RECORDED FOR LEHI CITY

DEVELOPMENT AGREEMENT  
HILL CREEK SUBDIVISION, PLAT D  
A PLANNED RESIDENTIAL DESIGN PROJECT

This Development Agreement is entered into as of this 26 day of February,  
2000, by and among the owners and developers of the Hill Creek Subdivision Plat D,  
(hereinafter "Developer") and Lehi City Corporation (the "City") as it relates to the  
development of a residential subdivision of real property within the corporate Limits of  
Lehi City, Utah County, Utah.

RECITALS

Whereas, the Developer has sought approval of a 19 lot Planned Residential Design  
Project designated as Hill Creek Subdivision, Plat D, a copy of which plat is attached  
hereto as Exhibit A; and,

Whereas, the City Council has authorized the negotiation and adoption of  
Development Agreements under appropriate circumstances where the proposed  
development contains various features which advance the policies, goals and objectives of  
the City's General Land Use Plan, Capital Improvements Plan, Parks and Open Space  
Plan, and other land use objectives as well as the Capital Improvements Plan; and

Whereas, the developer is willing to modify the design of the project and voluntarily  
agrees to dedicate open space for the preservation of natural areas, parks and related  
purposes and other considerations in order to promote the policies, goals and objectives of  
the City; and

Whereas, the City acting pursuant to its authority under Chapter 9 of Title 10 of the  
Utah Code, and in furtherance of its land use policies, goals, objectives, ordinances,  
resolutions, and regulations has made certain determinations with respect to the density of

**the Planned Residential Design Project of Hill Creek Subdivision, Plat D, and in the exercise of its legislative discretion, has elected to approve this Development Agreement.**

**Now therefore, in consideration of the mutual covenants, conditions and considerations as more fully set forth below, the Developer and the City hereby agree as follows:**

**1. The Developer shall create and approve restrictive covenants for the subject subdivision project which shall be approved by the City and shall be incorporated herein by reference and recorded together with this Development Agreement and the subject subdivision plat. Said restrictive covenants shall be incorporated herein by reference and recorded together with this Development Agreement and the subject subdivision plat. Said restrictive covenants shall not be amended unless the proposed amendment is approved by Lehi City. The City shall be considered a beneficiary of said restrictive covenants and is hereby authorized to enforce the terms and provisions of the covenants through whatever means available and to the extent determined appropriate by the City. However, this agreement shall not be construed as placing a responsibility upon the City to enforce any of the restrictive covenants or requirements contained therein. Such enforcement shall be at the sole discretion of the City.**

**2. In satisfaction of Developer's park dedication requirement pursuant to the provisions of the PRD overlay zone, a copy of the recorded warranty deed conveying property to Lehi City is attached. (Exhibit "B")**

**3. Plats A, B and C must be recorded prior to recording Plat D.**  
**4. The developer shall construct a four foot, three rail white vinyl fence along the west property line adjacent to 300 West. A six foot chain link fence will be constructed by**

the developer where lots are adjacent to the city park (lots 91 through 94).

5. The developer will work with the park superintendent to retain as much natural vegetation as possible during construction of the project, including detention pond and trail system. If significant vegetation is removed, developer will provide a revegetation plan.

6. Developer will construct a ten foot asphalt trail through the City Park (plat B) property with exact location to be approved by the Lehi City Parks Committee and Park Superintendent.

7. The developer will not permit homes of the same elevation or a mirror image elevation to be constructed on adjacent lots or across the street from each other.

8. The developer will take such steps as are necessary to insure that all homes will be constructed of at least 70% brick, rock, stone, or stucco, with varied front setbacks as shown on the subdivision plat.

9. On all lots backing on to 300 West Street, the developer will be responsible for re-vegetation by hydro-seeding with a seed mix recommended by Lehi City which does not require a sprinkling system. Additionally the developer will be responsible for the placement of a nylon erosion control mesh in conjunction with the hydro-seeding. The developer will also hydro-seed the park area and build improvements as shown on the construction drawings.

10. Nothing in this agreement shall limit the City's future exercise of police power in enacting zoning, subdivision, development, transportation, environmental, open space, and related land use plans, policies, ordinances and regulations after the date of this agreement.

**11. The developer expressly acknowledges and agrees that nothing in this Development Agreement shall be deemed to relieve the developer from the obligation to comply with all applicable requirements of the City necessary for approval and recordation of subdivision plats and site plans for the project, including the payment of fees in compliance with all other applicable ordinances, resolutions, regulations, policies and procedures of the City including but not limited to the City's Development Code Ordinances and Design Standards and Public Improvement Specifications.**

**12. This Development Agreement shall be recorded against the property as described in Exhibit A hereto and shall be deemed to run with the land and shall be binding on all successors and assigns of the developer in the ownership or development of any portion of the property.**

**13. Neither this Development Agreement nor any provisions, terms, or conditions hereof can be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Development Agreement and without the prior written consent of the City, which shall not be unreasonably withheld. This requirement shall not apply to the sale of approved and platted lots within the subject subdivision.**

**14. This Development shall not create any joint venture, partnership, undertaking or business arrangement between the parties hereto, nor any rights or benefits to third parties.**

**15. If this Development Agreement or any of the exhibits hereto are breached, the party at fault agrees to pay attorney's fees and all costs of enforcement of the non-breaching party.**

## COVENANTS, CONDITIONS AND RESTRICTIONS HILLCREEK SUBDIVISION, PLAT D A PLANNED RESIDENTIAL DESIGN

We the undersigned, owners in fee of the following described real property, to wit: Lots 76 through 94 inclusive, Hillcreek Subdivision Plat D, a Planned Residential Design, do hereby make the following declarations as to limitations, restrictions and uses to which the lots and/or tracts constituting the said addition, may be put, hereby specifying that the said declaration shall constitute covenants to run with all of the land as provided by law and shall be binding upon all of the parties and all persons claiming under them, and for the benefit of and limitations upon all future owners in said addition, the declaration of restrictions being designated for the purpose of keeping the said subdivision desirable, uniform, and suitable in architectural and landscape design and use as herein specified.

### AREA OF APPLICATION

Full-protected residential area. The residential area covenants in their entirety shall apply to all property listed in the above described property and also described in the attached exhibit "A".

### RESIDENTIAL AREA COVENANTS

1. Land use and building type. No lot shall be used except for the residential purpose. No building shall be erected, altered, placed or permitted to remain on any lot other than on (1) family dwelling not to exceed two (2) stories in height and private garage for not less than two vehicles. Each finished dwelling must have a minimum square footage of 1000 square feet of living area on the main level. Square footage is excluding garages, verandas, carports, patios, basements, porches and steps. Any square footage with any portion thereof beneath the top grade of the foundations will not qualify to offset the minimum square footage requirement.
2. No tank for storage of fuel may be maintained above the surface of the ground.

3. Building location. No building shall be located on any lot nearer to the front lot line or nearer to the side street line than the minimum building set back lines as required by Lehi City. In any event no habitable building shall be located on any lot nearer than 20 feet to the front lot lines, nor nearer than 20 feet to any side street.

No building shall be located nearer than 8 feet to an interior lot line. No dwelling shall be located on an interior lot nearer than 25 feet to the rear lot line. For the purpose of this covenant, eves, steps, chimneys and open porches shall not be considered as part of the building, provided, however, that this shall not be construed to permit any portion of a building, or a lot to encroach upon another lot.

4. No building material of any kind or character shall be placed or stored upon any lot until the owner thereof is ready to commence improvements and then the material will be placed within the property lines of the plot upon which the improvements are to be erected, and shall not be placed in the streets or between the curb and the property line.

5. Easements. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. All power and telephone lines must be run underground.

6. Keeping of animals other than those ordinarily kept as family pets shall be forbidden, unless the written permission of two-thirds of the subdivision owners is obtained for the exception. Said exception must also be in accordance with city zoning requirements.

7. Nuisances. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may become an annoyance or nuisance to the neighborhood. This area is subject to all the sounds, odors, and activities normally associated with an agricultural area and use.

8. No signs, billboards, nor advertising structures may be erected or displayed on any lots hereinbefore described or parts or portions thereof, except that a single sign, not more than 3 feet by 5 feet in size advertising a specific unit for sale or house for rent or construction sign, may be displayed on the premises affected. The other exception will be signs that are deemed necessary by the original owner/developer of the subdivision, and all such signs must be removed at such time that all the lots in the subdivision are sold.

9. No satellite dishes or antennas shall be placed in set back easements of said side yards and are to be obscured from public view.

10. No trash, ashes nor any other refuse may be dumped, or thrown, or otherwise disposed of, on any lot hereinbefore described or any part or portion thereof. All homes must subscribe to city garbage disposal service, or an incinerator must be provided.

11. Temporary structures. No structure of a temporary character, trailer basement, tent, shack, garages, barn, or other out buildings shall be used on any lot at any time as a residence, either temporary or permanently.

12. Any detached accessory building erected on the lots shall conform in design and materials with the primary residential home on the lot.

13. Fencing. No fence, wall, hedge, or other dividing structure higher than 3 1/2 feet shall be permitted within the front yard setback. No dividing structure on any other portion of the lot shall be over 6 feet in height.

14. Parking and Storage. No inoperative automobile shall be placed or remain on any lot or adjacent street for more than 48 hours. No commercial type vehicles and no trucks shall be parked or stored on the front yard setback of any lot, or within the side yard building setback on the street side of a corner lot, or on the residential street except while engaged in transportation. Trailers, mobile homes, trucks over three-quarter ton capacity, boats, campers not on a truck bed, motor homes, buses, tractors and maintenance or commercial equipment of any kind shall be parked or stored behind the front yard setback in an enclosed area screened from street view. Sufficient side yard gate access

should be planned and provided for in the design of the home, to permit ingress, egress and storage of trailers and recreational type vehicles on the side and rear yards. The storage or accumulation of junk, trash, manure or other offensive or commercial materials is prohibited. Facilities for hanging, drying or airing clothing or household fabrics shall be appropriately screened from view.

15. Maintenance. Every lot, including improvements in said tract, shall be kept in good repair and maintained by the owner thereof in a clean, safe and attractive condition.

16. All front yard landscaping must be installed within the first growing season after such date that occupancy permit is granted to each individual dwelling. Growing season will be considered to commence on April 1, and run through October 31. If an occupancy permit is issued during the growing season; compliance with this restriction is required by the end of the current growing season, unless the permit is issued after September 1 of that growing season.

## DESIGN GUIDELINES

In addition to the above listed Residential Area covenants and all other restrictions and covenants outlined in this document, a set of Design Guidelines shall apply. The purpose of the Design Guidelines is to increase the aesthetic quality of the Hillcreek Subdivision, Plat D, a Planned Residential Design, while maintaining a housing stock that remains achievable to the first-time home buyer. The Design Guidelines are intended to create a harmonious architectural approach, compatible with the site, while providing each home owner with flexibility in choosing exterior and interior features so as to avoid monotony of design, exterior elevations and colors. These Design Guidelines are listed below.

### I. Architectural Standards

#### 1. Height of Structures

The maximum height of any residence shall not exceed two stories above grade and shall not exceed Lehi city building height requirements for the zone.

#### 2. No Reflective Finishes

No highly reflective finishes (other than glass, which may not be mirrored) shall be used on exterior surfaces (other than surfaces of hardware fixtures), including without limitation, the exterior surfaces of the following: roofs, all projections above roofs, doors, trim, fences, pipes, mailboxes and newspaper tubes.

#### 3. Materials-Exterior Surfaces

Exterior surfaces will consist of the following: On all side and rear elevations of all homes vinyl siding, stucco and masonry shall be acceptable. The elevation of all homes may be a combination of stucco and masonry wainscot, or vinyl and masonry wainscot with the minimum masonry square footage equal to 70% of the area of the house. The colors of the siding, stucco and masonry shall be chosen to compliment and match as closely as possible.

4. No Two Homes Alike on Adjoining Lots

Due to the lot size and density of the Hillcreek Subdivision, no two alike are allowed on adjoining lots. Adjoining lots shall be defined as lots which share common side yard property line. This includes the same model with different materials, however, the same model with two different front elevation details will be permitted on adjoining lots.

5. Setback Requirements

Front setbacks shall vary between 20 and 25 feet to create additional visual interest to the street scape. The minimum side setback shall be eight feet with a minimum rear setback of 25 feet. Corner lots shall have a 20-feet side street setback.

6. Garage Required

All homes are to have a minimum a two-car garage. Neither carports nor covered parking within the front setback will be permitted.

7. Garage Access-Corner Lots

Homes on corner lots shall have side-entry garages with at least one window on the front elevation side of the garage.

8. Central Air conditioning Required

All homes are to have central air conditioning. Evaporative coolers will not be permitted.

9. Porch Fencing

Those homes with front porches shall have trim\fencing in decorative, white vinyl that is uniform to the development. Wood trim\fencing on porches will not be permitted due to the required maintenance of such trim.

II. Landscaping

Each home shall have two trees and five shrubs planted within the front setback within one year of home occupancy.

The trees shall be 1 1/2" caliper if deciduous and 6' if coniferous. Shrubs shall be a minimum of one gallon. Trees and shrubs shall be chosen from the following list:

Coniferous Trees

White Fir

Colorado Green Spruce

Austrian Pine

Deciduous Trees

Red Sunset Maple

Palmore Ash  
Eastern Redbud  
Bradford Pear

Coniferous Shrubs

Sea Green Juniper  
Compact Oregon Grape

Deciduous shrubs

Redleaf Barberry  
Compact Burning Bush  
Alpine Currant

III. Fencing

Perimeter fencing along 300 West Street shall be as shown on the final plat: 4' high 3-rail white vinyl fence. Developers will provide fencing along back of lots 91-94 and on the south side of lot 94 as shown on the final plat.

Interior fencing shall be at the discretion of the individual property owner. If the city would like to narrow the choices that property owners may install to provide some uniformity throughout the development, that can be accomplished through the Design Guidelines.

GENERAL PROVISIONS

The said covenants, conditions, restrictions and reservations shall be perpetual and shall apply to and be forever binding upon the grantees, successors, executors, administrators and assigns, and are imposed upon the land as an obligation and charge against the same for the benefit of the grantors herein named, its successors and assigns as a general plan for the benefit of the said tract, however, the said covenants can be terminated or amended by agreement in writing signed by two-thirds of the property owners in the said tract, and approval by Lehi city.

ENFORCEMENT

In the event of violation of any of these covenants, property owners in the said tract are authorized and empowered to take such action as may be necessary to enforce or enjoin the violators of these covenants, it being understood and agreed by all of the signators hereto that the costs including attorney's fees of such enforcement shall be borne by property owners proportionately to the frontage each owns on any street in the subdivision. It being also understood and agreed by all of the signators hereto, that if such aforementioned signators violate the provisions of these covenants, and are proven at fault; they agree to pay the reasonable costs and attorney's fees necessary to enforce the provisions of these covenants and restrictions. If such debt remains unpaid 90 days beyond the date notice is tendered to the violator, a lien shall be recorded against the lot where the violation has been

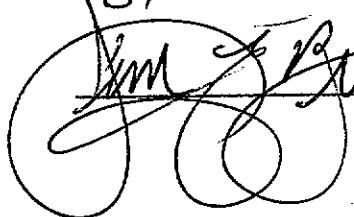

perpetuated. The city of Lehi at its discretion may also institute enforcement procedures.  
**SEVERABILITY**

Invalidation of any one of these covenants by judgement or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

IN WITNESS WHEREOF, the undersigned, have executed the instrument this 21<sup>st</sup> day of Feb 2001.
