Section 5.1 **Use.** Unless otherwise specified in an Amended or Supplemental Declaration covering a particular Plat(s), Lot(s), or parcel(s), Lots shall be used only for single-family residential purposes (including multi-family as approved) and such uses as are customarily incidental thereto. The Townhome phases of the Subdivision, Phase 2 collectively, shall be restricted from allowing more than 8 of the total 52 approved units (15.3%) from being rented at any given time. It is incumbent upon the Association to enforce this restriction. No other phases within the Subdivision are subject to Association rental restrictions, but may be subject to such restrictions as defined in the Layton City municipal code (if any).

Section 5.2 **Description of Improvements.** It is intended that the Project will consist of a variety of single-family residential products, types, styles and models, including by way of illustration but not limitation townhomes, cottage homes, single family residences, detached housing, attached housing, or combinations thereof. The Declarant will also construct Common Area and Facilities. In addition, there may be trails and parks located in the common areas, as well as other improvements of a less significant nature. The location and configuration of the improvements referred to herein have been depicted on the preliminary plat as approved by the City, and will be delineated on the Plats. During the Developer Control Period while Class B Membership exists, the Declarant shall approve the design of all Improvements. Thereafter, an Architectural Control Committee may be established to oversee the minimum architectural and design standards for each Neighborhood, Lot and Dwelling, which shall be recorded with each phase. All construction plans and specifications must be reviewed and expressly approved in writing by the

Declarant or Architectural Control Committee. During the Developer Control Period while Class B Membership exists, Declarant shall be exempt from architectural restrictions.

Section 5.3 **Legal Status.** The Plat shows the number of each Lot or Unit, its location, and the Common Areas and Facilities to which it may have immediate access. All Lots and Units shall be capable of being independently owned, encumbered and conveyed; and shall have an appurtenant uniform undivided percentage of ownership interest in the Common Areas and Facilities.

Section 5.4 **Membership in Master and Neighborhood Associations.** By virtue of his acceptance of a deed or other document of conveyance to a Lot or Unit, each Owner shall be considered a member of the Master Association and its respective Neighborhood Association (if any), which membership is mandatory and may not be partitioned or separated from the ownership of the Lot or Unit.

Section 5.5 **Allocation of Profits, Losses and Voting Rights.** Profits, losses, and voting rights in the Master Association and each Neighborhood Association (if any) shall be allocated as set forth in the Declaration and Bylaws. The ownership of the Common Area and Facilities appurtenant shall be held by the Association.

Section 5.6 **Limited Common or Private Yard Area.** Limited Common Area or Private Yard Area shall mean and refer to those Common Areas and Facilities designated in the Declaration or Plat as reserved for use of a certain Lot or Lots to the exclusion of the other Lots. Limited Common Area may not be partitioned from the Lot to which it is appurtenant. The following items if designated to serve a single Lot or Unit, even if located outside the Lot or Unit are Limited Common Area and Facilities allocated exclusively to a Lot or Unit: a private garden or planting area, shutter, an awning, a window box, a doorstep, a stoop, a porch, a balcony, a patio, an exterior door, an exterior window, a driveway, a walkway, and any other fixture. Limited Common Area may also include a front, side and/or rear yard area if designated as such on the Plat. Such right of exclusive use shall automatically accompany the transfer of the Lot to which it relates.

Section 5.7 **Right to Modify Lot Boundaries and Interior Boundary Lines.** Declarant reserves the unilateral right to modify Lot boundaries and interior boundary lines and/or combine Lots or Units so long as it owns the Lots or Units; provided, however, such changes may not extensively alter the boundaries of the Common Area and Facilities nor change the percentages of ownership interest.

Section 5.8 **Change in Use or Nature of Common Area and Facilities.** The Declarant is granted and hereby expressly reserves the right to unilaterally change the use or nature of the Common Area and Facilities until the termination of the period of Declarant Control as defined in Article VII.

Section 5.9 **Change in Type of Lot Type or Dwelling Unit Type.** The Declarant reserves the right to unilaterally change the type, nature, scope, features, size, style, design, configuration, location, and so forth of a Lot or Unit within any Neighborhood so long as it owns the property.

Said studies and reports are on file for public inspection with the Layton City Planning Department. Each individual Lot owner/building contractor/purchaser is responsible for complying with the geotechnical studies and reports completed by Intermountain Geo-Environmental Services, Inc. (IGES).

Layton City is not responsible for any engineering or inspection failure or any damages resulting therefrom. Any damage caused to public property, public interest in property, public improvements, or public facilities in the subdivision, by either a failure to comply with the referenced reports, shall be repaired by the party failing to comply therewith. Each Lot owner/building contractor will be required to sign a document prepared by Layton City that indicates the existence of geotechnical reports regarding the subdivision and willingness to comply with said reports. This entire Tract, is located within the Layton City Sensitive Lands Overlay Zone, and as such has been including all flood plans and drainage channels, shall be designated as being within the Sensitive Area Overlay Zone.

Section 5.11 **Public Trail.** The Declarant shall provide a public trail, generally ten feet (10') wide, except where property constraints prohibit this width, running through various parts of the Subdivision. Said Trail will be constructed and developed in conjunction with the respective phase or Neighborhood in which it is located.

Section 5.12 **Buildings or Dwellings.** Each dwelling unit shall have an attached or fully enclosed garage adequate for a minimum of two (2), and a maximum as determined by the ACC, standard size automobiles. No carports shall be allowed.

a. **Dwelling Size.** Each phase of the Subdivision will have an Amended or Supplemental Declaration recorded after the date of this Declaration, and in conjunction with each phases plat recording, which may define minimum living area requirements (square footage) for their respective dwelling units. Living areas shall be calculated exclusive of garages, open porches, and basements, and shall be based minimum square footage from the "ground floor" and up. "Ground floor" shall typically be defined as the first floor with a floor elevation extending above the top back of curb at the driveway approach side of the Lot, with any exceptions to this definition being determined by the ACC.

IN ANY CASE IN THE SUBDIVISION, THE ARCHITECTURAL CONTROL COMMITTEE RESERVES THE RIGHT TO GRANT EXCEPTIONS BUILDING OR DWELLING SIZE RESTRICTIONS IN ORDER TO PLACE AN APPROPRIATE HOME ON A SPECIFIC LOT DUE TO SLOPE RESTRICTIONS, LOT IRREGULARITY OR FOR ANY OTHER REASON THEY DEEM REASONABLY APPROPRIATE.

c. **Dwelling Exterior Materials:** The integrity and harmony of the original design, and the quality of construction and materials throughout the Project is important. All construction shall be comprised of new materials, with exception to the use of used brick or wood members with prior written approval of the Architectural Control Committee. Each phase of the Subdivision will have an Amended or Supplemental Declaration recorded after the date of this Declaration, and in conjunction with each phases plat recording, which may define specific exterior material requirements for their respective dwelling units. In general, the dwelling's exterior for all phases of the Subdivision shall be comprised of combinations of the following materials (but not required to use all): Cement composite, wood, and/or wood-composite sidings; stucco; masonry, including brick and stone.

Following the period of Declarant control, the overall architectural style and detailing of each Improvement (including each Building) and the associated landscaping and site use is subject to ACC review and approval. **All architectural designs, plans, specifications, construction materials, and colors must be (a) reviewed and approved by the Architectural Control Committee ("ACC") prior to commencement of any construction activities; and, (b) consistent with the governing documents. Any alterations in approved plans, specifications, construction materials, and colors, following ACC approval, require a re-review and approval with the ACC.** Extraordinarily stylized or unique building shapes, or styles, such as geodesic domes, A-Frames, or cubic block homes are prohibited. The determination of whether or not a proposed Building is within this prohibited category of unique building styles shall rest with the ACC and such determinations shall be made in the sole and absolute discretion of the ACC; provided, that in making such determination, the ACC may consult with Owners of Lots in the immediate surrounding area of the Lot where the subject Building is proposed. No Initial Construction, including any site preparation or excavation of the Lot or other preparatory construction of Improvements for such Initial Construction shall be undertaken, built, constructed, erected or placed on a Lot unless and until the plans, specifications and site plan therefore have been reviewed in advance and approved by the ACC in accordance with the provisions of this Master Declaration, and any relative Amended or Supplemental Declarations. After Initial Construction, no other work of construction, excavation, or any exterior alteration to Improvements on a Lot shall be undertaken without obtaining the same advance approvals as are required with respect to Initial Construction.

Detached structures such as garden sheds and garages must be approved by the ACC. Detached structures are not allowed in the Townhome phases of the Subdivision. If the detached structure functions as a major component of the overall property function (i.e. garage), they are to be constructed of similar exterior materials and be the same color of the primary structure unless otherwise approved by the ACC. Sheds, outbuildings, pergolas, and picnic pavilions may be of different construction and materials, but must be approved by the ACC. All property owners are required to check with the governing municipality for building code requirements and zoning restrictions related to all detached structures before construction of said structure commences. Detached structures allowed for the benefit and use of the Patio Home owner, would be constructed on Common Area property, and must be approved by the ACC.

The Owner shall submit two sets of site, building, fencing, and landscaping plans to the ACC for approval.

THE ACC WILL REQUIRE THE OWNER, ITS CONTRACTOR OR AGENT, TO PAY THE FOLLOWING NON-REFUNDABLE REVIEW FEE(S), PER PLAN, WHEN THE SUBMITTAL IS MADE:

Initial Review Fee:	\$350.00 per plan (including home, landscape, fence, etc.)
Re-Review Fee:	\$150.00 per re-submittal of plans that have been rejected or required to provide more information.

THE ACC HAS THE AUTHORITY TO ENGAGE THE SERVICES OF OUTSIDE AGENTS TO REVIEW SUCH PLANS. ALL DWELLING SIZES, FLOOR PLANS AND EXTERIOR MATERIALS

MUST BE SUBMITTED TO THE ACC IN WRITING, AS OUTLINED IN SECTION 5.12 OF THESE COVENANTS AND ANY RELATIVE AMENDED OR SUPPLEMENT DECLARATIONS, AND APPROVALS MUST BE OBTAINED IN WRITING PRIOR TO THE COMMENCEMENT OF ANY CONSTRUCTION ACTIVITIES ON THE HOME. IF SAID APPROVALS ARE NOT OBTAINED AND CONSTRUCTION BEGINS, OWNER SHALL BE SUBJECT TO A \$500.00 FINE, WHICH MAY BE LEVIED AS A LIEN, AT THE SOLE DISCRETION OF THE ACC OR THE HOA. THE DECLARANT RELATED ENTITIES, AS DEFINED IN 8.6 HEREIN, ARE EXEMPT FROM THE REQUIREMENT TO SUBMIT PLANS FOR ACC APPROVAL.

Section 5.14 **Prohibited Buildings/Uses**. No trailer or other vehicle, tent, shack, garage, accessory building or out-building shall be used as a temporary or permanent residence. No noxious or offensive activities shall be conducted on any Lot nor shall anything be done or any use made thereon or thereof which may be or become an unreasonable annoyance or nuisance to the Occupant(s) of the other Lots within the Property by reason of unsightliness or the excessive emission of fumes, odors, glare, vibration, gases, radiation, dust, liquid waste, smoke or noise. Nothing herein is intended to prohibit Declarant or its affiliated building and business entities from placing a construction trailer and/or sales trailer on a Lot, making reasonable use of construction equipment or otherwise undertaking efforts to develop the Subdivision or constructing the homes.

Section 5.15 **Exterior Antennas and Dishes**. No exterior antennae or dish (including HAMM), may be installed on a Lot without the prior written consent of the Declarant or ACC as to its location. Owners are required to utilize existing cables and hardware when installing antennas or dishes. Further such antennas and dishes may not be located anywhere on the front façade of the dwelling and must be screened from view whenever possible.

Section 5.16 **Easements**. Certain easements, as hereinafter described, are hereby reserved for the use and benefit of the Declarant and granted for the use and benefit of each Lot, and for the use and benefit of each Owner and Occupant, and for the use and benefit of the Association and/or the City, and their successors and assigns, for the purposes incident to such use, development and maintenance of the Property, in conformance with the following:

Each Owner shall, at its own expense, maintain the drainage ways and channels on his Lot in proper condition free from obstruction allowing drainage to occur to designated drainage facilities (if any).

i. Any additional easements, if any, as shown and designated on the recorded Plat(s) for the Subdivision including without limitation easements along the sides, front and rear of each Lot as shown on the Plat for maintenance, repair and/or replacement of utility and/or drainage facilities.

Except as provided herein, the above easement areas (excluding any equipment or appurtenances owned by the Declarant, the Association, the City, or a utility company located thereon) herein reserved shall be maintained by the Owner of the Lot upon which they are situated. No Improvements (which includes but is not limited to sheds, outbuildings, garages, fences, etc.) shall be placed or permitted to remain on such easement areas located within any Lot so as to interfere with the intended use or purpose of such easement(s), and no other activity shall be undertaken on any Lot which may interfere with the use and access intended to be provided by such easement or the installation or maintenance of the utilities or other facilities, if any, located thereon or therein.

The easements reserved to the Declarant hereunder shall be fully assignable or otherwise transferable by the Declarant to the Association and/or the City at the sole discretion of the Declarant.

Section 5.17 **Drainage.** Generally, the side and rear property lines are deemed drainage easements, and no Lot shall be graded and no structure or other obstacle shall be erected, placed, or permitted to remain thereon in such a way as to interfere with the established drainage pattern over the Lot to and from adjoining land. In the event it becomes necessary to change the established drainage over a Lot, adequate provision shall be made for proper drainage. Any fence or wall erected along the side or rear property line of any Lot shall contain "weep holes" or shall be otherwise constructed so as to not prevent the flow of surface water from adjoining land where such flow is in accord with the established drainage. The owner of the Lot shall continuously maintain the sloped or swale areas of their Lot and all improvements in them, except for those improvements for which a public authority, utility company or the Association is responsible.

Section 5.18 **Lighting.** All private exterior lighting and interior lights reflecting outside shall not be placed in any manner which shall cause glare or excessive light spillage on any neighboring Lot(s). Reasonable holiday lighting and decorations may only be displayed during the period starting November 15 of each year to January 15 of the next year (or until weather allows for safe removal, which shall be determined by the Board.)

Section 5.19 **Animals.** No more than 2 (two) common domestic pets (i.e. cats, dogs and other indoor pets) per Lot are allowed. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on or about the property. Residents with pet(s) shall abide by the pet rules and regulations adopted by the HOA from time to time. No pet may be allowed to create a nuisance. The following activities are deemed to be a nuisance: (1) Pets outside a Dwelling Unit and not in a fenced yard or in a cage or on a leash and under the control of the pet owner or his designee at all times; and (2) Pets in violation of the rules and regulations as adopted by HOA resolution. Pets, which constitute a nuisance, in the sole opinion of the HOA management committee, must be removed from the Property.

No dog will be allowed to roam unattended in the Property. Dogs shall be kept in the house, a dog run, kennel, or a fenced yard. All dog runs or kennels must be approved by the ACC, and shall be screened off

and out of the direct view from any street, and shall be in the rear yard of the home. At other times, dogs shall be on a leash and under the direct control and supervision of the owner.

Section 5.20 **Commercial Use Prohibited**. No commercial trade or business may be conducted in or from any Lot unless: 1) the existence or operation of the business activity is not apparent or detectable by sight, sound, or smell from outside the residence; 2) the business activity conforms to all zoning requirements for the Property, and the necessary and required permits and licenses are obtained; 3) the business activity does not involve door-to-door solicitation of residents of the Property; 4) the business activity does not require the storing and warehousing of large quantities of materials or products in view of any surrounding properties; and, 5) the business activity is consistent with the residential character of the Property and does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Property, as may be determined in the sole discretion of the HOA. The terms "trade or business" shall have their ordinary and generally accepted meanings, which shall include, without limitation, any occupation, work, or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether such activity is engaged in full or part-time, such activity is intended to or does generate a profit, or a license is required therefore. As used herein, "commercial or business" activity shall not include the rental or leasing by an Owner of a Lot and the Improvements thereon for residential purposes. This Section specifically prohibits the use of a Lot for the commercial repair or sale of any vehicle, equipment, boat or other fuel operated equipment.

The Declarant, its authorized agents, and/or its affiliated building and business entities may use a Lot(s) for development and sales activities relating to the Subdivision, model homes or real estate sales.

Section 5.21 **Maintenance**. The following provisions shall govern the maintenance of Lots and all Improvements thereon:

a. Each Owner of a Lot or Neighborhood Association (if applicable) shall maintain all Improvements located thereon in good and sufficient repair and shall keep the Improvements thereon painted or stained, lawns cut, shrubbery trimmed, windows unbroken, rubbish and debris removed, weeds cut and otherwise maintain the same in a neat and aesthetically pleasing condition.

b. Each Owner of a Lot or Neighborhood Association (if applicable) shall have the responsibility for all upkeep and maintenance of their Lot and neighboring Public right-of-way properties to the lip of the curb, whether sidewalk Improvements have been constructed or not. This is to include landscaping maintenance and upkeep, snow removal from sidewalks, etc. All common area landscaped areas shall be the responsibility of the Association.

c. All damage to any Improvements shall be repaired as promptly as is reasonably possible.

g. Any event or condition on a Lot which, in the sole discretion of the ACC, creates an unsightly or blighting influence, shall, in a manner satisfactory to the ACC, be corrected, removed or screened from public view, as the case may be, by the Owner of the Lot, notwithstanding the fact that such event or condition may not be specifically described and/or prohibited in this Declaration.

h. In the event that any Owner or Neighborhood Association (if applicable) shall permit any Improvement, including any landscaping, which is the responsibility of such Owner or Neighborhood Association (if applicable) to maintain, to fall into disrepair so as to create a dangerous, unsafe, unsightly or unattractive condition, the Board and/or its assignees, upon fifteen (15) days prior written notice to the Owner of such Lot or Neighborhood Association (if applicable), shall have the right to correct such condition, and to enter upon said Lot and into any building or structure thereon, if necessary, for the purpose of correcting or repairing the same, and such Owner shall immediately become responsible to the Association for the cost thereof, and be subject to promptly reimburse the Association for said expenses. The Owner of the offending Lot shall be personally liable, and such Owner's Lot may be subject to a mechanic's lien for all costs and expenses incurred by the Association in taking such corrective action, plus all costs incurred in collecting the amounts due. Each Owner shall pay all amounts due for such work within ten (10) days after receipt of written demand therefore, or the amounts may, at the option of the Board, be levied as an Individual Assessment against said Lot and shall be enforceable in the same manner as other assessments set forth in Article VIII of this Declaration.

The foregoing provisions shall not apply to subdivided land owned by builders or by the Declarant that is used for open space or is otherwise in a predevelopment status.

Section 5.22 **Boats, Campers and Other Vehicles**. Trailers, recreational vehicles, trucks larger than standard pickups, boats, tractors, campers, garden or maintenance equipment and vehicles other than automobiles, when not in actual use, shall be kept at all times on the side of the home screened from public view; and at no time shall any of said vehicles or equipment be parked or stored on a public or private right-of-way within the Subdivision for more than 24 hours. The parking or storage of commercial equipment, including, but not limited to, truck trailers or cabs, construction or excavation equipment, etc., is prohibited. The primary purpose of the garage required on each Lot is for the parking and storage of automobiles and other vehicles. No other use of a garage or conversion of a garage, which prohibits or limits the use of a garage for the parking or storage of the number of automobiles for which is it designed, shall be permitted. Parking on the lawn or unpaved portion of the Lot or in a public or private right-of-way within the Subdivision, other than for temporary purposes (as determined by the ACC), is prohibited. No inoperative vehicle shall be parked or stored at any time on a Lot unless wholly within an enclosed structure. A minimum of two (2) off-street parking spaces for automobiles shall be provided on each Lot in addition to the garage spaces, provided that parking in the front yard setback area of the Lot shall be allowed only in the space directly in front of the garage. In no event shall streets be utilized for parking inoperative vehicles, recreational vehicles, boats, campers, trailers or other similar vehicles. No repairs of any vehicle shall be undertaken within the subdivision, except wholly within the owner's garage and with the garage door closed.

Section 5.23 **Garage Doors**. Garage doors shall be kept closed except when open for a temporary purpose.

Section 5.24 **External Energy Devices**. No energy producing devices including, but not limited to, solar panels and generators of any kind, shall be constructed, installed or maintained on any Lot without the prior written approval of the ACC, except as follows:

a. Heat pumps, air conditioning compressors, or similar appliances shown on the plans approved by the ACC. Owners making use of such equipment shall take reasonable efforts to mitigate the sound of such equipment and to screen it from public view from the front of a Lot. Evaporative coolers, whether roof mounted or window mounted are prohibited unless otherwise approved by the ACC.

b. The use of generators and other external energy producing devices shall be authorized on a temporary basis in the event and during the period of an emergency. This authorization is expressly implied under these circumstances, and does not require a submission to the ACC, HOA Board, etc.

Section 5.25 **Signs**. No commercial billboard or advertising shall be displayed to the public view on or from any Lot. Owners may advertise a dwelling unit and Lot for rent or for sale by displaying a single, neat, vacancy sign or "For Sale" sign, thereon, with the sign and hanging apparatus not exceeding a total of 6 square feet. Signs advertising the name of the builder, its real estate broker, and the name of the institution providing financing may be displayed on a Lot during construction of the improvements are allowed providing said sign and hanging apparatus may not exceed 16 square feet. Lighted, moving or flashing signs for any purposes are prohibited. Directional signs may be used to give directions to traffic or pedestrians or give special instructions provided the same is approved by the ACC prior to installation. The Declarant shall regulate project and builder signage during the development phases of construction and marketing of homes within the Subdivision. Signs advertising the development of the Subdivision may be displayed at the entrances to the Subdivision or elsewhere within the Subdivision as approved by the ACC. All Declarant Related Entities are exempt from all signage restrictions.

Section 5.26 **Subdividing**. No Lot which has been platted and approved as a final building or residential Lot (whether for single-family buildings or otherwise) may be further subdivided, nor may any easement or other interest therein less than the whole be conveyed by the Owner thereof without the prior written consent of the ACC; provided, however, that nothing herein shall be deemed to prevent an Owner from transferring or selling any Lot to more than one person to be held by them as tenants in common, joint tenants, tenants by the entirety, or as community property, or require the approval of the ACC therefore. In addition, the conveyance of an insignificant portion(s) of a Lot to the Owner of the Lot which abuts said conveyed portion for the purpose of correcting a common boundary or other similar purpose shall not be deemed to be a subdividing of a Lot within the prohibition contained herein.

Section 5.27 **Fences, Walls & Hedges**. It is strongly encouraged that privacy between Lots be established by hedges, trees, shrubbery or other landscaping. All fences, walls, hedges, high plantings, obstructions and other visual or privacy barriers (hereafter collectively "fences") within the Project must (a) strictly comply with the applicable ordinances of the City, ACC standards and specifications for fencing, and in conformance with fencing standards and specifications set forth below; and, (b) be expressly approved in writing by the Architectural Control Committee. In the event there are conflicts between the requirements of the City ordinances, and the ACC standards and specifications, the stricter requirement shall control. OWNERS SHOULD NOT ORDER FENCE MATERIALS THAT ARE NOT IN COMPLIANCE WITH SUCH ORDINANCES, STANDARDS AND SPECIFICATIONS. Each Owner by acceptance of a deed or other document of conveyance expressly agrees that any non-conforming fence or fences may be removed by the Declarant or its assigns without further notice and at the Owner's sole

expense, and they shall not be guilty of a trespass. All fences constructed on Lots within the Subdivision shall be subject to the following additional conditions and restrictions:

a. The style, type, color and tone of all fencing in the community shall be as determined by the Declarant, and subsequently determined by the ACC once the Declarant Control Period has terminated. This includes all fencing within the Neighborhood associations. In any case, a sample of the fence material must be submitted for review and approval, prior to construction in order to confirm that the style, type, color and tone is acceptable.

b. Fences greater than 36" in height shall not project beyond the front yard setback or 4' back from the front corner of the Building (whichever distance is greater) unless reviewed and approved by the ACC. No fence higher than six feet (6') shall be allowed unless reviewed and approved by the ACC.

c. Street side yard fences on corner Lots shall not be erected closer than 1' to the public sidewalk, or within the corner vision traffic angle as determined by the City, and must be located on the Owner's property.

d. All fences shall be constructed and installed and maintained in good appearance and condition at the expense of the Owner of the Lot on which they are located and all damaged fencing shall be repaired or replaced to original design, materials and color within a reasonable time after said damage occurs.

e. No fence shall interfere with the use and enjoyment of any easement reserved in this Declaration or shown on the recorded Plat(s) of the Property.

f. Fences bordering the common areas / open spaces shall be of the same construction, style, color, and brand as determined by the review and approval of the ACC.

g. Fences installed by the Declarant, City or other public agency, or the Association on or along property owned by the City or Association, and/or on or along landscape buffer easements owned by Owner of Lot, shall not be altered or modified by any Owner or Occupant in any manner other than for routine maintenance (including painting, repair and replacement). Except as may be approved by the ACC, any Owner of Lots bordering the landscape buffer along Antelope Drive and Emerald Drive shall not be allowed to install any secondary fence that is within public view, inside the common fence installed by the Declarant.

No fence or walls shall be constructed of chain link, wire mesh, slump block (painted or unpainted) or concrete block unless approved in writing by the Architectural Control Committee. See previous provisions for fence material requirements and restrictions along common areas / open spaces. Except as provided herein, or as utilized by the Declarant, chain link fencing is not a permitted fence type. Exceptions may be granted by the ACC on a case-by-case basis where: (1) such fence would be limited to a small area (such as a dog run), and (2) where the chain link fence is not used as a perimeter fencing method and would not be open to public view. In all events, uses of chain link fencing must receive prior approval by the ACC in writing with respect to location, color and other compliance with the ACC fencing standards and specifications.

Notwithstanding the foregoing, the Declarant shall be authorized to utilize chain link fencing at its sole discretion, as necessary for any phase of the Development.

(2) Cottage Home Single Family Residential structures: All allowed fences shall be constructed of the same style type and materials as approved by the ACC. Specific locations of allowed fencing are determined by the ACC, and shall require express written approval of the same before commencement of construction. Since fencing will be placed on Limited Common Areas, a community fencing plan will be provided by the Declarant and/or ACC for standardized approval of location.

Section 5.28 **Party Walls and Fence**. The rights and duties of Owners with respect to party walls or party fences, which are constructed as part of initial construction, shall be as follows:

a. The Owners of contiguous Lots who have a party wall or party fence shall both equally have the right to use such wall or fence, provided that such use by one (1) Owner does not interfere with the use and enjoyment of the other Owner. It is possible that the first Owner may build a party wall or fence before the adjacent Owner occupies their property. In this case, the first Owner is responsible for the cost of the wall or fence, without remuneration or reimbursement for said wall or fence.

b. In the event that any party wall or party fence is damaged or destroyed through the act of an Owner, or any of its agents or guests, or members of its family (whether or not such act is negligent or otherwise culpable), it shall be the obligation of such Owner to rebuild and repair the party wall or party fence without cost to the other adjoining Owner or Owners.

c. In the event any such party wall or party fence is destroyed or damaged (including deterioration from ordinary wear and tear and lapse of time) other than by the act of an adjoining Owner, its agents, guests or family, it shall be the obligation of the Owners whose Lots adjoin such wall or fence to rebuild and repair such wall or fence at their joint and equal expense.

d. Notwithstanding anything to the contrary herein contained, there shall be no impairment of the structural integrity of any party wall or party fence without the prior consent of all Owners of any interest therein, whether by way of easement or in fee.

e. In the event of a dispute between Owners with respect to the construction, repair or rebuilding of a party wall or party fence, or with respect to the sharing of the cost thereof, such adjoining Owners shall submit the dispute to the ACC, the decision of which shall be binding.

Section 5.29 **Open Space Landscaping**. Large common areas of open space will be maintained by the Association and are more particularly defined in Article VI.

All trees, lawns, shrubs or other plantings shall be properly nurtured and maintained or replaced at the Owner's expense upon request of the ACC.

b. If a home is completed and occupancy is granted by the City on or before August 1st of the given calendar year, the Lot must be fully landscaped within 90 days of the date of occupancy. If occupancy is granted by the City after August 1st, then the Lot must be fully landscaped by June 1st of the next calendar year. Should there be unavoidable delays due to unusual inclement weather, the ACC may grant an extension to this at its sole discretion.

c. The minimum landscaping requirements for Lots within the Subdivision, unless otherwise specified in an Amended or Supplemental Declaration, shall be as follows:

Section 5.33 **Mail Boxes.** The mailbox location is regulated by the US Postmaster and is restricted by the same. Some restrictions may also be placed by the city. If a mailbox location other than that of the Postmaster dictated CBU (Central Box Unit) is desired, it must first gain approval from the Postmaster and then the ACC in writing.

Section 5.34 **Refuse & Disposal.** No Lot shall be used or maintained as a dumping ground for rubbish. c. All Owners understand that the Declarant does not own or exercise any control over the water rights from the existing irrigation structures and piping installed throughout the property. All Owners further understand that the Declarant is powerless in seeking to have said water rights assigned.

d. The Property has been developed as residential subdivisions within the City and all streets, water, storm drain improvements and rights-of-way will be dedicated to and maintained by the City (unless so designated as Private on the recorded Plats). The City will also be providing water service and garbage removal (unless otherwise designated to be a private system).

a. **Class "A".** Class "A" Members shall be all Owners with the exception of Class "B" membership, if any. Class "A" membership shall be entitled to one (1) equal vote for each Unit in which they are an Owner. Since an Owner may be more than one Person, if only one of such Person(s) is present at the meeting of the Association that Person shall be entitled to cast all votes appertaining to that Unit. But if more than one of such Person(s) is present, the votes appertaining to that Unit shall be cast only in accordance with the agreement of a majority of them, and such consent shall be conclusively presumed if any one of them purports to cast the votes appertaining to that Unit without protest being made forthwith by any of the others to the person presiding over the meeting. The votes appurtenant to any one Unit may not be divided between Owners of such Unit or with respect to matters before the Association, and all such votes appurtenant to any one Unit shall be voted in one block. If the vote of a majority of the owners of a Unit cannot be determined, no vote shall be cast in relation to such Unit.

b. **Class "B".** The Class "B" Member shall be Declarant. In all matters requiring a vote, the Class "B" membership shall receive one hundred (100) votes for each recorded Unit owned by Declarant and one hundred (100) votes for each acre of property owned by Declarant within the Subdivision but not yet a recorded Plat. The Class "B" membership shall also be entitled to appoint the members of the Board and Association during the Class B Control Period.

b. The Class "B" Control Period (or Declarant Control Period) runs until ninety (90) days after the first to occur of the following:

- (1) When the total number of votes for the Class B Member is less than the total number of votes for the Class A Members; or
- (2) When, at its discretion, the Class B Member so determines.

c. Notwithstanding anything to the contrary in this Declaration, Declarant may exercise its discretionary termination of control in whole or in part as to any portion of the Subdivision at its sole election and determination. In doing so as to a portion of the Subdivision, it does not waive any reversionary or remaining control as to all other portions of the Subdivision, the control of which is not expressly terminated by Declarant.

Section 7.4 **Architectural Control Committee.** Following the Declarant Control Period, the Association Board shall have the right to appoint and remove members of the Architectural Control Committee, all subject to the provisions of this Declaration. One or more members of the Board may serve on the Architectural Control Committee. The Architectural Control Committee shall be initially made up of three (3) members appointed by the Declarant.

Section 7.5 **Association Litigation.**

a. In recognition of the expenses and disruption associated with litigation, the Association shall not commence a judicial or administrative proceeding without the approval of the Declarant for so long as the Members govern the Association and thereafter only upon the approval of Owners representing at least 75% of the total vote of the Association.

b. Neither the Association nor any Owner shall institute an action against any person which arises out of an alleged defect in the development of the Subdivision until: (i) Declarant and the person(s) who physically constructed the portion of the subdivision in which the alleged defect exists have been notified and given a reasonable time and opportunity in which to inspect, assess, correct, or redesign any alleged defect or other portions of the Subdivision (provided, however, that the terms of this Section shall not create an obligation of any person to effect a repair of an alleged defect); (ii) the Association or Owner(s) have pursued their remedies under any express warranty covering all or any portion of the alleged defect; (iii) the Declarant and the affected contractor(s) have been given the opportunity to be heard at a meeting of the Association regarding the alleged defect; and (iv) all proposed parties to the action have been given a reasonable opportunity to mediate any dispute or disagreement relating to the alleged defect, and have either participated or refused to participate in such mediation.

c. No action affected by this Section shall be conducted utilizing legal counsel who are compensated on a contingency fee or similar means of compensation in which litigation costs and attorneys fees are not paid on a current basis or are paid out of the settlement or judgment amount recovered by the Association in such action.

d. This Section shall not apply to: (i) actions brought by the Association to enforce this Declaration or the Bylaws (including, without limitation, the foreclosure of liens); (ii) the collection

of assessments; (iii) proceedings involving challenges to ad valorem taxation; (iv) counterclaims brought by the Association in proceedings instituted against it; or, (v) actions brought by the Association against any contractor, vendor, or supplier of goods or services arising out of an express contract with the Association or its manager for services or supplies. This Section shall not be amended unless such amendment is approved by the percentage of votes, and pursuant to the same procedures, necessary to institute proceedings as provided above.

Section 7.6 **Budgets and Financial Statements.** The Board is authorized and required to adopt a budget for each fiscal year.

All such Assessments, together with interest, costs and reasonable attorneys' fees which may be incurred in collecting the same, shall, upon conveyance of a Lot from Declarant, be a charge on the land and shall be a continuing lien upon the Lot against which each such Assessment is made, and shall be also the personal obligation of the Owner of such Lot at the time when the Assessment becomes due and payable, provided, however, that all such assessments shall be junior and subordinate to the lien of a first mortgage or first deed of trust encumbering the Lot or in the case of a Declarant-owned Lot, to Declarant's debt covenants. The personal obligation for delinquent Assessments shall not pass to an Owner's successors in title unless expressly assumed by them. No Owner may waive or otherwise avoid liability for any Assessment by non-use of the property of the Association or by abandonment of his Lot. The Declarant and its successor(s) is/are exempt from being assessed or paying any assessments or fees.

The Association shall have the power to incur expenses for maintenance and repair of any Lot or any Improvements on a Lot, if such maintenance and repair is necessary, in the opinion of the Board, to protect the property owned by the Association or any other portion of the Property, and if the Owner of said Lot has failed or refused to perform said maintenance or repair within a reasonable time after written notice of the necessity thereof has been delivered by the Board to said Owner. The Board shall levy an Individual Assessment against the Owner of the Lot owned by said Owner to pay for the cost of such maintenance and repair, and any other cost or expense, including attorneys' fees, arising out of or incident to such maintenance and repair and the Assessment therefore.

The Association shall have the power to levy an Individual Assessment against Owners and Lots for any limited special purpose which the Board believes necessary with respect to certain Lots but not an appropriate expense for payment by the Association. Such Individual Assessment shall not be made until the Owners of said Lots subject thereto have been given an opportunity, after notice, to participate in a hearing before the Board with respect to said Individual Assessment.

Section 8.5 Neighborhood Assessments. In addition to Regular and Special Assessments, Owners within individual Neighborhood Associations shall pay Neighborhood Assessments as follows:

a. Neighborhood Assessments shall be assessed on a calendar year basis unless otherwise determined by the Board or Neighborhood Association Board.

Such reinvestment fee shall be (a) deposited by the Owner into the purchase and sale escrow and disbursed therefrom to the Association, and (b) in addition to, and not in lieu of, annual Neighborhood Reinvestment Fees or Regular Assessments. The Reinvestment Fee shall be deposited with the Master Association, unless the Owner of the Lot is also a member of a Neighborhood Association, in which case the contribution will be deposited with the Neighborhood Association. Once set-up expenses are paid, the remaining balance of the Reinvestment Fee shall be split evenly between the Master Association and the Neighborhood Association. Set-up expenses are determined by contract with the HOA manager of the Master Association.

The Association may elect to bring an action to recover for a delinquent Assessment against the Owner or other obligee personally. Any attorney fees or costs incurred in these efforts shall also be assessed against the Owner(s), their Unit(s), and/or other obligees jointly and severally.

Section 9.5 **Payment by Tenant.** The Association shall be entitled to demand and collect from a tenant of any Lot, the amount of any assessment that is more than sixty (60) days past due.

Thereafter, all members of the ACC shall be appointed or removed by the Board. The ACC shall have the right by a resolution in writing unanimously adopted, to designate one (1) of its members to take any action or perform any duties for and on behalf of the ACC. The granting of such a variance shall not operate to waive any of the terms and provisions of this Declaration or the ACC Rules/ACC Standards for any purpose except as to the particular subject matter of the variance thereof and the specific Lot covered thereby. The ACC shall have the right to consider and grant a variance as herein provided either with or without notice to other Owners or a hearing of Owners thereon. Section 11.8 **Decision**. In reviewing the application and the materials submitted therewith and in reaching a decision thereon, the ACC shall use its best efforts and judgment to insure that all Improvements shall produce and contribute to an orderly and aesthetically complementary design and appearance and be of the quality required to maintain the Subdivision as a quality residential development. Unless extended by mutual consent of the Owner and the ACC, the ACC shall render its decision with respect to an application within thirty (30) calendar days after the receipt of a properly submitted and complete application. The decision of the ACC may be in the form of an approval, a conditional approval or denial, as follows:

Section 11.9 **Inspection and Complaints**. The ACC is empowered to inspect all work in progress on any Lot, at any time, and may respond to complaints from other Owners as follows:

a. An ACC inspection shall be for the purpose of determining whether the Owner is proceeding in accordance with the approved application or is deviating therefrom or is violating this Declaration or the ACC Rules/ACC Standards or the approved plans and specifications. Each owner or builder shall instruct their respective workers and employees to proceed with construction only per ACC approved plans. Any modifications or deviations from approved plans must be re-approved by the ACC prior to installation.

b. The ACC is further empowered to receive from other Owners (each a "Complainant"), complaints in writing involving deviations from approved applications or violations of this Declaration or any applicable ACC Rules/ACC Standards. In the event the ACC receives such a complaint from a Complainant:

(1) It shall first determine the validity of such complaint by inspection or otherwise. Should the ACC determine that there has been a substantive deviation or a violation, it shall promptly issue a notice in writing thereof to the Owner and to the Complainant, which notice shall specify the particulars of the deviation or violation and shall demand that the Owner conform to either or both of the following directives:

(i) The Owner shall immediately cease the activity which constitutes a deviation or violation.

(ii) The Owner shall adhere to the corrective measures set forth in the written notice.

(2) Should the ACC determine there has been no substantive deviation or violation, it shall promptly issue a notice of such determination to the Owner and the Complainant.

Section 11.10 **Hearing.** An Owner submitting an application under Section 10.7, or an Owner served with a written notice of deviation or violation, or a Complainant, shall have the right to a hearing to be held by the ACC for the purpose of presenting facts and information to the ACC relative to the application, deviation or violation or complaint, as the case may be. Such hearing must be requested by such party within ten (10) calendar days from the date the written notice of the decision of the ACC is mailed to the Owner of Complainant, as evidenced by the records of the ACC. The hearing shall be held within thirty (30) days following receipt by the ACC of the request for a hearing, unless the ACC shall extend said period of time because of the unavailability of ACC members. A hearing may be continued by the ACC for the purpose of further investigation or to receive additional evidence. Upon completion of the hearing, the ACC shall issue a written opinion to the involved parties within thirty (30) calendar days thereafter which opinion shall set forth the findings of the ACC with respect to the matters at issue and shall affirm, modify or rescind its previous decision as contained in the original written notice. If the ACC incurs any costs or expenses in connection with the investigation, processing or hearing on a matter involving a deviation or violation, including the costs of retaining a consultant(s) to advise the ACC and legal fees, such costs shall be paid by the Owner requesting the hearing, or in the case of a complaint, a Complainant, unless an Owner is found to be in violation in which event such Owner shall pay all such costs. The payment of such costs shall be enforceable as provided in Section 10.12, below.

Section 11.11 **Appeal.** The Owner or Complainant shall have the right to appeal to the Board a decision of the ACC on an application with respect to the conditions imposed thereon or a denial thereof, or a decision of the ACC adverse to the Owner or the Complainant reached following a hearing held pursuant to Section 10.10, above, subject to the following:

a. Neither an Owner nor a Complainant shall be entitled to an appeal with respect to deviations or violation unless said Owner or Complainant, or their authorized representatives, has participated in the ACC hearing.

b. A notice of appeal shall be in writing and shall be delivered by mail to the Secretary of the Board within ten (10) calendar days from the date of the decision by the ACC. Said notice of appeal shall be dated and shall contain the name of the Owner and the Complainant, as the case may be, together with a copy of the written decision or determination of the ACC.

c. The failure to an Owner or Complainant to appeal a decision of the ACC in the manner and within the time herein provided shall terminate all rights of said Owner or Complainant to appeal said decision and it shall be binding and enforceable.

d. The Board shall fix a date for the hearing of such an appeal which date shall be not later than thirty (30) calendar days from the date of receipt of a notice of appeal unless extended by the Board because of the unavailability of Board members. The Owner and Complainant, if any, shall be advised of the time and place of the hearing by a mailed written notice. Written notice of time and place for hearing shall also be served by mail upon each member of the ACC.

e. The Board may require the Owner or Complainant to provide additional information to facilitate the Board's decision and the failure of such party to comply promptly with such a request shall entitle the Board to deny the appeal, in which event the decision by the ACC shall be considered final and not subject to further appeal.

f. At the hearing the Owner or the Complainant, as the case may be, and the ACC, together with their representatives and other witnesses, shall present their position to the Board. The order of presentation and the evidence to be admitted shall be solely within the discretion of the Board; provided, however, that the Owner or the Complainant, as the case may be, and the ACC, shall have the opportunity to question and cross-examine witnesses presented by the other. The Owner or the Complainant, as the case may be, and the ACC, will have the opportunity to present final argument consistent with rules adopted by the Board for such hearing process. Any party may be represented by an attorney at any hearing by the ACC or the Board.

g. Upon receiving all of the evidence, oral and documentary, and following the conclusion of the hearing, the Board shall retire to deliberate and shall reconvene at a time and place determined by the Board, at which time the Board shall cast its official ballot and the decision shall be duly recorded in the minutes of the meeting. The Owner or the Complainant, as the case may be, and the ACC members, shall be given written notice of the decision which shall be deemed given when deposited in the United States mail, postage prepaid and properly addressed.

h. If the Board incurs any costs or expenses in connection with the investigation, processing or hearing on an appeal, including the costs of retaining a consultant(s) to advise the Board and legal fees, such costs shall be paid by the party(s) filing the appeal unless the decision by the Board constitutes a substantial reversal of the decision of the ACC, in which event such costs shall be paid by the Association. If the party filing the appeal is obligated to pay such costs, payment of the same shall be enforceable as provided in Section 10.12, below.

i. A decision by the Board of an appeal shall be final and shall not be subject to reconsideration or further appeal.

Section 11.12 **Enforcement**.
