Furthermore, members acknowledge that beach material may migrate over time changing the profile of the beaches, shorelines, islands, and the entire bottom of the lakes. The Association makes no guarantees that the lake profile as designed and built will remain the same over time. As such, it is the responsibility of each Owner and each user of the lakes to be aware of these changes and to take any necessary precautions to avoid injury or property damage as a result.

3.15 Risk of Flooding. Each Owner purchasing a Lot acknowledges the possibility of water from the Lake rising onto the Beach Area or areas of the Lots and beyond because of unusually heavy rain, mechanical problems with the system providing water to the Lake or other causes, and neither Declarant, the Association, the Board, the Committee or any officer or director of the Association shall be responsible therefore or for any damage resulting there from, and each Owner assumes the risk thereof. The Association shall be comprised of the Owners of Lots within the Project, and is established to perform the following functions and exercise the following rights and powers for the benefit of the Members and the enforcement of the Governing Documents. The Association shall have all powers granted to it by the Governing Documents and the Act to enforce these covenants and restrictions by actions in law or equity brought in the name of the Association, and the power to retain professional services needed to the enforcement of the Governing Documents and to incur expenses for that purpose, including but not limited to: (1) record and/or foreclose liens against an Owner's Lot; (2) initiate legal or similar proceedings; (3) impose fines; (4) collect any rents directly from tenant for past due assessments; (5) terminate an Members' right to receive utility service paid as a common expense; (6) terminate an Member's right to utilize Common Area and/or amenities; and (7) any other action or remedy allowed by the Governing Documents or Utah law.

Owners may appear individually.

No special assessment will be levied without approval of a majority of a quorum of the Owners at a Special or Regular Meeting, or upon the written consent of a majority of Owners.

(c) In addition, the Association may levy special assessment (a) on every Lot, the Owner or occupant of which, shall cause any damage to the Common Areas necessitating repairs, and (b) on every Lot as to which the Association shall incur any expense for maintenance or repair work performed, or enforcement action taken under the provisions of the Governing Documents. The aggregate amount of any such special assessments shall be determined by the cost of such repairs, maintenance or enforcement action, including all overhead and administrative costs, and shall be allocated among the affected Lot(s) according to the cause of damage or maintenance or repair work or enforcement action, as the case may be, and such assessment may be made in advance of the performance of work.

This reserve analysis should be reviewed no less frequently than every three (3) years and updated if necessary. The Board may conduct a reserve analysis itself or may engage a reliable person or organization, as determined by the Board, to conduct the reserve analysis.

(a) The Board may not use money in a reserve fund:

(i) For daily maintenance expenses, unless a majority of the Owners vote to approve the use of reserve fund money for that purpose;

No exterior clotheslines or other outside clothes drying or airing facility shall be erected or maintained on the properties in any location where the same would be visible from any street or neighboring Lot. Further, no clothes washers, clothes dryers, refrigerators or freezers may be kept, stored or operated on any balcony, patio, porch or other exterior area.

10.27 Power Equipment and Car Maintenance. No power equipment, workshops or major car or boat maintenance of any nature shall be permitted on the Project without the prior written approval of the Board. In deciding to grant approval, the Board shall consider the effects of noise, air pollution, dirt or grease, fire hazard, interference with radio or television reception and similar objections.

10.28 Storage Sheds. Storage sheds shall be constructed of material and look similar to that of the main Dwelling. Storage sheds are not allowed within the View Corridor. The ACC must approve all Storage sheds for location and construction.

10.29 Swings and Jungle gyms. All swings and jungle gym equipment, greater than 4 feet in height shall remain outside of the View Corridor and is not permitted beyond the front plane of the home. The foregoing improvements shall also be subject to the approval of the Committee.

10.30 Air Conditioning Units; Pool Equipment. All air conditioning (including heating) units shall be located on the ground and no rooftop units shall be permitted. All air conditioning units, pool or spa pumps or motors, pool equipment and similar items shall be screened in a manner approved in advance by the Committee.

10.31 **Radios and Other Speakers.** No radio, television or other speakers or amplifiers shall be installed or operated on any Lot so as to be audible on other Lots or the Common Area. Small radios may be permitted in the Private Dock area to the extent and in strict conformance with the Rules and Regulations of the Association. No speakers, wind-bells, wind chimes, or other noise making devices may be used or maintained on any Lot which creates noise that might reasonably be expected to be unreasonably or annoyingly loud to adjoining Lots, except for security or fire alarms.

10.32 **Drilling and Mining: Fuel Storage.** No oil drilling, oil development operations, oil refining, quarrying, or mining operations of any kind shall be permitted upon or in any Lot or the Common Area, nor shall oil or water wells, tanks, tunnels, mineral extractions, or shafts be permitted upon or in any Lot or the Common Area except for water wells within the Common Area designed to serve the Project. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot or the Common Area. No gasoline, diesel fuel or other vehicle or boat fuel shall be stored or located on any Lot, excepting only that fuel present at any time in an approved gas caddie system, as approved by the Association, or standard gas cans for personal use, and in the standard fuel tank of any vehicle or boat. Notwithstanding, the Association may construct a fuel storage system within the Common Area that otherwise complies with all state and federal requirements.

10.33 **Removing Garbage, Dust and Debris.** All rubbish, trash, refuse, waste, dust, debris and garbage shall be deposited in sealed plastic bags or other authorized containers, shall be daily removed from the Lot, not being allowed to accumulate therein so as to create a sanitation, health or safety hazard.

10.34 **Firearms, Incendiary Devices and Graffiti.** The use of firearms and incendiary devices, or the painting or graffiti, within the Project is prohibited. The term firearms includes but is not limited to all guns, pistols, handguns, rifles, automatic weapons, semiautomatic weapons, BB guns, pellet guns, sling shots, wrist-rockets, blow-dart guns, and other firearms of all types, regardless of size.

10.35 **Temporary Structures.** Tents, campers, camper-trailers, and any other mobile or temporary shelter or structure is allowed on a Lot for up to seventy-two (72) hours and then must be removed for a minimum of 4 days unless an extended stay permit is obtained from the ACC.

10.36 **Damage or Waste.** No damage to, or waste of, the Common Areas shall be committed by any Owner or Resident, their Guests or invitees; and each Owner and Resident shall indemnify and hold the Board of Directors and the other Owners in the Project harmless against all loss resulting from any such damage or waste caused by that Owner or Resident, their Guests or invitees; provided, however, that any invitee of the Declarant shall not under any circumstances be deemed to be an invitee or any other Owner.

10.37 **Sounds, Odors and Everyday Noise.** This Project is located by and is subject to the normal, everyday sounds, odors, noises, and all other aspects associated with the nearby traffic, roads, boats, atvs, model airplanes, firearms outside of the development, and farming.

10.38 Entry Monument. If an Owner purchases a Lot which includes a common improvement, including by way of illustration but not limitation an Entry, Entry Monument, planter, planter box, planter strip, perimeter fence, wall, street light, exterior lighting or other landscaping treatment of any kind, shall, at his sole expense, maintain such common elements in good condition, and may not improve his property or place any plant, hedge, tree, bush, shrub or object, natural or artificial, behind, to the side or in front of such improvement or feature or so as to impair, obstruct, block or impede the view or purpose of the Entry, Entry Monument or other improvement, planter box, landscaping strip, or any such special landscaping feature.

10.39 View Impairment. Neither the Declarant nor the Association guarantees or represents that any view over and across any property, including any Lot or Building will be preserved without impairment. Neither the Declarant nor the Association shall have the obligation to prune or thin trees or other landscaping except as set forth herein. Any express or implied easements for view purposes or for the passage of light and air are hereby expressly disclaimed.

10.40 Mosquitoes and Other Insects. The Project is located near the wetlands surrounding the Great Salt Lake and is subject to mosquitoes and other insects common to this area. Measures and activities to control these insects by the Davis County Mosquito Abatement District including spraying, which shall be allowed in Common Areas and on any public or private roads shared by the Association and Lot Owners.

ARTICLE XI RENTAL/LEASE RESTRICTIONS

11.1 Declaration and Rules Governing Non-Owner Occupied Dwellings. Notwithstanding anything to the contrary in the Governing Documents, any leasing and non-Owner occupancy of a Dwelling shall be governed by this section, Rules consistent with this section, and procedures adopted as allowed in this section.

11.2 Leasing of Lots. Each Owner agrees, by the acceptance of a deed or other document of conveyance to a Lot, that in order to maintain the value of the purchased property and the subdivision, the leasing and renting of a Lot and/or Dwelling Unit is subject to the following covenants, conditions and restrictions:

- a. Renting rules and regulations adopted by the Board of Directors, as they may be amended from time to time.
- b. "For Rent" or "For Lease" signs are prohibited.
- c. The Association may also require that Owners use lease forms or addenda, such as the Crime Free Addendum or the Project Addendum, approved by the Association (or include specific terms in their leases); and the Association may impose a review or administration fee on the lease or transfer of any Lot.
- d. Other than as stated in this Section, there is no restriction on the right of any Owner to lease or otherwise grant occupancy rights to his Lot. Lessee is a Guest and is accountable to the Owner for the proper use of the Lot, Dock(s), and all Lake Amenities.
- e. Lessee is not an Owner of HOA and has no voting rights.
- f. Minimum lease term is 6 months.

ARTICLE XII **OWNERS' MAINTENANCE OBLIGATIONS**

12.1 Duty to Maintain. It is the obligation of each Owner to maintain his Lot at all times in order to preserve and enhance the enjoyment of the Project.

12.2 Repairs by Association. In the event that an Owner permits his Lot or Improvements to fall into a state of disrepair that is dangerous, unsafe, unsanitary or unsightly condition or fails to comply with any other covenant or restriction in violation of this Declaration, the Association may give written notice to the Owner describing the condition complained of and demand that the Owner correct the condition within 30 days. If the Owner fails to take corrective action, the Association shall have the right, but not the obligation, to enter upon the offending Owner's Lot and take corrective action to abate the condition. All costs of abatement shall be charged to the Owner, who agrees to promptly pay the reasonable costs of any work performed under this provision. In addition, each Owner hereby grants to the Association a lien on the Lot and any improvements to secure repayment of any sums advanced pursuant to this section, which lien may be foreclosed at any time by the Association in the manner prescribed in Utah for the foreclosure of mortgages. Alternatively, without requiring foreclosure, the Association may seek collection of sums advanced directly from the Owner of the Lot in question. Unpaid amounts will bear interest from the date

advanced at the lawful judgment rate under applicable state law.

12.3 Alterations of Exterior Appearance. The Owners will maintain their Lots and Improvements in substantially the same condition and appearance as that approved by the ACC. No subsequent exterior alterations, improvements or remodeling, whether structural or changes in landscaping, paint color or materials will be made without the advance consent of the ACC.

12.4 Repair Following Damage. In the event of casualty loss or damage to the improvements, the Owner will be entitled to reconstruct the Improvements as they existed prior to the damage or loss without review by the ACC, provided however that alterations or deviations from the original approved plans will require review. Nothing in this Declaration is intended to prevent an Owner who has suffered property damage or loss from taking temporary measures to secure the property and prevent injury or dangerous conditions following loss or damage, before reconstruction begins. Such temporary measures may be taken without the consent or approval of the ACC, provided that any such measure must be of a temporary nature, and repair or reconstruction must begin as soon as circumstances will permit. No damaged structure will be permitted to remain on any Lot for more than 90 days without repairs commencing and any damaged structure which does remain unrepairs after 90 days following the occurrence of damage is deemed a nuisance which may be abated by the Association.

12.5 Landscaping. All landscaping in the Project shall be maintained and cared for in a manner consistent with the standards of design and quality originally established by Declarant and in accordance with any City landscaping maintenance plans or ordinances. Specific additional written guidelines, standards, controls, and restrictions on landscaping may be adopted or amended by the Board of Directors from time to time. All landscaping shall be maintained in a safe, sanitary, aesthetic and orderly condition. Any weeds or diseased or dead lawn, trees, ground cover or shrubbery shall be removed and replaced. All lawn areas shall be neatly mowed and trees, shrubs and bushes shall be neatly trimmed. All landscaping shall be tasteful, so as not to affect adversely the value or use of any other Lot, or to detract from the uniform design and appearance of the Project. Anything to the contrary notwithstanding, all landscaping must abide by and strictly comply with all soils report recommendations and County requirements. Prior, written approval must be received from the ACC prior to installing or materially modifying landscaping on a Lot.

12.6 Landscaping and Maintenance of Lots prior to home and/or Dock(s) construction. Prior to the construction of a Dwelling, the landscaping of a Lot must be regularly maintained so as to not allow any weeds to grow above 6 inches in height from the soil elevation.

12.7 Landscaping of Area of Personal Responsibility. Each Owner shall maintain, repair and replace his Lot and Private Dock(s), including without limitation all interior spaces and improvements, individual services such as power, light, gas, hot and cold water, heating, refrigeration, air conditioning, fixtures, windows and window systems, glass, doors and door systems, garage doors and garage door systems, patios, balconies and decks, plumbing fixtures, systems and lateral pipes or valves servicing only his Lot, including any damage caused thereby and not covered by insurance. Each Lot Owner shall also maintain broom clean and free of

debris, repair and replace the physical improvements to his Private Dock(s), including by way of illustration but not limitation all fencing, gates, flooring, cement, decking and rails. All such Private Dock(s) maintenance, repairs and replacements are subject to the approval of the Board of Directors as to construction materials, quality of construction and installation, and uniformity of appearance. No Lot Owner shall allow his Lot or Private Dock(s) to detract from the health, safety or uniform appearance or design of the Project. Landscaping of Lot must be completed within 12 months of certificate of occupancy for Dwelling Unit.

12.8 Party Fence. If it becomes necessary or desirable to repair or rebuild the whole or any part of a party fence or wall, the repairing or rebuilding expense shall be borne equally by the parties who shall at the time of the repair or rebuilding be using it. Any repairing or rebuilding of the fence shall be on the same location, and of the same size, and with the same quality of construction and materials, as the original fence, wall or portion thereof. If there is a disagreement among the parties as to the necessity or extent of repairs to a party fence or wall, the dispute must be submitted to the Board of Directors for resolution, and the decision of the Board of Directors shall in all instances be final and conclusive.

ARTICLE XIII **ARCHITECTURAL CONTROL COMMITTEE**

13.1 Purpose. It is the intention and purpose of this Declaration to impose architectural standards on the improvements and landscaping to any Lot of a type and nature that result in buildings and yards which are architecturally and aesthetically compatible in terms of lot coverage, proportion, materials, colors and general appearance. To accomplish this goal, the Declarant hereby establishes the Architectural Control Committee, which is empowered to oversee and enforce the Architectural Design Standards set forth in this Declaration.

13.2 Architectural Control Committee Created. The Architectural Control Committee will be appointed in accordance with the Bylaws and Articles of the Association.

13.3 Approval by Committee Required. No Improvements of any kind will be made on any Lot without the prior written approval of the Architectural Control Committee including, but not limited to, all exterior materials, architectural designs, plans, foundation location, specifications, structures, Dock(s), fencing, landscaping and other improvements within the Project. Approval of the Committee will be sought in the following manner:

(A) **Plans Submitted.** Two complete sets of the plans for the construction of any new Dwelling or Improvements must be submitted to the ACC for review. In the case of an addition or modification of an existing Dwelling, the Committee may waive in writing any of the foregoing it feels are unnecessary to its review of the remodel or addition.

a. Plot plans to scale showing the entire site, Dwelling Unit, Building, garages, walks, drives, fence, carriage lights, retaining walls, with elevations of the existing and finished grade and contours including those at the outside

corners of the Buildings and at adjacent property lines and street fronts, and elevations of floors from a designated point on the street.

- b. Detailed floor plans.
- c. Detailed elevations, indicating all materials and showing existing and finished grades.
- d. Detailed sections, cross and longitudinal.
- e. Details of cornices, porches, windows, doors, garages, garden walls, steps, patios, fences, carriage lights, etc. Specifications shall give complete description of materials to be used with supplements, addenda or riders noting the colors of all materials to be used on the exterior of the Dwelling Unit.
- f. Any and every home design, plan or specification must comply with the Design Guidelines.

(B) Review. Within 15 days from receipt of a complete submission, the ACC will review the plans and make an initial determination whether or not the plans comply with the conditions imposed by the Declaration. If they do not, the plans will be rejected. If they are in compliance, the committee will approve the plans. The Committee may also approve the plans subject to specific modifications or conditions. Owners may desire to submit preliminary plans for review. The committee will review preliminary plans, and make its comments known to the Owner provided; however, that no preliminary approval is to be considered a final approval, and no final approval will be granted on less than a complete submission. Upon approval, the Committee will sign a copy of the plans, one of which shall be left with the Committee. No construction that is not in compliance with the approved plans will be permitted.

(C) Failure to Act. If the committee has not approved or rejected any submission within 45 days after submission of complete plans, the submission is deemed to have been disapproved. If the plans are disapproved as a result of the committee's failure to act, then the applicant may send, by certified mail, return receipt requested, notice to any Owner of the ACC that if the plans are not either approved or disapproved, as submitted, within 15 days from the date the notice is MAILED, then the plans will be deemed to be approved. If within such 15 day period, the committee fails to respond to the notice by either approving or disapproving the plans, then the plans will be deemed to have been approved; provided, however, that the submission and Improvements do not, in fact, violate any conditions imposed by this Declaration.

13.4 Variances. Variances to the design standards contained in this Declaration may be granted when strict application would create an unforeseen or unreasonable hardship to the Owner of any Lot; provided, however, that any variance granted is consistent with the intent of this

Declaration and the Cottages at Fairfield Pattern Book. The ACC cannot grant any variance that has the effect of modifying applicable zoning or building code regulations. The burden of obtaining a variance is entirely on the applicant.

13.5 General Design Review. The ACC will use its best efforts to provide a consistent pattern of development, and consistent application of standards of this Declaration. These standards are, of necessity, general in nature, and it is the ACC's responsibility to apply them in a manner that results in a high quality, attractive and well-designed community.

Aesthetics. Decisions of the ACC may be based on purely aesthetic considerations. Each Owner acknowledges by accepting a deed or other document of conveyance to the property that the opinions of the ACC may be a matter of taste or style, and may be based upon purely aesthetic considerations, and may vary as ACC Owners change over time.

13.6 Architectural Review Fee. An architectural review fee may be charged in an amount determined by the Board that reflects the actual cost incurred by the Board or ACC.

13.7 Declarant, Board and Committee not Liable. The Declarant, the Board, and the ACC and its Owners shall not be liable to the applicant for any damages, or to the Owners of any Lots within the Subdivision for their actions, inactions, or approval or disapproval of any set of plans submitted to the ACC for review. The Owners shall have no claim against the Declarant or ACC as a result of the performance or failure to perform the duties created by this Declaration. Each Owner has an equal duty and right to enforce these covenants against every other Owner, and may seek independent redress if it believes the ACC has acted improperly.

13.8 Limitations on Review. The ACC's review is limited to those matters expressly granted in this Declaration. The ACC shall have no authority over the enforcement of building codes, zoning ordinances, or other statutes, laws or ordinances affecting the development or improvement of real property and shall have no liability to any Owner whose plans were approved in a manner that included any such violation. Corrections or changes in plans to bring them into conformity with applicable codes must be approved by the ACC prior to construction.

13.9 Exemption of Declarant. At any time during the Class B Control Period, Declarant need not submit or receive any approval from the ACC. At any time during the Class B Control Period, the Declarant may make changes to the design and construction of the Improvements located in or on the Common Areas without additional approval required, including without limitation the consent of the Board of Directors or Owners of the Association.

ARTICLE XIV GENERAL ARCHITECTURAL DESIGN STANDARDS FOR IMPROVEMENTS

14.1 Construction & Time Frames: In order to connect to City services, a residential Dwelling or Private Dock must be constructed. Once construction is commenced on a Dwelling, it must be completed within twelve (12) months. Once construction is commenced on a Private Dock,

it must be completed within nine (9) months. Upon completion of a Dwelling or Private Dock, landscaping of the Lot, as approved by the ACC, must be completed within twelve (12) months of completing the Dwelling or Private Dock. Prior to Lot improvement, Owner shall designate a single point of access to the Lot that is approximately twenty (20) feet wide, which will be the only point of access for vehicular ingress and egress on the Lot. This access point should be maintained so as to eliminate mud/dirt from being tracked onto the street by traffic accessing the Lot.

14.2 Trees, Shrubs and Bushes: Maintenance of Proper Sight Distance at Intersections. All landscaping located at or near driveways, entrances, exits, walkways, paths and street intersections or corners shall be designed so as to remove any obstructions and to permit safe sight. No fence, wall, hedge, shrub, bush, tree or monument, real or artificial, shall be planted or placed by any Owner or occupant in, on or about the Common Areas without the prior written consent of the Board of Directors. The Board of Directors may alter or remove any objects planted or placed in within the Common Area by a Member, Owner, or occupant without prior notice. Any trees, shrubs, or features other than bluegrass in the park strip must be approved by the Board and applied to the entire development to create a consistent pattern in the development. Maintenance of the park strip is the responsibility of the Owner of the appurtenant Lot.

14.3 Allowed trees. Trees on Lots are not allowed within 35 feet of the rear property line. Trees are not allowed within the View Corridor. Trees are not allowed within 50 feet of the Lake on Lots 101, 102 and 108.

14.4 Dwelling Unit and accessory Buildings: No Dwelling or other Improvements shall be placed, erected, altered, or permitted to remain on any Lot other than one (1) Single Family Dwelling which must include one (1) or more attached garages having a combined capacity for at least three (3) cars (which combined capacity for at least three (3) cars shall require that the openings to the garages must be wide enough to permit the three (3) cars to enter side-by-side and which three (3) car capacity may not be satisfied by designing a garage deep enough to allow two (2) or more cars to park end-to-end) together with related improvements, which may include detached garages and other structures, which have been approved by the ACC. Subject to the approval of the ACC, the required 3-car garage built on a Lot must be attached to the Dwelling and must be constructed and completed at the same time that the Dwelling is constructed and completed. The Dwelling on each Lot shall be used for Single Family residence purposes only, and no structure of any kind shall be moved from any other location and placed upon a Lot, nor shall any incomplete Building or improvement of any type be permitted to remain incomplete on a Lot for a period in excess of one (1) year from the date the Improvement was started, unless otherwise approved by the ACC. Neither structure of a temporary character nor any trailer, basement, tent, shack, garage, barn or other building shall be used on any Lot any time as a residence, either temporarily or permanently. No structure in area may be built upon any Lot without the prior written consent of the ACC.

14.5 Minimum Home Size:

- a. Single level: 2,000 square feet above grade (excluding garages, carports, accessory buildings, covered or uncovered patios and porches).

b. Two Story: 2,700 square feet (not including basement) above grade (excluding garages, carports, accessory buildings, covered or uncovered patios and porches).

14.6 Basements: A geotechnical investigation was performed by AGEC Engineering in a report dated March 6, 2013. This report is on file with Davis County. Owners, builders and contractors should become familiar with this report and comply with its recommendations. Finished basement floor (or the lowest floor of the house) must be a minimum of twelve (12) inches above the normal high water mark elevation of the lakes.

14.7 General Design Aesthetics: While control exercised by the ACC must be maintained, the ACC does not intend to stifle innovative designs or architectural freedom. The purpose of these covenants is to assure that all dwellings shall be of a quality of workmanship and materials substantially the same as or better than that which can be produced at the date that these covenants are recorded. The minimum square footage cited in this document can be waived if prior written approval of the ACC is obtained and the Lot size justifies the waiver, and all other covenants contained in this declaration are met. All buildings, including all accessory buildings, shall conform to four-sided architecture. Four-sided architecture is generally defined by all sides of a home or accessory building being designed for aesthetics and all elevations of a home or accessory building meeting the design criteria stipulated in this document. All solar panels and solar powered features or devices must be approved by the ACC prior to construction. The ACC reserves the right to be "subjective" in approving or disapproving the construction of any home to be built in the subdivision in order to enhance and protect the value, desirability, and attractiveness of the lots. It is contemplated by this declaration, and agreed to by all Lot owners, that there will be variations and adjustments made by the ACC in approving or disapproving building plans. The process of approval by the ACC will be subjective, but not arbitrary, in approving building plans in substantial conformity with Protective Covenants.

14.8 Allowed Exterior Materials: No building shall be erected or placed on any Lot having an exterior building surface of less than 50% new brick or stone (natural or cast). The

remaining exterior surface shall be of bordered stucco, Concrete Board, Hardie Board, or the equivalent. Other Exterior Materials may be considered and must be approved by the ACC prior to commencement of construction.

14.9 Prohibited Exterior Materials: Cinder block, concrete block, aluminum, vinyl siding or other similar materials are not permitted. Aluminum trim for soffit and fascia is allowed. The ACC shall have sole discretion to allow or disallow other materials on a case-by-case basis. Private Dock(s) exterior materials shall be built according to Declarant's plan set for Private Dock(s).

14.10 Exterior Paint Color: Pastels and bright colors are prohibited. The ACC shall approve the color of exterior materials utilized on a Dwelling and on other Improvements

within a Lot in order to prevent the duplication of exterior material colors utilized on different Lots in a proximity deemed (for aesthetic purposes) to be too close, as determined in the sole discretion of the ACC.

14.11 Roof Requirements: Minimum 6/12 pitch, 50 yr. architectural shingle, 6-inch fascia.

14.12 Driveways: When a home is constructed on any Lot, all driveways must be constructed of concrete or concrete pavers.

14.13 Maximum Building Height: Buildings height must not exceed 40 feet.

a. Property Line Setbacks:

Front: 20 feet

Rear: 20 feet

Side: 20 feet

Side Street: 20 feet

Exception: Side yard setback shall be 15 feet on Lots 104, 105, 201, 206, 301, 302, 303, 306, 307 and 308.

b. Accessory Building setbacks:

Front: 30 feet

Rear: 30 feet

Side: 20 feet

Side Street: 20 feet

The ACC may allow smaller setbacks on some end lots if setback does not negatively impact neighboring Lots or View Corridor.

14.14 Accessory Buildings: Accessory buildings shall be considered "conditional uses" requiring a written application and approval from both the ACC and Syracuse City planning and zoning before construction begins. Any detached accessory building must conform in design and construction materials with the primary residential Dwelling Unit. The maximum height of an accessory building shall be 25 feet. Tin or metal sheds are not allowed anywhere in the Project. If there is a dispute of any kind whatsoever regarding an accessory building, including whether a structure meets the definition of an accessory building, the decision of the ACC shall be final, conclusive and binding. If the ACC fails to respond to an application within thirty (30) days, it shall be considered disapproved.

14.15 View Corridor: The View Corridor is defined as the back 20 feet of each building Lot measured from the rear property line. For clarification, the rear property line is defined as the property line that parallels and is adjacent to the shoreline of the Lake(s) for any given Lot. The intent of the View Corridor is so that every Owner may have an unobstructed view up and down the Lake(s) from their Lot. Any object, structure, wall, plant, landscaping of any kind that is more than 4 feet above than the high water elevation of the lake surface (4227.7 feet elevation) must be approved by the ACC. Wrought iron fencing not to exceed 4 feet in height will be allowed within the View Corridor

14.16 Fencing: Wrought iron fences only. Six foot maximum height outside of the View Corridor. Notwithstanding, privacy fencing is allowed on the south property line of Lots 108 and 405 and at the north property line of Lot 101 and 404, and on east property line of Lot 404. Privacy fencing around pools, spas, etc. may be allowed and must be approved by the ACC.

14.17 Sprinkler Systems: All irrigated landscaping must be irrigated by an automatic, underground sprinkling system connected to Syracuse City's secondary water system.

14.18 Ground Cover: Mulch, topsoil, decorative rock, sod, concrete, cement or masonry products, pavers, brick, cobblestone, tile, terrazzo, slate, gravel, and curbing are suggested. Bark and mulch are permitted, however, in minimal amounts and only in the front and side yards due to the nature that it can blow into the lakes.

14.19 Exterior Lighting: All exterior and decorative lighting shall be, whenever possible, placed in such a manner that the source of the light is not visible to adjacent portions of the Project. All artificial lighting visible from outside the Lot shall be subject to review and approval of the ACC. The design and installation of all lighting shall limit fugitive light impacts to a non-significant level.

14.20 Remedy for Breach of Architectural Design Guidelines: Should any Owner fail to comply with Architectural Design Guidelines, the ACC shall have the right to seek an order from a court of proper jurisdiction requiring specific performance to comply with the provisions hereof or to recover damages, or both, and shall also have the authority but not the obligation to complete the landscaping or restore the property to its original condition without being guilty of a trespass, and require the Lot Owner to pay the cost of labor and materials. The costs and

expenses incurred, including a reasonable attorney's fee, whether or not a lawsuit is filed, shall be considered the personal obligation of the Lot Owner and shall constitute a lien on the interest of the Owner in such property, enforceable at law or equity, until payment is made.

14.21 Declarant Exception. The Declarant shall have sole and full authority to change, amend, and supplement the Architectural Design Guidelines as long as it owns any of the Property. The Declarant or, after transition of the Project, the Association must stamp all proposed plans and specifications to construct or remodel a Dwelling Unit, Building or Lot "approved and in compliance with the Declaration and Architectural Design Guidelines" before presenting such plans and specifications to the City for the issuance of a building permit.

ARTICLE XV INSURANCE

15.1 Insurance Requirement. The Association shall obtain insurance as required in this Declaration and as required by applicable law. The Association may obtain insurance that provides more or additional coverage than the insurance required in this Declaration. Different policies may

be obtained from different insurance carriers and standalone policies may be purchased instead of or in addition to embedded, included coverage, or endorsements to other policies. EACH OWNER SHALL BE SOLELY RESPONSIBLE TO INSURE THE OWNERS LOT, DOCK, LIMITED COMMON AREA DOCK, AND DWELLING.

15.2 Property Insurance.

(a) **Hazard Insurance.**

(i) **Blanket Policy of Property Insurance.** The Association shall maintain a blanket policy of property insurance covering all Common Areas.

(1) At a minimum, any required blanket policy shall afford protection against loss or damage by: (1) fire, windstorm, hail, riot, aircraft, vehicles, vandalism, smoke, and theft; and (2) all perils normally covered by "special form" property coverage.

(2) Any blanket policy shall be in an amount not less than one hundred percent (100%) of current replacement cost of all property covered by such policy at the time the insurance is purchased and at each renewal date. The actual replacement cost of the property shall be determined by using methods generally accepted in the insurance industry.

(b) **Flood Insurance.** If the property insured by the Association is not situated in a Special Flood Hazard Area, the Association may nonetheless, if approved by a majority of Owners, purchase flood insurance to cover water and flooding perils not otherwise covered by blanket property insurance.

(c) **Earthquake Insurance.** The Association may nonetheless, if approved by a majority of Owners, purchase earthquake insurance to cover earthquakes not otherwise covered by blanket property insurance.

(d) **Associations Obligation to Segregate Property Insurance Deductible.** The Association shall keep an amount equal to the Association's property insurance policy deductible or \$10,000, whichever is less. This requirement shall not apply to any earthquake or flood insurance deductible. If the amount held in this account is used to pay any deductible, it shall be replenished within (12) months.

(e) **Association's Right to Not Tender Claims that are Under the Deductible.** If, in the exercise of its business judgment, the Board of Directors determines that a claim is likely not to exceed the Association's property insurance policy deductible the Association need not tender the claim to the Association's insurer.

15.3 Comprehensive General Liability (CGL) Insurance. The Association shall obtain

CGL insurance insuring the Association, the agents and employees of the Association, and the Owner, against liability incident to the use, Ownership or maintenance of the Common Area, Limited Common Area's that the Association is required to maintain, or Ownership in the Association. The coverage limits under such policy shall not be less than One Million Dollars (1,000,000) covering all claims for death of or injury to any one person or property damage in any single occurrence. Such insurance shall contain a Severability of Interest Endorsement or equivalent coverage which would preclude the insurer from denying the claim of an Owner because of the negligent acts of the Association or another Owner.

15.4 Director's and Officer's Insurance. The Association shall obtain Directors' and Officers' liability insurance protecting the Board of Directors, the officers, and the Association against claims of wrongful acts, mismanagement, failure to maintain adequate reserves, failure to maintain books and records, failure to enforce the Governing Documents, and breach of contract (if available). The policy shall:

- (a) Include coverage for volunteers and employees;
- (b) Include coverage for monetary and non-monetary claims;
- (c) Provide for the coverage of claims made under any fair housing act or similar statute or that are based on any form of discrimination or civil rights claims; and
- (d) Provide coverage for defamation. In the discretion of the Board of Directors, the policy may also include coverage for any manager and any employees of the manager and may provide that such coverage is secondary to any other policy that covers the manager or any employees of the manager.

15.5 Insurance Coverage for Theft and Embezzlement of Association Funds. The Association may obtain insurance covering the theft or embezzlement of funds that shall:

- (a) Provide coverage for an amount of not less than the sum of three months regular assessment in addition to the prior calendar year's highest monthly balance on all operating and reserve funds; and
- (b) Provide coverage for theft or embezzlement of funds by:
 - (i) Officers and Board of Directors Owner of the Association;
 - (ii) Employees and volunteers of the Association;
 - (iii) Any manager of the Association; and
 - (iv) Officers, directors and employees of any manager of the Association.

15.6 Association's Right to Negotiate All Claims and Losses and Receive Proceeds. Insurance proceeds for a loss under the Association's property insurance policy shall be payable to the Association; and shall not be payable to a holder of a security interest. Insurance proceeds shall be disbursed first for the repair or restoration of the damaged property, if the property is to be repaired and restored as provided for in this Declaration. After any repair or restoration is complete

and if the damaged property has been completely repaired or restored, any remaining proceeds shall be paid to the Association. If the property is not to be repaired or restored, then any proceeds remaining after such action as is necessary related to the property has been paid for, shall be distributed to the Owners and lien holders, as their interests remain with regard to the Dwellings. Each Owner hereby appoints the Association, as attorney-in-fact for the purpose of negotiating all losses related thereto, including: the collection, receipt of, and the execution of releases of liability, and the execution of all documents and the performance of all other acts necessary to administer such insurance and any claim. This power-of-attorney is coupled with an interest, shall be irrevocable, and shall be binding on any heirs, personal representative, successors or assigns of an Owner.

15.7 Owner Act Cannot Void Coverage under Any Policy. An Owner's act or omission may not void an insurance policy or be a condition to recovery under a policy.

15.8 Waiver of Subrogation against Owners and Association. All property and CGL policies must contain a waiver of subrogation by the insurer as to any claims against the Association and the Owners and their respective agents and employees.

ARTICLE XVI DAMAGE & DESTRUCTION

16.1 Immediately after damage or destruction by fire or other casualty to all or any part of the Common Areas and/or Limited Common Areas covered by insurance written in the name of the Association, the Board, or its duly authorized agent shall proceed with the filing and adjustment of all claims arising under such insurance and obtain reliable and detailed estimates of the cost of repair or reconstruction of the damaged or destroyed Common Areas and/or Limited Common Areas. Repair or reconstruction, as used in this paragraph, means repairing or restoring the Common Areas and/or Limited Common Areas to substantially the same condition in which they existed prior to the fire or other casualty, allowing for any changes or improvements necessitated by changes in applicable building codes.

16.2 Any damage or destruction to the Common Areas and/or Limited Common Areas shall be repaired or reconstructed unless Owners representing at least seventy-five (75%) percent of the total vote of the Association, shall decide within sixty (60) days after the casualty not to repair or reconstruct. If for any reason either the amount of the insurance proceeds to be paid as a result of such damage or destruction, or reliable and detailed estimates of the costs of repair or reconstruction, or both, are not made available to the Association within said period, then the period shall be extended until such information shall be made available; provided, however, such extension shall not exceed sixty (60) additional days. No mortgagee shall have the right to participate in the determination of whether the damage or destruction to Common Areas and/or Limited Common Areas shall be repaired or reconstructed; provided, however, this provision shall not apply to construction mortgagees providing construction financing for such damaged property.

16.3 In the event, that it should be determined in the manner described above that the damage or destruction to the Common Areas and/or Limited Common Areas shall not be repaired or reconstructed and no alternative improvements are authorized, then and in that event the affected portion of the Common Areas and/or Limited Common Areas shall be restored to their natural state and maintained by the Association, in a neat and attractive condition.

ARTICLE XVII DISBURSEMENT OF PROCEEDS

17.1 If the damage or destruction for which the proceeds of insurance policies are paid is to be repaired or reconstructed, the proceeds, or such portion thereof as may be required for such purpose, shall be disbursed in payment of such repairs or reconstruction as hereinafter provided. Any proceeds remaining after defraying such costs of repair or reconstruction to the Common Areas and/or Limited Common Areas shall be retained by and for the benefit of the Association and placed in a capital improvements and/or reserve account. In the event no repair or reconstruction is made, any proceeds remaining after making such settlement as is necessary and appropriate with the affected Owner(s) shall be retained by and for the benefit of the Association and placed in a capital improvements and/or reserve account.

ARTICLE XVIII REPAIR AND RECONSTRUCTION

18.1 If the damage or destruction to the Common Areas and/or Limited Common Areas for which insurance proceeds are paid is to be repaired or reconstructed, and such proceeds are not sufficient to defray the cost thereof, the Board shall, without the necessity of a vote of the Owners, levy a special assessment against all Owners as provided in the Governing Documents.

ARTICLE XIX CONDEMNATION

19.1 Whenever all of any part of the Common Areas and/or Limited Common Areas shall be taken (or conveyed in lieu of and under threat of condemnation by the Board acting on the written direction of Owners representing at least sixty-seven percent (67%) of the total Association vote by any authority having the power of condemnation or eminent domain), each Owner shall be entitled to notice thereof. The award made for such taking shall be payable to the Association as trustee for all Owners to be disbursed as follows: if the taking involves a portion of the Common Areas and/or Limited Common Areas on which improvements have been constructed, then, unless within sixty (60) days after such taking the Owners representing at least sixty-seven percent (67%) of the total vote of the Association shall otherwise agree, the Association shall restore or replace such improvements so taken on the remaining land included in the Common Areas and/or Limited Common Areas to the extent lands are available therefor, in accordance with plans approved by the Board of Directors of the Association. If the taking does not involve any improvements of the

Common Areas and/or Limited Common Areas, or if there is a decision made not to repair or restore, or if there are net funds remaining after any such restoration or replacement is completed, then such award or net funds shall be disbursed to the Association and used for such purposes as the Board shall determine.

ARTICLE XX
MISCELLANEOUS PROVISIONS

20.1 Violation Deemed a Nuisance. Any violation of these covenants that is permitted to remain on the Property is deemed a nuisance, and is subject to abatement by the Association or by any other Owner.

- (a) Any single or continuing violation of the covenants contained in this Declaration may be enjoined in an action brought by an Owner or by the Association. In any action brought to enforce these covenants, the prevailing party shall be entitled to recover as part of its judgment the reasonable costs of enforcement, including reasonable attorney fees and court costs.
- (b) Nothing in this Declaration shall be construed as limiting the rights and remedies that may exist at common law or under applicable federal, state or local laws and ordinances for the abatement of nuisances, health and safety, or other matters. This Declaration is to be construed as being in addition to those remedies available at law.
- (c) The remedies available under this Declaration and at law or equity generally are not to be considered as exclusive, but rather as cumulative.
- (d) The failure to take enforcement action shall not be construed as a waiver of the contents contained in this Declaration in the future or against other similar violations.

20.2 Severability. Each of the covenants contained in this Declaration shall be independent of the others, and in the event that any one is found to be invalid, unenforceable, or illegal by a court of competent jurisdiction, the remaining covenants shall remain in full force and effect.

20.3 Limited Liability. Neither the Declarant, the Board, nor the Architectural Control Committee or its individual Owners, nor any Owner shall have personal liability to any other Owner for actions or inactions taken under these covenants, provided that any such actions or inactions are the result of the good faith exercise of their judgment or authority, under these covenants, and without malice.

20.4 Consent, Power of Attorney, Waiver. By acceptance of a deed, lease, or other

conveyance of an interest in Dwelling, each Owner or Occupant consents to the rights reserved to the Association in this Declaration, including but not limited to, the right to prepare, execute, file, process, and record necessary and appropriated documents and other items to establish and grant easements and to make necessary and appropriate amendments of this Declaration, the Plat and Bylaws. By such acceptance, each Owner or Occupant agrees to execute all documents and to do all other things as may be necessary or convenient to effect the same; and such acceptance shall be deemed an appointment of the Association, with full right of substitution, as the attorney-in-fact of such Owner or Occupant to execute such documents and to do such things on Owner's or Occupant's behalf; and such appointment, being coupled with an interest, shall be irrevocable for the specific period of the Association's reserved rights as set forth in this Declaration and shall not be affected by the disability of any such Owner or Occupant.

20.5 No Representations and Warranties. EACH OWNER AND OCCUPANT UNDERSTANDS, AGREES, AND ACKNOWLEDGES THROUGH TAKING TITLE OR RESIDING IN THE PROJECT THAT THE DECLARANT, ASSOCIATION, AND THE BOARD OF DIRECTORS HAVE NOT MADE ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND RELATED TO THE PROJECT AND THAT EACH OWNER OR OCCUPANT HAS NOT RELIED UPON ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, RELATIVE TO THE PROJECT.

20.6 Conflicting Provisions. In the case of any conflict between the Governing Documents, the order of priority from the highest to the lowest shall be the Declaration, the Plat, the Articles, Bylaws, and then the Rules.

20.7 Amendment. At any time while this Declaration is in effect, the covenants herein contained can be modified by the Declarant or Declarant's successors and assigns during the Class B Control Period at the sole discretion of the Declarant. Thereafter, the covenants herein contained can only be modified by the affirmative vote of the Owners representing not less than sixty seven (67%) percent of the total votes of the Association AND approval from the Declarant as long as Declarant owns any Lot in the Project. No meeting or voting shall be required for an amendment, if the required, written consent is obtained from the requisite number of Owners and Declarant.

20.8 Constructive Notice. Every person who owns, occupies or acquires any right, title or interest in any Lot in the Project is conclusively deemed to have notice of this Declaration and its contents, and to have consented to the application and enforcement of each of the provision of this Declaration against his/her Lot, whether or not there is any reference to this Declaration in the instrument by which he/she acquires interest in any Lot.

20.9 Notices. All notices under this Declaration are provided as set forth in the Bylaws.

20.10 Liberal Interpretation. The provisions of this Declaration shall be interpreted liberally to further the goal of creating a uniform plan for the development of the Project.
