This two (2) year deadline may be extended by the County upon showing of sufficient cause.

As portions of the improvements are completed in accordance with this Development Improvements Agreement, County regulations, and the approved Site Improvements Plan, the Developer may make application to the County Engineer to reduce the amount of the original letter of credit, cash escrow or completion bond. If the Board of County Commissioners is satisfied that such portion of the improvements has been completed in accordance with County standards, they may cause the amount of the letter of credit, cash escrow or completion bond to be reduced by such amount that they deem appropriate, so that the remaining amount of the letter of credit, cash escrow or completion bond adequately insures the completion of the remaining improvements.

11. Default

If Developer shall default in the performance of Developer's obligation hereunder and shall fail to cure such default within thirty (30) days after receipt of written notice from the County

specifying the nature of such default (or if such default cannot be cured within the aforesaid period of time, if the Developer shall fail to promptly commence to cure the same and to thereafter diligently proceed with such cure), then the County shall be entitled to undertake such work as may be necessary and appropriate to cure such default and the County shall be reimbursed for the reasonable costs thereof either by payment of such costs to cure the default within 30 days of delivery of an invoice to Developer or by obtaining funds under the security.

12. Limitation of Liability

No recourse shall be had for any obligation of or default by Developer under this Agreement or for any claim with respect to this Agreement against any partner or joint venturer of Developer or seller of the Property or any other creditor or lender of Developer under any rule of law (including, without limitation, the rule of law that general partners and joint ventures are jointly and severally liable for the indebtedness of a partnership or joint venture, as applicable), contractual provision, statute or constitution or otherwise, it being understood that all such liabilities of the partners or joint ventures of Developer are to be, by the execution of this Agreement by the County, expressly waived and released as a condition of, and in consideration for, the execution and delivery of this Agreement. Nothing contained herein shall constitute a waiver of any obligation of Developer to the County under this Agreement or shall be taken to prevent recourse to or of the enforcement of any rights of the County as against the security posted by the Developer pursuant to this Development Improvements Agreement.

13. Amendment

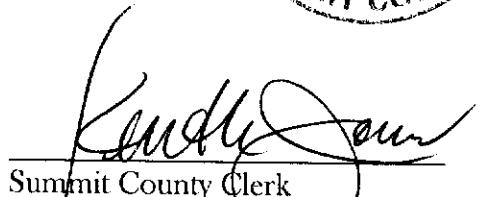

This Agreement and the Site Improvements Plan referred to herein, may only be amended by written instrument signed by the County and the Developer.

14. Binding Effect
