RESIDENTIAL AREA COVENANTS FOR SKYLINE PARK

KNOW ALL MEN BY THESE PRESENTS:

The undersigned owners of the following described real property situated in Salt Lake County, State of Utah, to-wit:

All of Lots 1 to 46, both inclusive, SKYLINE PARK, according to the official plat thereof on file in the office of the Salt Lake County Recorder,

hereby declare that all and each of said lots above described shall be subject to and shall be conveyed subject to the reservations, restrictions and covenants hereinafter set forth.

1. LAND USE AND BUILDING TYPE. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family dwelling not to exceed two and one-half stories in height and a private garage for not more than three cars.
2. ARCHITECTURAL CONTROL. No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved. Approval shall be as provided in the paragraph on Membership.
3. DWELLING COST, QUALITY AND SIZE. No dwelling shall be permitted on any lot at a cost of less than \$17,000.00 based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The ground floor area of the main structure, exclusive of one-story open porches and garages, shall be not less than 1400 square feet for a one-story dwelling, nor less than 2400 total square feet for a dwelling of more than one story.
4. BUILDING LOCATION. (A) No building shall be located on any lot nearer to the front lot line or nearer to the side street line than the minimum building setback lines shown on the recorded plat. In any event no building shall be located on any lot nearer than 27 feet to the front lot line or nearer than 20 feet to any side street line.
(B) No building shall be located nearer than 8 feet to an interior lot line, except that no side yard shall be required for a garage or other permitted accessory building located 12 feet or more behind the main building.
(C) For the purposes of this covenant, eaves, steps and open porches shall not be considered as part of a building, provided however that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.
5. LOT AREA AND WIDTH. No dwelling shall be erected or placed on any lot having a width of less than 65 feet at the minimum building setback line nor shall any dwelling be erected or placed on any lot having an area of less than 8000 square feet, except that a dwelling may be located on any lot as plated on the recorded plat provided that setback and side yard requirements listed above are complied with.
6. EASEMENTS. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat and over the rear five feet of each lot. Within these easements no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage channels in the easements or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot except for those improvements for which a public authority or utility company is responsible.

7. **NUISANCES.** No noxious or offensive activity shall be carried on upon any lot nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

8. **TEMPORARY STRUCTURES.** No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.

9. **SIGNS.** No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than 5 square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.

10. **LIVESTOCK AND POULTRY.** No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purpose.

11. **GARBAGE AND REFUSE DISPOSAL.** No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in a sanitary container. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

12. **SIGHT DISTANCE AT INTERSECTIONS.** No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

13. **ARCHITECTURAL CONTROL COMMITTEE.** James Giolas, 3803 So. 2820 East, SLC,
(A) **MEMBERSHIP.** The Architectural Control Committee is composed of Gordon B. Hinckley, 3703 South 27th East, Salt Lake City, Utah; Sherman B. Hinckley, 2579 Beacon Drive, Salt Lake City, Utah; and Robert H. Graham, 3164 South 3075 East, Salt Lake City, Utah. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee the remaining members shall have full authority to designate a successor. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties.

(B) **PROCEDURE.** The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative fails to approve within 30 days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

14. **GENERAL PROVISIONS.**

(A) **TERM.** These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of 30 years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of 10 years unless an instrument signed by a majority of the then owners of the lots has been recorded agreeing to change said covenants in whole or in part.

(B) **ENFORCEMENT.** Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant, either to restrain violation or to recover damages.

(C) **SEVERABILITY.** Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

DATED at Salt Lake City, State of Utah, this 10th day of September, 1965.
