IN ADDITION TO OTHER REMEDIES, THIS DECLARATION AND/OR THE DESIGN GUIDELINES MAY PROVIDE FOR A FINE OF UP TO \$5,000.00 AGAINST ANY OWNER AND PARCEL SUBJECT TO THIS DECLARATION FOR FAILURE TO OBTAIN REQUIRED APPROVAL FROM THE DECLARANT OR FOR FAILURE TO COMPLY WITH ANY APPROVAL OF THE DECLARANT, OR MAY REQUIRE A SECURITY DEPOSIT TO ASSURE COMPLIANCE WITH APPLICABLE REQUIREMENTS.

3.2 Submission of Plans Required. No Regulated Modification may be commenced, constructed, erected, placed, maintained or made upon any Parcel unless and until complete plans and specifications have been submitted to and approved in writing to the Architectural Control Committee. In addition to any other applicable requirements per applicable Design Guidelines, any plans and specifications to be submitted must specify, in such detail and form as the Architectural Control Committee may reasonably require:

- (a) the location upon the Parcel where the Regulated Modification will occur or be placed;
- (b) exterior building elevations, including, the dimensions, nature, kind, shape, height, and color scheme of, and all materials to be used in connection with, the Regulated Modification;
- (c) appropriate information concerning grading, paving, decking and landscaping details;
- (d) other information, plans or specifications as may be requested or required by the Architectural Control Committee that in the sole opinion of the Architectural Control Committee is reasonably necessary to fairly and fully evaluate all aspects of the proposed Regulated Modification.

3.3 Manner and Effect of Adoption of Design Guidelines. The Design Guidelines are of equal dignity with, and shall be enforceable in the same manner as, other provisions of this Declaration, provided: (a) the Design Guidelines must not be deemed a waiver, modification, or repeal of any of the provisions of this Declaration; and (b) the Design Guidelines may not be enacted retroactively except that all repairs, modifications or maintenance performed subsequent to adoption shall be performed in such manner as to bring the Regulated Modification, so far as practicable, in compliance with all then applicable Design Guidelines.

3.4 Disapproval. The Architectural Control Committee will include aesthetic judgment in its decision-making process, and approval of submitted plans will not be required simply because the plans satisfy stated objective requirements. The Architectural Control Committee may disapprove any request for approval for any reasons, including the following: (i) failure to comply with the Design Guidelines; (ii) lack of sufficient information, plans or specifications as reasonably determined by the Architectural

Control Committee to enable the Architectural Control Committee to fairly and fully evaluate the proposed Regulated Modification or the uses thereof; or (iii) failure to include any information, plans or specifications as may be reasonably requested by the Architectural Control Committee. In the event of disapproval, the Architectural Control Committee will so notify the applicant in writing; and if disapproval is based on lack of sufficient information, plans or specifications, then the Architectural Control Committee will also notify applicant of the additional information, plans or specifications required.

3.5 Approval and Conditional Approval.

3.5.1 Manner. The Architectural Control Committee may fully approve any request for approval or approve any such request subject to compliance with conditions stated in a conditional approval. Conditions for approval may include, without limitation, requirements for modifications to plans and specifications such as upgrading or other changes as to materials or changes as to color or design or location, or requirements for addition of other improvements such as sight barrier landscaping or other devices to screen a proposed Regulated Modification from view from adjacent Parcels. A conditional approval is effective only upon full compliance with the stated condition(s). The Architectural Control Committee will notify the applicant in writing of such approval (together with any qualifications or conditions of approval).

3.5.2 Effect. Except for fraud, misrepresentation, accident or mistake, the Architectural Control Committee's approval or conditional approval is final as to each Regulated Modification, and may not be revoked or rescinded once given except as stated herein regarding conditional approvals. The Architectural Control Committee's approval or conditional approval of an application does not constitute a waiver, modification or repeal of any covenant contained in this Declaration, or preclude by estoppel or otherwise full enforcement of all provisions hereof. The Architectural Control Committee's approval or conditional approval of an application may not be deemed a waiver of the right of the Declarant to subsequently disapprove similar requests for approval, or any of the features or elements included therein.

3.6 Submission and Response. Applications for Architectural Control Committee's review and approval are deemed submitted to the Architectural Control Committee only upon actual receipt by the Architectural Control Committee. All responses by the Architectural Control Committee will be in writing, and are deemed given when deposited in the United States mail, postage prepaid and addressed to, the applicant at the address specified in the application or the last known address of the applicant according to the records of the Declarant, or delivered by email address if the recipient first consented to use of email for official notifications. The Architectural Control Committee has no duty to respond to, and the provisions of this Section do not apply regarding, any application if the Person(s) identified in the application do not appear as Owners according to the books and records of the Architectural Control Committee unless and until receipt of such confirmation of ownership as is satisfactory in the sole opinion of the Architectural Control Committee. Where more than one Owner applies for approval, the delivery or mailing of a response to any one of the Owners constitutes notice to all such Owners. The Architectural Control Committee may retain an architectural firm or other third-party contractor to review and approve submissions to the Architectural Control Committee. As a condition to review any submittals, the Architectural Control Committee may charge, and require an Owner to pay, a reasonable fee that will cover the costs of any third party to review and approve the submissions and to compensate the Architectural Control Committee for the administrative and overhead expense associated with the review and approval of any submittals.

3.7 Implied Conditions of Approval.

3.7.1 Applicability. Unless expressly waived or modified by the Architectural Control Committee in writing, each and every approval or conditional approval of a Regulated Modification is subject to all provisions of this Article III whether or not stated in the approval or conditional approval.

3.7.2 Commencement and Completion of Work. Approval of an application for a Regulated Modification is effective for one (1) year from the date of approval. If work on a Regulated Modification is not commenced within one (1) year after approval or conditional approval, such approval will become null and void and the Owner must submit a new application and obtain a new approval for the Regulated Modification, unless an extension is agreed to by the Architectural Control Committee. Upon commencement, the Owner must diligently prosecute and complete all work as soon thereafter as reasonably possible.

3.7.4 Compliance with Plans. All work on a Regulated Modification must proceed in compliance with: (i) the application and plans and specifications approved by the Declarant, (ii) any and all conditions stated by the Architectural Control Committee in the approval, and (iii) any and all applicable governmental laws, rules, regulations, ordinances, and building codes.

3.7.6 Compliance with Laws. Each applicant is solely responsible for ensuring that (and nothing in the Declaration or any written decision of the Architectural Control Committee shall be construed as a covenant, representation, guaranty or warranty that) any proposed Regulated Modification will be in compliance with applicable governmental laws, ordinances or regulations (including building codes or permit or licensing requirements).

3.8 Inspection Rights. Upon reasonable notice (oral or written), a representative of the Association may enter upon a Parcel without liability for trespass or otherwise for purposes of inspecting work in progress and/or as to completion of any Regulated Modification in compliance with the approved plans, specifications, information and documentation for same, and as to compliance with any applicable provisions of the Declaration and the Design Guidelines.

3.9 Limitation of Liability. Neither the Architectural Control Committee, the Association, the Declaration, nor any of its/their manager, officers, employees, or representatives are liable to any Owner or to any other Person for any actions or failure to act or in connection with any approval, conditional approval or disapproval of any application for approval, including without limitation, mistakes in judgment, negligence, malfeasance, or nonfeasance. No approval or conditional approval of an application or related plans or specifications and no publication of Design Guidelines may ever be construed as representing or implying that, or as a covenant, representation, warranty or guaranty that, if followed, the Regulated Modification will comply with applicable legal requirements, or as to any matters relating to the health, safety, workmanship, quality or suitability for any purpose of the Regulated Modification.

3.10 Limitation of Applicability. None of the provisions of this Article III apply to any activities of Declarant.

3.11 Waiver by Declarant. Despite anything in this Declaration to the contrary, as long as Declarant owns an interest in any part of the Community, Declarant may elect to forego and waive the requirement for the Architectural Control Committee to review and approve any Regulated Modifications. In that case, any Regulated Modifications are not required to be approved by the Architectural Control Committee, but still must comply with the Design Guidelines; and any Owner will have the right to enforce observance and performance by another Owner to the Design Guidelines.

No liability may attach to Declarant or the Association for failure to enforce any provisions of this Declaration.

3.13.3 Cumulative Rights and Remedies. Each right and remedy set forth in this Declaration and the Association is separate, distinct and non-exclusive, and all are cumulative. The pursuit of any right or remedy so provided or as provided by law, or the failure to exercise a particular right or remedy, will not be construed as a waiver of such right or remedy or any other right or remedy. Without limitation of the foregoing, the provisions of this Section are declared specifically to be cumulative of the provisions of this Declaration.

3.13.4 Liability for Conduct of Related Parties. Each Owner must ensure that the Occupants on its Parcel and any guests and invitees strictly comply with all applicable provisions of this Declaration. All such sums are secured by the continuing assessment lien established by this Declaration. All such sums are due and payable upon demand by the Association without the necessity of any other or further notice of any act, fact or information concerning the Association's rights or such Owner's liabilities under this Section; provided, in the case of indemnification the demand shall contain a statement setting forth the Association's payment or liability to pay the claim with sufficient detail to identify the basis for the payment or liability to pay.

Excluding trash collection days (and a reasonable period of time prior to and after such collection day), trash containers shall not be stored in areas that would allow such containers to be in a visible location. Any trash containers located outside of a Dwelling Unit shall be in bear, rat, and vermin proof containers. No outdoor incinerators shall be kept or maintained on any Parcel

4.9 Subdivision of Parcel. No Parcel may be further subdivided or separated into smaller lots or parcels or its boundary lines changed. No portion less than all of any Parcel or any easement or other interest therein, shall be conveyed or transferred by any Owner, without the prior written approval of the Association, which approval must be evidenced on the plat or other instrument creating the subdivision, easement or other interest. This provision shall not apply to transfers of an ownership interest in the whole of any Parcel. Further, this provision shall not, in any way, limit Declarant from subdividing or separating into lots or parcels any property or Parcels at any time owned by Declarant. No Supplemental Declaration or further covenants, conditions, restrictions or easements shall be recorded by any Owner or other person against any Parcel without the provisions thereof having been first approved in writing by the Declarant and any covenants, conditions, restrictions or easements recorded without such approval being evidenced thereon shall be null and void. No application for rezoning of any Parcel, and no applications for variances or use permits, shall be filed with a Municipal Authority unless the proposed use of the Parcel complies with this Declaration.

4.10 Tents, Mobile Homes and Temporary Structures. Except as may be permitted by Declarant during initial construction within the Community and except as set forth in this Declaration, no tent, shack, mobile home, or other structure of a temporary nature shall be placed upon a Parcel or any part of the Community. The foregoing prohibition shall not apply to restrict the construction or installation of a single utility or similar outbuilding to be permanently located on a Parcel, provided it receives the prior approval of the Declarant, as appropriate, in accordance with this Declaration. In addition, party tents or similar temporary structures may be erected for a limited period of time for special events.

4.11 Drainage and Septic Systems. Catch basins, drainage swales, and drainage areas are for the purpose of natural flow of water only. No obstructions or debris shall be placed in these areas. No Person other than Declarant may obstruct or rechannel the drainage flows after location and installation of drainage swales, storm sewers, or storm drains. No Owner may interfere with the established drainage pattern over any part of the Community unless adequate provision is made for property drainage and is approved in advance by the Declarant. Established drainage shall mean and refer to the drainage which exists at the time the overall grading and development of the Community is completed by Declarant. Septic tanks and drain fields are prohibited within the Community. No Owner shall dump grass clippings,

leaves or other debris, petroleum products, fertilizers or other potentially hazardous or toxic substances, in any storm drain, drainage ditch, or stream within the Community.

4.12 Utility Service. No lines, wires or other devices for the communication or transmission of electric current or power, including telephone, television and radio signals, and cable information highways, shall be erected, placed or maintained anywhere in or upon any Parcel unless the same shall be contained in conduits or cables installed and maintained underground or concealed in, under or buildings or other structures as approved by the Declarant, except for:

- (a) Overhead power poles and lines within the Community as approved by Declarant; and
- (b) boxes on the ground for electrical or communication connections, junctions, transformers and other apparatus customarily used in connection with such underground lines, wires and other devices;
- (c) antennae and dish satellite systems pursuant to Section 4.7.

4.13 Trailers and Campers. No mobile home, travel trailer, tent trailer, trailer, camper shell, detached camper, or other similar equipment or vehicle may be parked, maintained, constructed, reconstructed or repaired on any Parcel in front of the primary Dwelling Unit ("front" meaning the side facing the primary road access), except for on a temporary basis.

4.14 Leasing of Dwelling Parcels/Restriction on Rentals. The leasing of Dwelling Parcels shall be subject to any applicable laws, including, but not limited to, the U.S. Fair Housing Act, the Act, and the ordinances of the Municipal Authority. All leases shall be subject to the terms and conditions of this Declaration. As long as Declarant owns an interest in any part of the Community, the Declarant may adopt reasonable rules regulating leasing and subleasing of Dwelling Parcels. Notwithstanding the above, an Owner and any Dwelling Unit shall be exempt from any restrictions on leasing as follows: (a) if the Owner is in the military, the Owner may lease its Dwelling Unit for the period of the Owner's deployment, (b) any lease to the Owner's parent, child, or sibling, (c) if the Owner has been relocated by its employer for a period of no less than two (2) years, or (d) if the Owner is a trust or other entity created for estate planning purposes if the trust or other estate planning entity was created for (i) the estate of a current Owner or Occupant of the Dwelling Unit, or (ii) the parent, child, or sibling of the current Owner or Occupant. If the Declarant desires to adopt any rules or regulations restricting leasing, the Declarant shall create a procedure, by rule or resolution, to determine and track the number of rentals and Dwelling Parcels that are subject to the exclusions as described in the preceding sentences and to ensure consistent administration and enforcement of the rental restrictions.

4.15 Laws and Ordinances. This Declaration shall be governed by the laws of the state of Utah, without regard to conflict of law principles. Every Owner and Occupant shall comply with all laws, statutes, ordinances and rules of federal, state and municipal governments applicable to the Parcel, Dwelling Unit and the Community, including any and all applicable zoning and land use laws and ordinances, and any violation thereof may be considered a violation of this Declaration; provided, the Declarant shall have no obligation to take action to enforce such laws, statutes, ordinances and rules.

4.16 Unrelated Persons. No more than four unrelated persons may reside or live in a Dwelling Unit. Only persons who are all related by blood, marriage, adoption, or court-sanctioned guardianship are "related" persons.

4.17 Basements. Basements are not allowed, unless specific approval is granted by the Architectural Control Committee and Weber County on a case-by-case basis for each Lot. In no event will basements be permitted below the line suggested by a reputable geotechnical report for the Lot.

ARTICLE V
Declarant's Rights

5.1 Transfer of Rights. Any or all of the special rights and obligations of Declarant set forth in this Declaration may be transferred to other Persons, provided that the transfer shall neither reduce an obligation nor enlarge a right beyond that contained herein, and provided further, no such transfer shall be effective unless it is in a written instrument signed by Declarant and duly recorded in the public records of Weber County, Utah.

5.2 Administrative Control of Association. Declarant shall assume full administrative control of the Association through an appointed interim Board of Directors, which shall serve until the Turnover Meeting. The Turnover Meeting shall be held no later than upon expiration of the Period of Administrative Control. As allowed by Utah Code Ann. § 57-8a-502(1) (2020), the provisions of section 57-8a-502(1)(a)-(c) are hereby replaced and supplanted by the Period of Administrative Control set forth in this Declaration. The Period of Administrative Control shall expire upon the earlier of: (1) Three years after Declarant has ceased to offer Parcels for sale in the ordinary course of business, or (2) Declarant voluntarily terminating the Period of Administrative Control. The Declarant may elect to voluntarily terminate the Period of Administrative Control at an earlier time by written notice to the Owners and by calling and holding the Turnover Meeting.

5.3 Other Rights. In addition to any other rights under this Declaration or the Bylaws, as long as Declarant owns at least one Parcel within the Community, Declarant:

(a) Sales Office and Model. Shall have the right to (i) maintain a sales office and model on one or more of the Parcels which Declarant owns, and (ii) authorize a designed builder to maintain a sales office or model on one or more of the Parcels which Declarant or the designated builder owns. Declarant and prospective purchasers and their agents shall have the right to use and occupy the sales office and models during reasonable hours any day of the week.

(b) For Sale Signs. May maintain a reasonable number of For Sale signs, the size of which may be determined by Declarant, at reasonable locations on the Community.

(c) Approval of Amendments. Consistent with the amendment provisions of this Declaration and Bylaws, the approval of the Declarant shall be required in order to adopt any amendment to the Declaration or Bylaws of the Association.

(d) The Act. The Declarant, the Declarant-appointed Board and the Association are exempted from all procedures, requirements and obligations imposed by the Act to the extent allowed by the Act during the Period of Administrative Control and all rights authorized to be reserved by a declarant under the Act are hereby deemed reserved by the Declarant. The Declarant and the Declarant-appointed Board are exempt from association rules and the rulemaking procedure under the Act and all rights under that section are hereby reserved by Declarant.

5.4 Rights/Easements Reserved to Declarant/Association.

(a) Declarant reserves in favor of itself and its successors and assigns, and the Association, non-exclusive easements and rights of way over those strips or parcels of land designated or to be designated on the Plat as drainage, utility or sewer easements or open space or Common Area or otherwise designated as an easement area over any road or on the Community, and over those strips of land running along the front, rear, side and other Parcel lines of each Parcel shown on the Plat.

(b) Declarant further reserves in favor of itself and its successors and assigns, and the Association, an easement for the installation, construction, maintenance, reconstruction and repair of public and private utilities to serve the Community and the Parcels therein, including but not limited to the mains, conduits, lines, meters and other facilities for water, storm sewer, sanitary sewer, gas, electric, telephone, cable television, and other public or private services or utilities deemed by Declarant necessary or advisable to provide service to any Unit, or in the area or on the area in which the same is located.

(c) Declarant further reserves in favor of itself and its successors and assigns, and the Association, the right at or after the time of grading of any street or any part thereof for any purpose, to enter upon any abutting Common Area and grade a portion of such Common Area adjacent to such street, provided such grading does not materially interfere with the use or occupancy of any structure built on such Common Area, but Declarant shall not be under any obligation or duty to do such grading or to maintain any slope.

(d) Nothing in this section shall be interpreted to impose upon Declarant a duty to maintain, repair, operate or service any easement, right of way or road or any improvements, fixtures or utilities located thereon.

ARTICLE VI
Common Areas

6.1 The Association shall provide for, as a Common Expense, such care, maintenance, repair and replacement of the following as deemed necessary or desirable by the Board to keep them attractive and generally in good condition and repair the Common Areas.

6.2 The Association shall provide for snow removal from the Common Areas. So as to provide access to snowplows for snow removal, no Owner shall park or allow any person to park or remain parked any vehicle upon streets in front of the Owner's Parcel during snowstorms, snow removal, or periods when it would reasonably be anticipated that snow removal would take place. If a parked vehicle prevents or interferes with snow removal from any portion of the Property, the Owner shall be responsible for such snow removal and may be specially assessed any additional costs incurred by the Association as the result of such interference.

6.3 To the extent not clarified herein and not inconsistent with the provisions of this Declaration, the Association may, by duly adopted Board resolution, identify and assign those areas of maintenance and responsibility that are either (1) Owner responsibilities; or (2) Association responsibilities. Such determinations shall be set forth in a Board resolution distributed to all Owners and shall be binding against all Owners.

6.4 Except to the extent any injury or damage is covered by the Association's insurance, the Association shall not be liable for injury or damage to any person or property caused by the elements, or resulting from electricity, water, rain, dust or sand which may leak or flow from outside or from any parts of any building, including from any pipes, drains, conduits, appliances, or equipment, or from any other place, unless caused by the grossly negligent or intentional act of the Association.

6.5 If any area or improvement is damaged, or the need for maintenance, repair or replacement is caused, by the willful or negligent acts of an Owner, their guests, tenants, invitees or other Parcel occupants, the Owner shall be responsible for the cost of required maintenance, repair or replacement and such costs shall automatically and immediately be an Assessment against such Owner.

6.6 The Association may, but is not required to, assume an Owner's maintenance responsibility as to Parcel if, in the opinion of the Board, the Owner is unwilling or unable to adequately provide such maintenance. Before assuming such maintenance responsibility, the Board shall provide notice to the Owner of its intention to do so, and if such Owner has not commenced and diligently pursued remedial action with ten (10) days after mailing of such written notice, then the Association may proceed to maintain the Parcel. The expenses of such maintenance incurred by the Association shall be reimbursed to the Association by the Owner. Such expenses shall automatically and immediately be an Assessment against such Owner

6.7 The Association will provide, maintain, and replace trees along all rights of ways within the Community, with at least one tree every fifty feet of street frontage.

6.7 The Association will comply with all applicable Weber County requirements relating to approval of the cluster subdivision for the Community, including the requirements under Section 108-16 (Outdoor Lighting) of the Weber County Code.

ARTICLE VII **Assessments**

7.1 Covenant for Assessments. Each Owner, by acceptance of a deed hereafter conveying any Parcel to it, whether or not so expressed in the deed or other conveyance, shall be deemed to have covenanted and agreed to pay the Association the following types of assessments, as provided for and defined below: Annual Assessments, Special Assessments, Individual Assessments, and Emergency Assessments.

7.2 Installments of Annual Assessments. The Board shall determine whether installments of Annual Assessments are levied and collected on a monthly, quarterly, semi-annual, annual or another basis. Any member may prepay one or more installments of any Assessment levied by the Association, without premium or penalty. No member may exempt itself from liability for Assessments by abandonment of any Parcel.

7.3 Equality. Except as otherwise provided herein, Owners must pay equal Annual Assessments, Special Assessments, and Emergency Assessments, all commencing upon the date the Parcels are made subject to this Declaration. Individual Assessments shall be apportioned exclusively against the Parcel(s) benefitted or to which the expenses are attributable as provided for below.

7.4 Declarant Assessment Exemption. Notwithstanding anything herein to the contrary, the Declarant, and any Parcel to which the Declarant holds record title, shall be exempt from any Assessment under this Article.

7.5 Budget and Annual Assessment.

7.5.1 Budget. The Board must prepare an annual budget for the Association, which shall provide, without limitation, for the maintenance of the Common Areas and for the administration, management and operation of the Association. If the Board fails to adopt an annual budget, the last adopted budget shall continue in effect. The Board must present the adopted budget to Association members at a meeting of the members.

7.5.2 Determination of Annual Assessment.

- (a)** The Board must fix the initial amount of Annual Assessments at least thirty (30) days in advance of the beginning of an Annual Assessment period. Written notice of the Annual Assessments shall be sent to all members of the Association at least thirty

(30) days in advance of the beginning of any assessment period, or thirty (30) days in advance of any increase in the Annual Assessment that is to take effect during any assessment period.

- (b) The omission by the Board, before the expiration of any assessment period, to fix the amount of the Annual Assessment for that or the next period, shall not be deemed a waiver or modification in any respect of the provisions of this article or a release of any member from the obligation to pay the Annual Assessment, or any installment thereof, for that or any subsequent assessment period. In the event of such omission, the Annual Assessment fixed for the preceding period shall continue until a new assessment is fixed.
- (c) If the Annual Assessments levied at any time are, or will become, inadequate to meet the expenses incurred by the Association for any reason, including nonpayment of any Owner's Assessments on a current basis, the Board may determine the approximate amount of the inadequacy and adopt a resolution which establishes a supplemental budget and establishes the equitable change in the amount of the Annual Assessment. Owners shall be given at least twenty (20) days' written notice of any changes in the amount of an Assessment.

7.6 Special Assessments. In addition to the Annual Assessments authorized in this article, the Association may levy a special assessment from time to time ("Special Assessment") against all Parcels and/or the Owner(s) of all Parcels for the purpose of defraying, in whole or in part, the costs incurred or to be incurred by the Association which cannot be paid for through other types of Assessments. The Board may authorize a Special Assessment for any lawful purpose provided, however, that any Special Assessment levied within 12 months of a prior Special Assessment, and any Special Assessment greater than \$500 per Parcel may only be levied if it is first voted upon by the Owners against which the Special Assessment is to be levied, and: (1) the votes cast favoring the action exceed the votes cast opposing the action, and (2) a quorum of Owners representing at least 30% of the voting rights of Owners against which the Special Assessment is to be levied cast a vote.

7.7 Individual Assessments. Any expenses which are not Common Expenses and which benefit or are attributable to fewer than all of the Parcels, such as (by way of example and not limitation) roads, driveways, building structures or other improvements serving some but not all Parcels, may be assessed exclusively against the Parcels actually affected or benefitted ("Individual Assessments"). Individual Assessments shall include, but are not limited to: (1) Assessments levied against any Parcel to reimburse the Association for costs incurred in bringing the Parcel or its Owner into compliance with, or to otherwise defend or uphold, or carry out, the provisions of the Governing Documents, and for Fines or other charges, including attorney fees, imposed pursuant to this Declaration for violation of the Governing Documents; (2) Expenses relating to the cost of maintenance, repair and replacement of a Parcel to the extent incurred by the Association, other than Common Expenses incurred in fulfilling its ordinary maintenance responsibilities to Parcels under this Declaration.

7.8 Emergency Assessments. Notwithstanding anything contained in this Declaration, the Board, without Owner approval, may levy emergency assessments in response to an emergency situation. Prior to the imposition or collection of any assessment due to an emergency situation, the Board shall pass a resolution containing the written findings as to the necessity of such expenditure and why the expenditure was not or could not have been reasonably foreseen or accurately predicted in the budgeting process and the resolution shall be distributed to the Owners with the notice of the emergency assessment. If such expenditure was created by an unbudgeted utility, maintenance or similar expense or increase, the assessment created thereby shall be discontinued by the Board by a similar resolution if such expense is subsequently reduced, or to the extent the next succeeding annual budget incorporates said increase into the annual assessment. An emergency situation is one in which the Board finds: (a) an

expenditure, in its discretion, required by an order of a court, to defend the Association in litigation, or to settle litigation; (b) an expenditure necessary to repair or maintain the Community or any part of it for which the Association is responsible where a threat to personal safety in the Community is discovered; (c) an expenditure necessary to repair, maintain, or cover actual Association expenses for the Community or any part of it that could not have been reasonably foreseen by the Board in preparing and distributing the pro forma operating budget (for example: increases in utility rates, landscape or maintenance contract services, attorney fees incurred in the defense of litigation, etc.); or (d) such other situations in which the Board finds that immediate action is necessary and in the best interests of the Association and/or the Community.

7.9 Reserve Funds. The Association shall establish and maintain a reserve fund in accordance with applicable law.

7.10 Fee Due on Transfer. Each time legal title to a Parcel passes from one person to another, within thirty (30) days after the effective date of such title transaction, the new Owner shall pay to the Association, in addition to any other required amounts, a reinvestment fee, in the initial amount of \$250, or such other amount determined by the Board from time to time. The following are not subject to the fee: (i) an involuntary transfer; (ii) a transfer that results from a court order; (iii) a bona fide transfer to a family member of the seller within three degrees of consanguinity who, before the transfer, provides adequate proof of consanguinity, or to a legal entity, such as a trust, in which the owner or the owner's spouse, son, daughter, father or mother hold a beneficial interest of at least fifty percent (50%) for estate planning purposes; (iv) a transfer or change of interest due to death, whether provided in a will, trust, or decree of distribution; or (v) the transfer of a Parcel owned by a financial institution, except to the extent required for the payment of the Association's costs directly related to the transfer of the property, not to exceed \$250.

7.11 Nonpayment of Assessments. The Annual Assessments shall be due and payable on a date established by the Board from time to time, and shall be delinquent if not paid by on the due date; initially, Annual Assessments will be paid monthly on the first day of each month. The due date of any Special Assessment or other Assessment shall be fixed in the resolution or document authorizing or levying the Assessment

7.11.1 Interest. Delinquent payments shall bear interest from the first date after the due date, or such other date established by the Board from time to time (the "date of delinquency"), initially at the rate of 18% per annum, or such other rate established by the Board from time to time.

7.11.2 Late Charge. Each delinquent payment shall initially be subject to a late charge of Thirty Dollars (\$30.00), or such other amount as determined by the Board from time to time.

7.11.3 Acceleration. If the delinquent installments of any Assessment, including an Annual Assessment, and any charges thereon are not paid in full, the Board, or its authorized agent, may declare all of the unpaid balance of the Assessment to be immediately due and payable upon not less than ten (10) days' written notice to the Owner, and may enforce the collection of the full Assessment and all charges thereon in any manner authorized by law, including the Act, and this Declaration. If, however, the Assessment is accelerated and an Owner subsequently files bankruptcy or the Board otherwise decides acceleration is not in its best interest, the Board, at its option and in its sole discretion, may elect to decelerate the obligation.

7.11.4 Rent Payments by Tenant to Association. If the Owner of a Parcel who is leasing the Parcel fails to pay an assessment for more than 60 days after the assessment is due, the Board may demand that the tenant pay to the Association all future lease payments due to the Owner, beginning with the next monthly other periodic payment, and the Association shall apply

such rent payments to the outstanding assessment balance until all amounts due from the Owner to the Association are paid. Such demand to the tenant shall be made in accordance with the law and the written procedures of the Association. The Board, or its agent, shall give the Owner written notice of its intent to demand full payment from the tenant and such notice shall be made in accordance with the law and the written procedures of the Association. Each Owner shall provide written notice to its tenant(s) of the tenant(s)' potential obligations under this section at the commencement of any lease.

7.11.5 Remedies. All membership rights, including the right of a Member to vote shall be automatically suspended during any period of delinquency, unless otherwise determined by the Board. A Board member shall become immediately ineligible to serve on the Board and automatically dismissed from such position if delinquent more than 60 days in the payment of any Assessment. The Association shall have each and every remedy for collection of assessments provided in the Act as amended from time to time, and the provisions of the Act shall be deemed to be fully set forth herein when required by such Act in order to exercise any such remedy and to bring this Declaration into compliance with the Act.

7.12 Lien. All Assessments imposed shall be a charge and continuing lien upon each of the Parcels against which the assessment is made in accordance with the terms and provisions of this Article and shall be construed as a real covenant running with the land. If an assessment is payable in installments, the lien is for the amount of each installment as such becomes due and this provision shall be deemed a notice of assessment. In a voluntary conveyance, the grantee of a Parcel shall be jointly and severally liable with the grantor for all unpaid assessments against the latter for his share of the unpaid assessments up to the time of the grant or conveyance, without prejudice to the grantee's rights to recover from the grantor the amounts paid by the grantee.

7.13 Enforcement of Lien. The Association may enforce the lien for any Assessment, including Annual, Special, Individual, Emergency, or otherwise, pursuant to the provisions of this Declaration. The lien is imposed upon the Parcel against which the Assessment is made. The lien is established and may be enforced for damages, interest, costs of collection, late charges permitted by law, and attorneys' fees provided for in this Declaration (whether or not a legal proceeding is initiated) or by law or awarded by a court for breach of any provisions of the Governing Documents. The lien may be foreclosed judicially or non-judicially consistent with the laws of the state of Utah for the non-judicial foreclosure of deeds of trusts. The Association, through duly authorized agents, shall have the power to bid on the Parcel at foreclosure sale, and to acquire and hold, lease, mortgage and convey the same. Upon completion of the foreclosure sale, an action may be brought by the Association or the purchaser at the sale in order to secure occupancy of the defaulting Owner's Parcel, and the defaulting Owner shall be required to pay the reasonable rental value of such Parcel during any period of continued occupancy by the defaulting Owner or any persons claiming under the defaulting Owner. The Association shall be entitled to the appointment of a receiver to collect the rental income or the reasonable rental value without regard to the value of the security. Such rent shall not be applied to, and shall be in addition to, any outstanding amounts owed to the Association for Assessments or enforcement/foreclosure costs.

7.14 Appointment of Trustee. The Declarant, the Association and each Owner hereby appoints the attorney of the Association who has been retained by the Association at the time a foreclosure is initiated as trustee for the purpose of exercising the power of sale in connection with non-judicial foreclosures as provided in Title 57, Chapter 1, Utah Code, as may be amended from time to time, and/or as provided further by the Act or any other applicable law. The declarant hereby conveys and warrants pursuant to Utah Code Ann. Sections 57-1-20 and 57-8a-302 (2020) to Kyle Fielding, Esq., of McDonald Fielding, PLLC, 230 N 1680 E Suite L-2, St. George UT 84790 (who is hereby appointed trustee, subject to substitution from time to time as provided by law), with power of sale, the Parcels and all improvements and appurtenances to the Parcels for the purpose of securing payment of assessments under the terms of the declaration.

7.15 Subordination of Lien to Mortgages. The lien of the Assessments provided for in this article shall be subordinate to the lien of any *bona fide* first mortgagees or deeds of trust now or hereafter placed upon the Parcel subject to assessment, except as follows: the sale or transfer of any Parcel pursuant to mortgage or deed of trust foreclosure, or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. Such sale or transfer shall not relieve the Parcel from liability for any Assessments thereafter becoming due, or from the lien of any future assessment, nor shall it relieve any personal obligation of the Owner.

7.16 Personal Obligation and Costs of Collection. Assessments imposed under this Declaration, together with interest at a rate to be established by resolution of the Board, not to exceed the maximum permitted by law, and costs and reasonable attorneys' fees incurred or expended by the Association in the collection thereof (whether or not a lawsuit is initiated), shall also be the personal obligation of the Owner holding title to any Parcel at the time when the assessment became due.

7.17 Duty to Pay Independent. No reduction or abatement of Assessments shall be claimed or allowed by reason of any alleged failure of the Association or Board to take some action or perform some function required to be taken or performed by the Association or Board under the Act, this Declaration, or the Bylaws, or for inconvenience or discomfort arising from the making of repairs or improvements which are the responsibility of the Association, or from any action taken to comply with any law, ordinance, order or directive of any municipal or other governmental authority, the obligation to pay Assessments being a separate and independent covenant on the part of the each Owner.

7.18 Statement of Unpaid Assessment & Payoff Information. The Association shall, upon demand at any time, furnish to any Owner liable for assessment a certificate in writing signed by an officer of the Association setting forth whether Assessments has been paid. The certificate shall be conclusive evidence of payment of any assessment therein stated as having been paid. A reasonable charge, as determined by the Board, may be levied in advance by the Association for each certificate so delivered. The Association may charge a fee for providing Association payoff information needed in connection with the financing, refinancing, or closing of a Owner's sale of the Owner's Parcel up to the maximum amount allowed by law, as determined by the Board.

Article VIII

The Association

8.1 Association. The Association has been, or will be, organized as a nonprofit corporation under the nonprofit corporation laws of the state of Utah (Utah Code Annotated Title 16 Chapter 6a, as may be amended from time to time). In the event the Association is at any time administratively dissolved by the State of Utah or for any other reason whatsoever ceases to exist as such, the Board may re-incorporate the Association without a vote of the Owners, or the Association may register with the State of Utah or otherwise continue operating as an unincorporated association. The affairs of the Association shall be governed by a Board as provided herein and in the Bylaws. Declarant has appointed an interim Board of Directors of the Association, which shall serve until their successors have been elected at the Turnover Meeting.

8.2 Membership. Each Owner shall be a member of the Association. The membership shall commence, exist and continue simply by virtue of ownership, shall expire automatically upon termination of ownership and need not be confirmed or evidenced by any certificate or acceptance of membership.

8.3 Voting Rights. The method of voting shall be as provided in the Bylaws. Voting rights within the Association shall be allocated as follows:

a) Parcels. Subject to any rights granted to Declarant during the Period Administrative Control, each Parcel shall have one (1) vote in matters of the Association for each Parcel owned. If a Parcel is owned by more than one person, those Owners collectively get one vote.

(b) Declarant. Notwithstanding the foregoing, for each Parcel owned, the Declarant shall have three (3) votes per Parcel during the Period of Administrative Control until, but not including, the Turnover Meeting.

8.4 Powers, Duties and Obligations. The Association shall have all the powers set forth in its Articles of Incorporation and Bylaws, together with its general powers as a corporation and under any applicable statute, as such statute may be amended to expand the scope of association powers, and the power to do any and all things which may be authorized, required or permitted to be done by the Association under and by virtue of this Declaration, including the power to levy and collect assessments and Fines as provided in this Declaration. Without in any way limiting the generality of the foregoing, the Association shall have the following powers:

(a) Delegation. The Board may delegate by resolution or contract to the Managing Agent any of its powers under this Declaration; provided, however, that the Board cannot delegate to such Managing Agent the power to execute any contract binding on the Association for a sum in excess of Five Thousand Dollars (\$5,000.00).

(b) Borrowing. The Association may borrow money, provided the assent of a majority of all Owners is obtained prior to mortgaging, pledging or hypothecating any or all of the Association's real property as security.

(c) Telecommunications/Fiber Optic/Related Contracts. Provided the Association already provides such service to the Parcels, the Board shall have the power, in its own discretion and subject to federal law, to enter into, accept an assignment of, or otherwise cause the Association to comply with contracts with Telecommunication Service providers and Telecommunication Facilities owners (both, a "Telecommunication Provider"), pursuant to which the Telecommunication Provider serves as the exclusive provider of Telecommunication Services and/or Telecommunication Facilities to each Parcel in the Properties, as well as the power to enter into or contract on behalf of the Association for similar bulk rate service contracts of any nature deemed in the Association's best interests. If such service(s) is not already provided to the Parcels, the prior approval of the Owners shall be obtained by a vote where a majority of the votes cast are cast in favor of the service.

(d) Bylaws. The initial Bylaws of the Association are attached hereto as Exhibit C.

(e) Rules and Regulations. In addition to the restrictions and requirements above, the Board from time to time may, by resolution, adopt, modify, or revoke such rules and regulations governing the conduct of persons in the Community and the operation and use of the Parcels, Common Areas and the Community as it may deem necessary or appropriate in order to assure the peaceful and orderly use and enjoyment of the Community. Reasonable fines may be levied and collected as an assessment for violations of said rules and regulations and for violations of any restrictions contained in this Declaration. A schedule of Fines may be adopted by the Board of Directors specifying the amounts of such Fines, and any other provisions or procedures related to the levying of such Fines.

Article IX

Architectural Control Committee

9.1 Purpose. These covenants are designed to establish a quality harmonious development and to maintain that harmonious quality as long as possible. The intent of these covenants is that there shall be certain minimum architectural standards applicable within the Community, subject at all times to possible exceptions, adjustments, or variances as the Architectural Control Committee may agree to from time to time and/or on a case-by-case basis, based on, among other things, the established Community Wide Standard.

9.2 Improvement Approval. No exterior addition to, or change or alteration thereto, of any sort, whether structural, landscaping, cosmetic or otherwise, be made by an Owner until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Control Committee. Such approval shall be solely at the discretion of the Architectural Control Committee as it deems appropriate from time to time. Any such request shall be deemed to have been denied if the relevant Owner, including any subsequent Owner, cannot produce the written approval granted by the Architectural Control Committee upon request, and any changes or alterations made by an Owner, or prior Owner, shall be removed and the property restored to its original condition at the request of the Architectural Control Committee. In the event the Architectural Control Committee fails to approve or disapprove a request by an Owner, the request will be deemed to have been denied. This subsection shall not apply to Declarant's building or construction activities during the building and development of the Project.

9.3 Design Guidelines. Design and construction of Improvements (other than by the Declarant) shall be consistent with and shall comply with the procedures and criteria set forth in this Declaration and such other building and design criteria which the Architectural Control Committee is hereby empowered to adopt (referred to as "Design Guidelines"), revise, expand, clarify, and otherwise provide from time to time for the harmony and compatibility of the Improvements constructed within the Project. Design Guidelines shall also be deemed to include the requirement that the quality of all materials to be used in any construction or Improvements within the Project be equal or superior to that utilized for original construction. All original construction by Declarant shall be and is hereby approved. All builders and owners, including individual builders of one or more Parcels obtained from the Declarant, shall comply with and are bound by the design restrictions herein and the Design Guidelines, if and when such are adopted or may exist from time to time.

9.4 Composition. The Architectural Control Committee shall be composed of the same individuals who serve on the Board from time to time (in other words, each Board member is, so long as he or she remains a Board member, also a member of the Architectural Control Committee). However, notwithstanding the foregoing, the Board at any time may, by simple majority vote, appoint other individuals (not necessarily Board members) to serve on the Architectural Control Committee. The Board, by simple majority vote, shall have full discretion relating to the Architectural Control Committee, including, for example, regarding the composition of the Architectural Control Committee (the number of committee members, the qualifications of the committee members, the terms of service of the committee members, the identity of the committee members from time to time, etc.)

Insurance

10.1 Types of Insurance Maintained by the Association. The Association shall obtain the following minimum types of insurance:

- (a) **Liability.** A public general liability insurance policy covering the Association, its

officers, Board members and managing agents, having at least a Two Million Dollars (\$2,000,000.00) limit per total claims that arise from the same occurrence or in an amount not less than the minimum amount required by applicable law, ordinance or regulation. Coverage under this policy shall include, without limitation, all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the Common Areas. The named insured under any policy of insurance shall be the Association, and each Owner shall also be an insured.

(b) Property. The Association shall maintain a blanket policy of property insurance covering the entire Project, including the Common Area and all buildings including the Parcels, fixtures, and building services equipment as provided in the Act. The Association may maintain broader coverage if afforded by the insurance contract. The blanket policy shall exclude land and other items not normally and reasonably covered by such policies. The blanket policy shall be an "all in" or "all inclusive" insurance as those terms are used in the insurance industry and shall include insurance for any fixture, improvement, or betterment installed in or to the Parcel or otherwise permanently part of or affixed to Common Areas, or Parcels, including but not limited to floor coverings, cabinets, light fixtures, electrical fixtures, heating and plumbing fixtures, paint, wall coverings, windows. At a minimum, the blanket policy shall afford protection against loss or damage by: (1) fire, windstorm, hail, riot, aircraft, vehicles, vandalism, smoke, and theft; and (2) all perils normally covered by "special form" property coverage. The blanket policy shall be in an amount not less than one hundred percent (100%) of current replacement cost of all property covered by such policy (including the Parcels) at the time the insurance is purchased and at each renewal date. The actual replacement cost of the property shall be determined by using methods generally accepted in the insurance industry. The blanket policy shall include either of the following endorsements to assure full insurable value replacement cost coverage: (1) a Guaranteed Replacement Cost Endorsement under which the insurer agrees to replace the insurable property regardless of the cost; and (2) a Replacement Cost Endorsement under which the insurer agrees to pay up to one hundred percent (100%) of the Property's insurable replacement cost but not more. If the policy includes a coinsurance clause, it must include an Agreed Amount Endorsement which must waive or eliminate the requirement for coinsurance. If a loss occurs that is covered by the property insurance policy in the name of the Association and another property insurance policy in the name of an Owner, then the Association's policy provides primary insurance coverage, and: (i) the Owner is responsible for the Association's policy deductible; and (ii) the Owner's policy, if any, applies to that portion of the loss attributable to the Association's policy deductible. If an Owner suffers damage to any combination of a Parcel ("Unit Damage") as part of a loss, resulting from a single event or occurrence, that is covered by the Association's property insurance policy ("a Covered Loss"). The Owner is responsible for a deductible amount calculated by applying the percentage of total damage resulting in a Covered Loss that is attributable to Unit Damage for that Parcel to the amount of the deductible under the Association's property insurance policy; and if an Owner does not pay the amount required above within 30 days after substantial completion of the repairs to, as applicable, the Parcel, the Association may levy an assessment against the Owner for that amount. If, in the exercise of its business judgment, the Board determines that a claim is likely not to exceed the Association's policy deductible: (i) the Owner's policy is considered the policy for primary coverage to the amount of the Association's policy deductible; (ii) an Owner who does not have a policy to cover the Association's property insurance policy deductible is responsible for the loss to the amount of the Association's policy deductible; and (iii) the Association need not tender the claim to the Association's insurer. The named insured under any policy of insurance shall be the Association, and each Owner

shall also be an insured under all property and insurance policies.

(d) Fidelity Insurance or Bond. The Association shall obtain and maintain adequate fidelity coverage to protect against dishonest acts by its officers, members of the Board, employees, and all others who are responsible for handling funds of the Association, including any property manager or Managing Agent. Such fidelity coverage shall: (i) name the Association as an obligee; (ii) not be less than the estimated maximum of funds, including reserve funds, in the custody of the Association or Managing Agent, as the case may be, at any given time, and shall in no event be in an amount less than three months assessments on all Parcels plus reserves; (iii) contain an appropriate endorsement(s) to the policy to cover any persons who serve without compensation if the policy would not otherwise cover volunteers, and to cover the Association's Managing Agent, if the Association has delegated some or all of the responsibility for the handling of funds to a Managing Agent; (iv) provide that coverage may not be canceled or substantially modified (including cancellation for nonpayment of premiums) without at least ten (10) days prior written notice to the Association or any insurance trustee.

(e) Miscellaneous Items. The following provisions shall apply to all insurance coverage of the Association:

1) Certificate of Insurance. Evidence of insurance shall be issued to each Owner and Mortgagee upon request.

2) Deductible. The Association shall pay for the deductible on any claim made against the Association's property insurance policy for a covered loss incurred to the Common Area, except where the claim is made because of the negligence or willful acts of an Owner or occupant, including a guest, invitee, or visitor, as determined by the Board. In such cases, the corresponding Owner shall pay the deductible amount.

3) Special Endorsements. Each policy shall contain or provide those endorsements commonly purchased by the other community association in the county.

4) Intent. The foregoing provisions shall not be construed to limit the power or authority of the Association to obtain and maintain insurance coverage in addition to any insurance coverage required hereunder, in such amounts and in such forms as the Board or Association may deem necessary or appropriate from time to time, including directors and officers liability insurance.

10.2 Owner Insurance Responsibility. The Association's policy does not and will not cover the contents of a Parcel or an Owner's personal property.

10.3 Power of Attorney

(a) Notwithstanding any of the foregoing provisions and requirements relating to Association property or liability insurance, there may be named as an insured, on behalf of the Association, the Association's authorized representative, including any trustee with whom the Association may enter into any insurance trust agreement (the "Insurance Trustee") who shall have exclusive authority to negotiate losses under any policy providing property or liability insurance and to perform such other functions as are necessary to accomplish this purpose. By purchasing a Parcel, all Owners appoint the Association or any Insurance Trustee designated by the Association as attorney-in-fact

for the purpose of purchasing and maintaining the insurance specified in this section, including: (1) the collection and appropriate disposition of the proceeds thereof; (2) the negotiation of losses and execution of releases of liability; (3) the execution of all documents; and (4) the performance of all other acts necessary to accomplish such purpose.

(b) By purchasing a Parcel, all Owners appoint the Association or any trustee designated by the Association as attorney-in-fact for the purpose of representing the Owners in condemnation proceedings or negotiations, settlements, and agreements with the condemning authority for acquisition of the Common Areas, or part thereof, by the condemning authority

ARTICLE XI

11.2.1 Amendments. This Declaration may be amended by an affirmative vote by the Owners of at least eighty percent (80%) of the Owners of the Parcels within the Community, but only after the Declarant no longer owns any interest in any part of the Community. Any such amendment shall be effected by the recordation by Declarant of a Certificate of Amendment duly signed by the Declarant, specifying the federal, state or local governmental agency or the federally chartered lending institution requesting the amendment and setting forth the amendatory language requested by such agency or institution. Recordation of such a Certificate of Amendment shall be deemed conclusive proof of the agency's or institution's request for such an amendment, and such Certificate of Amendment, when recorded, shall be binding upon all of the Community and all persons having an interest therein. Declarant and each Owner may by notice at any time and from time to time designate a different address to which notices shall be sent. Such notices, demands or declarations shall be deemed sufficiently served or delivered for all purposes hereunder when delivered or when delivery is denied if attempted to be delivered at the appropriate address.

Anything to the contrary in this Declaration notwithstanding, and except as otherwise may be expressly set forth on a plat or other instrument Recorded in the office of the County Recorder of Weber County, Utah, Declarant makes no warranties or representations whatsoever that the plans presently envisioned for the complete development of the Community can or will be carried out, or that any land now owned or hereafter acquired by it is or will be subjected to this Declaration, or that any such land (whether or not it has been subjected to this Declaration) is or will be committed to or developed for a particular (or any) use, or if that land is once used for a particular use, such use will continue in effect.

EXHIBIT "B"**Design Guidelines and Construction Rules**

The Design Guidelines and the terms and conditions of this Declaration represent private covenants for the benefit of the Declarant and are in addition to and not in lieu of any requirements of any applicable laws.

1. The square footage of any Dwelling Unit, exclusive of any permitted basement level or below grade levels, shall be at least 1,400 square feet for ramblers and at least 2,000 square feet for two-stories, and shall not exceed 8,000 square feet in either case.
2. The architectural style must be harmonious with the natural landscape and consistent with the Community as a whole.
3. The exterior material of the Dwelling Unit should include natural stone, brick, stucco, cement or composite board siding, or other material acceptable to the Declarant. Mixing of materials shall be done sensitively so as to not distract from the design of the Dwelling Unit. Heavier (load bearing) materials should be closer to the base of the Dwelling Unit (i.e., wood above stucco or masonry, or stucco above masonry and stone). Change of any materials should occur naturally, according to style. Colors for all exterior materials (trim, brick, stone, mortar, stucco, etc.) should be appropriate to the architectural style (i.e., earth tones). Brightly colored accents are allowed on a limited scale. The exterior material shall not be exposed cinder block. If the exterior material is stucco or other similar material, at least twenty percent (20%) of the exterior of the Dwelling Unit shall be stone or brick.
4. Roofs shall be asphalt shingle and may contain metal accents.

Declarant may modify the Design Guidelines at any time. Designs shall be limited to those prepared by architects or by qualified residential designers of outstanding ability whose previous work may be reviewed as a part of the approval process. Except as approved by Declarant, no landscaping, excavation, building, fence, wall, residence, or other structure, or alteration of any kind, shall be commenced, erected, maintained, improved, altered, or made until the construction plans and specifications, along with a topographical plan showing the location of all improvements, including a detailed landscaping plan, have been approved in writing by Declarant. All subsequent additions to or changes or alterations in any building, fence, wall, or other structure, including exterior color scheme, and all changes in the grade on any Parcel, shall be subject to the prior written approval of Declarant. Once approved by Declarant, no changes or deviations in or from the plans and specifications shall be made without the prior written approval of Declarant.

No construction of Dwelling Parcels or landscaping may commence without approval by Declarant of the working drawings.

- (a) Plot Plans to scale showing the entire site, building, garages, walks, drives, fences, lights, and retaining walls, with elevations of the existing and finished grades and contours including those at the outside corners of the buildings and at adjacent property lines and street fronts and elevations of floors from a designated point on the street.
- (b) Detailed floor plans showing dimensions and measurements.
- (c) Detailed elevations, indicating all materials and showing existing and finished grades.

- (d) Color and material samples for all exterior surfaces.
- (e) Detailed sections, cross and longitudinal.
- (f) Details of cornices, porches, windows, doors, garages, garden walls, steps, patios, fences, carriage lights, etc.

Specifications shall give complete descriptions and color samples of materials to be used on the exterior of the residence.

Declarant will base its approval of construction plans, specifications, landscaping plans, and other alterations on the acceptability and harmony of the external design of the proposed structures with respect to topography and grade, quality of materials, size, height, color, etc. and consistency with the Design Guidelines. All Owners shall strictly comply with all state laws and local government ordinances. Approval by Declarant does not replace any required approval by the local government and the necessity of obtaining any required building permit. Each Owner shall obtain any and all required approvals and building permits from the local government.

Declarant shall have final control for approval of all color and material plans. There is no time limit for beginning construction; however, upon commencement, the construction time for the exterior portion of any residential structure shall not exceed 12 months from start to finish. "Start" shall be the instant any foliage is cut or removed in anticipation of the landscaping or construction to be built. All building debris, excavation, dirt, etc. associated with the building process shall be removed within the 12-month period. Such debris and excavation dirt shall not be permitted on any of the streets or sidewalks within the Property.

Structures shall comply with the setback requirements set forth in these Design Guidelines and applicable law.

Only such foliage shall be removed from each Parcel as is necessary for clearing the driveway, excavating for the foundation, and for lawns and patio areas. Lawn, patio, and garden areas must be designed in accordance with the Design Guidelines and approved by Declarant (unless otherwise agreed to by Declarant). Owners are encouraged to plant trees and shrubs to enhance the natural beauty, provide windbreaks, and improve erosion control. Unless otherwise agreed to by Declarant, no plantings or structures shall be placed or permitted which may damage or interfere with established slope ratios, create erosion, or change the direction of drainage channels. All materials used to retain and contour the slope of any Parcel or improvement must conform to the natural beauty and color of Declarant and must be approved by Declarant.

Each Dwelling Unit shall have installed surrounding it an outdoor irrigation/sprinkler system for fire protection and irrigation.

Landscaping may include a combination of lawn, shrubs, or ground cover. Ground cover may include vegetative vines, low-spreading shrubs, or annual or perennial flowering or foliage plants. Ground cover may also include mineral or non-living organic permeable material in not more than 25% of the net landscaped area. Mineral ground cover may include such materials as rocks, boulders, gravel, or brick over sand. Species, size, and placement of landscape elements shall be determined by the Owner and approved by Declarant prior to commencement of landscaping.

The front yard of each Parcel (from the street to the front line of the residence on the Parcel) shall be landscaped within six months of the occupancy date of any structure built upon said Parcel. The remainder of the Parcel shall be landscaped within two (2) years of the occupancy date of any structure built upon said Parcel.

No trailer, basement of any incomplete building, tent, shack, garage, or barn, and no temporary buildings or structures of any kind, shall be used at any time for a residence, either temporary or permanent. Temporary buildings or structures used during the construction of a dwelling on any property shall be removed immediately after the completion of construction.

Patio structures, trellises, sunshades, gazebos, and any other appurtenant accessory structures buildings shall be constructed of materials consistent with the colors, textures, and materials approved for the dwelling and shall be integral to the architecture of the house and subject to the prior written approval of Declarant. It is understood that out buildings such as swimming pool and tennis court dressing facilities may be constructed on any Parcel as long as they are in conformity with the requirements of this Declaration and these Design Guidelines. All pools must be fenced in strict compliance with local ordinances and with the prior written approval of Declarant as to fence design and material.

Any detached accessory building erected on a Parcel shall conform in design and materials with the primary Dwelling Unit on a Parcel and must be approved as to its permissibility, design and location by Declarant. Driveway and other flat paved areas may be concrete, exposed aggregate concrete, stamped concrete, asphalt, quarry tile, brick, or paving blocks. Gravel areas are permitted only as an accessory to the foregoing driveway requirements; Gravel may not constitute more than 1/3 of the area in front of the Dwelling Unit.

Subject to the terms and conditions of the Declaration, Solar panels are to be integrated into roof design. Panels and frames must be compatible with roof colors, all equipment must be screened from view, and prior written approval must be obtained from Declarant.

Pools, spas, fountains, and game courts must be approved by Declarant and shall be located to avoid impacting adjacent properties with light or sound. No pools, spas or game courts shall be located in front yards. Pool heaters and pumps must be screened from view and sound insulated from neighboring houses. Nothing herein shall be construed as permitting the construction of skateboard areas and/or similar areas and ramps, which structures shall be prohibited.

Fencing and walls shall be stucco, wood, brick, masonry, stone, vinyl, or wrought iron. Fences and walls are to be color coordinated with the approved dwelling colors. Use of landscaping materials for hedges and fencing is encouraged. Fences, walls, or hedges shall not exceed six (6) feet in height; provided, however, that no wall, fence, or opaque hedge or screening materials (other than pre-construction natural vegetation) shall be maintained within: (i) a required front yard; (ii) any portion of a rear yard which is highly visible from any street or non-adjoining Parcel because of the elevation or slope of the portion of the rear yard concerned unless specifically permitted by Declarant; and (iii) any portion of the Parcel having a slope greater than 30%.

Where any slope on any Parcel has a slope of 30% or greater, the Owner is required to immediately revegetate said slope and present a revegetation plan to Declarant for review and approval.

No building material of any kind or character shall be placed or stored upon any Parcel until the Owner thereof is ready to commence improvements, and then the material shall be placed within the property lines of the Parcel upon which the improvements are to be erected and shall not be placed in the streets or between the curb and the property line.

No rubbish or debris of any kind shall be placed or permitted to accumulate upon or adjacent to any Parcel, and no odors or loud noises shall be permitted to arise or emit there from, so as to render any such property or any portion thereof, or activity thereon, unsanitary, unsightly, offensive or detrimental to any other property in the vicinity thereof or to the occupants of such other property. No other nuisance shall be permitted to exist or operate upon any Parcel so as to be offensive or detrimental to any other property in the vicinity thereof or its occupants. Normal construction activities and parking in

connection with the building of improvements on a Parcel shall not be considered a nuisance or otherwise prohibited by this Declaration, but Parcels shall be kept in a neat and tidy condition during construction periods, trash and debris shall not be permitted to accumulate, and supplies of brick block, lumber, and other building materials will be piled only in such areas as may be approved by Declarant. In addition, any construction equipment and building materials stored or kept on any Parcel during construction of improvements may be kept only in areas approved by Declarant, which may require screening of the storage areas.

In the event such an objection is made, the vote involved shall not be counted for any purpose whatsoever, other than to determine whether a quorum exists.

11. Resolution of Voting Disputes. 13. Action by Proxy. Every proxy must be executed in writing by the Member or its duly authorized attorney-in-fact and filed with the secretary of the Association before or at the time of the meeting. No proxy will be valid after the expiration of one year from the date of its execution unless otherwise provided in the proxy.

14. Action by Written Ballot.

(a) Any action that may be taken at any meeting of the Association may be taken without a meeting if the Association delivers a written ballot to every Member entitled to vote on the matter. Such written ballot will set forth each proposed action and provide an opportunity to vote for or against each proposed action. Approval by written ballot will be valid only when the number of approvals equals or exceeds the number of votes that would be required to approve the matter at a meeting at which the total number of votes cast was the same as the number of votes cast by written ballot. Members submitting a written ballot will be considered to have participated in the meeting for all purposes.

(b) All solicitations for votes by written ballot will: 1) indicate the number of responses needed to meet the quorum requirements; 2) state the percentage of approvals necessary to approve each matter other than election of Directors; 3) specify the time by which a written ballot must be received by the Association in order to be counted; and 4) be accompanied by written information sufficient to permit each Member casting a written ballot to reach an informed decision on the matter.

(c) A written ballot may not be revoked.

(d) Action by written ballot will have the same effect as action taken at a meeting.

(e) The number of votes cast by written ballot will constitute a quorum for action on the matter.
