ARTICLE 2-PROPERTY RIGHTS

Section 2.1 Title to the Common Areas. The Declarant will convey fee simple title to the Common Areas to the Association, free and clear of all encumbrances and liens upon conveyance of 67% of the Lots subject to this Declaration to a purchaser. In accepting the deed, the Association will covenant to fulfill all the terms of this Declaration, to maintain the Common Areas in good repair and condition at all times and to operate the Common Areas at its own expense in accordance with high Standards.

Section 2.2 Owner's Easement of Enjoyment. Every owner has a right and easement of use and enjoyment in and to the Common Areas, except as provided in 2.3 or otherwise set forth by the Trustees. This easement is appurtenant to and passes with the title to every Lot, subject to:

(a) The right of the Association, with the approval of sixty-seven (67%) of the entire membership, to sell, exchange, hypothecate, alienate, mortgage, encumber, dedicate, release or transfer all or part of the Common Areas to any private individual, corporate entity, public agency, authority, or utility.

(b) The right of the Association to take such steps as is reasonably necessary or desirable to protect the Common Areas against foreclosure.

Section 2.3 Delegation of Use. An Owner or one having a right of use of facilities, is deemed to delegate any right of enjoyment to the Common Areas and facilities to family members, tenants, or contract purchases who reside on the Lot. Damage caused to the Common Areas and facilities, including personal property owned by the "Association", by a Member, or by a person who has been delegated the right to use and enjoy such Common Areas and facilities by the Member, shall create a debt to the Association. Debts owed to the Association as a result of such damage to the Common Areas and facilities shall be an assessment charged to the Lot Owner.

Section 2.4 Rules. The Board of Trustees shall have the authority to promulgate rules and regulations for the governance of the Properties, and persons within the Properties. These rules of the Association shall be compiled and shall be made available by the Trustees for inspection and copying.

Section 2.5 Lot. Each Lot is owned in fee simple by the Owner.

Section 2.6 Combination of Lots. In the event two or more adjacent Lots are held in identical ownership, the Lots may be combined for use and construction purposes. The utility easements which are between the private ownership areas in each of the adjacent Lots may be occupied for construction of a single home. For example, if two lots of the original Plat map were owned by the same Owner, and the Owner desired to construct a single Home, the Home could occupy the area between the Lots which is designated on the Plat for utility easements. The Owner would be required to respect the utility easements in the other, non adjacent boundaries of the Lots.

In the event of such Home construction across Common Areas or adjacent utility easements, as designated on the Plat, all easements and rights of the Association, its Members and third-parties, such as utilities, in such area which had been exercised prior to construction of the Home would remain in place, in perpetuity. However, all easements and other rights that had not been used prior to construction of the Home could not thereafter be exercised.

In the event of such a combination of Lots, each Lot shall continue to be assessed individually with respect to the assessments provided for in Article 4 of this Declaration.

ARTICLE 3-MEMBERSHIP AND VOTING RIGHTS

Section 3.1 Membership. Every Owner is a Member of the Association. The term "Owner" includes contract purchases but does not include persons who hold an interest merely as security for the performance of an obligation unless and until title is acquired by foreclosure or similar proceedings. Membership is appurtenant to and may not be separated from Lot ownership. Membership in the Association automatically transfers upon transfer of title by the record Owner to another person or entity. The Declarant shall not be a member.

Section 3.2 Voting Rights. The Association shall have one class of voting membership. All members are entitled to one vote for each Lot owned. The Declarant and his assigns are entitled to three votes for each Lot owned. When more than one person holds an interest in any Lot, the group of such persons shall be a member. The vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Lot.

ARTICLE 4-SPECIAL ASSESSMENTS

Section 4.1 Home Owner Fees. Neither the Declarant nor the ACC shall have authority to levy annual home owner fees without the written approval of 67% of the members.

Section 4.2 Special Assessments for Capital Improvements. The Board may levy in any assessment year a special assessment, applicable to that year only. Special assessments are applicable to that year only. Special assessments may only be levied to defray, in whole or in part, the cost of any construction, reconstruction, repair or replacement of Common Areas structures, fixtures and personal property related thereto. Special assessments must have the assent of sixty-seven percent (67%) of the votes of the entire Membership authorized to vote, in person or by proxy, at a meeting duly called for this purpose.

Section 4.3 Additional Assessments. In addition to assessments for capital improvements, the Association shall levy such additional assessments as may be necessary from the time to time for the purpose of repairing and restoring the damage or disruption resulting to Common Areas.

Section 4.4 Notice and Quorum for Any Action Authorized Under Sections 4.1 and 4.2. Written notice of any meeting of Members called for the purpose of taking any action authorized under Sections 4.2 and 4.3 shall be sent to all Members at least thirty (30) days in advance of said meeting. At the first meeting called, the presence at the meeting of Members, or of proxies, entitled to cast sixty percent (60%) of the votes of the Entire Membership shall constitute a quorum. If the quorum requirement is not met at such a meeting, another meeting may be called, on at least thirty (30) days advance written notice, and the required quorum at any such subsequent meeting shall be one-half of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 4.5 Emergency Assessments. Notwithstanding anything contained in this Article 4, the Board, without membership approval, may increase any other possible assessments necessary for an emergency situation. For purposes of this section, an emergency situation is one in which the Board finds one of the following:

- (a) An expense necessary to repair or maintain the Property or any part of it for which the Association is responsible where a threat to personal safety on the Property is discovered; or
- (b) An expense required by an order of a court.

Section 4.6 Effect of Non-Payment of Assessment-remedies of the Association. Any assessment or installment thereof not paid within thirty (30) days after the due date therefore shall be delinquent and shall bear interest from the due date at the rate of eighteen percent (18%) per annum (or such lesser rate as the Trustees shall determine appropriate) until paid. In addition, the Trustees may assess a late fee for each delinquent installment that shall not exceed twenty-five percent (25%) of the installment.

The Trustees may, in the name of the Association, undertake one or more of the following:

- (a) Bring an action at law against the Owner personally obligated to pay any such delinquent assessment without waiving the lien of assessment;

- (c) May restrict, limit or totally terminate any or all services performed by the Association in behalf of the delinquent Member.

There shall be added to the amount of any delinquent assessment the costs and expenses of any action, sale or foreclosure, and a reasonable attorney's fee, together with an account for the reasonable rental for the Lot from time to time of commencement of the foreclosure. The Association shall be entitled to the appointment of a receiver to collect the rental income or the reasonable rental without regard to the value of the other security.

A power of sale is hereby conferred upon the Association. Under the power of sale the Lot of an Owner may be, sold in the manner provided by Utah law pertaining to deeds of trust as if said Association were beneficiary under a deed to trust. The Association may designate any person or entity qualified by law to serve as Trustee for purposes of power of sale foreclosure.

Such payments to this fund shall not be refundable.

Section 4.10 Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage held by an institutional lender if the mortgage was recorded prior to the date the assessment became due. Sale or transfer of any Lot pursuant to foreclosure of a first mortgage or any proceeding in lieu thereof, shall extinguish the assessment lien as to payments which became due prior to such sale or transfer. No sale or transfer, however, shall relieve a Lot or Owner from personal liability for assessments coming due after taking title or from the lien of such later assessments.

Section 4.11 Books, Records and Audit. The Associations shall maintain current copies of the Declaration, Articles, Bylaws, Rules and other similar documents, as well as its own books, records and financial statements which shall all be available for inspection by Lot Owners and insurers as well as by holders, insurers and guarantors of first mortgages during normal business hours upon reasonable notice. A modified version of the Notification Form may be used in cases of family, friends and guests occupying the Home for a period longer than two (2) consecutive weeks.

Section 8.19 Violation Constitutes a Nuisance. Any act or omission whereby any restriction, condition or covenant as set forth in this Declaration if violated in whole or in part is declared to be and shall constitute a nuisance, and may be abated by Declarant or affected property Owners and such remedy shall be deemed to be cumulative and not exclusive.

Section 8.20 Front and Rear Yard Landscaping. Within one planting season, not to exceed twelve (12) months after the completion of the construction of any home upon the property, the Owner must have the front yard completed, including a timed sprinkler system. No later than 2 planting seasons, not to exceed two (2) years following the date of occupancy, the Owner must have completed the side and rear lot landscaping including a timed sprinkler system.

Section 8.21 Land Use and Building Type. All Lots shall be used only for detached single family residential purposes. No professional, business or commercial use shall be made of the same or any portion thereof; provided, however that the Lot restrictions contained in this Article shall not be construed in such a manner as to prohibit an owner or resident from (a) maintaining a personal library therein; (b) keeping personal business or professional records or accounts therein; (c) handling personal, business or professional telephone calls or correspondence therefore; or (d) establishing a valid home occupation approved by the City of Hurricane, provided that there shall be no retail sales conducted at the Lot, nor customers or clients driving/parking in or about the subdivision therefore creating a nuisance, offensive or noxious activity which would remove the quiet enjoyment of the neighborhood.

"Family" is defined as any one of the following who occupy a dwelling unit:

- A. One (1) person living alone.
- B. Two (2) or more persons related by blood, marriage, adoption, or other legal relationship living together as a single housekeeping unit; and up to two (2) other unrelated persons residing on the same premises where the housekeeping unit is located.
- C. Two (2) unrelated persons and the children of either of them.
- D. Three (3) unrelated individuals living together as a single housekeeping unit.

Section 8.22 Lot Size. Lot sizes as described on the recorded plat of subdivision are considered minimum Lot sizes and no person shall further subdivide any Lot other than as shown on the recorded plat of said subdivision. As previously indicated, Lots may be combined for construction of a single residence. In the event of such combination of adjacent Lots, all easements and right of the Lot owners and third parties, such as utilities, in the boundary area between such Lots which has been exercised prior to construction of the home on the Lot would remain in place, in perpetuity. In such instance, no permanent structure or amenity may be constructed or placed over said easements as identified on the Official Plat. However, all easements and other rights in the boundary area between such Lots which had not been used prior to construction of the home could not thereafter be exercised. In the event of such a combination of Lots, the combined Lots shall be assessed as one Lot.

The ACC requires that the Lot owner obtain a soils test and recommendation(s) on foundation(s) prior to the approval of any proposed home design. The ACC may condition final approval following said recommendation. The lots within this subdivision shall require pad compliance prior to issuance of a building permit. Pad compliance shall be required if there is an elevation difference of four (4) feet or more to any adjoining pad. Pad compliance shall include showing engineered retaining walls and drainage plan.

Section 8.23 Easements. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation, maintenance or replacement of utilities, or which may change the direction of flow of drainage channels in the easement. The easement area of each Lot and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or utility company is responsible. The title holder of each Lot shall from time to time as may be reasonably required grant rights over, across, on, under and upon these easements for such additional uses and services as may be provided from time to time by a public authority or private utility company.

Section 8.24 No Hazardous Activities. No activities shall be conducted on the Property and no improvements shall be constructed on the Property which are or might be unsafe or hazardous to any person or property. Without limiting the generality of the foregoing, no firearms shall be discharged upon the Property and no open fires shall be lighted or permitted on the Property except in a contained barbecue or fire pit unit while attended and in use for cooking purposes or within a safe and well-designed interior fireplace.

Section 8.25 Motorbikes. All motorcycles, trail bikes, three-wheel powered devices, automobiles, and two or four wheel drive recreational type vehicles are to be operated only by individuals with driver's licenses and only on established streets and parking areas and are specifically prohibited from all other portions of the Property, and are to be used on said streets only for ingress, egress, and access purposes and not for recreational purposes anywhere within the project.

Section 8.26 Weed Control. Each Lot Owner shall, to the extent reasonably feasible, control the growth and proliferation of noxious weeds and flammable materials on his Lot so as to minimize weed, fire and other hazards to surrounding Lots, living units, the landscape easements, and surrounding properties, and

shall otherwise comply with any applicable ordinances, laws, rules, or regulations pertaining to the removal and/or control of noxious weeds. Noxious weeds shall mean and refer to those plants, which are injurious to crops, livestock, land or the public health.

Section 8.27 Nuisances. No noxious or offensive activity shall be carried on upon any Lot, part or portion of the Property, nor shall anything be done thereon which may be or may become an annoyance to the neighborhood. Outdoor clothes drying shall be allowed on a rotary line screened from the street. No storage of any unused, temporary or seasonal items, which are visible from any public street or neighboring lot shall be permitted. No clutter, debris, or other such materials or items shall be permitted which are visible from any public street. No resident's use of a Lot shall endanger the health or disturb the reasonable enjoyment of any other owner or resident.

Section 8.28 Safe Condition. Without limiting any other provision of these covenants, each owner shall maintain and keep such owner's Lot at all times in a safe, sound and sanitary condition and repair and shall correct any condition or refrain from any activity which might interfere with the safety or reasonable enjoyment of other owners of their respective Lots.

Section 8.29 Business and Sales. Notwithstanding any provisions to the contrary herein contained, it shall be expressly permissible for the Developer, or its written designee, to maintain such facilities and conduct such activities as in the sole opinion of Developer may be reasonably required, convenient or incidental to the construction of homes and sale of Lot during the Development Phase, and upon such portion of the Property including Lots or common area, if any, as Developer deems necessary, including but not limited to, a business office, storage areas, construction yard, signs, model units and sales offices. As part of the overall program of development of the Property into a residential community and to encourage the marketing thereof, the Developer shall have the right of use of any Lots or any common area and facilities thereon, including any landscape easement, community buildings, without charge during the sales and construction period to aid in its marketing activities.

ARTICLE 9-WALLS

Section 9.1 Separation Walls (also "Fences and Walls"). Each owner may construct block landscaping walls which provide borders to the Lot and separate same from other developments, public rights-of-way, and adjacent Lots. Such walls shall be deemed Separation Walls. It is the intent of this document that Separation Walls, if any, be owned and maintained by the individual Lot Owner or Lot Owners sharing a property/lot line. Separation Walls shall also include other yard/privacy walls and fences constructed by the Owner as part of the individual Home construction, pool construction, gazebo construction, etc., as approved by the ACC. It is the intent of this provision that a Separation Wall shall be built down the center of a shared property line. It is the further intent that Lot Owners sharing a property line share in the cost of building the Separation Wall if both agree to the construction of such a wall.

Separation Walls shall be block with synthetic finish overall. All walls must receive approval as to type, construction, color, etc. from the ACC prior to construction. No structure, fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and (6) feet above the roadways shall be placed or permitted to remain on any corner Lot within the triangle area formed by the street property lines and a line connecting them at points forty (40) feet from the intersection of the street, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight line limitations shall apply on any Lot within 12 feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted within such distances of such intersections unless the foliage line is maintained at such height to prevent obstruction of such sight lines. No fence, wall, hedge, shrub or foliage shall be planted, kept or maintained in such manner as, in

the opinion of the ACC, shall create a serious potential hazard or an aesthetically unpleasant appearance to the other residents of the area.

Fences, walls and other barriers shall be approved by the ACC and constructed of an approved block material and color. No fence shall be constructed in the front setback areas.

Section 9.2 Retaining Walls. Retaining walls are restricted to a maximum height as allowed by Hurricane City or six (6) feet, whichever is less, unless otherwise approved by the ACC. In the event approval is given for a retaining wall higher than six (6) feet, the retaining wall must be tiered and landscaping must be installed to hide the retaining wall and its tiers, with properly designed and engineered drainage systems.

Section 9.3 General Rules of Law To Apply. To the extent not inconsistent with the provisions of this Article, general rules of law regarding Separation Walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto.

Section 9.4 Repair and Maintenance. In the event a wall needs general maintenance, each Owner sharing a wall will be responsible for the maintenance of the wall side facing each Owner's Lot, and the cost thereof. The top of a wall requiring maintenance shall be shared equally by the sharing Owners. In the event damage is caused to a wall by a specific Owner, that Owner, solely, shall bear the cost of repairing the damaged wall, no matter where the repair needs to take place. No changes or alterations shall be made to Separation Walls by Lot Owners without prior written approval of the ACC.

Section 9.5 Decorations. No owner shall paint, construct addition to, color or otherwise decorate the interior or exterior surface of a Separation Wall. Any owner found in violation hereof shall bear the whole cost of refurbishing and restoring the affected wall to its original condition, consistent with other portions of the Separation Walls.

Section 9.6 Arbitration. The Board of Trustees may elect to serve as an Arbitration Board in settling disputes arising over a Separation Wall. In such instance, the Board's decision shall be final and the Owner's in dispute shall abide the Board's decision.

ARTICLE 10-EASEMENTS

Section 10.1 Encroachments. Each Lot and the property included in the Common Areas is subject to an easement for encroachments created by construction, settling and overhangs, as designed. A valid easement for said encroachments and for the maintenance of same shall and does exist, so long as they stand.

Section 10.2 Utilities. There is hereby created a blanket easement upon, across, over and under all of the Properties for public utility purposes. By virtue of this easement, it shall be expressly permissible for all public utilities serving the Properties to lay, construct, renew, operate and maintain conduits, cables, pipes, mains, ducts, wires and other necessary equipment on the Properties, provided that all such services shall be placed underground, except that said public utilities may affix and maintain electrical and/or telephone wires, circuits and conduits on, above, across and under roofs and exterior walls. Notwithstanding anything to the contrary contained in this Section, no sewers, electrical lines, water lines, or other utilities may be installed or relocated on the Properties in such a way as to unreasonably encroach upon or limit the use of the Common Areas. In the initial exercise of easement rights under this section, a utility shall make reasonable efforts to occupy and use the same physical location or lane as other utilities. After a utility service has initially exercised its easement rights under this section, the utility shall make reasonable efforts to occupy and use the same physical location as its prior installations.

Should any utility furnishing a service covered by the general easement herein provided request a specific easement by separate recordable document, Declarant or the Association shall have the right to grant such easement on said Property without conflicting with the terms hereof.

Declarant reserves the right to convey to itself and to other adjoining landowners, easements for roadway and utility use in the Common Areas, and the right to connect to and use roadways and utilities owned or controlled by the Association or serving the Properties. The Declarant reserves the right to execute agreement(s) which may confer on itself or adjacent landowners or owners association the right to use Common Areas and Common facilities, including (without limitation) recreational facilities.

Section 10.3 Police, Fire and Ambulance Service. An easement is hereby granted to all police, fire protection, ambulance services and all similar persons to enter upon the streets and Common Areas in the performance of their duties.

Section 10.4 Maintenance by Association. An easement is hereby granted to the Association, its officers, agents, employees and to any maintenance company selected by the Association to enter in or to cross over the Common Areas and Owner's Lots in the furtherance of its duties set forth herein.

Section 10.5 Easement for Declarant. The Declarant shall have a transferable easement over and on the Common Areas and facilities and utilities for the purpose of making improvements on the Property or on any additional land under the Declaration, or any development, related or unrelated, on land described herein or adjacent to the Property and for the purpose of doing all things reasonably necessary and proper in connection with the same.

Section 10.6 Other Easements. The easements provided for in this Article shall in no way affect any other recorded easement.

ARTICLE 11-EXPANSION

Declarant reserves the right, at its sole election, to expand the Properties to include additional property more particularly described below by unilateral action of Declarant, without the consent of Owners. The property, all or part of which may be included in one or more expansions, is located in Washington County, Utah, and is more particularly described as follows:

The Declarant shall have the sole discretion as to

development of the Common Areas in any expansion area and may include any facilities or amenities thereon that Declarant deems necessary and such Common Areas shall be owned by the Association.

ARTICLE 12-GENERAL PROVISIONS

Section 12.1 Enforcement. Section 12.6 Waivers. No provision contained in the Declaration shall be deemed to have been waived by reason of any failure to enforce it, irrespective of the number of violations which may occur.

Section 12.7 Topical Headings. The topical headings contained in this Declaration are for convenience only and do not define, limit or construe the contents of the Declaration.

ARTICLES 13-AMENDMENT
