 - vi. Applicant, at its sole cost and expense, shall construct detached paved trails in the following locations:
 - a. Starting on the north and east side of the Western Loop Road in the subdivision, and continuing the full length of the Western Loop Road to where the road stubs into the White September parcel, as shown on the Annexation Concept Plan and future development plats.

The first point of access shall be at or in the vicinity of the intersection of River Road and 6th North. The second access point shall be at or in the vicinity of approximately 400 North and River Road. Applicant shall also stub a road to the South on the East side of Memorial Hill, as generally shown on the attached Annexation Concept Plan. The actual location of the south stub road shall be flexible, depending upon the development plans of the parcels to the south of the Annexation Parcel. All access points, including the two along River Road and the stub road to the South, which shall eventually be completed, shall meet all applicable City standards that are in place at the time application is submitted for approval. All roadway improvements shall be designed and constructed according to City standards, and shall be approved by the City engineer.
 - viii. The Developer shall be responsible to build a city standard road that connects Memorial Hill to the Southern Access of the development, so that access to Memorial Hill can be closed from River Road, and accessed through the southern access point of the development. Developer shall also be responsible to replace lost parking at the base of Memorial Hill, and any and all costs necessary to meet City requirements for access to Memorial Hill.
 - ix. All required easements and/or rights of way that are within the Annexation Parcel shall be granted in the name of the City. The expanded road design, including trails and access stub roads, shall be approved by the City Engineer prior to commencement of construction.
 - x. The City and the Applicant agree that the road cross sections within the Annexation Parcel shall include a ribbon-curb, with a trail on one side of the road. There shall be a grass swale in between the curb and the trail, which grass swale shall be maintained by the HOA.
 - xi. Applicant, at its sole cost and expense, shall construct a safe and adequate Pedestrian Crossing at existing grade level of the intersection of River Road and 6th North Streets according to plans and specifications approved by the City. The requirements for the Pedestrian Crossing may include, but are not limited to pavement markings, signs, flashing lights, etc.
- 2) Exclusion of Haueter Parcels: The two Haueter parcels will not be included in the Annexation.

- 3) Park Annexation Fee and Annexation Application Fee: The Park and Annexation Application fee is required to be paid by the Applicant prior to final signature by Applicant and recording by the City. Failure to pay the required fees in a timely manner shall void the Annexation approval. The fees have been calculated based on the actual acreage annexed into the City (excluding the acreage for the County Parcel). The amount owed and the calculations for the fees under this sub-section are shown on the attached Exhibit "D".
- 4) Limitation on number of lots on the Development Parcel: The Development Parcel shall be limited to no more than fifty (50) residential lots.
- 5) Limitation on number of lots and location of lots on Whitaker Parcel: The parcel of property from the existing Whitaker driveway north to the north access road as shown on the Annexation Concept Plan shall be referred to as Whitaker Parcel. The Whitaker Parcel may be further subdivided by the property owner as follows: either a) a maximum of four total residential building lots (with one of the lots including the existing Whitaker home), with no location restrictions except compliance with the required 100 foot setback from River Road, and compliance generally with the lot size and set-backs for lots in the RA-1-43 zone; or b) a planned unit development of no more than 12 units, that may be built no closer to River Road than the west side of the existing Whitaker Residence, and clustered generally to the north and west of the Whitaker Residence. If Whitaker chooses to build a PUD it will be required that the PUD units be made members of the HOA established on the Development Parcel. Further, Whitaker desires to reserve the right to change the use of his existing residence, into a commercial bed and breakfast, which is a conditional use in the agreed zone. The City agrees that a Bed and Breakfast shall be approved, but shall require Whitaker to apply for a conditional use permit, and comply with all requirements set forth in the code at the time of application to approve such use.
- 6) Potential to adjust location of certain lots: The Applicant or the developer may choose to reconfigure or relocate lots 34, 35, 38, 39, 40 and 41 on the Development Parcel which are currently shown on the Annexation Concept Plan. No such relocation or reconfiguration is allowed without an amendment to this Agreement, signed by both the property owner and the City. Any such amendment must be approved by the City Council. The City may consider any proposed amendment under this sub-section only if such proposal does not alter the Open Space Parcel, and does not relocate residential lots to the southern end of the Annexation Parcel in such a manner that it would adversely impact the view corridor to the north and east as viewed from Memorial Hill and River Road.

- 7) Covenants, Conditions and Restrictions: The Applicant agrees that as a condition of Annexation, the developer of the project shall be required to adopt Covenants, Conditions and Restrictions ("CC&Rs") that shall apply to the Development Parcel and Open Space Parcel. As stated above, if the Whitaker Parcel is developed into a PUD, the Whitaker Parcel shall be required to become a part of the HOA. The CC&Rs shall include the following terms and conditions:
- i. All lots in the Development Parcel and the Open Space Parcel shall be included in one HOA.
 - ii. The Whitaker Parcel shall not be included in the HOA, unless and until the Whitaker Parcel is developed into a PUD, at which time the Whitaker Parcel shall be required to become a part of the HOA.
 - iii. Nightly or short term rentals shall be expressly prohibited within the HOA. The restrictions on nightly rentals within the Development Parcel, as contained in this sub-section, shall be included in the recorded CC&Rs and shall be noted on the Plat.
- 8) Agricultural Open Space Parcel: The Agricultural Open Space Parcel as shown on the Annexation Concept Plan, shall be either subject to an open lands easement (through the Utah Open Lands group or a similar entity), which shall insure that the Agricultural Open Space Parcel shall remain open space and shall not be further subdivided or developed, or subject to a deed restriction prohibiting further subdivision and development, and requiring the HOA to maintain the Agricultural Open Space Parcel as open and agricultural land. The Agricultural Open Space Parcel shall remain in agricultural production, with sufficient water rights remaining with the Agricultural Open Space Parcel to conduct normal agricultural practices thereon. Approved agricultural practices shall include cultivated crops, pasturing of animals, and community gardens. Structures that are strictly agricultural in nature may be constructed on the Agricultural Open Space Parcel, including a community barn, but shall require a building permit and compliance with all building codes and height restrictions in existence at that time of application. Commercial use of any structures built on the Agricultural Open Space Parcel is strictly prohibited. Members of the HOA may use the barn for family gatherings, and receptions, but only for those children within one generation of the owner.
- 9) Museum Parcel: Applicant agrees to include in the final Annexation Concept Plan and any development plat, a parcel, to be known as the Museum Parcel. This parcel shall include approximately six acres and shall include all the property from the existing Whitaker driveway south to the south access road as shown on the Annexation Concept Plan. No street entrance for the

Museum Parcel shall be allowed on to River Road. The Museum Parcel shall be accessed from the southern loop road, east of the intersection with River Road. Buildings on the Museum Parcel shall be limited to the existing barn/museum. It is expressly agreed that the existing barn/museum is not a residential unit, has not been approved as such, and will not be used as such until a certificate of occupancy is issued by the City for the building. However, it is agreed that Whitaker and/or assigns shall be allowed to apply for one Rural Preservation Subdivision on the Museum Parcel under chapter 16.18 of the existing Midway City code. The application shall be subject to the following restrictions, but shall be approved if it complies: 1) the Museum Parcel shall have a restricted building envelope to preserve the view corridor, which shall start on the west side of the existing barn/museum, running 134 feet north and south consistent with the existing fencing, and extending east 150 feet (*see* Exhibit E); 2) buildings within the building envelope shall be restricted to 25 feet in height; 3) the residential unit on the Museum Parcel shall count as one of the approved residential units on the Whitaker Parcel (meaning that if a residential unit is built on the Museum Parcel the Whitaker Parcel shall be restricted to either 3 residential units (including the Whitaker home) or 11 units in a PUD). No further subdivision or development beyond the Rural Preservation Subdivision shall be allowed on the Museum Parcel. The Museum Parcel shall not be included in the HOA, but the owner of the parcel shall have the on-going obligation to maintain the property in approved agricultural uses which are limited to cultivated crops, pasturing of animals, and community gardens.

- 10) Access to Provo River: The Applicants have been deeded an access to the Provo River as shown on the Annexation Concept Plan, in accordance with the legal rights granted to Tom Whitaker in the document attached as Exhibit F. Applicant shall cause to be put on the development plat, a note which shall indicate the following:
- i. The access to the Provo River is not a public access. (Appropriate signage shall be placed near the access point alerting the public to this limitation).
 - ii. Midway City in no way guarantees or implies access to the Provo River to lot owners within the Annexation Parcel, or any subdivision thereof. Midway City has no authority to grant access across property owned by the Provo River Mitigation Commission.
 - iii. The rights of access granted under this agreement can in no way exceed those rights granted to Tom Whitaker. Neither the public nor the property owners in the subdivision shall have any claim for access that exceeds the current rights of Tom Whitaker. This restriction shall be noted in the CC&Rs and placed as a note on the Plat.

11) Time to Record: Upon execution of the Annexation Agreement, the City shall record the appropriate and required documents with Wasatch County and the State of Utah according to the time limits and requirements set forth in Utah Code. If the Annexation Agreement is not executed by the applicant within 30 days of adopting the ordinance, the annexation application shall be deemed to be denied, this Annexation Agreement shall be null and void, and applicant will be required to reapply for annexation.
