3. OBLIGATION OF PURCHASER TO PAY FOR WATER: For the purchase of the annual quantity of water which the District holds and will hold for the Purchaser as herein provided, the Purchaser shall pay to the District an annual amount to consist of the total of the following items:

If the Purchaser shall fail to make any payment due hereunder on or before the due date, the District may refuse the delivery of water, or upon written notice to Purchaser, cancel this contract in its entirety, but either or both of these remedies are

not exclusive, and the District may exercise any other remedy given by this contract or by law to enforce collection of any payment due hereunder, and for the foreclosure of the lien hereby created.

6. RELIEF IN EVENT OF DROUTH AND WATER SHORTAGE: In the event there is a shortage of water caused by drouth, inaccuracies in distribution not resulting from negligence, hostile diversion, prior or superior claims or other causes not within the control of the District, no liability shall accrue against the District or the United States or any of their officers, agents, or employees or either of them for any damage, direct or indirect, arising therefrom and the payments to the District provided for herein shall not be reduced because of any such shortage or damage. During periods of water shortage, allocations of treated and untreated water for municipal, domestic and industrial use shall have first priority.

7. CONSTRUCTION, OPERATION AND MAINTENANCE OF PURCHASER'S FACILITIES: The purchaser shall construct, operate and maintain, without cost to the District or the United States, the well/spring and appurtenant facilities necessary to secure and accurately measure its water supply. The metering or other measuring device installed by the Purchaser shall be satisfactory to the State Engineer. The District has no responsibility for the quantity or quality of water that the Purchaser is able to secure through the operation of its well/spring.

8. BENEFICIAL USE OF WATER: The basis, the measure and the limit of the right of the Purchaser in the use of water shall rest perpetually in the beneficial application thereof, and the Purchaser agrees to put the water purchased by him hereunder to beneficial use in accordance with law.
