SLOPE EASEMENT AGREEMENT

This SLOPE EASEMENT AGREEMENT (this "*Agreement*") is made as of this 5 day of June, 2024 (the "*Effective Date*"), by and between JAFFA LYNCH INVESTOR GROUP LLC, a Utah limited liability company ("*Grantor*"), and JORDANELLE REF ACQUISITION LLC, a Delaware limited liability company ("*Grantee*"). Grantor and Grantee are sometimes individually referred to as a "*Party*" and collectively referred to as the "*Parties*."

RECITALS

A. Grantor Property. Grantor owns fee simple title to that certain real property located in Wasatch County, Utah and more particularly described on Exhibit "A" attached hereto and made a part hereof (the "*Grantor Property*").

B. Grantee Property. Grantee owns fee simple title to that certain real property located in Wasatch County, Utah and more particularly described on Exhibit "B" attached hereto and made a part hereof (the "*Grantee Property*").

C. Grant of Easement. The Parties desire to enter into this Agreement, pursuant to which the Grantor shall provide to Grantee an easement across the Grantor Property for a grading slope for the transition grading and support for the Grantee Property.

AGREEMENT

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, together with other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

SECTION 1
INCORPORATION

The Parties acknowledge the accuracy of the foregoing Recitals. Each of the foregoing recitals are hereby incorporated into this Agreement by this reference and are made a part hereof.

SECTION 2 EASEMENTS

2.01 Grant of Easement. Grantor hereby grants to Grantee, for the benefit of the Grantee Property and its owners, tenants and licensees, and all of their respective successors, assigns, employees, agents, unit-owners' associations, and licensees, a perpetual, nonexclusive appurtenant easement for a slope of land transitioning from the elevation of the Grantee Property to the elevation of the Grantor Property within the easement area described in Exhibit "C" attached hereto and made a part hereof (the "*Slope Easement Area*"), for the drainage of water runoff from the Slope Easement Area onto the Grantor Property and lateral, subjacent, and all other support within the Slope Easement Area necessary for the change in elevation from the Grantee Property to the Grantor Property (the "*Slope Easement*"). All improvements installed or constructed on the Slope Easement Area ("*Improvements*") by or on behalf of the owner of the Grantee Property (the "*Grantee Party*") shall be completed, repaired and maintained at the sole expense of the Grantee Party. In connection therewith, Grantor hereby grants to Grantee, a perpetual, nonexclusive appurtenant easement across the Grantor Property for reasonable access to the Slope Easement Area for installation, repair, and maintenance of Facilities ("*Access Easement*" and together with the Slope Easement, the "*Easements*").

2.02 Covenants. Grantor and Grantee agree to the following on behalf of themselves and their respective successors and assigns (respectively, "*Grantor Parties*" and "*Grantee Parties*"):

(a) No improvements may be constructed on the Slope Easement Area by Grantor Parties other than landscaping that does not interfere with the use or maintenance of the Slope Easement. No changes may be made to the drainage or grading of the Grantor Property that would interfere with the use of the Slope Easement.

(b) The Easements established and granted herein shall be used and enjoyed in such a manner as not to unreasonably interfere with, obstruct, or delay the use of the Grantor Property.

(c) Grantee Parties on behalf of themselves, their partners, members, divisions, subsidiaries, and affiliated companies and their respective employees, officers, directors, members, shareholders, agents, professional consultants, and representatives, and their respective successors and assigns (each an "*Indemnitor*" and collectively, the "*Indemnitors*") shall indemnify and hold harmless the Grantor Parties and their partners, members, divisions, subsidiaries, and affiliated companies and their respective employees, officers, directors, members, shareholders, agents, professional consultants, and representatives, and their respective successors and assigns, and each of them (each an "*Indemnitee*" and collectively, the "*Indemnitees*") from and against any and all claims, damages, losses, liabilities, demands, and expenses, including, but not limited to, reasonable attorneys' fees, court costs and expenses of litigation (collectively, hereinafter referred to as "*Liabilities*"), arising out of or resulting from, or claimed to arise out of or result from, in whole or in part from: (a) use of the Easements, Slope Easement Area or the Facilities; (b) any liens, claims of lien, judgments, proceedings and causes of action arising out of or in any way connected with the Construction Activities (as hereinafter

defined); (c) any fault, act, or omission of the Indemnitors, or any officer, director, member, shareholder, agent, professional consultant, contractor or and representatives, and its and their respective successors and assigns or anyone for whose acts any of the foregoing entities may be liable; (d) any breach of any covenant set forth in this Agreement by any Indemnitor, (e) any spill or discharge of any hazardous materials in or on the soil of the Slope Easement Area or the Grantor Property by any Indemnitor or its agents, employees, contractors, lessees and invitees; or (f) any accident or casualty on the Slope Easement Area or the Grantor Property relating in any way to the existence, construction, operation, maintenance or use of the Easements or the Facilities. If such indemnification claim is based upon any claim, demand, suit, or action of any third-party claim, Indemnitors shall defend against such third-party claim. Notwithstanding the foregoing, the indemnity agreement created herein shall not indemnify any Indemnatee against, or constitute a waiver with respect to, any Liabilities to the extent such Liabilities arise from the gross negligence or willful misconduct of such Indemnatee. The covenants in this Section and the obligations of each Indemnitor contained in this Section shall survive the termination of the Easements and this Agreement.

(d) Grantee Parties shall not commit or cause any kind of waste upon the Slope Easement Area or Grantor Property.

(e) Grantee Parties shall not allow any mechanics liens, materialmen's liens, or other liens to be placed upon the Slope Easement Area or the Grantor Property. Grantee Parties shall cause any lien which encumbers any portion of the Slope Easement Area or the Grantor Property as a result of Grantee Party's, their agents, representatives, or related parties' activities to be promptly removed of record by causing recordation of a release of the lien, posting a surety bond or payment, court order, or other means within thirty (30) days of its imposition.

SECTION 3

CONSTRUCTION AND MAINTENANCE OF IMPROVEMENTS

3.01 Design and Construction of Improvements. No construction, alteration, grading, filling, excavation, maintenance, repair or modification (collectively, "**Construction Activities**") of any Improvements shall be commenced or maintained by Grantee Parties on the Slope Easement Area except in accordance with this Section 3. All Improvements constructed by any Grantee Party on the Slope Easement Area shall conform to, and comply with, all existing covenants, conditions, and restrictions applicable to the Grantor Property. No landscaping or related improvements constructed by any Grantee Party on the Slope Easement Area shall be of a nature that requires maintenance by, or cost to, Grantor Parties materially beyond that ordinarily or customarily associated with similar landscaping in the surrounding areas. Grantee Parties shall be solely responsible to comply with all applicable governmental and other requirements, including obtaining any necessary permits or approvals. No landscaping or related improvements constructed by Grantee Parties on the Slope Easement Area shall require any irrigation or watering systems beyond the initial installation period.

3.02 Construction Activities. Each Grantee Party shall provide the current owner of the Grantor Property ("**Grantor Party**") with notice at least five (5) business days prior to any construction, maintenance or repair of any Improvements, provided that in the event of an

emergency, the Grantee Party shall provide Grantor with such advance notice of any construction, maintenance or repair of any Improvements as is reasonably practicable. To the extent any construction, maintenance or repair involves any material alteration of the Slope Easement Area or any Improvements or the installation of new or additional Improvements, the Grantee Party shall provide to the Grantor Party a copy of all plans and specifications for such construction, maintenance, or repair at the same time as notice is given to the Grantor Party of such construction, maintenance, or repair. The Grantee Party shall cooperate with Grantor in a reasonable manner to schedule all Construction Activities so as to minimize any interference with the Grantor Property. All Construction Activities or any other work performed in the construction, maintenance repair, replacement, alteration or expansion of any improvements on the Slope Easement Area by the Grantee Party or its agents or contractors: (a) shall be performed and completed as expeditiously as possible and in such a manner as not to unreasonably interfere with the use and enjoyment of the Grantor Property; (b) shall at all times be of first class quality construction and design consistent with the all building codes and other applicable laws and ordinances and applicable and customary construction or engineering standards, and (c) shall be subject to customary governmental inspections. In connection therewith, the Grantee Party shall, at its sole cost and expense, promptly repair and restore or cause to be promptly repaired and restored to its prior condition all property and improvements damaged or destroyed in the performance of such work; and the Grantee Party shall not permit any liens against the Grantor Property for any work done or materials furnished in connection with the performance of any Construction Activities or any other work performed in the construction, maintenance repair, replacement, alteration, or expansion of any improvements on the Slope Easement Area.

3.04 Inspections; Remedial Work. The Grantor Party, or its duly appointed representative, may at any reasonable time inspect any Construction Activity to ensure conformance with plans and specifications and the requirements of this Section 3. If, as a result of any such inspection, the Grantor Party determines that any Construction Activity was not performed in substantial compliance with this Section 3 or as otherwise required by this Agreement, the Grantor Party shall have the authority to require the Grantee Party to take such action as may be necessary to remedy the noncompliance and to require Grantee Party to immediately reimburse the Grantor Party for expenses incurred in connection with such remedial action.

3.05 Maintenance. The Grantee Party shall maintain Improvements constructed by it in the Slope Easement Area, including any landscaping. All maintenance shall be in accordance with all applicable laws, recorded covenants conditions and restrictions, owners' association rules and requirements and commercial standards. Any damage to the Grantor Property (including, without limitation, vegetation and natural landscaping and formations and any improvements made by the Grantor to its property) as a result of the use or maintenance the Slope Easement Area shall be promptly repaired by the Grantee Party at its sole cost and expense to the reasonable satisfaction of the Grantor Party. Notwithstanding the foregoing, the Grantee Parties shall not be responsible to repair or replace any damage to any improvements constructed or installed by the Grantor Parties on the Slope Easement Area.

3.07 Insurance. During any period in which any Grantee Party shall be constructing or maintaining Improvements on the Slope Easement Area, the Grantee Party, and any contractor

or other agent of the Grantee Party entering onto the Slope Easement Area or Grantor Property, shall obtain and maintain comprehensive general liability insurance (with a policy limit of at least \$1,000,000) to protect Grantor Parties against bodily injury or property damage resulting from such entry onto the Slope Easement Area and worker's compensation insurance in amounts required by law. The Grantee Party shall cause the Grantor Party to be named as an additional insured on any liability policy and shall provide to the Grantor Party a certificate of insurance evidencing the same.

SECTION 4 **MISCELLANEOUS**

4.01 Covenants Run with Land. The rights, duties, obligations, and Easements created pursuant to this Agreement shall run with the land and shall be binding on the owners of the Grantor Property, the owners of the Grantee Property, and their successors and assigns. Upon any transfer or conveyance of the Grantor Property or Grantee Property, the transferee shall not be subject to, and shall be fully released from, any of the obligations or liabilities under this Agreement, which occur or arise after the transfer or conveyance.

4.02 Notices and Communications. All notices, approvals and other communications provided for in this Agreement or given in connection with this Agreement shall be validly given, made, delivered or served, if in writing, and delivered personally or sent by nationally recognized overnight courier (e.g., Federal Express, Airborne, UPS) for next-day or next-business-day delivery, to the address of the intended recipient at the then current Grantor Party's and Grantee Party's address listed in the records of the Wasatch County Assessor's office, or to such other addresses as any such party may from time to time designate in writing and deliver in a like manner to the other party. Notices, approvals, and other communications provided for in this Agreement shall be deemed delivered upon personal delivery, or on the next business day following deposit with a nationally recognized overnight courier, as herein above provided, prepaid, and addressed as set forth above.

4.03 Attorneys' Fees. In the event any of the Grantor Parties or Grantee Parties finds it necessary to bring any action, arbitration or other proceeding to enforce any of the terms, covenants or conditions hereof, the prevailing party in any such action, arbitration or other proceeding shall be paid all reasonable costs and reasonable attorneys' fees by the non-prevailing party, and in the event any judgment is secured by the prevailing party, all such costs and attorneys' fees shall be included therein, such fees to be set by the arbitrator.

4.04 Further Acts. Grantor Parties and Grantee Parties shall execute and deliver all such documents and perform all such acts as reasonably necessary, from time to time, to carry out the matters contemplated by this Agreement.

4.05 No Partnership; Third Parties. It is not intended by this Agreement to, and nothing contained in this Agreement shall, create any partnership, joint venture or other arrangement between the Parties. No term or provision of this Agreement is intended to, or shall, be for the benefit of any person, firm, organization or corporation other than Grantee Parties or Grantor

Parties; and no such other person, firm, organization or corporation shall have any right or cause of action hereunder.

4.06 Entire Agreement. This Agreement constitutes the entire agreement between the Parties hereto pertaining to the subject matter hereof. All prior and contemporaneous agreements, representations, and understandings of the Parties, oral or written, are hereby superseded and merged herein. No change or addition is to be made to this Agreement except by written amendment executed by the Parties hereto.

4.07 Governing Law; Jurisdiction and Venue. This Agreement is entered into in Utah and shall be construed and interpreted under the laws of the State of Utah without giving effect to principles of conflicts of law. Jurisdiction and Venue for any action relating to or arising out of this Agreement shall be in the state or federal courts in Salt Lake County, Utah.

4.08 Severability. If any provision of this Agreement is declared void or unenforceable, such provision shall be severed from this Agreement and shall not affect the enforceability of the remaining provisions of this Agreement.

4.09 Successors and Assigns. Subject to the limitations set forth above, this Agreement shall be binding upon, and shall inure to the benefit of, each of the Parties and their successors and assigns.

4.10 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. The signature pages from one or more counterparts may be removed from such counterparts and such signature pages all attached to a single instrument so that the signatures of all Parties may be physically attached to a single document.

4.11 Time of the Essence. Time is of the essence for performance or satisfaction of all requirements, conditions, or other provisions of this Agreement, subject to any specific time extensions set forth herein.

4.12 Remedies. If a Grantor Party or Grantee Party fails to perform any of its duties or obligations under this Agreement (a "**Defaulting Party**") the other party may at any time give a written notice to the Defaulting Party, in accordance with Section 4.02, setting forth the specific non-performance. If the Defaulting Party fails to correct such nonperformance within ten (10) days (or, in the event of an emergency, such shorter period as is reasonable considering the nature and effect of the emergency) after receipt of written notice (or as such cure period may be extended in accordance with this subsection) the non-defaulting party shall have the right to correct such nonperformance, including the right and temporary license to enter upon the Defaulting Party's property to perform the same, and the Defaulting Party shall pay on demand, the performing party's reasonable costs thereof; provided, however, these provisions shall be without prejudice to the Defaulting Party's right to contest the right of the other party to make such repairs or expend such monies. All work performed by such party pursuant to this Section 4.12 shall comply with all applicable federal, state and local laws and ordinances, and the performing party shall obtain any necessary permits and licenses from the appropriate government agencies in connection therewith, and, notwithstanding anything herein to the

contrary, shall be limited to the work necessary to cure such nonperformance by the Defaulting Party. If such nonperformance cannot be cured within the ten (10) day period provided for in this Section 4.12, the Defaulting Party shall notify the other party and shall use its commercially reasonable efforts to commence to cure such nonperformance within such ten (10) day period after receipt of written notice and shall complete the cure within thirty (30) days thereafter or such longer reasonable period that may be required. In the event the Defaulting Party fails to pay the performing party's reasonable costs as required pursuant to this Section 4.12, the unpaid amount shall constitute a lien on the Defaulting Party's property until paid in full, with priority over all other liens, which lien may be foreclosed by the same procedure set forth in Utah Code Section 57-8a-203, as such Section of the Utah Code may be modified or amended from time to time.
