Until the termination of the "Period of Declarants Control," the ARC has the sole right and exclusive authority to resolve all architectural issues and may, in its sole discretion, designate one or more persons from time to time to act on its behalf in reviewing applications hereunder as the ARC, which before the termination of the "Period of Declarants Control" shall consist of three individuals, two of whom must be appointed by Declarants and the third must be appointed by the Declarants, and thereafter may consist of (a) a single individual, architect or engineer, or (b) a committee comprised of architects, engineers or other persons who may or may not be Owners, or (c) a combination thereof. Members of ARC shall not be compensated for their services, although they may be reimbursed for costs advanced.

10. ARC Powers and Standing of ARC. Any instrument executed by the ARC or its legal representative that recites facts which, if true, would establish the power and authority to accomplish through such instrument what is purported to be accomplished thereby, shall conclusively establish said power and authority in favor of any person who in good faith and for value relies upon said instrument. The ARC shall constitute a legal entity capable of dealing in its own name or in behalf of two or more Owners. The ARC shall have the authority and standing to pursue all legal and equitable remedies available to enforce the provisions of this Section and its decisions, including without limitation:

- a. **Access.** The power and authority to enter into or upon any Lot to make inspections, evaluations or repairs and to do other work necessary for the proper maintenance and operation of the Subdivision or to enforce the decisions of the ARC. perform its functions for and in behalf of the Owners.

11. Transfer of Control of ARC. Within forty-five (45) days after the termination of the Period of Declarants Control (unless otherwise agreed), Declarants shall transfer the right to appoint two members of the ARC to the Lot Owners acting as a group in accordance with this Declaration.

12. Procedures for Approval of Plans and Specifications. Architectural designs, plans and specifications showing the nature, kind, shape, color, size, materials, and location of all proposed structures and improvements shall be submitted to the ARC for review and approval (or disapproval). In addition, information concerning irrigation systems, drainage, lighting, landscaping and other features of proposed construction shall be submitted as applicable. In reviewing each submission, the ARC may consider the proposed design, harmony of external design with existing structures and the common scheme, the location in relation to surrounding structures, topography, finish grade and elevation, among other things. Decisions of the ARC may be based on purely aesthetic considerations. Each Owner acknowledges that opinions on aesthetic matters are subjective and may vary as ARC members change over time. In the event that the ARC fails to approve or to disapprove any application within thirty (30) days after submission of all information and materials reasonably requested, the application shall be deemed approved; provided, however, anything to the contrary notwithstanding, no Dwelling shall be constructed or altered unless it meets the following minimum requirements:

- j. Landscaping and all grading and drainage shall be designed in such a way to control water run-off so that any Lot within the Subdivision will not be adversely affected by another. Furthermore, the grades initially established by the ARC or Declarants may not be altered without the prior written consent of the ARC. All landscaping must conform to the Landscaping Guidelines adopted by the ARC as shown on the attached Exhibit B "Landscaping Guidelines".
- k. No fence or similar structure shall be built in any front yard to a height in excess of four (4') feet, nor shall any fence or similar structure be built in any side or rear yard in excess of six (6) feet. Chain link fencing is not allowed. Natural wood, tan vinyl, ornamental wrought iron, or masonry fencing is permitted. - l. The minimum lot setbacks shall be as follows: Front Yard – 20 feet; Rear Yard – 25 feet; Side Yards – 8 feet on interior lots; Corner side yards shall be the greater of 15 feet or the distance required to ensure that the house does not encroach on the clear view area of the sight distance triangle as required by the city of Lehi.

15. No Waiver of Future Approvals. The approval of the ARC of any proposals or plans and specifications or drawings for any work done or proposed, or in connection with any other matter requiring the approval and consent of such Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matters whatever subsequently or additionally submitted for approval or consent.

16. Variance. The ARC may authorize variances from compliance with any of the architectural

guidelines when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations require, but only in accordance with its duly adopted rules and regulations. Such variances may only be granted, however, when unique circumstances dictate and no variance shall (a) be effective unless in writing, (b) be contrary to the restrictions set forth in the body of this Declaration, or (c) estop the ARC from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, the issuance of any permit or the terms of financing shall not be considered a hardship warranting a variance. Any variance granted by the ARC with regard to setbacks or other Lehi City zoning issues addressed in the approval of the Fox Run PUD would also require consideration and approval by the Lehi City Board of Adjustments.

17. Limitation of Liability. Neither the Declarants nor the ARC, or any of their employees, agents, representatives or consultants shall be responsible in any way for any defects in any plans or specifications submitted, revised or approved in accordance with the provisions of this Declaration, nor for any structural or other defects in any work done according to such plans and specifications. By accepting a deed or other document of conveyance to a Lot, each Owner agrees to and shall defend, indemnify, save and hold the Declarants and the ARC, and their employees, agents, representatives or consultants, harmless from any and all loss, damage or liability they may suffer, including defense costs and attorney fees, as a result of any claims, demands, actions, costs, expenses, awards or judgments arising out of their review or approval of architectural designs, plans and specifications.

18. Enforcement of Architectural Guidelines. Any construction, alteration, or other work done in violation of this Declaration shall be considered to be nonconforming. Upon written request from the ARC an Owner shall at his own cost and expense remove such non-conforming construction, alteration, or other work and shall restore the land to substantially the same condition as existed prior to the non-conforming construction, alteration, or other work. Should an Owner fail to remove and restore as required hereunder, the ARC shall have the right to enter the property, remove the violation, and restore the property to substantially the same condition as existed prior to the construction, alteration or other work, without being deemed to be a trespasser. Lehi City shall have the same rights as the ARC to enforce these guidelines at their discretion.

19. Contractors. Any contractor, subcontractor, agent, employee, or other invitee of an Owner who fails to comply with the terms and provisions of this Declaration may be excluded by the ARC from the Subdivision, subject to the notice and the opportunity to be heard. In the event of sanctions after notice and hearing, neither the ARC or the Declarants, nor their employees, agents, representatives nor consultants shall be held liable to any person for exercising the rights granted by this Section.

20. Use Restrictions and Nature of the Project. The Lots are subject to the following use restrictions which shall govern both the architecture and the activities within the Subdivision:

- a. **Private Residence.** No Lot shall be used except for residential purposes and all residents shall be obligated by the following requirements: no temporary structure including trailers, tents, shacks, garages, barns or other outbuildings shall be used on any Lot at any time. Notwithstanding the foregoing, the leasing of a Dwelling shall not be considered a trade or business within the meaning of this subsection.
- c. **Storage and Parking of Vehicles.** The driving, parking, standing, and storing of motor vehicles in, on or about the Subdivision shall be subject to the following:
- i. The parking rules and regulations adopted by the ARC from time to time;
 - ii. No motor vehicle or trailer, including but not limited to any car, automobile, truck, van, or any other transportation device of any kind may be parked or stationed in such a manner so as to block access to any driveway or Dwelling or to create an obstacle or potentially dangerous condition.
 - iii. No Resident shall repair or restore any vehicle of any kind in, on or about any Lot, except for emergency repairs, and then only to the extent necessary to enable movement thereof to a proper repair facility.

 - v. All garages shall be used primarily for the parking and storage of vehicles.

 - e. **Garbage and Refuse Disposal.** No Lot shall be used as a dumping ground. All trash, garbage, debris, rubbish or other waste shall be kept in a sealed, sanitary bag or container, and stored out of sight except for a twenty-four (24) hour period on pick-up days.

In making its decisions, the Declarants and/or ARC shall abide by and be subject to all relevant local, state and federal laws, including but not limited to all FCC guidelines, rules and regulations as they may be amended or supplemented from time to time. Insofar as is reasonably possible without impairing reception, satellite dishes, aerials and antennae shall be positioned so that they are screened from view from the street.
 - g. **Animals and Pets.** The keeping of animals other than those ordinarily kept as family pets within the Subdivision is forbidden. No pets, animals, livestock or poultry of any kind shall be bred in, on or about the Project. Up to two domestic pets per Dwelling are allowed; provided, however, all pets must be properly licensed and registered (if

The following acts of an animal may constitute a nuisance: (1) it causes damage to the property of anyone other than its owner; (2) it causes unreasonable fouling of the air by odors; (3) it causes unsanitary conditions; (4) it defecates on any common area and the feces are not immediately cleaned up by the responsible party; (5) it barks, whines or howls, or makes other disturbing noises in an excessive, continuous or untimely fashion; (6) it molests or harasses passersby by lunging at them or chasing passing vehicles; (7) it attacks people or other domestic animals; (8) it otherwise acts so as to bother, annoy or disturb other reasonable residents or interferes with their right to the peaceful and quiet enjoyment of their property; or (9) by virtue of the number of pets maintained, they are offensive or dangerous to the health, welfare or safety of other residents. Pets in the Subdivision at large must be behind a fence, in a cage or on a leash and under the control of a responsible person.

- h. Laws.** Nothing shall be done or kept in, on or about any Lot or any part thereof, which would be a violation of any statute, rule, ordinance, regulation, permit or other validly imposed requirement of any governmental body.
- i. Damage or Waste.** Each Owner shall repair any damage he or any other residents, guests, or invitees of his Lot may cause to another Owner, Lot, or Dwelling, and promptly restore the property to its original condition.
- j. Signs.** No signs, billboards or advertising structures may be built or displayed on the Property or any Lot except for a single sign with a maximum size of 2' x 2' for specific purpose of advertising the sale or rental of a Dwelling; provided, however, this requirement does not relate to Declarant, who may use whatever signs it deems appropriate to market its Lots.
- k. Zoning.** All land use and buildings shall be in compliance with all zoning and land use ordinances as well as all regulations of the municipalities and agencies governing the Subdivision land use and buildings.
- l. Landscaping.** All landscaping, grading, and drainage of the land in each Lot shall be completed strictly in accordance with the Declarant's Landscaping Guidelines, and so as to comply with and not impair all Utah County Ordinances and flood control requirements.
- m. Easements.** Easements and rights of way for the installation and maintenance of utilities, drainage systems and facilities, and irrigation are reserved, as set forth herein and in the legal descriptions of the Property. Within these easements and rights of way, no structure, planting or other materials shall be placed or permitted to remain

which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in, on or about the easements and rights of way, or which may obstruct or retard the flow of water through the drainage channels in the easements and rights of way. The easement and right of way area of each Lot and all improvements within said area shall be maintained continuously by their Owners, excepting those improvements for which a public authority or utility company is expressly responsible.

- n. **Slope and Drainage Control.** No structure, plant, improvement or other material may be placed or permitted to remain, or other activities undertaken which may damage or interfere with established Lot ratios, create erosion or sliding problems, or which may change the direction or flow of drainage channels, or obstruct or retard the flow of water through the channels. The slope control area of each Lot and all improvements therein shall be maintained continuously by the Owner of the Lot, excepting those improvements for which a public authority or utility company is expressly responsible. It shall be the responsibility of the Owner to see that his Lot strictly conforms to the grading and drainage plan established by the Declarants and Utah County.
- o. **Nuisances.** No noxious or offensive activity shall be carried on, in or about the Property, nor shall anything be done or permitted thereon which may be or may become an annoyance, disturbance, bother or nuisance to the neighborhood, or which might interfere with the right of other residents to the quiet and peaceful enjoyment of their property.
- p. **Temporary Structures.** No structure of a temporary nature or character, including but not limited to any trailer, shack, shed, tent, garage, and barn or other out-building shall be used on any Lot at any time as a residence.

21. Declarant's Sales Program. Notwithstanding anything to the contrary, until the termination of the Period of Declarant's Control neither the Owners nor the Declarant shall interfere or attempt to interfere with Declarant's completion of improvements and sale of all of its remaining Lots and Dwellings, and Declarant shall have the following rights in furtherance of any sales, promotions or other activities designed to accomplish or facilitate the sale of all Lots and Dwellings owned by it:

- a. **Sales Office and Models.** Declarants shall have the right to maintain one (1) or more sales offices and one (1) or more model Lots, Homes or Dwelling at any one time. Such office and/or models may be one or more of the Lots owned by it, or one or more of any separate structures or facilities placed on the Property for the purpose of aiding Declarant's sales effort, or any combination of the foregoing; furthermore, the Declarant shall comply with all City codes and ordinances that pertain to this section; specifically

section 09.070. Model Homes. Chapter 9 of the Lehi City Development Code which requires that the Declarant obtain approval from the Lehi City Planning Commission of the sales office and model home(s) as a conditional use.

- b. **Promotional.** Declarant shall have the right to maintain a reasonable number of promotional, advertising and/or directional signs, banners or similar devices at any place or places on the Property.
- c. **Relocation and Removal.** Declarant shall have the right from time to time to locate or relocate any of its sales offices, models, or signs, banners or similar devices, but in connection with each such location or relocation shall observe the limitations imposed by the preceding portion of this Section. Within a reasonable period of time after the happening of the occurrence, Declarant shall have the right to remove from the Subdivision any signs, banners or similar devices and any separate structure or facility which was placed on the Property for the purpose of aiding Declarant's sales effort.
- d. **Limitation on Improvements by the ARC.** Until the termination of the Period of Declarant Control, neither the Owners nor the Declarant shall, without the written consent of Declarant, make any improvement to the Subdivision or alteration to any improvement created or constructed by Declarant.
- e. **Declarant's Rights Assignable.** All of the rights of Declarant under this Declaration may be assigned or transferred either by operation of law or through a voluntary conveyance, transfer or assignment. Any Mortgage covering all Lots or Dwellings in the Subdivision title to which is vested in Declarant shall, at any given point in time and whether or not such Mortgage does so by its terms, automatically cover, encumber, and include all of the then unexercised or then unused rights, powers, authority, privileges, protection and controls which are accorded to Declarant (in its capacity as Builder) herein.

22. Interpretation. To the extent Utah law is consistent with this Declaration, such provisions shall supplement the terms hereof and are incorporated herein. The captions which precede the Articles and Sections of this Declaration are for convenience only and shall in no way affect the manner in which any provision hereof is construed.
