3. Current Use and Condition of Property. Any use of the Property which may impair or interfere with the conservation values, unless expressly permitted in this Easement, is expressly prohibited. - (f) Burning of any materials on the Property, except as necessary for agricultural, drainage and fire protection purposes.
- (g) The use of motor vehicles, including snowmobiles, all-terrain vehicles, motorcycles and other recreational vehicles, except as may be necessary to maintain and operate the Property and to maintain and operate utility lines running through the Property in accordance with the terms and conditions of such approved use and the maintenance plan for the Property.

(p) All other uses and practices inconsistent with and significantly detrimental to the stated objectives and purpose of the Easement.

8. Rights of the Grantee. Grantor confers the following rights upon Grantee to perpetually maintain the conservation values of the Property and to accomplish the purpose of this Easement.

(a) Grantee has the right to enforce the terms of this Easement for the purpose of preserving and protecting the conservation values of the Property.

(b) Grantee has the right to enter upon the Property at reasonable times to monitor or to enforce compliance with this Easement and to inspect and enforce the rights

herein granted; provided that such entry shall not unreasonably interfere with the Grantor's use and quiet enjoyment of the Property. Grantee shall give reasonable notice of any such entry onto portions of the Property contained in individual private lot ownership as designated on Exhibit "B" as Conservancy Lots.

(c) Grantee has the right to enjoin and prevent any activity on or use of the Property that is inconsistent with the terms or purposes of this Easement and to preserve and protect the conservation values of the Property.

(d) Grantee has the right to require restoration of the areas or features of the Property which are damaged by activity inconsistent with this Easement.

(e) Grantee has the right to place signs on the Property which identify the Property as being protected by this Easement, exclusive of those portions of the Property contained in individual private lot ownership as designated on Exhibit "B" as Conservancy Lots.

(f) Grantee has the right to enter on the property to study and make ecological and scientific observation of the Property and its ecosystems, exclusive of those portions of the Property contained in individual private lot ownership as designated on Exhibit "B" as Conservancy Lots, unless otherwise permitted by such owners.

9. Duties of the Grantor. Grantor retains ownership rights of the underlying fee simple title to the Property which are not expressly restricted by this Easement. In accordance with rights reserved in Grantor by this Easement, Grantor shall be subject to all terms, conditions and restrictions of this Easement and shall have the affirmative duty to refrain from conducting or causing to be conducted any action inconsistent with the purpose and provisions of this Easement and to take reasonable actions to preserve and protect the aesthetic, open space, farmland, floodplain, wetland and/or wildlife habitat values of the Property.

10. Enforcement of Easement.

(a) Notice and Demand. If Grantee determines that Grantor is in violation of this Easement, or that a violation is threatened, the Grantee may provide written notice to the Grantor of such violation and request corrective action to cure the violation or to restore the Property. In the event Grantee determines that the violation constitutes immediate and irreparable harm, such notice shall not be required.

(b) Failure to Act. If, for a 30-day period after the date of the written notice from Grantee to Grantor, the Grantor continues violating the Easement, or if the Grantor does not abate the violation and implement corrective measures requested by the Grantee, the Grantee may bring an action in law or in equity to enforce the terms of the Easement. The Grantee is also entitled to enjoin the violation through injunctive relief, seek specific

performance, declaratory relief, restitution, reimbursement of expenses or an order compelling restoration of the Property. If the court determines that the Grantor has failed to comply with this Easement, the Grantor agrees to reimburse Grantee for all reasonable costs and attorneys fees incurred by the Grantee compelling such compliance.

(c) **Absence of Grantor.** If the Grantee determines that the Easement is, or is expected to be, violated, the Grantee shall make good-faith efforts to notify the Grantor. If, through reasonable efforts, the Grantor cannot be notified, and if the Grantee determines that circumstances justify prompt action to mitigate or prevent impairment of the conservation values, then the Grantee may pursue its lawful remedies without prior notice and without waiting for Grantor's opportunity to cure. Grantor agrees to reimburse Grantee for all costs reasonably incurred by Grantee in pursuing such remedies.

(d) **Actual or Threatened Non-Compliance.** Grantor acknowledges that actual or threatened events of non-compliance under this Easement constitute immediate and irreparable harm. The Grantee is entitled to invoke the equitable jurisdiction of the court to enforce this Easement.

(e) **Injunctive Relief and Restoration.** Any violation of the Easement shall be subject to termination through injunctive proceedings with the imposition of temporary restraining orders or through any other legal means, it being recognized that monetary damages and/or other non-injunctive relief would not adequately remedy the violation of the covenants and restrictions of the Easement. In addition, subject to the provisions set forth herein, the Grantee shall have the right to enforce the restoration of the portions of the Property affected by activities in violation of the Easement to the condition which existed at the time of the signing of this instrument.

(f) **Cumulative Remedies.** The remedies set forth herein are cumulative. Any, or all, of the remedies may be invoked by the Grantee if there is an actual or threatened violation of this Easement.

(g) **Waiver.** A delay in enforcement shall not be construed as a waiver of the Grantee's right to enforce the terms of this Easement.

## 11. Permitted Construction and Maintenance Activities.

(a) Grantor hereby reserves the right to enter upon the Property to conduct the following activities: to construct such structures and improvements permitted herein in conjunction with permitted and conditional uses of the Property.

(b) Grantor reserves the right to use, maintain, establish, construct and improve water sources, water courses, marshlands and ponds within the Property for uses permitted by this Easement, provided Grantor does not significantly impair or disturb the

natural course of the surface water drainage or runoff flowing over the Property. Grantor may alter the natural flow of water over the Property in order to improve drainage of agricultural soils, reduce soil erosion, or improve the agricultural or wetlands potential of the Property, provided such alteration is consistent with the conservation purpose of this Easement. Grantor retains and reserves the right to use any appurtenant water rights sufficient to maintain the agricultural and educational productivity of the Property. Grantor shall not transfer, encumber, lease, sell or otherwise sever any water, mineral or other rights from title to the Property itself.

(c) This Easement is subject to the rights of Grantor, Farmington City or any other agency or utility to enter upon the Property for the construction, installation, operation and maintenance of subsurface utilities as permitted herein. After exercise of rights retained herein, Grantor or the permitted entity or utility company in interest, shall take reasonable actions to restore the Property to its natural condition existing prior to the conduct of any of the foregoing activities.

12. Extinguishment of Development Rights. Except as otherwise reserved to the Grantor in this Easement, all development rights appurtenant to the Property are hereby released, terminated and extinguished, and may not be used on or transferred to any portion of the Property as it now or hereafter may be bounded or described, or to any other property adjacent or otherwise or used for the purpose of calculating permissible lot yield of the Property or any other property.

13. Maintenance. The Property shall be maintained by Grantor in accordance with the Maintenance Plan set forth as Exhibit "C," attached hereto and incorporated herein by this reference. Grantor shall be solely responsible for the upkeep and maintenance of the Property.

14. Taxes. Grantor shall pay all taxes, assessments, fees and charges of whatever description levied on or assessed against the Property, including any taxes imposed upon, or incurred as a result of, this Easement, and shall furnish Grantee with satisfactory evidence of payment upon request. If Grantee is ever required to pay any taxes or assessments on its interest in the Property, Grantor shall reimburse Grantee for the same.

15. Indemnification. Grantor shall hold harmless, indemnify, and defend Grantee and its members, directors, officers, employees, agents and contractors, and the successors and assigns of each of them, collectively referred to as the "Indemnified Parties," from and against all liabilities, penalties, costs, losses, damages, expenses, causes of action, claims, demands, or judgments, including, without limitation, reasonable attorneys' fees, arising from or with respect to the Property, unless due to the gross negligence or willful misconduct of Grantee. Grantor shall keep the Property insured with comprehensive general liability insurance against claims for personal injury, death and property damage and shall name Grantee as an additional insured party on all such insurance policies, providing Grantee evidence of such insurance upon request.

16. Transfer of Grantee's Interest. If the Grantee determines that it no longer is able to enforce its rights under this instrument or that it no longer desires to enforce the rights, or desires to assign enforcement rights to a qualified organization under Section 501(c)(3) and/or 170(h)(3) of the *Internal Revenue Code*, the Grantee shall be entitled to convey in whole or in part all of its rights under this instrument and deliver a copy of this instrument to an organization designated by the Grantee and described in or contemplated by Section 501(c)(3) and/or 170(h)(3) of the Code, or the comparable provision in any subsequent revision of the Code, to ensure that the Easement is enforced. Furthermore, the Grantee is hereby expressly prohibited from subsequently transferring the Easement, whether or not for consideration, unless (a) the Grantee, as a condition of the subsequent transfer, requires that the conservation purposes which the Easement is intended to advance continue to be carried out; and (b) the transferee is an organization qualifying at the time of the transfer as an eligible donee under Section 501(c)(3) and/or 170(h)(3) of the Code and regulations promulgated thereunder.

17. Cessation of Grantee's Existence. If Grantee shall cease to exist or if the Grantee is no longer authorized to acquire and hold conservation easements, then this Easement shall become vested in another entity. Any successor entity shall be a qualified organization for the purposes of Section 501(c)(3) and/or 170(h)(3) of the *Internal Revenue Code*.

18. Termination of the Easement. This Easement may be extinguished only by an unexpected change in condition which causes it to be impossible to fulfill the Easement's purpose or by exercise of eminent domain in accordance with the provisions set forth herein. The fact that the Grantee may have title to the Property and therefore may become an Owner for purposes of this Easement shall not cause a termination of this Easement by operation of the doctrine of merger or otherwise. The Grantee shall not voluntarily or willingly allow the termination of any of the restrictions of this instrument, and if any or all of the restrictions of the Easement are nevertheless terminated by a judicial or other governmental proceeding, any and all compensation received by the Grantee as a result of the termination shall be used by the Grantee in a manner consistent with the conservation purposes of the Easement. If subsequent circumstances render the purposes of this Easement impossible to fulfill, then this Easement may be partially or entirely terminated only by judicial proceedings.

19. Transfer of Grantor's Interest. The Grantor shall incorporate the terms of this Easement in any deed or other legal instrument by which it divests itself of any interest in all or any portion of the Property, including, without limitation, a leasehold interest. Any such transfer of interest shall be subject to the restrictions set forth in this Easement. The failure of the Grantor to perform any act required by this Paragraph shall not impair the validity of this Easement or limit its enforceability in any way. Upon proper and permitted conveyance of title to the Property, the Grantor shall be released from its obligations under this Easement.

20. Notices. Any notice, demand, request, consent, approval, or communication shall be in writing and served personally or sent by registered or certified mail, postage prepaid, return receipt requested, addressed to the following:

21. Title Warranty. Grantor warrants that it has good and sufficient title to the Property, free from all encumbrances except those set forth in Exhibit "D," attached hereto and incorporated herein by this reference, and hereby promises to defend the same against all claims that may be made against it.

22. Subsequent Encumbrances. This Easement shall not restrict the right of Grantor or its successors or assigns to execute, deliver and record mortgages on the Property or to grant other rights or easements in respect of the Property, subject to the terms and conditions set forth herein. The grant of any easement or use restriction that might diminish or impair the agricultural viability of the Property or otherwise diminish or impair the conservation values of the Property is prohibited. Any lien or security interest of a mortgage and any easement or other right created subsequent to the date hereof shall be subject to and subordinate to this Easement.

23. Environmental Warranty. 25. Controlling Law. The interpretation and performance of this Easement shall be governed by the laws of the State of Utah.

26. Liberal Construction. Any general rule of construction to the contrary notwithstanding, this Easement shall be liberally construed in favor of the Easement to effect the purpose of this Easement and the policy and purpose of *Utah Code Ann. § 57-18-1, et seq.*, as amended, and related provisions. If any provision in this instrument is found to be ambiguous, an interpretation consistent with the purpose of this Easement that would render the provision valid shall be favored over any interpretation that would render it invalid.

27. Severability. If any provision of this Easement, or the application thereof to any person or circumstance, is found to be invalid, the remainder of the provisions of this Easement, or the application of such provision to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected thereby.

28. Joint Obligation. Subject to the provisions set forth herein, the obligations imposed by this Easement upon Grantor or Grantors shall be joint and several.

29. Successors. The covenants, terms, conditions, and restrictions of this Easement shall be binding upon, and inure to the benefit of, the Grantee, the Grantor, and their respective personal representatives, heirs, successors, and assigns, and shall continue as a servitude running in perpetuity with the Property.

30. Entire Agreement. This Easement, together with all exhibits, sets forth the entire agreement of the parties with respect to the subject matter hereof and supercedes all prior discussions and understandings.

31. Captions. The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.
