Therefore, each Owner agrees that no activity within the scope of this Article shall be commenced on such Owner’s Lot unless and until the Architectural Review Committee of the Association (“ARC”) has given its prior written approval for such activity in accordance with the procedures of this Article.

3.2 Architectural Review Committee. The ARC shall consist of at least three (3), but not more than five (5) Persons who shall be approved, shall serve, and may be removed and replaced in the Maple Springs Estates Board’s discretion. The ARC may, in the Maple Springs Estates Board’s direction, be divided into one or more committees, each of which shall have the sole responsibility for performances of those ARC responsibilities as may be designated by the Maple Springs Estates Board. The members of the ARC need not be Owners or representatives of Owners, and may, but need not, include architects, engineers, or similar professionals, who may be compensated in such manner and amount as the Maple Springs Estates Board may establish.

3.3 Fees. The ARC may establish and charge reasonable fees not to exceed \$500.00 for review of applications and may require such fees to be paid in full prior to review of any application. Such fees may include the reasonable costs incurred in having any application reviewed by architects, engineers, or other professionals.

3.4 Procedures.

3.4.1 Application. Prior to commencing any construction, modification or alteration of any Improvement, commencing any Excavation, or commencing any activity within the scope of this Article, an Owner shall submit an application for approval of the proposed activity in such form as the ARC may specify. A prospective purchaser who is a party to a binding contract to purchase a Lot also may be permitted to submit an application for approval. Such application shall include drawings and specifications ("Plans") showing site layout, structural design, exterior elevations, exterior materials and colors, landscaping, drainage, exterior lighting, irrigation, and other features of proposed construction, as applicable. The ARC may require the submission of such additional information as the Maple Springs Estates Board or the ARC deem reasonably necessary to consider any application.

3.4.2 Review Criteria. In reviewing each submission, the ARC may consider any factors it deems relevant. Decisions may be based on purely aesthetic considerations. Each Owner acknowledges that determinations as to such matters are purely subjective and opinions may vary as to the desirability and/or attractiveness of particular Improvements. The ARC shall have the sole discretion to make final, conclusive, and binding determinations on matters of aesthetic judgment and such determinations shall not be subject to appeal so long as they are made in accordance with the procedures set forth herein.

3.4.3 Procedures Applicable to ARC. The ARC shall, within thirty (30) days after receipt of a completed application and all required information, respond in writing to the applicant at the address specified in the application. The response may: (a) approve the application, with or without conditions; (b) approve a portion of the application and disapprove other portions; or (c) disapprove the application. The ARC may, but shall not be obligated to, specify the reasons for any objections and/or offer suggestions for curing any objections. However, no approval, whether expressly granted or deemed granted pursuant to the foregoing, shall be inconsistent with this Declaration unless a variance has been granted pursuant to Section 3.4.6. In the event that the ARC fails to respond within the thirty (30) day period, disapproval of the application shall be deemed to have been given. Notice shall be deemed to have been given at the time the envelope containing the response is deposited with the U.S. Postal Service. Personal delivery of such written notice shall, however, be sufficient and shall be deemed to have been given at the time of delivery to the applicant.

3.4.4 Effectiveness of Approval. If construction does not commence on a project for which Plans have been approved within one (1) year, unless otherwise set forth in the approval, from the date of approval, such approval shall be deemed withdrawn and it shall be necessary for the Owner to reapply for approval before commencing any construction activity. Once construction is commenced, it shall be diligently pursued to completion. All construction shall be completed within one (1) year of commencement unless otherwise specified in the Notice of approval or unless the ARC grants an extension in writing, which it shall not be obligated to do. If approved construction is not completed within the required time, it shall be considered nonconforming and, unless an extension of time is granted, shall be subject to enforcement action by the Association, the ARC, or any aggrieved Owner.

3.4.5 No Waiver of Future Approvals. Each Owner acknowledges that the Persons reviewing applications under this Article will change from time to time and that opinions on aesthetic matters, as well as interpretation and application of the architectural requirements set forth in this Declaration, may vary accordingly. In addition, each Owner acknowledges that it is completed, in which case it may be unreasonable to require changes to the Improvements involved, but the ARC may refuse to approve similar proposals in the future. Approval of applications or Plans for any work done or proposed, or in connection with any other matter requiring approval, shall not be deemed to constitute a waiver of the right to withhold approval as to any similar applications, Plans, or other matters subsequently or additionally submitted for approval.

3.4.6 Variances. The ARC may, upon the request of an Owner and the submission of an application for a variance, authorize variances from compliance with any of the architectural requirements set forth in this Declaration when circumstances such as topography, natural obstructions, hardship (which hardship shall not be either financial in nature or caused by the applicant), or aesthetic or environmental considerations warrant, in the sole discretion of the ARC, as appropriate, but only in accordance with duly adopted regulations and only within the scope of the ARC's authority. No variance shall (a) be effective unless in writing; (b) be contrary to this Declaration; or (c) estop the ARC from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, the issuance of any permit, or the terms of any financing shall not be considered a hardship warranting a variance. No variance may be impliedly approved. If a variance is required in connection with an application, the variances shall be specifically listed and requested on the application. No provision of this Article 3 shall be deemed to require the recordation of any variance.

EACH OWNER ACKNOWLEDGES THAT DETERMINATIONS AS TO VARIANCES HEREUNDER ARE PURELY SUBJECTIVE AND OPINIONS MAY VARY AS TO THE AESTHETIC EFFECT OF ANY PARTICULAR WAIVER. THEREFORE, EACH AUTHORIZED REVIEWER SHALL HAVE THE SOLE DISCRETION TO MAKE FINAL, CONCLUSIVE, AND BINDING DETERMINATIONS ON VARIANCES AND THEREFORE SUCH DETERMINATIONS SHALL NOT BE SUBJECT TO APPEAL. THERE ARE NO THIRD PARTY BENEFICIARIES TO ANY VARIANCE WHICH MAY BE GRANTED PURSUANT TO THIS SECTION 3.4.6. FURTHERMORE, THE ASSOCIATION OR THE ARC SHALL HAVE NO DUTY TO DISCLOSE THE GRANTING OR EXISTENCE OF ANY VARIANCE. EVERY OWNER AGREES, BY ACQUIRING TITLE AND/OR POSSESSORY RIGHTS TO ANY LOT, THAT HE OR SHE WILL NOT BRING ANY ACTION OR SUIT AGAINST THE ASSOCIATION OR THE ARC OR ANY DESIGNATED REPRESENTATIVE OF ANY OF THE FOREGOING FOR THE RECOVERY OF DAMAGES BY REASON OF ANY REQUEST FOR A VARIANCE MADE BY SUCH OWNER, ANY OTHER OWNER OR ANY OTHER PERSON, WHETHER SUCH REQUEST IS GRANTED OR DENIED.

3.4.7 Limitation of Liability. The standards and procedures in this Article are intended as a mechanism for maintaining and enhancing the overall aesthetics of the Maple Springs Estates Subdivision but shall not create any duty to any Person. Review and approval of any application are made on the basis of aesthetic consideration only, and the ARC shall not bear any responsibility for ensuring: (a) structural integrity or soundness of approved construction or modifications; (b) compliance with building codes and other governmental requirements, including, without limitation, obtaining all necessary permits or approvals from governmental authorities; (c) approval of the construction or modification by the governing municipality or whether such approval will be obtained; or (d) conformity of quality, value, size, or design with other Dwellings or the Improvement on a Lot. Neither (1) the Association, the Maple Springs Estates Board, the ARC or any committee or member of the foregoing, nor (2) any Person retained by an ARC as a consultant, nor (3) any employee, agent or representative of those listed in (1), (2), (3) above, (collectively, "Protected Persons") shall be held liable for any claim whatsoever arising out of construction on or modifications to any Lot.

No Protected Person shall be held liable for soil conditions, drainage, or other general site work; any defects in Plans revised or approved hereunder; any loss or damage arising out of the action, inaction, integrity, financial condition, or quality of work of any contractor or its subcontractors, employees, or agents; or any injury, damages, or loss arising out of the manner or quality or other circumstances of approved construction on or modifications to any Lot. In all matters, the Protected Persons shall be defended and indemnified by the Association as provided for in this Declaration or as required by Utah law.

3.4.8 Enforcement. Any construction, alteration, or other work done in violation of this Article or the applicable architectural requirement shall be deemed to be nonconforming. Upon written notice from the 'association, or the ARC, the Owner of such Lot shall, at his or her own cost and expense and within such time frame as set forth in such written notice, cure such nonconformance to the satisfaction of the requestor or restore the real property, Lot or Dwelling to substantially the same condition as existed prior to the nonconforming work. Should an Owner fail to remove and restore as required, the Association, or its designees shall have the right to record a Notice of Non-Compliance and/or to enter the real property, remove the violation, and restore the real property to substantially the same condition as previously existed. All costs (which may include administrative charges and legal fees), together with interest at the rate established by the Maple Springs Estates Board (not to exceed the maximum rate then allowed by Utah law), may be assessed against the non-conforming Lot under this Section 3.4.8 and collected as a Special Assessment unless otherwise prohibited in this Declaration. The right of the Association or its designees to remove a non-conforming construction, alteration, or other work in violation of this Article or otherwise remedy the noncompliance shall be in addition to all other rights and remedies which the Association, or its designees may have at law, in equity, or elsewhere in the Declaration, Articles of Incorporation or Bylaws of the Association.

All approvals granted hereunder shall be deemed conditioned upon completion of all elements of the approval activity and all activity previously approved with respect to the same Lot, unless approval to modify any application has been obtained. If any Owner fails to commence and diligently pursue to completion all approved activity by the deadline set forth in the approval, the Association or its designees, shall be authorized, after notice to the Owner of the Lot and an opportunity to be heard in accordance with the procedures set forth in the ARC's rules and regulations, if any, to enter upon the Lot and remove or complete any incomplete work and to assess all costs incurred against the Lot and the Owner thereof as a Special Assessment unless otherwise prohibited in this Declaration.

All acts by any contractor, subcontractor, agent, employee, or invitee of an Owner shall be deemed as an act done by or on behalf of such Owner. Any contractor, subcontractor, agent, employee, or other invitee of an Owner who fails to comply with the terms and provisions of this Article and the architectural requirements set forth in this Declaration may be excluded from the Maple Springs Estates Subdivision, subject to any applicable notice and hearing procedures set forth by the Association. In such event, the Association, and its officers and directors, employees, agents, or representatives shall not be held liable to any Person for exercising the rights granted by this paragraph.

The Association shall have the authority and standing to pursue all legal and equitable remedies available to enforce the provisions of this Article and the decisions of the ARC. To the fullest extent permitted by Utah law, enforcement of this Article by the Association shall not be subject to laches or any statute of limitations. Any Special Assessment levied for costs due under this Section 3.4.8 shall not be considered a fine or penalty and may be imposed apart from, or in conjunction with the any other Special Assessment permitted under this Declaration.

If the Owner fails to do so, the Declarant or the ARC shall have the right to cause such maintenance work to be done and to cause the cost of such maintenance work to be charged to and paid by the Owner of such Lot. The recordation by the Declarant and/or the ARC in the Office of the Recorder of Box Elder County, Utah, of a Notice of Charge against the Owner of any Lot shall constitute a lien against such Lot, which lien shall remain in effect until such amount, together with interest thereon at the rate of eighteen (18%) percent per annum from the date of such Notice of Charge, is paid. Thereupon the Notice of Charge shall be released of record.

8.7.9 If the ARC finds that the plans for any Dwelling submitted fail to meet the minimum main floor area, but the overall aggregate area is met, the ARC may approve the plans if, in its opinion, the Dwelling to be constructed is substantially equivalent in value to a home which would meet the minimum floor area on the main floor level.

In the event of casualty loss or damage to the Improvements, the Owner will be entitled to reconstruct the Improvements as they existed prior to the damage or loss provided, however, that alterations or deviations from the originally approved plans will require prior approval of the ARC. Nothing in this Declaration is intended to prevent an Owner who has suffered property damage or loss from taking temporary measures to secure the property and prevent further damage, or to prevent injury or dangerous conditions following loss or damage, before re-construction begins. Such temporary measures may be taken without the consent or approval of the Maple Springs Estates Board, provided that any such measures must be of a temporary nature, and repair or reconstruction must begin as soon as circumstances will permit. No damaged structure will be permitted to remain on any Lot for more than ninety (90) days without repairs commencing, and any damaged structure which does remain un-repaired after ninety (90) days without repairs commencing, and any damaged structure which does remain un-repaired after ninety (90) days following the occurrence of damage is deemed a nuisance which maybe abated by the Association at the expense of the Owner.
