3. Dwelling Quality and Size

No dwelling shall be permitted on any lot wherein the floor area of the home, exclusive of open porches and garages is less than 1,800 square feet for a single story. Multi-level homes must have an aggregate footage of above ground floors of the structure to total a minimum of 2,000 square feet. No home shall be constructed with a front elevation of less than 60' in width including garage. (c) All dwellings are to face the public street.

(d) For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon any other lot, or to violate any building code in effect at the time of construction.

5. Construction Time Following Purchase

The grantee or grantees of any building lot within the subdivision shall, within 6 months from the purchase date of said lot, commence construction or landscaping upon the first 30-foot frontage of the purchased lot, and having commenced construction upon said property, shall continue therewith and have the structure upon the property ready for occupancy as a residence within 9 months from the date construction is commenced

6. Easement

For installation of and maintenance of utilities and drainage facilities, areas are reserved as shown on the recorded plat. Automobiles, trailers, boats, or other vehicles are not to be stored on streets in front of homes or in unfenced side yards that are exposed to streets.

8. Temporary Structures

No structures of a temporary character, trailer, basement, tent, shack, garage, barn or other building shall be used on any lot at any time as a residence either temporarily or permanently.

No lot shall be used or maintained as a dumping ground for rubbish, trash, garbage or other waste and shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. Each lot and its abutting street are to be kept free of trash, weeds and other refuse by the lot owner. No unsightly material or objects are to be stored on any lot in view of the general public.

10. Animals and Pets

(a) Dogs, cats, or other household pets, may be kept as permissible within current zoning regulations provided that they are not kept, bred or maintained for any commercial purpose and are restricted to the owner's premises and under handlers control.

(b) If in the opinion of the Shelbrooke Architectural Control Committee, or the Shelbrooke Association, any of the aforementioned pets become an annoyance, nuisance or obnoxious to other owners throughout the subdivision, the committee may require a reduction in the number of pets permitted or elimination of any such pet considered dangerous or unsafe to the neighborhood.

11. Tree Planting

(a) The owner of each lot in the subdivision is required to plant two 2 inch caliper trees in the parking strip with appropriate drip system. These trees must be either two Bechtel Crab, two Bradford Pear or two Kwanzan Cherry. 14. Special Conditions

In order to provide protection from an unexpected rise in the underground water level, it is recommended that each property owner install drains at the base of the foundation (footing drains) and connect them to the underground system that is accessible from the rear of each lot.

PART B

1. Membership

(a) The initial Shelbrooke Architectural Committee is comprised of LaMar Bradshaw and John Hedman, and other invited residences of Shelbrooke. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee nor their designated representatives shall be entitled to any compensation for services performed pursuant to this covenant.

(b) In the event the committee or its designated representative fails to approve or disapprove within 10 days after plans and specifications have been submitted to it, or in the event there is no suit to enjoin the construction which has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

PART C

THE SHEL BROOKE ASSOCIATION

Three months after the sale and closing of the last lot in the subdivision, the Architectural Control Committee will be dissolved and the duties will be assumed by the Shelbrooke Association. An acting chairperson will be appointed by the Architectural Control Committee.

The owner of each lot in the subdivision belongs to and is allowed one vote in the Shelbrooke Association. The Association is to meet annually to elect a chairman and to vote upon business that is in the common interest of the property owners.

The chairman is to serve at the pleasure of a majority of the owners of lots in the subdivision; hence the chairman may be terminated (voluntary or involuntary) by a majority vote of the resident owners of Shelbrooke. (Each lot receiving one vote.)
