EASEMENT

For the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned Grantors hereby grant, convey, sell, and set over unto **FARMINGTON CITY**, a Utah municipal corporation, hereinafter referred to as "Grantee," its successors and assigns, a perpetual right-of-way and easement to lay, construct, maintain, operate, repair, inspect, protect, install, remove and replace storm drainage pipelines, boxes and other structures and related facilities (including such facilities to convey surface storm water), public utilities, and other public improvements, hereinafter all together called "Facilities," said right-of-way and easement, being situated in Davis County, State of Utah, over and through a parcel of the Grantors' land, more particularly described in Exhibit "A" attached hereto and by this reference made a part hereof.

TO HAVE AND HOLD the same unto the Grantee, its successors and assigns with the right of ingress and egress in the Grantee, its officers, employees, agents and assigns to enter upon the above-described property with such equipment as is necessary to install, maintain, operate, repair, inspect, protect, remove and replace the Facilities, and to provide emergency services. During construction periods, Grantee and its contractors may use such portion of the property along and adjacent to the right-of-way and easement as may be reasonably necessary in connection with the construction or repair of the Facilities. The contractor performing the work shall restore all property through which the work traverses to as near its original condition as is reasonably possible. Grantors shall have the right to use the above-described premises except for the purpose for which this right-of-way and easement is granted to the Grantee, provided such use shall not interfere with the Facilities or with the discharge and/or conveyance of water or storm water through the Facilities, or any other rights granted to the Grantee hereunder.

Grantors shall not build or construct or permit to be built or constructed any building or other improvement over or across this right-of-way and easement nor change the contour or alter the grade thereof without the written consent of Grantee. This right-of-way and easement grant shall be binding upon and inure to the benefit of the successors and assigns of the Grantors and the successors and assigns of the Grantee, and may be assigned in whole or in part by Grantee. In the event Facilities, or portions thereof, are relocated in the future to a public street right-of-way, Grantee will revoke, abandon and/or vacate those portions of the easement that are no longer necessary as determined by the Grantee.
