

## PROTECTIVE COVENANTS

## OF ROCKET GEM SUBDIVISION -- PLAT "A"

Boley Realty Inc., the owner of the following described property located in Utah County, State of Utah:

Lot 1 - 18, Plat "A", Rocket Gem Subdivision, Orem, Utah, according to the official plat thereof on file in the Office of the Recorder, Utah County, Utah.

Boley Realty Inc. hereby makes the following declaration as to limitations, restrictions and uses to which the lots constituting said property may be put, specifying that said declaration shall constitute covenants to run with the land, as provided by law and shall be binding on all parties and all persons claiming under them and for the benefit of limitations upon all future owners for the purpose of keeping this addition desirable, uniform and suitable in architectural design and use as specified hereafter:

1. LAND USE AND BUILDING TYPE. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family dwelling or a detached building containing no more than two apartment units not to exceed two stories in height and a private garage or carport for not more than three cars.
2. ARCHITECTURAL CONTROL. No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved. Approval shall be as provided in Part #15.
3. DWELLING, COST, QUALITY AND SIZE. No dwelling shall be permitted on any lot at a cost of less than \$15,000.00 based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The ground floor area of the main structure, exclusive of one-story open porches and garages, shall be not less than 850 square feet for a one-story dwelling, nor less than 775 square feet for a dwelling of more than one story.
4. BUILDING LOCATION. No building shall be located on any lot nearer to the front lot line or nearer to the side street line than the minimum building setback lines shown on the recorded plat. In any event no building shall be located on any lot nearer than 30 feet to the front lot line, or nearer than 30 feet to any side street line, except that on all lots abutting collector and arterial streets no building shall be located nearer than 30 and 30 feet respectively to the street property lines of said streets.

No building shall be located nearer than 6 feet to an interior lot line, except that no side yard shall be required for a garage or other permitted accessory building located 62 feet or more from the minimum building setback line. No dwelling shall be located on any interior lot nearer than 30 feet to the rear lot line.

For the purposes of this covenant, eaves, steps, and open porches shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building, on a lot to encroach upon another lot.

5. LOT AREA AND WIDTH. No dwelling shall be erected or placed on any lot having a width of less than 65 feet at the minimum building setback line nor shall any dwelling be erected or placed on any lot having an area of less than 6,500 square feet.
6. EASEMENTS. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat and over the rear five feet of each lot. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.
7. NUISANCES. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.
8. TEMPORARY STRUCTURES. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.
9. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.
10. OIL AND MINING OPERATIONS. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.
11. LIVESTOCK AND POULTRY. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.
12. GARBAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.
13. SIGHT DISTANCE AT INTERSECTIONS. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight-line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

14. MEMBERSHIP. The Architectural Control Committee is composed of three members: namely, Mackey B. Boley, 353 North 825 East, American Fork, Utah; Ray W. Lamoreaux, 335 North 850 East, American Fork, Utah; Gordon Adams, 55 West Adams Avenue, Pleasant Grove, Utah. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties.

15. PROCEDURE. The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove within 30 days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval be not be required and the related covenants shall be deemed to have been fully complied with.

16. TERM. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of forty years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of 10 years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

17. ENFORCEMENT. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

18. SEVERABILITY. Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

IN WITNESS THEREOF, the said owners of the hereinbefore described property being duly authorized, have caused their names to be hereunto subscribed on this 4 day of May, 1970.
