AGREEMENT:

NOW THEREFORE, for and in consideration of the mutual promises contained in this Amendment, Grantor grants to Grantee an amendment as described below:

1. The parties desire and agree to amend the Contract to allow construction of an additional pipeline and appurtenances. The additional pipeline will be located approximately 25-feet from the existing pipeline and the right-of-way configuration will be 25-feet from the edge of the right-of-way to each pipeline and 25-feet between pipelines. The total width of the right-of-way easement for the pipelines is 75-feet.
2. The parties agree that in the event that Grantee determines that its pipeline is in need of repair, maintenance or replacement, Grantee will use its best efforts not to disturb Grantors improvements within the 75-foot easement area.
3. Grantee shall indemnify, defend and hold harmless Grantor from and against any and all loss, damage or injury which may result from the construction, operation and maintenance of the pipeline; provided, however, that said loss, damage or injury does not arise out of or result from the negligence or willful misconduct of the Grantor, his agents or employees.
4. Grantor shall indemnify, defend and hold harmless Grantee from and against any and all loss, damage or injury which may result from the Grantor's operations, provided, however, that said loss, damage or injury does not arise out of or result from the negligence or willful misconduct of the Grantee, its agents, contractors or employees

This Amendment will be binding upon and inure to the benefit of the heirs, successors and assigns of the parties to this Amendment.

Except as amended, all terms, conditions and provisions of the existing Right-of-Way Contract will remain and continue in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment as of this ____ day of _____, 2002
