## **REALLOCATION**

### **to WEBER BASIN WATER CONSERVANCY DISTRICT for Water Reallocation for use by Individuals**

This Application for Reallocation of Project Water shall act as a suspension and transfer of certain Project Water, as outlined below. The following first described lands (the "Lands") have been allotted 30.5 acre-feet of Project Water by REALLOCATION and Order recorded as E 3182609, Book 7334, Page 1414-1419 and E 3293608 Book 7596 page 1751-1755 in the records of DAVIS County, Utah. Such Lands since the Petition and Order have been divided into additional separate parcels requiring a Suspension of the Petition and Order and a Transfer of the maximum amount of Project Water that now may be allocated to and beneficially used upon the Lands (the "Transferred Water"). After investigation and in conformance with policy, the Weber Basin Water Conservancy District (the "District") has determined the Transferred Water to be 14.3 acre-feet of Project Water, and the lien created by such allocation of Transferred Water should be allocated to the Lands. The remainder of the original allotment of Project Water under the Petition and Order, in the amount of 16.2 acre-feet, shall be returned to the District's Water inventory. The undersigned, Secretary of the District, accordingly, hereby applies to the Board of Trustees of the District for such Suspension and Transfer of Project Water and requests that a time and place for hearing upon this application be fixed and notice thereof be given to all interested parties in the manner provided by the Rules and Regulations of the District.
