Comes now Boyd Simper, who being first duly sworn upon oath deposes and says: That he is the duly qualified Secretary of the North Jordan Irrigation COMPANY, a corporation organized under the laws of the State of Utah; that on the 20 day of October, 1986, a meeting of the STOCKHOLDERS of the aforesaid corporation was held at Taylorville, Utah, which meeting was held in the manner required by law and after due notice had been given to the aforesaid STOCKHOLDERS in the manner prescribed by law; that at such meeting 54 percent of the total shares of stock in this corporation were represented and that the following resolution was made, seconded and passed by 100 percent of the Company stock represented at the meeting.

R E S O L U T I O N

IT IS HEREBY RESOLVED that C. Rell Swensen, President, and Boyd Simper, Secretary, acting on behalf of the North Jordan Irrigation COMPANY are hereby authorized to enter into a contract with the State of Utah, acting through the Board of Water Resources, for the construction of a water conservation project consisting of replacement of the existing North Jordan diversion structure at 9400 South and the Jordan River.

FURTHER, that the total estimated cost of completing the project will be \$ 200,000.00, of which amount the Board of Water Resources will pay 69 percent of the cost of construction but not to exceed \$ 138,000.00 and all additional costs to complete the project will be paid by the North Jordan Irrigation COMPANY, and

FURTHER, that this corporation shall assign to the Board of Water Resources its properties, easements, and water rights, appurtenant to said project on condition that the same be reconveyed to this corporation upon the payment of the purchase price thereof, such purchase price to be the combined total of all money paid by the Board of Water Resources for the construction of the project, but not to exceed \$ 138,000.00, plus all expense incurred by the Board of Water Resources for investigation, engineering, and inspection in its accomplishment of project, and
