No dwelling shall be located on any interior lot nearer than 20 feet to the rear lot line.

(c) For the purpose of this covenant, eaves, steps and open porches shall not be considered as part of a building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.

5. LOT AREA AND WIDTH. No dwelling shall be erected or placed on any lot having a width of less than 65 feet at the minimum building setback line nor shall any dwelling be erected or placed on any lot having an area of less than 6500 square feet, except that a dwelling may be erected or placed on all lots as shown on the recorded plat, provided that the minimum side yard requirements are met at the setback line.

9. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.
