GENERAL NOTES:
1. The Wasatch County Council granted master plan approval December 10, 2009 for 416 acres of which Phase 1 is a part to the west of the lower canal. The master plan approval contains open space, commercial, multi, hotel/spa and single family residential uses. The Phase 1 development is consistent with the master plan. It is the intent of the County to use the remainder of the property shown as a master subdivision similar to the master plan or receive an approval for an annexed master plan, otherwise the density determination and density associated with it is lost.
2. In the event that cedr Lot 1 is developed, which contains a large portion of the overall density, the remaining portion of the development would have to be developed in accordance with the approved master plan unless a new master plan is approved in accordance with applicable County codes.
3. Lot 1 is subject to the development agreement.
4. The road labeled Green Valley Road is a private road open to the public. Green Valley Road shall be maintained in all respects by the developer. The site plan shows a solid fence on the property line across the road in accordance with Wasatch County Code 16.28.060(2)(a)(iii). Should the fence be removed, it will be the responsibility of the owner of the property to relocate full access through the frontage road shall be provided. If deemed appropriate by the County at some future time the road could become public at which time it would have to be dedicated.
5. Power and gas utilities shall have the right to install, maintain, and operate their equipment above and below the ground and all other related facilities within the public utility easements and across Lot 1 as identified on this plat map as may be necessary or desirable in providing utility services with the lots and private roads identified hereon.
6. Telephone, cable and fiber optic utilities shall have the right to install, maintain, and operate their equipment above and below the ground and all other related facilities within the public utility easements as identified on this plat map as may be necessary or desirable in providing utility services.
