the event any taxes or other charges that may or have become a lien on the Common Areas are not timely paid, or in the event the required hazard insurance described in Section 7.6.1 above lapses, is not maintained, or the premiums therefor are not paid when due, any Mortgagee or any combination of Mortgagees may jointly or individually, pay such taxes or premiums or secure such insurance

12.3 **Estoppel Certificate.** The Association hereby agrees to provide, from time to time, at the request of any Owner or any Mortgagee, a certificate, executed by a person with authority to sign on behalf of the Association as may be set forth in this Declaration, the Articles or the

Corporate Regulations, indicating whether or not such Owner is current in the payment of any and all assessments described in Article 6 hereof. The form of any such certificate is subject to the Association's discretion. In addition, the Association is authorized to charge a reasonable fee (at its discretion) for the issuance of any such certificate.

**12.4 Mortgagee Consent to Amendments.** Notwithstanding any language to the contrary in this Declaration, any change, modification, or amendment (i) to Sections 3.3, 3.4, 4.1, 7.6 or Articles 6, 8, 9 or 12 of this Declaration or (ii) any other provision of this Declaration, the Articles, or the Corporate Regulations that could result in a Material Adverse Effect shall only be effective upon the written consent of all Mortgagees of record. As used herein, a "Material Adverse Effect" shall mean a material adverse effect on (a) any Unit; (b) the business, profits, prospects, management, operations or condition (financial or otherwise) of a Unit; (c) the enforceability, validity, perfection or priority of the Mortgage or other loan documents executed by the Owner of a Unit (the "Loan Documents"), or (d) the ability of the Owner to perform its obligations under the Loan Documents.

**12.5 Mortgagee Consent to Termination.** Notwithstanding any language to the contrary in this Declaration, any termination of any or all of the Project for any reason (including, without limitation, in connection with any condemnation, damage or destruction to all or a part of the Building) shall only be effective upon the written consent of all Mortgagees of record.

**12.6 Intentionally Omitted**

**12.7 Additional Notices to Mortgagees** In addition to, and not as a substitute for, the notices required to be provided to any Mortgagees of record under this Article 12, the Association shall provide written notice to Mortgagees of record in each of the following circumstances:

- (i) Any condemnation or casualty loss that affects either a material portion of the Project or the Unit securing the applicable Mortgagee's of record Mortgage;
- (ii) Any payment of assessments or charges owed by the Owner of the Unit securing the applicable Mortgagee's of record Mortgage which is delinquent by at least sixty (60) days;
- (iii) Any lapse, cancellation or material modification of any insurance policy maintained by the Association; and/or
- (iv) Any proposed action that requires the consent of Mortgagees of record.

**12.8 Payment of Unpaid Dues by Mortgagees.** Any Mortgagee of record that obtains title to a Unit pursuant to the remedies granted such Mortgagee of record in such Mortgagee's of record Mortgage (whether through foreclosure or otherwise) shall not be liable to pay of any Unit's unpaid Regular Assessments which accrued prior to the acquisition of the applicable Unit by such Mortgagee of record. From and after the date of any First Mortgagee of record obtains title to a Unit, such Mortgagee of record shall be responsible for the timely payment of all assessments, costs, fees, and other amounts set forth herein as the Owner of such Unit.

## ARTICLE 13

### ALTERNATIVE DISPUTE RESOLUTION

13.1 **Alternative Dispute Resolution Requirement** The Association and each Owner agree that any claims or disputes (“**Claims**”) with any of the Developer Parties shall be subject to required alternative dispute resolution procedures as set forth below prior to any litigation, trial, or other court procedures or proceedings.

#### 13.2 **Alternative Dispute Resolution Procedure.**

13.2.1 **Notice of Claim** The Owner or the Association must first provide the applicable Developer Parties with written notice of any Claims (“**Notice of Claim**”) related to the design or construction of the Project, including, but not limited to claims of defective or negligent construction or design. The Notice of Claim will detail the alleged deficiencies in the Project in sufficient detail that the applicable Developer Parties can address all such issues. The Notice of Claim will include any and all expert reports or independent evaluations obtained by the Association or applicable Owner that address the deficiencies identified in the Claim. In the event of a negligent Claim by the Association or the applicable Owner(s), a written opinion of an expert in the applicable field must be provided certifying that such expert has reviewed the facts and applicable law and that the Claim is not frivolous.

13.2.2 **Right to Repair.** Each of the applicable Developer Parties shall have a reasonable time period after the receipt of the Notice of Claim to respond to such Notice of Claim, by either (i) denying the Claim in writing or, (ii) if the applicable Developer Parties so elect, to inspect, repair, or otherwise remedy those items and issues identified in the Notice of Claim. If the applicable Developer Parties elect to inspect (including, if reasonably necessary, destructive testing), repair, or otherwise remedy the items or issues presented in the Notice of Claim, the Association and/or Owner (as applicable) agree to provide the applicable Developer Parties (and their consultants, experts, representatives, agents and/or contractors) with reasonable access to all applicable Units and the Common Areas.

13.2.3 **Approval of Repair or Remedy.** The applicable Developer Parties shall not repair any issues or items in the Notice of Claim without the written consent of the party making the Claim. The applicable Developer Parties shall provide the Association and/or Owner (as applicable) with a written description of the scope of repair, as well as an estimated schedule for repair and an allocation of responsibility, which may include some responsibility of the Association and/or Owner (as applicable). The Association and/or Owner (as applicable) shall have fifteen (15) days to evaluate the proposed repair, and to accept or reject the proposed repair. If the Association and/or Owner (as applicable) reject the proposed repair, the parties will proceed with a formal mediation of the Claims in accordance with terms set forth below.

13.2.4 **Mediation.** After all of the procedures set forth above in this Article 13 have been satisfied, if any Claim still exists, then, prior to the commencement of arbitration or litigation, any such Claim shall be submitted to a mediator reasonably agreed to by the applicable Developer Parties, and the Association and/or Owner (as applicable), as well as any other parties to the

Claim. If the parties cannot agree on a mediator, then any party may petition a court or competent jurisdiction in the location of the Project for appointment of a mediator. The mediation shall occur in the jurisdiction where the Project is located, and be subject to the laws of that jurisdiction. Within sixty (60) days after appointment of the mediator, the parties shall be required to exchange with each other all inspection and consultant reports in their possession pertaining to the claims. The parties shall have ninety (90) days after exchanging reports in which to perform additional inspections, and any additional reports resulting from such inspections shall be furnished to the other parties prior to the mediation. All mediation fees and expenses shall be shared equally by the parties on a 50/50 basis. The parties agree to attempt in good faith to resolve all disputes in mediation. Any mediation shall be non-binding. If any issue is not resolved after a good faith attempt at mediation such party may either submit any remaining Claim to arbitration (if the parties all agree) or to litigation.
