The front residential lot line is defined and designated as all of the street frontage of every lot except 1, 12, 16, 31, 60 and 30, 38, 39, 84. Church shall be deemed the "front residential lot line" for lots 30, 38, 39, 84. IV

A side yard shall be maintained in respect to every residential structure such that the total combined side yard of the main structure shall be not less than 15 feet and one side yard shall be not less than 8 feet in width measured from the nearest point of the main residential structure to the dividing line between the building site on which the building structure is located and the site adjacent thereto; provided, however, that chimneys, cornices and bay windows may extend into such side yard to the extent permitted by the zoning ordinance of Salt Lake County, Utah, applicable to this property; and provided, however, that if the main residential structure has incorporated within it a garage or carport for not less than one automobile, the total combined side yard for the main structure may be reduced to 10 feet measured as per this.

The building shall be located nearer than 20 feet to the side street on lots 1, 12, 16, 26, 60, 31, 30, 38, 39, 84, and the side street shall be deemed to be the street upon which the "front residential lot line" does not abut.

No outbuilding shall be erected, altered, placed or permitted to remain nearer than eight (8) feet to either side line of a "residential lot", unless no portion of said outbuilding extends nearer to the "front residential lot line" than sixty-five (65) feet.

No driveway shall bypass a residential structure on a side having a side yard of less than ten (10) feet between the principal residential structure and the property line of the adjacent owner. Every residential structure shall have one side yard as aforementioned of at least eight (8) feet unless said structure has incorporated within it or attached to it a garage for at least one motor vehicle.

No fence, walls or hedge over six (6) feet in height shall be erected or grown at any place on said premises; provided, however, that the restrictions set forth in this paragraph may be waived or nullified by the owners of more than fifty per cent (50%) of the numbered lots within this subdivision obtained in writing. No fence shall be permitted beyond the front line of the house.

VI

No noxious or offensive trade or activity shall be carried on upon any residential lot or building site hereinbefore described or any part or portion thereof, nor shall anything be done thereon which may become an annoyance or nuisance to the occupants of the remaining residential lots or building sites hereinbefore described.

VII

No fur-bearing animals except dogs, cats and rabbits as domestic pets may be kept, housed or maintained temporarily or permanently on any lot or residential site in this subdivision. No chickens or other fowl may be housed on any lot in this subdivision; provided, however, that pet canaries or similar domestic pets housed within the main residential structure are permitted.

VIII

No trailer, basement, tent, shack, garage, or other outbuildings erected in, upon or about any of said residential building sites hereinbefore described or any part thereof shall at any time be used as a residence temporarily or permanently, nor shall any structure of a temporary character be used as a residence.

IX

No structure shall be moved onto any residential building site hereinbefore described or any part thereof unless it meets with the approval of one hundred per cent (100%) of the fee title holders of other lots in this subdivision, such approval to be given in writing.

X

No trash, ashes, or any other refuse may be thrown or dumped on any residential lot hereinbefore described or any part or portion thereof.

XI

Easements are reserved as shown on the recorded plat for utility installation, pipelines, ditches, and maintenance. No main residential structure shall be constructed on top of any portion of any easement shown on such official plat, nor on top of any easement reserved by conveyance or otherwise and not shown on such official plat. Nothing in this paragraph contained shall be interpreted as prohibiting construction of walks, driveways, porches, etc., over such easements, subject to the rights of those with easements to make necessary repairs and conduct necessary maintenance along such easements.

XII

All covenants and restrictions herein provided and set forth shall run with the land and shall be binding on all the parties and persons claiming any interest in said residential lots hereinbefore described, or any part thereof until twenty-five years from the date hereof, at which time said covenants and restrictions shall be automatically extended for successive periods of ten (10) years unless, by a vote of the then recordowners of the majority of said residential lots, it is agreed to change the said covenants in whole or in part.

XIII

If the parties now claiming any interest in said residential lot hereinbefore described, or any of the, or their heirs, successors, grantees, personal representatives or assigns, shall violate or attempt to violate any of the covenants and restrictions herein contained prior to twenty-five (25) years from the date hereof, it shall be lawful for any other person or persons owning any other residential lot or lots in said area to prosecute any proceedings at law or in equity against the person or persons, firms or corporations so violating or attempting to violating any such covenants or covenants and/or restrictions or restriction, and either prevent him or them from so doing or to recover damages or other dues for such violation or violations.

XIV

Invalidation of any one or any part or portion of one or more of the covenants and restrictions hereinbefore set forth by judgment or court order shall in no wise effect any of the other provisions hereof which shall remain in full force and effect until twenty-five (25) years from the date hereof subject to automatic extension as provided in Paragraph XII hereof.
