PROTECTIVE COVENANTS

Recorded at 10:26 a.m.
Request of WESTERN STATES TITLE INSURANCE CO.
Fee Paid HAZEL TAGGART CHASE
Recorder, Salt Lake County, Utah
By Deputy
Ref.

TO WHOM IT MAY CONCERN:

Richard F. McKean and La Var H. Whittaker, dba McKEAN CONSTRUCTION COMPANY, a partnership, the owner of the following described property situated in the County of Salt Lake, State of Utah, to-wit:

Lots 142 to 150, inclusive, CHERRY HILLS NO. 3, a subdivision of part of the Southwest quarter of Section 26, township 2 South, Range 1 East, Salt Lake Meridian, according to the plat thereof, recorded in the office of the County Recorder of Salt Lake County.

In consideration of the premises and as part of the general plan for improvement of said property, do hereby declare the property hereinabove described subject to the restrictions and covenants herein recited.

1. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single family dwelling not to exceed one and two stories in height and a private garage and/or carport for not more than three cars.
2. No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved.

The Architectural Control Committee is composed of Richard F. McKean, 2140 Parleys Terrace, Salt Lake City, Utah; A. Neff Taylor, 2070 East 3580 South, Salt Lake City, Utah; and Zeph Y. Erekson, 2901 Northwood Road, Salt Lake City, Utah. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties.

The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove with 30 days after plans and specifications have been submitted to it, or in any event, if not suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

3. No dwelling shall be permitted on any lot at a cost of less than \$ 12,500.00 based upon the cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to assure that all dwellings shall be of quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The ground floor area of the main structure, exclusive of one-story open porches and garages, shall not be less than 1000 square feet for a one-story dwelling, nor less than 800 square feet (ground floor or main floor area) for a dwelling of more than one story.
4. No building shall be located on any lot nearer than 25 feet to the front lot line, or nearer than 20 feet to any side street line, or nearer than 8 feet to any interior lot line. The minimum distance from the main building to the rear lot line shall be 15 feet. For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of the building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot. A detached garage and/or carport or other permitted accessory building may be located next to a side lot line as long as it is 40 feet from the minimum building set-back line and is on an interior lot.

5. No lot shall be resubdivided into, nor shall any dwelling be erected or placed on any lot having a width of less than 65 feet at the minimum building setback line or an area of less than 8,000 square feet.
6. Easements for installation and maintenance of utilities and drainage facilities are reserved over the rear five feet of each lot as shown on the recorded plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.
7. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become any annoyance or nuisance to the neighborhood.
8. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuildings shall be used on any lot at any time as a residence either temporarily or permanently.
9. No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than 5 square feet advertising the property for sale or rent, or signs used by the builder to advertise the property during the construction and sales period.
10. No oil drilling, oil development operation, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.
11. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except dogs, cats, or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.
12. These covenants are to run with the land and shall be binding on all parties and persons claiming under them for a period of 40 years from the date these covenants are recorded, after which time said covenants are to be automatically extended for successive periods of ten years unless an instrument signed by a majority of the owners of lots has been recorded changing said covenants in whole or in part.
13. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damage.
14. Invalidation of any one of these covenants by judgement or court order shall in no way effect any of the other provisions which shall remain in full force and effect.

Dated: August 15, 1966

McKEAN CONSTRUCTION COMPANY

By: Richard F. McKean

STATE OF UTAH)
 : ss.
COUNTY OF SALT LAKE)
