For two story homes the combined footage for both floors shall not be less than 1,800 square feet. For the purposes of these covenants, bi-level or split-level homes shall be considered as single story homes.

4. Building Location.

- (a) Building location must conform to the requirements of Sandy City.
- (b) For the purpose of this covenant, eaves, steps, and porches shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon any other lot.

5. Construction Time Following Purchase.

The grantee or grantees of any building lot within the subdivision, shall within 2 years from the purchase date of said lot, commence construction of landscaping upon the first 50 foot frontage of purchased lot, and having commenced construction upon said property, shall continue therewith and have the structure upon the property ready for occupancy as a residence within 18 months from the date construction is commenced. In the event a residence is not constructed in accordance with the above terms and time allotted and is not completed within the term specified, the grantor, their heirs, devisees or assigns shall have the exclusive option to buy said property for the sum initially paid by the grantee in purchase of the property.

6. Easements.

For installation of and maintenance of utilities and drainage facilities, areas are reserved as shown on the recorded plat. Within these easements, no structure, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the area, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each of the lots and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

7. Nuisances.

No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. 8. Temporary Structures.

No structure of a temporary character, trailer, basement, tent, shack, garage, barn, or other out building shall be used on any lot at any time as a residence either temporarily or permanently.

9. Garbage and Refuse Disposal.

No lot shall be used or maintained as a dumping ground for rubbish, trash, garbage or other waste and all such items must be kept in sanitary containers. 10. Animals and Pets.

Dogs, cats or other household pets may be kept as permissible within current zoning regulations provided that they are not kept, bred, or maintained for any commercial purpose and are restricted to the owner's premises and under handlers control.

If in the opinion of the Summer Meadows No. 10 Architectural Committee, any of the aforementioned animals or pets become an annoyance, nuisance or obnoxious to other owners throughout the subdivision, the committee may require a reduction in the number of animals or pets permitted or elimination of any such animal or pet considered dangerous or unsafe to the neighborhood.

11. Landscaping.

Trees, lawns, shrubs or other plantings provided by the owner of each respective lot shall be properly nurtured and maintained or replaced at the property owner's expense upon request of the Summer Meadows No. 10 Architectural Committee.

No owner of any lot within the subdivision shall at any time be permitted to subdivide his lot into two or more sublots less in square foot area than the area of the lot at the time of its initial purchase.

13. Miscellaneous Requirements.

(a) Grading plans for lots 1007-1010 must be approved by the City Engineer prior to building permits being issued showing that the lots are buildable according to the Hillside Standards without the anticipation of the granting of variances.

(c) Building permits are subject to the 2000 East "Road Development Fee" in regards to City Council Resolution #4-11-78-D.

(d) Grade to be maintained to drain surface water over the easement on the lot line between lots 1006 and 1007. This easement must be kept open and working at all times. No structure or hard surfacing may be constructed. The only landscaping permitted is a grassed swell. Homes on lots 1006 and 1007 must be built higher than the flow elevation to prevent any possibility of flooding. have been submitted to it, or in any event, if no suit to enjoin the construction which has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

PART C  
GENERAL PROVISIONS
