AVIGATION EASEMENT

Avigation Easement affecting county tax parcel number 27-06-200-014-0000.

KENDEL V. MALMSTROM, hereinafter referred to as "Grantor" hereby grants and conveys to SALT LAKE CITY CORPORATION, hereinafter referred to as "Grantee," for good and valuable consideration given by the Grantee to the Grantor in the form of Grantee's approval of the development of Grantor's land by memorializing an existing prescriptive common law avigation easement associated with the Airport and aircraft activities in and around the Salt Lake City Airport II, the receipt and sufficiency of which is hereby acknowledged, a perpetual and assignable easement in the airspace above and over the parcel of land described in Exhibit "A," attached hereto and by this reference incorporated herein, hereinafter referred to as the "Real Property," for the free and unrestricted passage of aircraft of any and all kinds now or hereafter developed for the purpose of transporting persons or property through the air, in, through, across and about the airspace over the Real Property, and all other aeronautical activities therein. The airspace shall mean that space above the Real Property which is above the height limit established for the Salt Lake City Airport II by the Revised Ordinances of Salt Lake City, which for the Real Property is that space

above the flat plain 4,758 feet mean sea level, as determined by U.S.G.S. datum coterminous with the boundaries of the Real Property (hereinafter referred to as the "Airspace").

Grantor further agrees that the easement and rights hereby granted to the grantee in the Airspace above and over the Real Property are for the purpose of insuring that the Airspace shall remain free and clear for the flight of aircraft landing at or taking off from or otherwise using the Salt Lake City Airport II described in Exhibit "B" attached hereto and by this reference incorporated herein, (hereinafter referred to as "Airport"). Said easement and the rights appertaining thereto shall be for the benefit of Grantee, its successors, assigns, guests, invitees, including any and all persons, firms or corporations operating aircraft to or from the Airport. In perpetuity, said easement and the burden thereof, together with all things which may be alleged to be incidental to or to result from the use and enjoyment of said easement, shall constitute permanent burdens and servient tenements on the Real Property and the same shall run with the land and be binding upon and enforceable against all successors in right, title or interest to said Real Property and shall be unlimited as to frequency.

Grantor agrees that it, its heirs, successors and assigns shall not hereafter erect or permit the erection or growth of any object within the Airspace. This easement grants the right of flight for the passage of aircraft in the Airspace, together with the

right to cause or create, or permit or allow to be caused or created in the Airspace, and within, above and adjacent to the Real Property, such annoyances as may be inherent in, or may arise or occur from or during the operation of aircraft.

In the event Grantee permits in excess of 400 Aircraft to be based at the Airport at any time, this easement shall terminate and all rights shall revert to the fee owners of the Real Property at the time of termination if Grantor does not restrict the number of such aircraft to 400 or less within 30 days after written notice has been sent by Grantor or its successors in interest notifying Grantee that the number of aircraft based at the Airport exceeds 400.

WITNESS the hand of Grantor this 12th day of June, 1997.
